Notice of Meeting of Board of Directors

Of

Glastonbury Landowners Association, Inc.

NOTICE IS HEREBY GIVEN that a meeting of the Board of Directors of the Glastonbury Landowners Association will be held on August 4, 2003, 7:00 p.m., at the Golden Ratio Woodworks cafeteria in Emigrant, Montana.

Dated July 29, 2003

By: Denise M. Orr
Denise M. Orr
Secretary

Dear Board:

David asks that you please be ready to report on Action Items you are responsible for as listed in the August agenda. Also, please review:

Additional contents of this package:

a) Letter from Mark J. Hartwig, Kathleen Rakela's attorney
b) Architectural Applications from John Hunsaker and Edward Anderson. I don't have complete applications for the remaining projects listed on the agenda; hopefully I will receive complete copies so that I can give them to you before or by Monday.
c) Mobile Home Standards Draft 7/30/03

-and-

The contents of the package sent to you for the July 14th meeting.

a) Meeting Minutes for June
b) Everett Johnston (June 24, 2003) letter
c) John Alexander (May 28, 2003) letter

As you may have heard, the July14 meeting was not held because 5 Board members attended which did not give us a quorum. An informal meeting was held with 4 landowners (including Everett & Mary Johnston, Carl Anderson and Rick Spallone) who voiced their questions and concerns about various matters.

Reminder: please give someone your proxy if you are unable to attend a Board meeting. Thank you.

Denise

Board of Directors Meeting Minutes

September 8, 2003

CONFIDENTIAL – DO NOT COPY

1. **Call to Order, Prayer**

The meeting was called to order by David Tonkin at 7:15 p.m., at Golden Ratio Woodworks and Daniel gave the opening prayer.

PRESENT: David Tonkin (President), Janet Naclerio (Secretary), Cynthia Dodge-Blocker (Treasurer), Daniel Kehoe, Jr., Charlotte Mizzi, James Kozlik, Orlando Johnson, and Edward Anderson
ABSENT: Robert Wallace (Vice-President), Philip Hoag, Pamela May, James Trisdale (JT)
PROXIES: None.
ALSO ATTENDING: Denise Orr (GLA secretary), Clare Parker (Bookkeeper)

2. **Reading and Disposition of the Minutes General Business**

June 2, 2003 Meeting Minutes
MOTION: Janet motioned and Orlando seconded to approve the 6/2/03 meeting minutes. Motion carried.

August 4, 2003 Meeting Minutes
MOTION: Charlotte motioned and James K. seconded to approve the 8/4/03 meeting minutes. Motion carried.

3. **Report of Officers and Committees**

3.1 Treasurer's Report – Cynthia Dodge-Blocker, Treasurer
Cynthia passed out "Checkbook Transactions for August 2003," "Balance Sheet As of July 31, 2003" and Income and Expense Budget Overview January through July 2003."

3.2 Election Committee Report – Pamela May, Chair
David requested that each Board Member call at least one landowner to ask if he/she would like to run for Board of Director. There was a discussion that the landowners would be voting on a 3-year term for Board members (rather than the present 2-year term) at the Annual Meeting.

3.3 Architecture Subcommittee Report - Robert Wallace, Co-chair

3.3.1 Old Business
ACTION ITEM – Status of Caspari Way road: David reported that he inspected Caspari Way road and that the slope is not a big problem. The inside edge of the road is full of rocks and needs to be graded. JT will do a cross slope measurement. The Board discussed that it may want to propose to the CUT that the GLA will grade the road and split the cost with CUT.

File: MtgMins 09 08 03.doc
Draft(s); 9/28/93; 9/30/03; 10/01/03-FINAL
Amended:

ACTION ITEM - Inspection of Road/Engineers Report [JT] No report.

ACTION ITEM - Draft Letter to Thuse. David read draft letter. Board agreed GLA should send letter to Thuse and copy the CUT with the same proposal as voted by the Board at the August 3, 2003 meeting and request them to grade the road, removes the rocks out from the start of the Caspari Way up to John Alexander's house, and remove the trees that were pulled up when the Church built the road.

ACTION ITEM – Date when Paul Rantalo is to remove his mobile home. No report.

ACTION ITEM – Status of Inspection of John Alexander's property. Charlotte, David and JT still need to meet with Alexander, and then send letter.

ACTION ITEM – Letter to Alexander. Preliminary draft is done. After inspection takes place, letter will be sent to Alexander.

ACTION ITEM – O'Connel's Trailer. David was unable to reach O'Connel's and will try again.

ACTION ITEM – Follman's Driveway. David reported that he needs to consult with our attorney before we write to Follman. The Board discussed and agreed to combine the two draft letters to Follman. Letter should begin with "We're concerned with winter coming that the driveway is too steep, etc."

3.3.2 New Business
Lot 32-B (SG)/John Diaz – Architectural Review. Board discussed.
MOTION: Dan moved and James K. seconded to approved the moving of the home on the condition that (1) the mobile home is moved within 12 months; and (2) the $250 bond must be paid or a snow fence is constructed on the north side of the property. Motion carried.

Lot 43-5/NG James Kozlik/ Garage application:
MOTION: Dan moved and Charlotte seconded to approve James Kozlik's garage construction. Motion carried.

MOTION: Charlotte moved and Cynthia seconded to amend the motion by adding that the bond would be waived. Motion carried.

Lot 2A, (NG)/Marjorie Lombard: Updated application, dated 9/7/03, for the Board to reconsider construction of a galvanized steel shop/multi-purpose building for a home-based business at a new location. Board discussed application at length.

File: MtgMins 09 08 03.doc
Draft(s); 9/28/93; 9/30/03; 10/01/03-FINAL
Amended:

MOTION: Orlando called for a division of the house and Edward seconded regarding approval of Marjorie Lombard's steel building application. Motion carried (5 were in favor; 1 against; and 1 abstained).

The Board continued its discussion of the application and it became apparent that many board members were confused by the above motion . Many thought that it was a motion to approve the application.

MOTION: Orlando moved and Edward seconded to reconsider the previous motion. Motion carried (4 approved and 3 opposed).

The Board had further discussions regarding the issue. Charlotte, speaking as a landowner, stated that the Board had not been given adequate notice or time to review Marjorie Lombard's application (i.e. the Board just received her application at the meeting).

MOTION: Charlotte motioned and Janet seconded to table the review of M. Lombard's steel building and to review it at the September 22, 2003 Board Meeting. Motion carried.

Brettschneider Driveway: James K. and David reported that the cut slope of his private driveway significantly exceeded the maximum slope and should be cut back. Discussion was tabled.

3.4 Road Committee Report – Philip Hoag and JT Trisdale, Co-Chair

3.4.1 Old Business
ACTION ITEM – Status on repair of Capricorn Dr guardrail & washout. No report.

ACTION ITEM – Logging Trucks. David reported that the logging trucks are coming from private land up Dry Creek Road and not from GLA land.

3.4.2 New Business
Mowing Edge of Roads: David and JT will handle mowing of all GLA platted roads for winter.

3.5 Complaint Committee Report – Charlotte Mizzi – Chair
3.5.1 Old Business
ACTION ITEM – Status of Parcel 32 (NG) Woodriff. David reported that our attorney has filed injunctive relief.

ACTION ITEM – Letter to Rantallo re: Exposing Culvert. David reported that GLA received letter from Rantallo that stated culvert had been repaired. David will check out area as there may be rocks that need to be removed.

File: MtgMins 09 08 03.doc
Draft(s); 9/28/93; 9/30/03; 10/01/03-FINAL
Amended:

ACTION ITEM – Status of Cleanup on Hansard property. David reported that he and JT checked out Hansard property and there has been some improvement (i.e. a number of areas were cleaned up; debris is being readied to be buried; house is gone). James K. to call Hansard to request dates for clean-up plan. Board discussed sending letter to Brettschneider stating that progress has been made and that we'll give him update as soon as we confirm dates for clean-up completion.

ACTION ITEM – Response letter to Rakela's attorney. No Report

ACTION ITEM – Send latest version of Master Plan to Everett Johnston. Dan to send Denise copy for Everett.

3.5.2 New Business

3.6 Land Use Master Plan Committee Report - Daniel Kehoe, Jr., Co-chair. (See 3.6.2.) No report.

3.6.1 Old Business
ACTION ITEM – Submit proposed changes to Covenants and Bylaws. Discussed benefits and potential problems with Master Plan. Orlando and Jim K to research whether Master Plan will have tax implications and bring findings to October meeting.

Board agreed to review changes to Master Plan, Bylaws and Covenants for final approval at a special Board meeting scheduled for 9/22/03 at 7:00 p.m. at the Golden Radio Woodworks Cafeteria. Approved version will be mailed in early part of October to landowners for their feedback. Dan will make first draft of cover letter to accompany the proposed Master Plan mailing.

3.6.2 New Business None

3.7 Recreation Committee Report – Robert Wallace – Chair

3.7.1 Old Business

ACTION ITEM – Legal Formation of PVRC

1) List of Issues needing membership voting. David reported that he has reviewed the Bylaws and needs to ask our attorney's opinion.
2) Review of conditions to become tax deductible foundation
David stated the PVRC should review Jon leFeber's letter (re: what it takes to become a tax deductible foundation) and then present its recommendations to the GLA Board

concerning what type of organization it wants to be. Dan also to research other ways where it might be less expensive than using an attorney.

ACTION ITEM: Filing Parcel 16A is now part of Glastonbury. Tabled.

3.7.2 New Business

3.8 Web Site Committee Report - Edward Anderson, Chair

3.8.1 Old Business

ACTION ITEM – Status of web site. Edward reviewed the various documents that are still needed for posting. He still needs the building application form, Rules and Procedures, Standards, Notice of meetings, architectural forms, complaint forms, complaint procedures based on complaint procedure memo and list of snow plowers. We should check whether we are able to use maps of area with permission.

Discussed placing link to GIS website which shows Park County – Emigrant area parcels. Board discussed having a link on the GLA Meeting dates page. There could also be a link allowing landowners to request the next meeting's agenda. Edward to put a proposal together regarding links to GIS and others on our website

Dan reported that Andrew Field has a website called "Glastonbury" and that he would be willing to transfer it to us. The website's annual fee is $12. The board approved to use it.

ACTION ITEM – Review Draft letter to Realtors introducing our Website

Draft letter to realtors will be e-mailed to Board for review. Orlando recommended using EBay to sell homes. Janet, Jim K., Edward and Orlando to meet separately to draft realtors' letter.

ACTION ITEM - Sending Edward forms for placement on Website:

Complaint form and procedures - Denise to send to Clare.

Maps - Dan to call for copyright permission to use maps on our website.

PVRC Description – Still needed.

ACTION ITEM - Approval of placing GLA Database on our Website
Board discussed using SQL database of landowners on website for Board use only. David reported that Rudy Parker could create database for $1,000 and explained the

various features of the site, including the capability of creating a sheet that would list voting information. Clare's database would not be compatible with this database, and therefore, information will need to be inputted separately. Board will have the ability to download the information from the database into their personal computer.

MOTION: Charlotte motioned and James Kozlik seconded to pay $1,000 to place SQL database on website. Motion carried.

3.8.2 New Business None

3.9 Weed Committee Report – Philip Hoag and JT Trisdale, Co-Chair. Board discussed that GLA is over budget and will not be spraying this fall. We will wait until next year because of cost issue ($2,200). We would need a special license for toxic fumes if we rented equipment. MOTION: James Kozlik and Janet seconded that GLA researches details of what it would take to own our weed sprayer equipment, etc., for next spring, etc., and determine cost and liability insurance, etc.

3.10 Clean-up Committee Report - Philip Hoag & Charlotte Mizzi, Co-Chair. David will call Pamela and request that she handle arrangements for fall clean-up day.

4. **Ombudsman Report** – Richard Allen (SG) & Richard Johnson (NG)

5. **Other Business**

5.1 Old Business:

Fire Reservoir Report

ACTION ITEM – Status of landscaping, adding fish, adding a fence. David reported: (1) GLA will need to weed, landscape and seed banks with grass. (2) He talked to State about putting fish into the fire reservoir to control mosquitoes and was told we can't do without state approval and a permit unless the pond water does not enter into state waters. The stream feeding the reservoir does not enter Dry Creek; it percolates into the ground before reaching the creek. (3) We also found a new and less expensive insurance carrier which instructed us to place a "No Fishing or Swimming" sign near pond.

5.2 New Business

Memo of 9/8/03: Request by Thomas More School to Use Certain Paved Roads in NG on afternoon of 10/6/03 for Annual Bike-a-Thon. Marjorie Lombard presented request and discussed details with Board.

MOTION: Orlando motioned and James K. seconded to approve the 9/8/93 memo request concerning Thomas More School to Use Certain Paved Roads in NG on afternoon of 10/6/03 for Annual Bike-a-Thon. (see memo attached). Motion carried.

Shelter Insurance. Tabled.

6. Next Meeting and Adjournment

MEMO

From: Thomas More Schools

RE: **REQUEST TO USE CERTAIN PAVED ROADS IN NORTH GLASTONBURY ON SUNDAY AFTERNOON, OCTOBER 6, FOR ANNUAL BIKE-A-THON.**

1. For a number of years the school has used 2 ½ to 5 miles of the Mill Creek Road east of East River Road for its annual Bike-a-thon. Staff have felt for a number of years that we are more vulnerable along that stretch than we would like to be. We did cut back to using only 2 ½ miles several years ago, however we allow local traffic through and have to ask other drivers to take a detour around the Pray Road. Local traffic is usually pretty gracious and careful as they go through, but we also have a hard time keeping parents with young children off the road at the start point. Detour people are sometimes gracious, sometimes not.
2. We would like you to consider our use of the N. Glastonbury road from the top of the hill (Sirius Drive) at its east end, to the corner of Sirius and Aries, and then north to the T with Capricorn for our bikers.
3. Our plan would be to let locals know well ahead and also have signage up the day of the Bike-a-thon, asking all traffic headed in for residences along or off of Capricorn to use the north entrance from 89.
4. We would ask Pete Story if all heading to or from GAV or residences on Taurus Road, could use his road that afternoon.
5. Thus, no traffic would need to come on the road stretches named in 2 above.
6. We would close roads at 12:45 (after church was out)—and run the Bike-a-thon for four hours—until 5:00 when the roads would be reopened.
7. Sunday afternoons tend to be slow times along our roads, according to some observers.

Glastonbury Landowners Association

Board of Directors Meeting Minutes

October 6, 2003

CONFIDENTIAL – DO NOT COPY

1. **Call to Order, Prayer**
   The meeting was called to order by David Tonkin at 7:20 p.m., at Golden Ratio Woodworks. Dan gave the opening prayer.
   PRESENT: David Tonkin (President), Robert Wallace (Vice-President), Janet Naclerio (Secretary), Cynthia Dodge-Blocker (Treasurer), Edward Anderson, Daniel Kehoe, Jr., Charlotte Mizzi, James Kozlik, Orlando Johnson, Pamela May
   ABSENT: Philip Hoag, James Trisdale (JT)
   PROXIES: None.
   ALSO ATTENDING: Denise Orr (GLA secretary)

2. **Reading and Disposition of the Minutes General Business**
   MOTION: Orlando motioned and James Kozlik seconded to approve September 8, 2003 meeting minutes. Motion carried.

3 **General Business**

3.1 Old Business: No report.

3.2 New Business: Board discussed various institutions to which it might designate the GLA Gifts and Donations Fund of $1,000 for 2003. Board members proposed donating to Church Universal and Triumphant, Emigrant Church, Thomas More School, Arrowhead School, Cambodia Orphanage, Livingston Food Bank or local needy families.
MOTION: Janet motioned and Charlotte seconded to allocate the GLA Gifts and Donations Fund of $1,000 for 2003 divided in the following manner: 1/3 of the fund to Church Universal and Triumphant, 1/3 to Thomas More School and 1/3 to Livingston Food Bank. Motion did *not* carry.

A Board discussion followed concerning the division of the $1,000 Gifts and Donations Fund between different recipients would diminish the value and impact of the donation.

MOTION: Robert motioned and James Kozlik seconded to give the GLA $1,000 Gifts and Donations Fund for 2003 to the Thomas More School. The Board voted 5 in favor, 3 against and 1 abstention. Motion carried.

4. **Report of Officers and Committees**
   4.1 Treasurer's Report: Cynthia Blocker, Treasurer
   Cynthia passed out "Balance Sheet as of September 30, 2003" and "Income and Expense Budget Overview, January through September 2003."

   4.1.1 Old Business. None

   4.1.2 New Business.

   4.1.2.1 Cynthia reported that she spoke to our bank about the possibility of GLA receiving credit card payments. She will do further research and report at the next meeting the costs of a credit card machine and printer.

4.1.2.2 Cynthia passed out a proposal entitled "Oct 6, 2003 MOTION TO CONSIDER: Special Contractors Waiver of Assessment Fees." The Board discussed her proposal and suggested edits.
MOTION: Cynthia motioned and Charlotte seconded to approve an assessment fee waiver for Landowners who are subdividing. Effective January 1, 2004, a Landowner who is subdividing his parcel or tract may ask for a special assessment fee waiver. GLA will still charge the landowner on all subdivided tracts or lots, but collection of these fees will be as follows:

Assessments on a minimum of one unsold tract or lot per subdivision will be due each year and assessments on the remaining tracts or lots will not become due until the individual lot or tract is sold. The normal late fees and normal interest rates will not apply. The interest charged for contractors will be 6% per year on the unpaid balance. Motion carried.

The Board also discussed that the assessment fee waiver would be optional and not automatic. In other words, landowners would have to apply for the waiver by contacting the GLA Treasurer's Office. Application for the waiver could *not* be on a retroactive basis.

4.2 Election Committee Report – Pamela May, Chair
The Board discussed the status of their contacts with potential candidates.
Pamela proposed several suggestions to improve the November 15th Annual Meeting, as follows:

(1) Shorten its length; (2) All current Board members will sit at conjoined tables in front of the audience rather than approaching the podium to speak; (3) To avoid unnecessary repetition of information and disruption, the audience will be requested to ask their questions after all Board members have given their reports; and (4) Landowners may submit written questions to the Board. The Board agreed that these recommendations.

4.3 Architecture Subcommittee: Robert Wallace/James Kozlik, Co-Chair

4.3.1 Old Business

ACTION ITEM – Status of Caspari Way road

Inspection of Road/Engineers Report: David reported that JT and he had inspected Caspari Way and concluded that it is not necessary to get an engineer to represent GLA. The road is narrow --- approximately 18 feet similar to some of the roads in upper areas of high SG. The following recommendations were made by JT and David: (1) cut out on the inside approximately 2 ft. of the material that has sloughed off the slope and discard it; (2) construct a ditch to catch rocks that continue to slough off the edge of the road, (3) construct a 10 inch

culvert across the road at the point where John Alexander's driveway comes off of it since it's a low spot and the water is going to have to run across the road, which will cause erosion. JT called Archie Mann requesting the cost of the above procedures and was told it would cost $1,200.

Draft Letter to Thad Huse: David will work with Janet to draft a letter to Huse.
MOTION: Dan motioned and Pamela seconded to amend previous motion (August 4, 2003) and send a letter to Huse that states the GLA will agree to pay ½ of the cost of guardrails provided that the Church pays the $15,000 owed to the GLA for the Master Plan; and the Church pays for the following improvements to the road: (1) On the inside of the road -- cutting out approximately 2 ft. of the material that has sloughed off the slope and discard it; (2) construction of a ditch to catch rocks that continue to slough off the edge of the road; (3) construction of a 10 inch culvert across the road at the point where John Alexander's driveway comes off of it (this is needed because it is a low spot and the water is going to have to run across the road which will cause erosion); and (4) removal of trees pulled out during the construction of the road and left behind. Motion carried with one abstention.

ACTION ITEM – Date when Paul Rantallo is to remove his mobile home. Robert will call him and advise him the trailer needs to be moved within 60 days; this is our fall back position and we would prefer to avoid taking legal action.

ACTION ITEM – Status of Inspection of John Alexander's property.
David reported that JT had talked to John about cleaning up his property and that JT and he visited the property. They noted that there was still much debris on the property. In JT's phone call to John, he had promised to remove tires from the top of mobile homes in addition to what his waiver request outlined.

ACTION ITEM – Letter to Alexander. Draft letter has been written.

ACTION ITEM – O'Connel's Trailer. Charlotte reported that the trailer has been moved.

ACTION ITEM – Follman's Driveway. The builder of Follman's road advised David that he recently graded the road. David will inspect the road. If it is determined that the road is within 14%, GLA will be able to approve the road.

4.3.2 New Business
Lot 56-A (SG)/ Ross and Connie Fitzgerald: Application for Home Construction.
GLA received Ross Fitzgerald's application on an outdated application form. David reported that he checked out the construction site and it appeared to be fine. New application forms will be sent to Ross.

MOTION: Robert moved and Orlando seconded to approve Ross Fitzgerald's home construction application on Lot 56-A (SG) pending receipt of Ross's project application on updated forms. Motion carried.

4.4 Road Committee: Philip Hoag/James Trisdale, Co-Chair

4.4.1 Old Business

ACTION ITEM – Status on repair of Capricorn Drive guardrail & washout. David reported that one washout has been filled in and another one (located at the bottom of the road) is in the process of being repaired and should be completed within a few weeks. It was also reported that used guardrail has been found and the repair will include it and the I-beams as described in 4.4.2 below.

4.4.2 New Business

Guardrail proposal. David and JT proposed using standard guardrail system that includes 4-inch I-beams buried approximately 4-feet into the ground and with 3 cables mounted 28 inches above the ground. Equipment for repairing can be rented at $700 per week.

Board further discussed there will need to be another motion regarding guardrails at November meeting. Information will be E-mailed to Board members.

Missing sign on Capricorn Drive. James Kozlik reported there is an arrow sign missing from the curve on Capricorn.

4.5 Complaint Committee: Charlotte Mizzi/Pamela May, Chair

4.5.1 Old Business

ACTION ITEM – Status of Parcel 32 (NG) Kathleen Woodriff Ulrich. David reported that our attorney has delivered our complaint to Kathleen. David said that Kathleen spoke with him and told him that the County allows abandoned cars to be left if covered with canvas and that the tents and some materials outside belong to her ex-husband, who is in the process of moving them off site. David will ask Kathleen to put in writing her plans for responding to our complaint. He will also call our attorney.

ACTION ITEM – Status of Exposing Culvert. David reported the culvert was exposed and operational. There may still be some rocks removed. Robert will tell Rantallo that on the upstream side of the culvert there are piles of rocks that need to be removed and it appears that Rantallo created this situation.

ACTION ITEM – Status of Cleanup on Hansard property. James Kozlik reported that: (1) He has endeavored to contact Hansard through a number of phone calls and will continue

attempting to reach him; (2) that he and his wife, Marian, have done some clean-up on Hansard's property and observed other cleanup as well; (3) firewood has been moved and stacked; (4) he will try to get a burn permit from Emigrant Store so that some of the remaining debris can be burned; and (5) bullet holes in shelter and salt scattered around the property indicate vandalism has occurred.

Board agreed that the GLA should send a letter to Brettschneider to update him on Hansard property clean-up. Letter should include: (1) Hansard has started cleaning up and more work is is still needed; (2) materials have been moved; (3) it appears other materials are about to be buried; and (4) we have made a number of attempts to contact Hansard via phone and will continue to do so.

ACTION ITEM – Response letter to Rakela's attorney. **Done.**

ACTION ITEM: Vito Sinopoli Complaint re: Parcels 39 and 47 (SG). Board discussed. David to call Sinopoli.

4.5.2 New Business. No Report

4.6 Land Use Master Plan Committee: Daniel Kehoe, Jr., Chair; Orlando Johnson, Charlotte Mizzi, Pamela May.

4.6.1 Old Business

ACTION ITEM – Status of Master Plan and changes to Covenants and Bylaws. David to complete changes. Need to send to landowners as early as possible to give sufficient time for landowners to review before the Annual Meeting where it will be discussed.

ACTION ITEM – Research on tax implication of Master Plan. Orlando reported that there are no tax implications.

ACTION ITEM – Letter to Landowners introducing Master Plan to Landowners. Dan to complete.

4.6.2 New Business. None

4.7 Recreation Committee: Robert Wallace, Chair; Edward Anderson & Janet Naclerio
Robert reported that the soccer field needs more fertilizer but is almost ready to be used. Robert stated that the PVRC has approximately $600 in the bank. The funds that the Church donated ($5,000) plus miscellaneous donations (approximately $1,000) have been used to reimburse Pouwell Gelderloos for his work and materials.

4.7.1 Old Business

ACTION ITEM – Legal Formation of PVRC

List of issues needing membership voting. No report

Review of conditions to become tax deductible foundation in Jon leFeber's letter. No report

Other ways. No report

ACTION ITEM: Filing Parcel 16A is now part of Glastonbury. Janet to send the GLA Motion concerning incorporating parcel 16A into Glastonbury to the County and inquire as to the filing procedure.

4.7.2 New Business None

4.8 Web Site Committee: Edward Anderson, Chair

4.8.1 Old Business

ACTION ITEM – Status of web site. See Action Items below.

ACTION ITEM – Review Draft letter to Realtors introducing our Website. Edward passed out a draft of a letter to Local Real Estate Agents and Homes Listed for Sale by Owner. Board reviewed letter and suggested edits.
MOTION: Edward motioned and Orlando seconded to approve the proposed draft letter as amended with some additions to reflect Clare's ?

ACTION ITEM - Sending Edward documents to place on Website.

Complaint form and instruction. Done

Maps. Not done. Board decided to use Glastonbury road maps from the Glastonbury phone book. Edward proposed that he purchase and scan an area map and acquire property rights to use it on our web site. David reported that he talked to Frank Petrik about how much it would cost to input Glastonbury property lines into an AutoCad file so we can create up to date road and parcel/tract/lot maps. Frank estimated a cost $20,000.

4.8.2 New Business
Charlotte suggested and Board agreed that we should demonstrate how to use GLA website at the annual meeting using a laptop and projector.

4.9 Weed Committee: James Trisdale /Philip Hoag, Co-Chair
ACTION ITEM – Research into doing our own weed spraying. No Report

4.10 Clean-up Committee Report - Philip Hoag & Charlotte Mizzi, Co-Chair

4.10.1 Old Business
Charlotte will try to schedule roll offs for clean-up day in early November before the Annual Meeting.

4.10.2 New Business
Board discussed how it might use the $15,000 (GLA will receive when the Church pays us for Master Plan) for land swap and clean up. Robert, Orlando, Dan and Pamela (Philip will be asked) will meet to form a proposal regarding this issue. Orlando to propose how we might deal with shelter clean-up.

MOTION PASSED

Assessment Fee Waiver for Landowners Who Are Subdividing

MOTION: Cynthia motioned and Charlotte seconded to approve the following assessment fee waiver for Landowners who are subdividing:

Effective January 1, 2004, the Landowner who is subdividing may ask for a special assessment fee waiver as follows:

The GLA assessment fees for Landowners who subdivide their parcel or tracts would be charged on all the subdivided tracts or lots, but collection of these fees could be as follows: Assessments on minimum of one unsold tract or lot per subdivision would be due each year and assessments on the remaining tracts or lots would not become due until the individual lot or tract is sold. The normal late fees and normal interest rates would not apply. The interest charged for contractors would be 6% per year on the unpaid balance.

"This assessment fee waiver is optional and not automatic. Landowners who wish to apply for the waiver may contact the GLA Treasurer's Office. The waiver may *not* be applied for on a retroactive basis."

Motion carried.

Arguments before GLA Board
Application for a Galvanized Steel Building
Application made by M. Lombard

Restated Declaration of Covenants for the Community of Glastonbury

Effective as of September 26th 1997

2:06 of the Covenants states any portion of these covenants and any rule or regulation derived from these convenanrts may be incorporated into the Master Plan or **may continue to exist independently of the Master Plan and shall be given full force and effect.**

I will rely mostly on the covenants since it is in full force and effect at this time. I will also rely on the intent and the spirit in which the community of Glastonbury was founded and the growth of this neighborhood along Taurus Road. The area has developed into a beautiful neighborhood with a majority of stick built building defining the way of building design for the neighborhood.

DEEFINITIONS AND SHORT NAME REFERRALS - pg.5 & 6 of the Covenants

3:08. Cottage Industry. An industry whose labor force consists primarily of family or communal units working at home.

Commercial Activity.
It is the intent of these covenants that the Community of Glastonbury should be a predominantly rural/residential community that allow for the reasonable and productive exercise of free enterprise by its residents, and **which both encourages future orderly growth and protects valuable rural and residential land qualities.**

Such activity may not be a nuisance or an eyesore;

5.08. Cottage Industry and Light Manufacturing.

> *Nothing stated herein shall prevent a Landowner from carrying on cottage industries, home occupations, home businesses, professions, warehousing and activities of light manufacturing* ***located in a Landowner's dwelling or auxiliary buildings*** *which produce not substantial sound, odor or vibration such as to be a nuisance to others and which are not in violation of any other provision of these convenants.*

I emphasize that the structure must be located in a Landowner's dwelling or auxiliary building.

So far the applicant has met certain criteria. However the covenants do state the any commercial activity both encourages future orderly growth and protects valuable rural and

residential land qualities. The application is for a proposed prefabricated galvanized steel structure on Parcel/Tract 2A. This galvanized steel structure is far from the quality of building the neighborhood has evolved in.

Residential Design Standard in the Master Plan calls for the following:-

> *Any outbuildings shall match or complement the color, siding and roofing material of the main structure. All detached buildings not in an agricultural area shall have the pitched roof design.(3.5 Residential Design Standards).*

The application before this Board does not comply with this standard. The building is of galvanized steel, it is prefabricated and does not match the main building. Even though the Master Plan has not been approved the covenants do refer to orderly growth and to the keeping of the rural and residential land qualities.

5.4 **Project Approval Process**

> *It is the responsibility of the landowner to obtain written approval from the GPRC prior to storing any building materials or structures on any Glastonbury property or beginning any construction of any type in the Glastonbury community. The first step in the project approval process is to request the application forms.*
> .....

The applicant had submitted the application on September 8th and the Board was going to move on it the same day without the Construction Committee's inspection or recommendation. The concrete slab was already in place and there were expectations for cutting in the driveway during the coming week following September 8, 2003.

*(***see regulation as to commercial structure without a toilet***)*

Purpose of the Covenants , Glastonbury Master Plan and Standards

The purpose of the Glastonbury Land Use Master Plan is to establish the standards for the development of the Communities of North and South. The objective of the Master Plan is to create a foundation for a thriving family-oriented community **built in beauty, order and harmony**. The Master Plan benefits the Community by establishing a unifying philosophy and shared vision which creates a magnet for enlightened development. By providing guidelines and standards which specify the type and character of development allowed in specific areas, the Master Plan enhances the quality of

development in the Community. The Master Plan supports property values by encouraging attractive growth and appropriate commercial and institutional activity.

The Master Plan is, due to its limitations as a static document, simply one of several tools to build a community from the various neighborhoods that comprise Glastonbury. Ultimately, the residents of Glastonbury have found that it is the ability of residents to come together in a state of heart referred to spiritual movements East and West as "lovingkindness" and with a respect for one anther's values and visions. History has shown that community formations have not bee helped or hindered by the economic status of the neighborhood in which they are found. They have been formed everywhere, from ghettos to exclusive communities. What communities share in common is the ability to multiply the strengths of the residents, to dissolve the artificial divisions and to form an invincible spirit of oneness of heart and purpose. As a step toward forming a Community of Glastonbury, a Master Plan has been created.

The Master Plan has not been enacted on yet however the Restated Covenants do mirror the same objectives of establishing a characteristic on the type of building already in place and of various neighborhoods that for the nucleus for a shared vision. One very nucleus is the neighborhood that runs along Taurus Road with its' magnificent view and a majority of stick built houses. The neighborhood dictates the standards of the type of buildings allowed since it has established a characteristic on the type of building already in place. Having anything less than the quality of structures in the neighborhood would bring property values down.

[Definition of Neighborhood:
1: Neighborly relationship 2: the quality or state of being neighbors; PROXIMITY 3 **a**; a place or region near; VICINITY **b**: an approximate amount, extent, or degree
4 **a: the people living near one another b:** a section lived in by neighbors and usu. having distinguishing characteristics
5: the set of all points belonging to a given set whose distances from a given point are less than a given positive number;

Based on the foregoing the structure proposed in this application does not meet the requirements of the Restated Declaration of Covenants for the Community of Glastonbury which is law at this time and does not meet the standards for growth in this particular neighborhood and therefore should be denied.

Hercules Rd				
	0.00	Lf		Locate end of culvert and unblock. Add some "<" signs to fence across Dry Creek at the fence line to warn drivers.
	0.00	***Rt***	***570'***	***Start approximately 50' from start of Hercules Rd and tie into the existing guardrail at the curve.***
	0.45	***Rt***	***900'***	***Start at the curve and continue up 900' to existing guardrail***
	0.45	Lf	60'	Start on opposite of the road and block off the cross country road. Can be a single strand
	0.70	Lf	285'	Start on the left side just after the curve
	1.00	Rt	140'	Start just after the road cut and continue down to where there is no drop off.
	1.10	**Lf**	**600'**	**Start just after the curve and continue 600' up to existing guardrail**
	1.25	Lf	250'	Start at the end of the existing guardrail and continue up 250'. Add boulder's beyond new guardrail to stop individuals from driving cross cc
	1.70	Lf	100'	Start just before steep ravine and continue past it.
Leo Drive				
	0.08	Rt	330'	Start where steep drop off starts and end before curve.
	0.18	Rt	270'	Start at end of curve and start of drop off
Dry Creek Rd				
	?	Lf	195'	At "Dangerous Curve"
Gemini Rd				
		Lf	1,600'	Start at the base of the hill to Caspari Way
Capicorn Dr.				
	0.00	Lf & Rt		Repair drainage ditch on right side and add culvert to prevent runoff from crossing road and washing out pavement on left side.
	0.15	Lf		Repair washout and reset two guard rail posts
	0.16	Lf	50'	Repair damaged guardrail

Recommend we install the guardrails listed italic-bold. Depending on the cost of the installed guardrails we would either shorten the length installed or include the guardrail list in just bold print. This would be in addition to installing guardrails on Caspari Way.

3.3 Introduction of Landowners Attending the Meeting
Chris MacDonald stated he was in the process of buying land in South Glastonbury. Eleanor Schieffelin stated she had come to observe. Other landowners stated they had come to discuss the Master Plan. See 4.5.3 below.

3.4 November 15, 2003 Annual Meeting Debrief
The Board agreed that the 2003 meeting was an improvement from last year. Board discussed the positive points of the meeting included the seating set-up of the officers at tables in the front, holding the questions until the end of the Board reports, food, etc. The Board suggested improvements to the meeting would include using name tags for at least the candidates, a flag for the Pledge of Allegiance and trying not to cover a big issue (such as the Master Plan) which can make the meeting too long.

4. Report of Officers and Committees
4.1 Treasurer's Report: Cynthia Dodge-Blocker, Treasurer

4.1.1 Old Business
ACTION ITEM – Status of Insurance Rebate. Cynthia reported that and insurance refund of $821.22 was received.

ACTION ITEM – Mailing of Contractor Waiver information. Cynthia drafted a letter that has been edited by Janet. David will give Cynthia a list of contractors to whom we should send the letter. Denise will add contractor/waiver section to waiver form. .

4.1.1. New Business
Cynthia distributed a sample of the pink ½ sheet notice reminder for landowners who still owe assessments for 2003; she recently sent this notice to approximately 100 landowners

Cynthia distributed "Checkbook Transactions for November 2003," "Balance Sheet As of November 30, 2003" and "Income and Expense Budget Overview January through November 2003."

Final Subdivision Approval Reminder Letter Mailing
David reported that we are in the process of getting a letter out to landowners who have subdivided and have not sent final subdivision papers to GLA.

Changing GLA's Fiscal Accounting Year
David asked the Board to consider changing the GLA's fiscal accounting year from January through December *to* November 1 through October 31. This would allow GLA to announce at our annual meeting in mid-November the income balance sheet for the whole year. Board will discuss this further at the January board meeting.

4.2 Architecture Subcommittee

4.2.1 Old Business

ACTION ITEM – Status of determination of the amount the Church owes GLA for Master Plan. Charlotte will do further research. David reported that he asked Patrick Wolberd who doesn't remember the amount. David will call Alan Hearn and Joan Murphy.

ACTION ITEM – Status of letter to Thuse. Janet has drafted a letter and will complete letter when the amount due by Church is determined..

ACTION ITEM – Date when Paul Rantalo is to remove his mobile home. David reported that Robert Wallace told him that Paul said he would remove his mobile home by the end of 2003. A letter to Paul will be written to confirm date of removal.

ACTION ITEM – Henry Follman's Driveway. David reported that Follman made improvements to his driveway and David will need to measure them. He will write to Follman to set up an appointment..

ACTION ITEM – Send Architectural approval to Ross Fitzgerald. **Done.**

ACTION ITEM – Send Architectural approval to Eric Newhouse. Not done.
Pamela reported that Eric Newhouse has requested that his sanitation bond be waived. James Kozlik wrote that he thought we should give Eric the waiver because his trailer is near the site and will presumably keep it neat. Pamela's concern is that Eric did not state a reason for requesting the waiver and that if the Board approves it, it may be setting a precedent to grant waivers based on no apparent reason. She proposed that Eric should state a reason for request before the Board grants a waiver. Board's discussion included Philip reviewing that the sanitation bond was originally created because one Glastonbury contractor created some major messes.
MOTION: Philip motioned to eliminate the GLA $250.00 sanitation bond and to incorporate a clause into the GLA Project Review Form that explains approval of a construction project is contingent on the applicant's agreement that GLA can charge the landowner up to a $1,000 for

File: MtgMins 12 02 03 Final.doc;
Draft(s); 12 29 03; 01 15 04 - Final
Approved: 01 12 04- Approved

clean-up fees if a mess is left on a construction site or blows on to another property. A second motion was not given.
MOTION: Cynthia motioned and Edward seconded that Eric Newhouse should not be an exception to the rule of submitting the $250 sanitation bond and that his request for a waiver be denied because he did not give a reason for requesting it. He may reapply for the waiver, but must include his reason(s) for requesting it. Motion carried. (7 votes -in favor; 3 votes - opposed; 1 – abstention.)

The Board discussed how to handle contacting landowners who have construction debris on their property.
Clean-up of Pedro Pinardo's site in South Glastonbury
Denise/Pamela to draft letter to Pedro Pinardo to include: (1) David talked to Pedro on Nov. 18 and asked him to clean up debris or GLA would forfeit his $250 sanitation bond and (2) Since there appears to be no clean-up, GLA will hire a contractor who will be paid from Pedro's sanitation bond if the bond has been paid.

ACTION ITEM – Send Architectural approval to Chris Brag/Rick Sendra. **Done.**

4.2.2 New Business. None.

4.3 Road Committee
4.3.1 Old Business
ACTION ITEM – Status on repair of Capricorn Drive guardrail. We are waiting to incorporate this job with the Caspari Road work. Board discussed using fiberglass reflector posts or reflectors on guardrails.

4.3.2 New Business
David reported that the GLA bought several "Road Closed" signs in the event we need to close the entrance to North Glastonbury.

4.4 Complaint Committee: Charlotte Mizzi, Chair
4.4.1 Old Business
ACTION ITEM –Status on Parcel 32 (NG) K. Woodriff. David reported that we are ready to submit a letter to our attorney stating that we inspected K. Woodriff's property (including a portion of her debris on Edward Anderson's property) and that Woodriff has yet to submit a written clean-up plan and building application to the GLA.

ACTION ITEM – Status of Exposing Culvert. David will talk to Robert Wallace. He reported that a few feet above the culvert is a pile of rocks that needs to be cleaned up.

ACTION ITEM – Status of Cleanup on Hansard property. David needs Hansard's phone number from James Kozlik.

File: MtgMins 12 02 03 Final.doc;
Draft(s); 12 29 03; 01 15 04 - Final
Approved: 01 12 04- Approved

ACTION ITEM – Status of Sinopoli complaint. David reported he needs to follow-up on this issue. He reviewed that a contractor moved a 6 ft. culvert (and will later move a 24 ft. culvert) so that it is barely visible from the road. The fuel tank has a "For Sale" sign posted on it.

4.4.1 New Business. None.

4.5 Land Use Master Plan Committee

4.5.1 Old Business

ACTION ITEM – Status of Master Plan

4.5.2 New Business

- What comments (other than what was voiced at the meeting) has the board heard that might need changing. Not discussed.
- Do we want to send out a new ballot that will allow people to respond by writing down the sections they have problems with. See 4.5.3 below.

4.5.3 11/03/03 Draft Master Plan

Landowners Philip Covington, Marjorie Lombard and Laura Boise came to discuss the Master Plan. Marjorie and Laura presented a petition, signed by 100 landowners. (See attached) The petition stated a number of concerns about the Master Plan and included a request to the GLA Board to schedule additional meetings with landowners before the January 17th final vote meeting. Laura and Marjorie emphasized the importance of allowing the landowners to get involved, define the issues of concern and help in the final formation of the Master Plan before the Jan. 17th meeting.

The discussion between the above landowners and the Board included:

1) Landowners expressed that there were inaccuracies in the revised Master Plan and substantial differences from its original form. One major concern involved the zoning of high density development of apartment buildings/condominiums in residential areas. David reviewed that he had previously explained that the section referred to was mistakenly placed and would be removed.
2) Philip briefly reviewed the history of writing the Master Plan. He explained that the GLA ran into a complication several years ago regarding subdivision and density issues on 20-acre parcels and realized that a Master Plan was needed to address these issues. Originally neighborhood meetings took place to determine a consensus of what landowners wanted to see happen in terms of subdivision densities in their neighborhoods and that was how most of the density standards were developed.
3) The Board asked the attending landowners to submit a list that specifically named their questions or concerns..
4) Board members confirmed that it has always been the intention to revise the Master Plan according to the consensus of the landowners. They discussed various options concerning how the vote on the Master plan could be deferred or cancelled, and that they would pursue

File: MtgMins 12 02 03 Final.doc;
Draft(s); 12 29 03; 01 15 04 - Final
Approved: 01 12 04- Approved

legal advice on how they should proceed.

MOTION: Orlando motioned and Janet seconded for the GLA Board make a good faith effort to legally defer the vote on the 11/3/03 Land Use Master Plan to allow modification of that document. Motion did not carry.
AMENDMENT TO MOTION: Orlando motioned and Janet seconded that the GLA Board make a good faith effort to legally defer/postpone or cancel the date of the vote on the 11 03 03 Land Use Master Plan to allow modification of that document. Motion carried.

5) David confirmed that there are inaccurate figures on the maps in the Master Plan and it has been difficult to get them corrected [due to software problems].. Eg: South Glastonbury doesn't include 23-A and NG doesn't include 16 and it includes some parcels that aren't a part of the Master Plan.

4.6 Recreation Committee Report

4.6.1 Old Business

ACTION ITEM – Legal Formation of PVRC. David will work on it soon.

ACTION ITEM – Filing of Parcel 16-A as a part of Glastonbury. Janet to call Joe Swindlehurst., real estate attorney.

4.6.2 New Business. None.

4.7 Web Site Committee

4.7.1 Old Business

ACTION ITEM – Status of list of realtors. In process.

ACTION ITEM – Status of mailing letter to realtors. Janet reported she worked with Denise to clarify the form that will be attached to the letter
ACTION ITEM –Send documents to Edward for placement on GLA website.
Location Map for Glastonbury – David to determine where maps are located, etc.
Standards – David to complete
Properties for Sale – Done

4.7.2. New Business. None.

4.8 Weed Committee Report

ACTION ITEM – Research into doing our own weed spraying. The Board discussed using our pick-up truck, buying spraying equipment and a determining a location for storage. Cynthia will contact Matt Scoplite, who lives in South Glastonbury and has a license to spray, if he would be interested in working as an independent contractor for the GLA.

4.9 Clean-Up Committee.

4.9.1 Old Business

ACTION ITEM – Status of sending out telephone tree about Clean-up Days. Done.

New Business.

Charlotte reported that there is currently one roll off by the red barn in GAV and one at the entrance to South Glastonbury.

4.10 Ombudsman Report - Jeanie Campbell (SG) and Richard Johnson (NG). No reports.

5. Other Business

5.1 Shelter Insurance.

Board discussed whether the GLA needs to consider having insurance and if it might be liable for accidents occur near private shelters in Glastonbury. Philip and Orlando will check with insurance agent and also compile a written list of points for the Board to consider regarding this issue and present it at the next meeting.

5.2 Shelter Clean-Up

David reviewed that a statement in the current Master Plan requires that landowners must submit a clean-up plan of shelter sites within one year of the approval of the Master Plan. He asked the Board to start thinking about how GLA should implement this action.

5.3 GLA Tithe

Several Board members discussed various reasons why GLA should and should not give an annual tithe from the landowner's money. David will send Board members an e-mail from a landowner who objected to GLA having tithed in 2003.

6. Next Meeting and Adjournment

The meeting was adjourned at 10:05 p.m. with no further business. The next meeting will be held January 12, 2003 at Golden Ratio Woodworks Cafeteria, 7 p.m.

RE: Request for Your Input Concerning Eric Newhouse's Request to have his $250 Bond Waived

The Board approved Eric's application for construction of home on 42-D NG on Nov. 3. As I was preparing his project approval form I noticed on his application that he requested a waiver for the $250 bond. The Board didn't discuss this at the meeting. I called David before he left on vacation and asked him what he wanted to do and he said that you and Pamela should decide whether to approve his waiver or not to approve it. Eric did not state his reason for requesting a waiver.

I'll be in Billings from Tues – Thursday (hopefully no longer) with my mother who is having surgery there, so I probably won't be available until Friday if one of you would like to call me with your decision. You can also leave me a phone message. My e-mail is down so don't send anything by e-mail.

Thanks.

I would be in favor of waiving the $250 bond. He has a trailer - we can make him keep scrap in the trailer with periodic trips to the dump. Also, we can make sure that nothing blows over to the neighbors property. Janet Necleros' husband is working with him so we should be able to "keep tabs" on the situation. Eric is a well known locale contractor so there shouldn't be a ~~prob~~ problem. James K.

I, James Kozlik, give my proxy vote for all issues concerning the Dec. 2nd, 2003 GLA board meeting to Janet Neclereo.

James Kozlik

James Kozlik

I volunteer to be the Architectural Committee chair person.

In regards to Eric Newhouses' request for waiver of the $250 clean up bond, ~~I recommend that waiver be granted per the following~~ conditions.

That said party keeps debris from blowing onto surrounding properties and he keeps a trailer and or constructs a plywood box ~~on site to store trash.~~

If you need to talk to me during the meeting I will keep my cell phone on ~~during the evening.~~ ~~220-1563~~

January 12, 2004

FINAL

CONFIDENTIAL – DO NOT COPY

1. **Call to Order, Prayer**
   The meeting was called to order by David Tonkin at 7:17 p.m, at Golden Ratio Woodworks. James Kozlik gave the opening prayer.
   PRESENT: David Tonkin (President), James Kozlik (Vice-President), Janet Naclerio (Secretary), Cynthia Blocker (Treasurer), Edward Anderson, Orlando Johnson, Pamela May, Charlotte Mizzi and James Trisdale (JT)
   ABSENT: Kristen Hardesty, Philip Hoag, Edwin Johnson
   PROXIES: Edwin to Charlotte
   ALSO ATTENDING: Denise Orr (GLA secretary), Clare Parker (Bookkeeper), Linda Kremer (Landowner) and Penelope Price (Landowner)

2. **Reading and Disposition of the Minutes General Business**
   December 2, 2003 Meeting Minutes
   MOTION: Janet motioned and Charlotte seconded to approve the Dec. 2, 2003 meeting minutes as amended. Motion carried.

3 **General Business**

3.1 New Business

ACTION ITEM - Write up of committee duties. Tabled

3.2 Old Business. None

4. **Report of Officers and Committees**

4.1 Treasurer's Report: Cynthia Dodge-Blocker, Treasurer

Cynthia passed out "December 2003 Checkbook Transactions" and "Balance Sheet As of December 31, 2003" and "Income and Expense Budget Overview January through December 2003." A few corrections will be made to pg.1 of December 2003 Checkbook Transactions and will be sent to David and Denise for files.

4.1.1. Old Business

ACTION ITEM – Mail contractor waiver notices. Pending

4.1.2. New Business

Linda Kremer, on behalf of the SGTC Board (South Glastonbury Teaching Center), presented a request for retroactively waiving the SGTC assessments. She reviewed the history of the TC's request for the waiver.

MOTION: Charlotte motioned and Pamela seconded to approve waiving the SG Teaching Center's past assessment fees of $240, including penalties and interests. This means that the SGTC has no outstanding assessment fees to the GLA. Motion carried.

Linda requested written verification of the assessment fee waivers.

4.2 Architecture Subcommittee Report – Jim Kozlik and Pamela May, Co-chairs

4.2.1 Old Business

ACTION ITEM – Research amount Church owes GLA. Pending

ACTION ITEM – Date when Paul Rantallo is to remove his mobile home.
GLA received a letter from Paul in November 2003 saying trailer would be removed by the end of the year. He sent a second letter in December 2003 stating his present construction on his property would delay trailer removal. GLA to write to Paul for clarification.

ACTION ITEM – Follman's Driveway. Tabled

ACTION ITEM – Send Application approval form to Newhouse. Done

ACTION ITEM – Clean up of Pedro Pinardo's construction site 32 SG.
David reported that Pedro has cleaned up the site. Denise to write Pedro explaining that sanitation bond will not be refunded until construction has been completed.

STATUS Report - Parcel 97 & 98 Road Construction Application/Kathleen Ramp.
David reported that at the special Board meeting on January 9, the Board agreed to approve Kathleen's road construction subject to 12 conditions. (See January 9, 2004 Meeting Minutes) On February 11, David faxed the approval/conditions to Kathleen (see attached). Kathleen called David and stated she accepted the conditions but questioned No. 7 concerning where the road enters Hercules. Kathleen will meet with her surveyor and engineer to discuss this issue. Board agreed that GLA should write a letter to neighbors concerning blasting and the easements involved with Kathleen's project.

4.2.2 New Business

Lot 35-A (SG), Kletter/Parker Residence Construction Application.
Board reviewed and discussed the above application and various issues such as who owns the property, traveling to the Twin Pillar's shelter requires passing through the parcel to the North and safety hazards of the Twin Pillar's shelter located on the same lot. The board agreed to write two letters.

- The first letter would request more information concerning: (1) who is the applicant for this project; (2) who owns Tract 35-A; (3) clarify the footing for the house, and ; (4) request a plat map for Parcel 35 showing all tracts and existing house locations.
- The second letter would be addressed to Twin Pillars Shelter requesting action to remedy the safety hazards on Lot 35-A, SG.

Lot 2-A (NG) Sudivision Application/Marjorie Lombard.
Board reviewed Tract 2-A subdivision. James Kozlik reported that he spoke with Marjorie

about the possibility that the State might not allow her to subdivide again since this is her second minor subdivision. He suggested that she might want to contact the state/county about this issue before submitting her application to GLA. James stated that Marjorie told him she preferred to seek GLA approval first before checking about this requirement.
MOTION: James motioned and Charlotte seconded to approve the Lot 2-A subdivision provided Marjorie designates a road easement from the existing private road to the subdivided property and provided that the subdivision meets the county's requirement. If Marjorie wants to change her application, she must submit an amended application. Approval is granted for 18 months and an extension may be granted at the discretion of the Board. Motion carried.

Lot 33 (NG)/Pouwel Gelderloos Construction of Shop w/Apartment
David reported that Powel has started construction of a shop with reportedly an apartment over it. In 2000, the GLA Board Meeting Minutes state that the Board approved the construction of a garage application from Pouwel. However, the GLA has no paperwork except for approval for a shop in 2001 Meeting Minutes. Board agreed to explore situation further.
Note re. Parcel 33/NG. David reported that our records show that Mansaw, Meijer, Gelderloos and Duke are owners of Parcel 33. This parcel was partitioned into five tracts by Court order and was not approved as a subdivision by either GLA or the County.

Lot 30-E NG, Rantello – Removal of trailer. See ACTION ITEM above.

Lot 61-B SG – Preliminary review of house. Tabled.

New Policy: Timeline for Completion of a Subdivision
The Board discussed the need to establish a time limit for the completion of a subdivision once GLA has approved a subdivision.
MOTION: James Kozlik motioned and Charlotte seconded to require that landowners applying for a subdivision must complete the subdivision within one year. If the subdivision isn't completed within the year, the landowner will need to apply to the Board for a time extension to complete the subdivision. AMMENDMENT TO MOTION: Orlando motioned and JT seconded to change the "one year" requirement to "18 months." Amendment and motion carried.

New Policy: Timeline for Completion of a Construction Project
The Board discussed the need to establish a time limit for the completion of construction projects that GLA approves.
MOTION: JT motioned and Charlotte seconded that construction projects must be completed within one year. For building projects, just the exterior (e.g.: the siding, windows, roof including shingling and secured doors, etc.) need to be completed within the one year period from the date of GLA approval. If the project is not completed within one year (12 months), the landowner must apply for a time extension to complete the project. Motion carried.

4.3.1 Old Business

ACTION ITEM – Research Matt Scoplite handling our weed spraying. Tabled

4.3.2 New Business

Paving Glastonbury Roads

David reported that John Fanuzzi told him that he may be going into the paving business this summer. He expects costs between $0.55-0.60 cents per square foot. David reviewed that we have approximately 2 miles of roads in both North and in South Glastonbury that are candidates for paving. This translates into a cost of about $312,000. We would need to increase assessments to pay for the paving and will need 51% approval of Glastonbury landowners for an assessment increase. David will continue to review the possibilities.

4.4 Complaint Committee Report – Charlotte Mizzi – Chair

4.4.1 Old Business

ACTION ITEM – Status of Parcel 32 (NG) Ulrich.

Penelope Price gave an overview on the Tim Dolan Compassionate Communication method and gave testimony that Tim Dolan successfully assisted in mediating a long term issue between her family and another landowner. If Ulrich agrees to participate in a mediation process, the Board agreed to hire Tim to help mediate between GLA and Ulrich regarding the issues which we have been trying to resolve with Ulrich through our attorney.

ACTION ITEM – Status of removing rock pile above culvert. Tabled

ACTION ITEM – Status of Cleanup on Hansard property. Tabled

4.4.2 New Business

Complaint from Vernon and Nye re: Goodson Dog Attacking Their Daughter's Dog.

David reported that he spoke to the Nyes and recommended they report the incident to the police, which they have done. GLA will write a letter to the landowner who is renting to Goodson and copy to Goodson and the Nyes.

4.5 Land Use Master Plan Committee Report – Charlotte Mizzi, Chair

ACTION ITEM – Letter to Landowners postponing Master Plan meeting. **Done.** (See attached.)

4.5.2 New Business
Master Plan, Maps. Landowner comments.
Board agreed that the Master Plan Committee, David and Denise should meet on Thursday, Jan. 15 at 7:30 p.m. at the Golden Ratio cafeteria to discuss the details of the questions and concerns that landowners have about the Master Plan and to plan the February 21st meeting.

4.5 Recreation Committee Report – Janet Naclerio – Chair
4.5.1 Old Business
ACTION ITEM – Legal Formation of PVRC
David reviewed that our attorney told him there was a community, similar to ours, that wanted to beautify their parklands and applied to become a charitable tax exempt organization—it was denied by the IRS because it appeared to be self-serving. Our attorney suggested that we do further research before proceeding with this application based on the fact that the GLA would be taking a risk with the high cost of applying for tax exempt status. The Board discussed in detail many factors regarding the legal formation of PVRC and whether PVRC or the GLA should be responsible for the research and expense involved.
MOTION: Charlotte motioned and Edward seconded for the GLA to take the necessary steps, including paying the legal fees, to make the PVRC a separate tax-exempt organization (not a 501-3 C). Motion carried.

ACTION ITEM - Status of Filing Parcel 16-A to be a part of Glastonbury. Tabled

To: GLA Board
Date: October 15, 2002
RE: Assessments for South Glastonbury Teaching Center Parcels
From: Linda Kremer, trustee SGTC

I was requested to write to you as follow-up to my April 2002 request for action.

The Board of the South Glastonbury Teaching Center has requested that you consider a waiver of the assessments for Teaching Center parcels 22E and 23A, South Glastonbury.

We understand that a discussion of this idea occurred in the GLA meetings when Christine Johnston was a GLA Board member. She reported to us that the discussion was in favor of the waiver. Denise Orr was unable to find a record of the discussion or resolution in prior GLA minutes.

We would appreciate your consideration of the following points:

1. The budget of the SGTC is not substantial and relies on contributions from a small membership. This membership already supports the Glastonbury Community by paying GLA assessments on their private homes and parcels. This membership also supports the Glastonbury Community in spiritual ways that are not able to have a value placed on them.

2. Parcels 22E and 23A have not been served by GLA. The roads that access these parcels have not been maintained by the GLA.

3. Parcels 22E and 23A share a common boundary and should be considered as a single property if an assessment is charged.

Thank you for your consideration!
Linda Kremer, for the South Glastonbury Teaching Center Board

Board of Directors Meeting Minutes
February 2, 2004
CONFIDENTIAL – DO NOT COPY

1. **Call to Order, Opening Prayer**
The meeting was called to order by David Tonkin at 7:22 p.m., at Golden Ratio Woodworks. gave the opening prayer.
PRESENT: David Tonkin (President), James Kozlik (Vice-President), Janet Naclerio (Secretary), Cynthia Blocker (Treasurer), Edward Anderson, Kristen Hardesty, Edwin Johnson, Orlando Johnson, Pamela May, Charlotte Mizzi and James Trisdale (JT)
ABSENT: Philip Hoag
PROXIES:
ALSO ATTENDING: Denise Orr (GLA secretary)

2. Reading and Disposition of Minutes
January 12, 2004 Meeting Minutes
MOTION: Edward motioned and JT seconded to approve the January 12, 2004 meeting minutes. Motion carried.

3. General Business
3.1 New Business
ACTION ITEM – Write-up of committee duties
David requested Committee Chairs to write up their duties and offered to assist.

David reported that our database of landowners addresses & information is currently running and should be ready for Board use by March.

4. Report of Officers and Committees
4.1 Treasurer's Report – Cynthia Dodge-Blocker, Treasurer
4.1.1. Old Business
ACTION ITEM – Add Subdivision waiver to Architectural Application form. **Done.**

ACTION ITEM – Mail contractor waiver notices. **In Process.**

ACTION ITEM – Send waiver approval to the SGlastonbury Teaching Center. **Done.**

4.1.2. New Business
Cynthia reported that the amount of assessment payments received in January was considerably higher than in past years; most likely the new discount offered to landowners when assessments are paid in full by January 31 served as the incentive.

4.2 Architecture Subcommittee Report – Jim Kozlik and Pamela May, Co-chairs
4.2.1. Old Business
ACTION ITEM – Research amount Church owes GLA. David reported that we have the letter documenting the Church owes us $15,000, but we need to determine how much we may have spent out of that $15,000.

ACTION ITEM – Follman's Driveway. Tabled.

ACTION ITEM – Kletter Construction Applicaton 35-A (SG). We received follow-

Draft: 02 09 04
Amended: 03 01 04-FINAL

up information from Kletter with plat map and owner verification from Clare Parker, etc. Board discussed that the plat map doesn't meet lot size requirement and that the construction encroaches upon Parcel 36-NG & SG. There is an easement which Parcel 36NG was grated by Robert Wallace.
MOTION: James K motioned and Charlotte seconded to send Damian Kletter (cc to Clare Parker a follow-up letter stating that GLA discussed his project proposal and that the hazardous conditions with the shelter must be corrected according to standard construction processes before the Board will consider reviewing his application. Motion carried.

ACTION ITEM - Twin Pillars Safety Hazard. GLA sent letter to Kletter and Parker and they verbally agreed that the shelter site was a hazard. As of 2/2/04, the GLA hasn't received a formal response. Pamela reported that no improvements have been made to the site since our letter was sent to Kletter 21 days ago.

ACTION ITEM – Status of Pouwel Gelderloos Parcel 33 (NG) shop construction . David reported that in 2000, GLA gave approval to Pouwel to build a shop next to his home. It is not clear if the shop he is currently building has an apartment over it It is also not clear who owns the subdivision as it was a court ordered subdivision. The Board agreed to approve Pouwel's application subject to the approval of the Architectural Committee, who will review it in the next few days.

ACTION ITEM – Status of Pouwel Gelderloos Parcel 33 (NG) Subdivision.

ACTION ITEM – Incorporating new time limit policies into project application. Denise to do.

4.2.2 New Business
Lot 61-B (SG) – Preliminary review of house.

Parcel 56 (NG) Kathleen Rakela Sign Application
MOTION: Edwin motioned and James Kozlik seconded to approve Kathleen's proposed sign to be posted until the perpetrator is found. (Discussion).
AMMENDMENT: Orlando motioned and Charlotte seconded to change the duration allowed for posting the above sign to 90 days. (4 votes in favor; 6 voted opposed) (Discussion)
AMENDMENT: Cynthia motioned and Orlando seconded to require that Kathleen submit a color rendition of the sign that depicts its appearance and to list the materials that will be used before the Board makes a final decision. If approved, there will be no time limit on how long the sign can be posted. (10 in favor; 2 opposed.) (Discussion)
AMENDMENT: Cynthia motioned and James Kozlik seconded to tell Kathleen that we need the above information before the Board does a final review of Kathleen's sign application. We should also mention that the sign cannot be more than 8 feet above the ground. Motion carried. (7 in favor, 1 abstention)

Parcel 74/SG Richard and Elyssa Allen: House Extension Project Application: Due to time constraints at the meeting, the Board agreed to approve the Allen's application *subject to the approval* of the Architectural Committee, who will review the application within the next few days and notify the Board of its decision.

Parcel 26-E/SG Jerry and Ruth-Ann Young: Double garage with studio apartment above. (Submitted by Pouwel Gelderloos) Due to time constraints at the meeting, the Board agreed to approve the Young's application *subject to the approval* of the Architectural Committee, who will review the application within the next few days and notify the Board of its decision.

The Board discussed matters relating to the failure of Landowners and the county to communicate with GLA regarding subdivision projects. As a result, the GLA has not been properly involved in subdivisions and our records are incomplete, etc. The Board agreed it would be wise to have our attorney contact local judges to inform them about the legal jurisdiction of the GLA in subdivisions, etc.

4.3 Road & Weed Committee Report – Philip Hoag and JT Trisdale, Co-Chair

4.3.1. Old Business

ACTION ITEM – Research into Matt Scoplite doing our weed spraying *[David]*
Tabled.

ACTION ITEM – Paving roads. David distributed a sheet entitled "Cost of Paving Select Roads" which lists information on various GLA road options and prices that might be considered for paving and the cost of a half time manager. The Board discussed this information and the need to take immediate action by sending a letter to landowners by Friday, Feb. 6, requesting whether they would approve a raise in their assessments for paving and a part-time manager and which of the options they would choose. Janet expressed the concern that the Board was moving prematurely and should gather more hard information, bids, etc., before asking the landowners to pay more assessments. The Board decided that David should draft the letter, send it to other board members to review and mail it on February 6 and to give their input before it was sent out. The Board agreed the letter should include information on the above sheet and: (1) how many people will be affected by paving the roads; (2) the current GLA budget cannot afford the paving or a part time manager; (3) the proposed roads to be paved are those most affected by wash boarding; (4) the savings of paving vs grading the roads; (5) the possibility of landowners choosing to hire the pavers to pave their personal roads; (6) ask landowners to let the GLA know if they were willing to approve an increase in assessments and, if so, which option they would choose; and (7) ask landowners to respond by Feb. 21 or while attending the February 21 Master Plan meeting. .

4.3.2. New Business

4.4 Complaint Committee Report – Charlotte Mizzi – Chair

4.4.1. Old Business

ACTION ITEM – Status of Parcel 32 (NG) Ulrich. David reported that Kathleen cancelled mediation meeting, but stated she wants to do it at another time. David hopes

to reschedule it in the near future.

Mobile Home Standards

1.0 Mobile Home Standards

Mobile homes are allowed in the Community of Glastonbury under Section 6.05 of the Restated Declaration of Covenants for the Community of Glastonbury. In addition, this Section adopts further rules regarding appearance and quality of mobile homes to be placed either on individual parcels in the community or in the Golden Age Village in Glastonbury North. Mobile homes placed in Glastonbury prior to June 16, 1997 are governed by the *Specifications and Standards for Mobile Homes in The Community of Glastonbury and The Golden Age Village Rev 88-2*. The terms "mobile home", "mobile unit", "modular home" and "manufactured housing" as used in the Master Plan shall all follow the standards in this Section.

The GLA recognizes two cases for mobile homes in the Community:
1) As a permanent dwelling, and
2) As temporary living quarters while building a permanent home.

These two cases are treated differently by the Glastonbury Landowners Association Architectural Committee (GLA Architectural Committee).

1.1 Review and Approval

Installation plans as well as all exterior mobile home and site improvements such as roofs, siding, garages, carports, terraces and patios, room additions, storage sheds, etc. shall be subject to the prior review and approval by the GLA before any installation or site preparation can commence.

1.2 Architectural and Design Standards

The following standards are intended to protect and maintain the quality and planned living environment of the Community:

A) General: Mobile homes shall: 1) be no older than 10 years old, 2) be a minimum width of 24 feet, 3) have pitch shingled roof 4) have wood siding or simulated wood siding 5) have a foundation that includes stripped footing and 6) be recessed into the ground.

B) Occupation: Mobile homes moving into Glastonbury after the adoption of these Standards that require upgrading to comply with these Standards shall not be occupied until all installation and upgrades bringing the mobile home into compliance are completed.

C) Roofs: Mobile homes must have or be retrofitted with pitched roofs. The minimum roof pitch for mobile homes is 3:12. Roofing material must be Grade A or B shingle roofing material.

D) Roof Overhang: Each mobile home without a minimum roof overhang of 8 inches must either be retrofitted with such overhangs or be fitted with an attached garage, covered carport, covered terrace or patio, rain gutters at least 5" in width and/or other additions in order to extend the pitched roof line and remove the box-like appearance of many conventional mobile homes.

E) Exterior Materials: Mobile homes must have or be retrofitted with wood, high quality imitation natural materials such as vinyl siding or composition wood, stucco, rock or high quality imitation rock, or paneled exteriors or facades to create the appearance of a conventional home.

F) Foundations: Mobile homes in the Community are to be installed on a permanent

Adopted: 10 07 02

foundation of a well constructed recessed pad, with buried utilities per Section 1.4 of these Standards.

G) Skirting: Mobile home skirting must be covered by earth backfill or a finish per Section 1.4 C of these Standards. A well-designed decking that hides the skirting can take the place of earth backfill or finished appearance.

1.3 Temporary Mobile Home or Travel Trailer Use

A "Temporary Mobile Home or Travel Trailer Use Waiver" may be requested by a landowner from the GLA Architectural Committee to allow the temporary installation of a mobile home on their land while their permanent home is in the building process. At the time of review of the installation plans and prior to moving the mobile unit into the Community, the applicant must provide the GLA Architectural Committee with a written statement that the unit is to be used only as a temporary living quarters while he is in the process of building a permanent home on the parcel and that it will be removed from the Community within one year of the date of the original moving of the mobile unit into Glastonbury or within one month of completion of the permanent home, whichever comes first. The Temporary Mobile Home or Travel Trailer Use Waiver shall be for no longer than one year unless an extension is granted by the GLA Board.

A Temporary Mobile Home or Travel Trailer Use Waiver shall only be considered by the GLA Architectural Committee if the applicant is also submitting acceptable plans for the permanent home to be constructed, including an anticipated schedule of construction. Placement of the temporary mobile unit is contingent upon approval of the building plans and schedule of construction. It is recommended that the site utilities be designed and developed for the permanent home and that the mobile home be temporarily connected to those systems.

Travel trailers and RVs may not be used as permanent dwelling units. Upon approval by the GLA Architectural Committee, the Landowner of record may use a travel trailer or RV to reside in for vacation purposes (maximum of 90 days per year) provided it is connected to a water and septic system or is self-contained. Long term parking of travel trailers and RVs must be screened from sight of community roads by such means as landscaping or a garage or parked unobtrusively by the Landowner's house. Guests of Landowners may temporarily, for a period not to exceed 60 days, use travel trailers or RVs for vacation purposes without applying to the GLA for permission or a variance provided the vehicle is in the immediate vicinity of the host Landowner's home.

Temporary office trailers may be used at building sites for construction purposes on the site.

1.4 Installation Specifications

A) Pad Construction: A typical recessed mobile home pad is illustrated in Figure 1.1. The mobile home pad shall be located on stable soil which has a soil bearing capacity of not less than 1500 pounds per square foot and shall be free from organic material such as weed and grasses. Topsoil should be removed from pad site and stockpiled prior to excavation and back filling.

The finished interior floor elevation of the mobile home shall be between 8 and 16 inches above the highest exterior finish grade. Cut and fill slopes where required should have a minimum rise to run ratio of 1:2.5.

Fill material for the pad should consist of gravel, sand and binder in a proportion to ensure maximum compaction and stability. The recommended method is to place moderately

Adopted: 10 07 02

damp fill material in even layers not more than 6 inches thick. Compact to 90% maximum density with proper compaction equipment before the next layer is placed. Fill and existing ground must be free from ice, frost, and frozen or muddy materials.

A foundation consisting of concrete strip footings constructed to the dimensions and configuration specified by the mobile home manufacturer is strongly recommended. Where a gravel pad is used, the surface of the prepared pad should consist of not less than a 2-inch layer of 1 inch minus crushed gravel and should be level to within 1/2%.

B) Utilities: All utility and fuel lines shall be installed per Section 6.03 of the Covenants. In addition, all water lines should be buried at a minimum of 6 feet to prevent freezing. Water and sewer connections shall be made below the mobile home inside of the perimeter of the recessed skirting. Heat taping and insulation of the exposed water piping beneath the mobile home is necessary for winter usage and prevention of frozen pipes. LP gas connections must be made outside of the mobile home rather than underneath in order to avoid the possible accumulation of gas in the crawl space. A two-stage regulator is recommended: one at the tank and one at the exterior of the home.

C) Backfill: Material for backfilling should be free from rocks and cobbles larger than 6 inches and compacted in 12 inch layers. Surfaces should be mounded slightly to compensate for settlement. The finished grades should provide a 5% slope away from the mobile home to allow for drainage.

1.1.5 Further Specifications and Variances

The GLA is authorized and directed to establish and publish additional specifications and standards for the installation of mobile homes in the Community of Glastonbury, including any requirements which it deems are necessary for reasons of safety, appearance and the well-being of the Community and its residents, and in order to reasonably enforce the above provisions and the Covenants.

The GLA is authorized to consider and grant variances to these standards, specifications or rules wherever, in its discretion, it believes the same to be necessary and appropriate and where such variance will not be injurious to the rest of the Community.

To: GLA Board and Master Plan Committee
Mr. Eric Newhouse, President
Emigrant, MT, USA

Dear Sir,

We received word that your Board is planning to put in place by resolution a new, far stretching, requirement to restrict the minimum size of a lot in North Glastonbury to 2 acres.

We as owners of Lot 26 B strongly oppose to this procedure.

1. In the Land Use Master Plan, as defined a few years ago, it was agreed that the minimum lot size in Glastonbury of two acres was based on the average of the original size of the parcel. That meant that we, as owners of a 20-acre original lot, theoretically could subdivide to max. 10 home sides. We now have 5 lots and are in the process to increase that to 7 (still one less than stated in our original plan as mentioned in our January 22, 1999 letter to you, which was never been answered). With 7 lots the average lot size on lot 26, based on the original lot size of 20 acres, will than be 2.85 acres. This is still 42% above your minimum requirement of 2 acres.
2. The Master Land Use Plan has never come into effect. But this, in our opinion, does not give you any reason and/or authority to change this plan and the agreements already in place by sole resolution of your Board. This is a very important matter and should be voted on by the complete membership.
3. In our opinion your proposal is also an example of bad planning. You will make the total planning process for many of your members much more rigid and inflexible. There is no reason that a lot of, for example 1.5 acres, is not feasible and not acceptable for county and state authorities. Much depends on the individual situations. Further, in North Glastonbury there are already 11 lots of less than 2 acres. It is, in our opinion, unfair to cut of other members from having this possibility.
4. We would advice you to put in effect the Master Land Use Plan as soon as possible and let the membership vote on it. By doing so the uncertain situation which exits now will come to an end and we as members will be freed from changes and new requirements all the time (please see our letter of Jan 22, 1999).
5. We would strongly advice you not to embark on the same way as the Mother church is now on, namely to cut off the membership in partaking in the decision making process. In the Aquarium Age policies like "Father Knows Best (i.e. important decisions by resolutions of the Board) are totally outdated and not tolerable any more. We trust to receive the final Master Land Use Plan soon, including a ballot sheet.

You're Sincerely,

Pieter and Caroline Graafland

MEETING OUTLINE
1/15/04

The purpose of this meeting is to plan what we want to do at the Feb 21st meeting on the MP. Below is an outline of questions/points I think that we should consider. There are four main subjects. They are:

- List of landowners concerns
- Do we respond to the statements in the petition and listed in their letter about the petition?
- Do we want to review the MP based on the landowners concern?
- Review items to discuss in the MP meeting (Start of the Meeting Agenda)

1) List of Landowner's concerns
   a) Apartment buildings/Condos in residential areas –
      i) Was this planned
      ii) What is required to approve them
      iii) Advantages/disadvantages
      iv) Do we want to leave it in until landowners take it out
   b) Lack of neighborhood meetings
   c) Do not understand Table 4.5
      i) Need to have slides to explain table
   d) People do not realize how many parcels have already been subdivided
   e) This version is MUCH different than the 1998 version
      i) I asked Laura Boise who made this claim if she had a copy of the 1998 version – She said that she did
      ii) I asked her to send me a copy – Not received [Note the petition letter claims a 1999 version of MP]
      iii)
   f) Concern over the 30' maximum house height
      i) Present picture of an existing 29' log house in high south
   g) Put standards back into the MP
2) Do we address the statements in the petition?
   a) Petition states:
      i) High density development in residential areas
      ii) Increased taxes
      iii) Lowered home values
      iv) Need for mitigating factors re. developmental impact
      v) Water shortage

FILE: MPMeetingOutline
01/15/04

vi) Sewer issues
vii) Road concerns
viii) Major changes to MP
ix) Need for 6 community meetings

b) Petition Letter
i) Plan is inadequately understood
ii) Consequences not fully assessed
iii) No community meetings
iv) If the Village Centers are for high density, why allow it in residential areas
v) Re-designation of density from 1999 MP
vi) Majority of voters are absentee owners
vii) Major tax implication
viii) Economic Impacts not assessed
ix) Impact of apartments – No clear delineation of no. of apartments allowed
x) Want layouts of impacts of high density housing
xi) Burdens of future infrastructure caused by high density housing
xii) No addressing of mitigating factors of developers such as landscaping, paths etc.
xiii) Effects on current water table

3) Do we review the MP and possible make changes?
a) Eliminate allowing High density development in residential areas
b) Improve wording to make items clearer

4) Suggested plan for February 21st meeting
a) Present MP in 4 stages
i) Present situation in Glastonburys
(1) No. of parcels subdivided
(2) Other?
ii) Why we need the MP
iii) What is different from previous MP
iv) Present MP
v) Open mtg. to comments
(1) Once per landowner until all have had their say, then may allow a second round of comments [this is so those who are vocal can not take over the meeting and not let others have their say]
(2) Denise keep track from sign in sheet
vi) Landowners vote on whether we should hold neighborhood meetings and how many [By voice or written vote?]

GLA Master Plan
MEETING OUTLINE
1/15/04

b) Things to do for Feb 21st meeting:
   i) Finalize GLA Standards
   ii) Finalize Maps for MP
   iii) Make any changes thought needed to MP
      (1) Items we may want to change:
         (a) Define how many neighbors can stop a high density development
         (b) Require MP is reviewed in 5yrs then every 10-years thereafter
         (c) Change wording of the ¶ that says "In general, state law allows 20 acres parcels to be divided into 10 2-acres lots"
         (d) ?
   iv) Create a slide show

'Only' One of Several Tools

Build Community from 'Various Neighborhoods'

Ultimately, the residents of Glastonbury have found that it is the ability of residents to come together in a state of heart referred to in spiritual movements East and West as "loving kindness" and with a respect for one another's values and visions. . . .community formation is not helped or hindered by the economic status of the neighborhood. They share in common an ability to multiply the strengths of the residents, to dissolve artificial divisions and to form an invincible spirit of oneness of heart and purpose.

GLA 01534

Our Master Planning Goal

Should Glastonbury be a:

"Happening" (Free Choice)

"Community" (Socially Cohesive)

"Commitment" (Community with Direction)

? ? ? ? ? ? ? ?

1. Residences up to 30 feet high (as high as a three story building if it has a flat or nearly flat roof.) [I think that what was envisioned here was allowing a 3-story house with steep pitched roofs and where the top floor was in the atic. We may want to clarify this in Master Plan.]
2. Single family residence with an apartment or guest house (this is the maximum number of homes/dwelling for a subdivided parcel)
3. Maximum number of homes/dwelling units of an unsubdivided parcel is one resident plus a single or duplex residence. Duplexes (by meeting minor conditions)
4. Triplexes and Quadplexes (by meeting stricter conditions)
5. Large family residential developments (after meeting fairly restrictive conditions and subject to review at a neighbor hood meeting)
6. Condominiums and apartment buildings (after meeting fairly restrictive conditions and subject to review at a neighbor hood meeting)
7. Cottage industries (as outlined in the Covenants, Section 5.08)
8. Commercial activities (as outlined in the Covenants, Section 5.07)
9. Agricultural uses (as outlined in the covenants, Section 4.0)
10. Bed and breakfast facilities are allowed with the same restrictions as a duplex
11. Note the County is allowing two people to own a property as tenatcy in common if they are family which would fit into item 3 above.

Sections 3.3, 3.3.2, 3.3.3 especially tripleses, quads, condos and apartments I think needs to be okayed by an entire neighborhood if not the community as a whole—not just GLA or such larger density projects should be presented to the whol community and the individual neighborhood where it is to be sited and then granted a variance.

3.5 Building Placement – there needs to be some way to actually enforce (adjust) this during the review process. Examples: The building going in above us by Ross Fitzgerald for example sits blatantly on the edge of the ridge directly "smack" in the middle of our visual field and of anyone coming up the road. Even after being asked to observe an appropriate set-back, and agreeing to it verbally, he went ahead building on the prominent ridge anyway...

4.0 Density Projections are not acceptable.

4.0 "Village Center" plans are not acceptable unless ratified and reviewed by entire Community and GLA.

LAND USE MASTER PLAN

Beauty, Order and Harmony

11-03-03 DRAFT

Purpose of the Glastonbury Master Plan

The purpose of the Glastonbury Land Use Master Plan ("the Master Plan") is to establish standards for the development of the communities of Glastonbury North and Glastonbury South. The objective of the Master Plan is to create a foundation for a thriving family-oriented Community built in beauty, order and harmony. This Master Plan benefits the Community by establishing a unifying philosophy and shared vision that creates a magnet for enlightened development. By providing guidelines and standards that specify the type and character of development allowed in specific areas, the Master Plan enhances the quality of development in the Community. It also supports property values by encouraging attractive growth and appropriate commercial and institutional activity.

Due to its limitations as a static document, the Master Plan is simply one of several tools to build a Community from the various neighborhoods that compose Glastonbury. Ultimately, the residents of Glastonbury have found that Community is the ability of residents to come together in a state of heart referred to in spiritual movements East and West as "lovingkindness" and with a respect for one another's values and vision. History has shown that the formation of communities has not been helped or hindered by the economic status of the neighborhoods in which they are found. They have been formed everywhere, from ghettos to exclusive neighborhoods. What communities have in common is the ability to multiply the strengths of the residents, to dissolve artificial divisions and to form an invincible spirit of oneness of heart and purpose. This Master Plan has been created as a step toward forming a Community of Glastonbury.

1.0 General Area Information

1.1 Description of Location

The Community of Glastonbury is located in Paradise Valley and the foothills of the Rocky Mountains in the southern half of Park County in southwestern Montana. It is approximately 25 miles south of Livingston and 30 miles north of Yellowstone National Park. The famous Yellowstone River meanders through the center of the valley, providing a serene foreground to the dramatic backdrop of the Absaroka Range to the east and the Gallatin Range to the west.

As early as the 1820s, fur trappers came to trap beaver in what was then the country of the Shoshone and Crow. In the mid-1800s, when the area was trapped out, gold prospectors started arriving. The first groups of permanent settlers arrived in Park County to prospect for gold in the 1860s. When the mines in the mountains east of the Yellowstone River proved not as productive as hoped, many of the immigrants stayed to ranch and farm in the fertile valley. The timber industry developed to service the mines and the railroad and to build boats for river traffic.

The Northern Pacific Railroad ran a spur from Livingston down to Yellowstone National Park, finishing the line in 1902. The line ended its passenger service in 1948 due to the increasing use of automobiles to visit the park.

Agriculture and timber continue to be major sources of livelihood in Park County. The rest of the economic base is the railroad, light industry, dude ranches, the tourist trade (rafting, hunting and fishing) and community services. The only five-star dude ranch in Montana is located in Paradise Valley. Livingston is also an art center, with several galleries showing the work of internationally known artists. A new and growing segment of Park County's economy is telecommuting businesses.

The town of Emigrant has several restaurants and small stores, a gas station and car wash, a laundromat, a bank, a community meeting hall, a church and a post office. Fire protection is provided by the Paradise Valley Volunteer Fire Department, located one mile east of Emigrant. Police protection is provided by the Park County Sheriff's Department.

Glastonbury North offers the Thomas More Montessori Preschool, Thomas More Elementary School for grades 1- 6, and Henry Wadsworth Longfellow Academy, currently for grades 7 - 10. The closest public elementary school, Arrowhead, is located 10 miles north and east on East River Road. The nearest high school is in Livingston, which also has grade schools, a hospital, retail stores, restaurants, museums, a bus depot and motels. The town of Gardiner, with motels, stores, gas stations and restaurants, is located 30 miles south of Emigrant, at the north entrance of Yellowstone National Park. The nearest national airport, Gallatin Field, is located just west of Bozeman, approximately 60 miles northwest of Emigrant.

This area of Montana is a recreation paradise, world-famous for its trout fishing, big game hunting and wildlife viewing. The Yellowstone River offers diversified rafting experiences, from the rapids of Yankee Jim Canyon north of Gardiner to a sedate float through the center of the valley. The nearby Forest Service lands and Yellowstone National Park offer many opportunities for hiking, camping and cross-country skiing. Bridger Bowl in Bozeman and Big Sky Resort in

Big Sky are nearby downhill ski meccas. Historic Chico Hot Springs Resort, at the base of Emigrant Peak approximately 5 miles east of Emigrant, offers a nice soak in a hot pool and a swimming pool with warm water piped in from a natural hot spring. Also in the area are the Mountain Sky Guest Ranch and numerous bed and breakfast accommodations.

Glastonbury is divided into two communities, North and South. North Glastonbury has two entrances, one at Emigrant and the other half a mile north. The South Glastonbury entrance is 3 miles south of Emigrant, off Dry Creek Road.

1.2 Description of Glastonbury

The Glastonbury communities are two former cattle ranches about two miles apart, purchased in 1982 by Royal Teton Ltd. The communities are bordered on the west by National Forest lands and on the north and south by operating cattle ranches. Residents of Glastonbury should be aware that these ranches are free to pursue normal agricultural practices in their operations, which may affect neighboring Landowners. Royal Teton Ltd., the initial developer, subdivided the ranches into 20-acre or larger parcels, built gravel roads (some of which have since been paved) and installed underground power and telephone service.

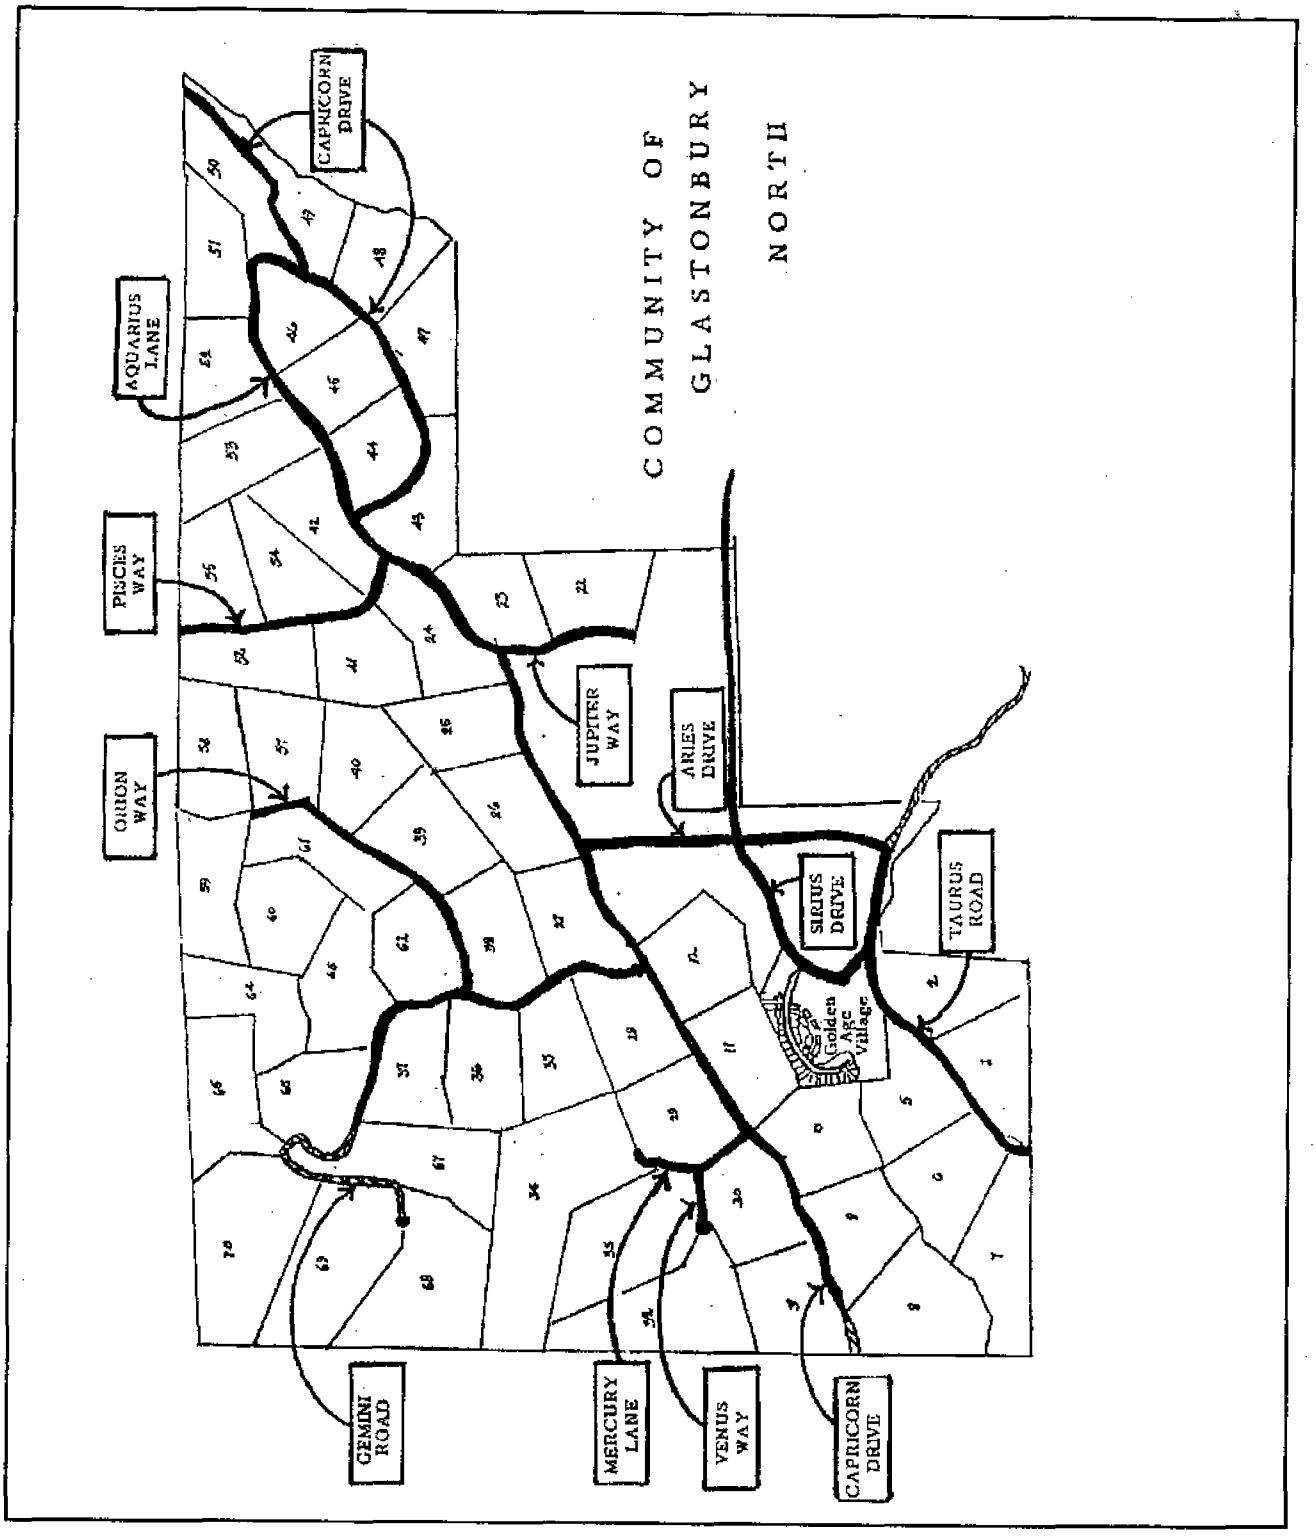
Most water in the communities is drawn from individual wells that vary in depth from 80 to over 400 feet.Wells in the higher elevations have generally been deeper than wells in the foothill and plateau areas. Sewage disposal is individual septic tanks and drainfields. In 1997 the property began phasing out of long-term leased land to that of fee simple ownership. The Glastonbury Landowners Association Inc. (GLA) was formed to take over the administration of Glastonbury from Royal Teton Ltd.

Glastonbury North, the former Fridley Creek Ranch, consists of 1,545 contiguous acres which were originally divided into 54 parcels as depicted in Certificate of Survey 615A. It extends from the 5,000-foot level near the valley floor up to the 6,000-foot elevation on its common border with the Gallatin National Forest. The general topography within the Community ranges from the relatively gentle sloping terrain of the valley to moderately rolling foothills to the canyons and steep hills of the rocky forested areas. The vegetation ranges from cropland and grass to grass and sagebrush fields in the lower elevations, to evergreen forests in the higher elevations. Fridley Creek runs through one side of the Community, along with numerous springs and drainages.

The plateau area of Glastonbury North sits well above and to the north of Emigrant and is shielded from U.S. Highway 89 by a rocky ridge. These plateau areas are generally wide open and feel the southwest winds the most. A small area of the plateau has a natural shelter belt created by Fridley Creek.

Glastonbury South, the former Dry Creek Ranch 3½ miles south of Emigrant, consists of 2,613 contiguous acres that were originally divided into 104 parcels as depicted in Certificate of Survey 616A. It extends from the 5,000-foot level near the valley floor up to the 6,700-foot elevation on its 2-mile common border with the Gallatin National Forest. The general topography

Map 2: Glastonbury North



within the Community ranges from the relatively gentle sloping terrain of the valley to moderately rolling foothills to the canyons and steep hills of the rocky alpine areas. The vegetation ranges from cropland and grass to grass and sagebrush fields in the lower elevations, to evergreen forests in the higher elevations. Dry Creek and Golmeyer Creeks traverse parts of the Community, along with numerous springs and drainages. Golmeyer Creek has a beautiful waterfall within sight of Hercules Road in the forested area.

The plateau area of Glastonbury South begins at its entry off U.S. Highway 89. Much of this plateau area will remain agricultural and serve as a buffer between the highway and the developed parts of the Community. This plateau area has a natural shelter belt created by tall trees along Dry Creek to the south and a hilly area to the north.

The middle area of both Glastonbury North and South is moderate foothills with grass- and scrub-covered slopes ranging between 5 percent and 20 percent grade. This rolling landscape is pocketed with flatter hollows and sheltered areas. Many parcels have dramatic panoramic views of the Yellowstone River and the mountains ringing Paradise Valley. Most of the areas, even in the hollows, have views of 10,921-foot-high Emigrant Peak in the Absaroka Range to the east and 10,299-foot-high Hyalite Peak in the Gallatin Range to the west.

The higher elevations of Glastonbury North are partially forested and in Glastonbury South the higher elevations range from forested to alpine. Almost 40 percent of Glastonbury South is forested. This rugged landscape is characterized by fir, pine, aspen and juniper trees that fill the draws and hug the leeward sides of the hills. The forests are interrupted by grassy meadows, steep rocky ridges, canyons and rock outcroppings. The forested area receives more rain and snowfall than the foothill and plateau areas.

Glastonbury enjoys much of Montana's wildlife. Mule deer regularly traverse Glastonbury traveling from the forests to the hayfields near the Yellowstone River. The forested areas provide cover for occasional herds of elk and are home to chickadees, Clark's nutcrackers, pine siskins and other hardy birds; small mammals such as squirrels, raccoons, porcupines and ferrets; and occasionally larger mammals such as mountain lions or black bears. The grasslands are home to voles, cottontail rabbits, hares, skunks, grouse and hawks. The spring sees the yearly return of song sparrows, goldfinches, mountain bluebirds, meadowlarks and swallows. In the autumn, bald and golden eagles can frequently be seen hunting and fishing along the Yellowstone River.

3.0 Residential Area Design

3.1 General Comments

The development of the Residential Area was previously determined only by parcel maps, the Covenants of the Community of Glastonbury, and Standards adopted by the Glastonbury Project Review Committee (PRC). Many of these parcels have been purchased and developed. The Glastonbury Landowners Association (GLA) is responsible for enforcing the Covenants in effect prior to September 30, 1997, and Standards for building work done prior to June 16, 1997, along with the Restated Covenants for building projects seeking approval after September 30, 1997. The GLA is also responsible for enforcing the Land Use Master Plan.

Following the May 28, 1993, settlement with Park County, no new tenancy-in-common interests, except between immediate family members, are allowed in the Community of Glastonbury.

3.2 Single Detached Residential

Single residential buildings in Glastonbury have a wide latitude in their design. The height restriction is 30 feet above ground level of the predominant view of the building. Requests for variances to this restriction shall take into consideration how a building is situated in the landscape, the predominant view of the house, and the character of the neighborhood. For example, a house backing up to a mitigating natural feature, such as a hillside or tall trees, might conceivably be allowed to have a daylight basement, two stories and a third floor attic with dormer windows.

Single detached residences and their outbuildings are the only buildings allowed outside the Village Center area that do not need to meet the performance criteria listed in Section 3.3 that are not also listed in *Section 3.5, Residential Design Standards.*

The Covenants Section 5.07 and 5.08 govern the allowance for cottage industries and light industrial. The Covenants Section 4 governs agricultural land use.

Single-family residences with an apartment are allowed in the single residential area. Bed and breakfast facilities will be considered under the Multiple-Family Residential criteria for duplexes listed in Section 3.3.

Maximum residential development for an unsubdivided parcel is limited to one single-family residence and one additional single or duplex residence, both owned by the parcel owner. Maximum residential development for a subdivided parcel is limited to one single family residence and one guest house, both owned by the parcel owner. A formal subdivision, prepared and approved in accordance with the applicable regulations of the Community of Glastonbury, Park County and the Montana Department of Environmental Quality (DEQ), must be completed by a parcel owner in order to increase residential density to the values shown in *Section 4.6, Schedules of Residential Topographical Areas and Density.*

3.3 Multiple-Family Residential

An application for multiple-family residence in Glastonbury outside the Village Center will be considered by the PRC to determine if the project meets the performance criteria listed in this

Section. Large projects in areas outside the Village Center will be reviewed in a public hearing. The GLA will mail notice of the hearing to neighboring Landowners within 300 feet of any boundary of the applicant parcel and post notices in prominent areas at least 15 days prior to the meeting.

The following subsections present the criteria and considerations that a development must meet for duplexes, triplexes, quadplexes, large multiple-family residential, condominiums and apartments outside the Village Center. Refer also to *Community Standards: Section 2.0, Subdivision Standards* and surrounding land use considerations.

3.3.1 Duplexes

1. Access; parking facilities
2. Fire protection buffer area extending 35 feet from the building maintained weed/brush-free
3. Class A roof material

3.3.2 Triplexes and Quadplexes

1. Access; impact on road usage, community services and nearby properties
2. Adequate parking facilities with a setback of 35 feet from the Community road easement
3. Consideration of nearby neighbors and minimal visual impact on surrounding land use
4. Building designed to look like a house
5. Landscaping provisions
6. Fire protection buffer area extending 35 feet from the building maintained weed/brush-free
7. Class A roof material
8. Setback requirements:
   - 75 feet in the front or from any Community road easement
   - 50 feet on the side and at the back from any parcel, tract or lot boundary
9. Ability to meet necessary water and septic system requirements
10. The number of units may not exceed the density for the topographical area without support of affected neighbors.

3.3.3 Large Multiple-Family Residential, Condominiums and Apartments

1. Access; impact on road usage, community services and nearby properties
2. Adequate parking facilities with a setback of 35 feet from the Community road easement
3. Building designed to look like a house
4. Fire protection buffer area extending 35 feet from the building maintained weed/brush-free
5. Class A roof material
6. Water reservoirs (if not already available) and landscaping for fire protection
7. Landscaping provisions, including:
   - Usage of tree- and/or brush-covered berms if within 150 feet of neighbor's building
   - Mitigation of view of all buildings in the project from any given location by building placement or tree- and/or bush-covered berms
   - Minimum landscape buffer of berms, trees and/or the building itself to mitigate view of parking from the Community road
   - Minimum landscape buffer 1.5 times the square footage of the footprint of the building developed and maintained around the building
8. Copy of project's homeowners association Articles of Incorporation or Association, covenants or similar agreement showing specific provisions to assess homeowners for

Also place here

maintenance, and showing responsibility of homeowners association to maintain building exterior in like-new condition

9. Building setback requirements: 75 feet in front or from any Community road easement; 50 feet on the side and back from any parcel, tract or lot boundary
10. Ability to meet Montana DEQ water and septic system requirements. Central potable water supply and sewage treatment will allow more density in the project.

3.4 Mobile Homes

3.4.1 General Standards

Prior to June 16, 1997, mobile homes were allowed in the Residential Area under certain conditions. With the adoption of the Master Plan, no mobile homes older than 10 years will be allowed to be placed in the Community of Glastonbury. Only mobile homes with a minimum width of 28 feet and in good condition, adhering to the Mobile Home Standards listed in Community Standards, Section 1.2-A, C, D and E may be brought into the Community of Glastonbury, except as listed in Section 3.4.3 below. In order to assist the owners of existing mobile homes, sketches are provided showing how to bring the mobile homes up to standard. Refer to *Community Standards, Section 1.0 Mobile Homes Standards,* for requirements for mobile homes in the Community.

Park County regulations pertaining to the installation of mobile homes provide that the placement of "...more than one mobile (home) on a tract of record shall be reviewed..." as a subdivision. Under this regulation the definition of a mobile home does not include a modular or factory-built building.

3.4.2 Travel Trailers

Travel trailers are not allowed in the Community of Glastonbury as residential units.

3.4.3 Single-Wide Mobile Homes

A single-wide mobile home currently on a parcel may be replaced by a mobile home with a minimum width of 28 feet that adheres to all other requirements of *Community Standards, Section 1.0 Mobile Home Standards*. Variances may be applied for if the replacment mobile home is a substantial improvement from the original.

3.5 Residential Design Standards

The following design standards are provided to establish a standard for future neighborhood development, while allowing for creativity and innovation in architecture. These are the standards that the GLA and the PRC use to review proposed projects. All structures built before the adoption of this Master Plan are governed by the standards established by the original developer and used by the original Glastonbury Project Review Committee.

Variances: The PRC is authorized by the GLA to consider variances to these standards. The PRC shall not unreasonably deny a variance if it meets architectural design standards acceptable to the PRC and/or proposes mitigating steps that allow for fulfilling the spirit of the design requirements. Variances may be granted where the PRC believes it is necessary and appropriate and where such variance will not be injurious to the rest of the Community. Significant variances

will be reviewed by the PRC at a public meeting. Neighboring Landowners will be given a minimum of two weeks' notice of such meeting.

Project Review: Before any on-site construction may commence, review and approval of all projects within the Community of Glastonbury is required by the PRC for the GLA Board of Directors per Section 6.01 of the Covenants. No building materials or structures may be placed on any site, nor shall building work commence, until written approval is received from the PRC. For more details, see Section 4. Submittals for PRC review must be complete as described in the project application form before a final decision can be rendered.

New applications for building projects will be reviewed by the GLA within 4 weeks of receipt of the application to determine compliance with the applicable standards and performance criteria in Section 3. Major construction projects will be reviewed in a public hearing. Notice of the hearing will be mailed to affected neighboring Landowners and notices posted in prominent areas at least 15 days before the meeting.

After the Landowner's submission of all required materials, the PRC will give the applicant a written response which may include the following:

A) Preliminary approval to start construction, subject only to final review upon completion;
B) Preliminary approval subject to conditions and final review;
C) Recommendations for changing or improving the plans to meet standards;
D) Tabling the application pending resolution of issues or submittal of additional information; or
E) Disapproval based upon failure to meet minimum standards, inconsistency with the Covenants or a finding of an inappropriate multiple-family residential building project.

Codes: Refer to Section 4.8.

Building Placement: The placement of buildings shall be responsive to the existing features of terrain, drainage patterns and nearby residences. It is recommended that views, sun and wind exposure be taken into account also. Generally, buildings shall be set back from the ridges and hilltops so that the building is not the predominant feature of the landscape.

Electric and Telephone Service: All electric and telephone cabling shall be buried as per Section 6.03 of the Covenants.

Institutional Activity: Institutional and quasi-public activities, improvements and structures, such as high schools, churches, hospitals, museums, libraries, fire stations, community centers and public service structures shall be allowed only in the Village Center area. Businesses such as properly licensed day-care centers, small preschool or grade schools, and professional services are governed by the Covenants Sections 5.07 and 5.08.

Shelters: Owners of partially completed shelters must correct any hazardous or unsightly conditions and uncompleted site restoration and landscaping resulting from any unfinished work. This work includes, but is not limited to, open excavations, steep embankments, ungraded excavated material, metal debris and poorly sealed openings to underground chambers. A plan

with a realistic construction implementation schedule correcting such hazards must be submitted to the GLA within one year after approval of this Master Plan. The plan must address all uncompleted exterior work and will be subject to on-site inspection by the PRC. The plan will be approved by the PRC within 90 days of receipt of a complete and acceptable plan. A shelter will have up to one year from the approval date to complete all work described in the approval implementation plan.

3.6 Residential Design Recommendations

Landscaping: Overall landscaping is recommended to blend with or enhance the existing natural landscape. Use of plants that survive well in the cold and dry Rocky Mountain zone reduces necessary watering and enhances the natural setting. Landscape elements can be used to maintain the open atmosphere, add necessary windbreaks or soften the impact of buildings, driveways and parking areas. Deer-proof plantings such as spruce and wild flowers are also recommended near buildings. Refer to *Community Standards, Section 4*.

Orientation: It is recommended that residences be placed in a planned unit development that retains maximum open spaces and natural features. This design utilizes natural features of the parcel to create greenways and park-like settings for neighborhoods. In addition, solar exposure and prevailing wind direction should be considered.

Roof Overhangs: Roof overhangs are recommended to be a minimum of 2 feet measured in the horizontal direction in areas of pedestrian traffic.

Building Extensions: Extensions of the main building, in the form of balconies, decks or covered walkways to detached buildings, are encouraged. These design elements provide visual interest and add appreciable protection from wind and inclement weather.

Liquid Propane (LP) Gas Tanks: It is recommended that LP gas tanks be screened from view by landscaping, fencing or some other creative manner that does not cause deterioration or have the potential to trap gas and cause an explosion hazard. Underground tanks made especially for burial shall be installed according to manufacturer's recommendations, including cathodic protection and cathodic test station.

Metering Devices and Transformers: Outdoor metering devices, transformers and utility apparatus are recommended to be concealed from the view of public spaces or neighboring properties.

Driveways and Parking: Driveways and parking areas are recommended to be concrete, asphalt or gravel.

Nuisances and Eyesores: All storage containers, unused vehicles, abandoned travel trailers and inactive excavations in open view of the platted roads or other parcels shall be considered a nuisance and an eyesore under Section 5.05 of the Covenants.

(BLANK PAGE)

4.0 Description of Residential Topographical Areas and Density

4.1 Overview

The topographical areas and density schedules flow from the topography and location of individual parcels. A parcel's capacity for development is also determined by access, road snow removal, fire protection, visual impact and surrounding land use. The *4.6 Schedule of Residential Topographical Areas and Density* creates a framework whereby the Landowners gain a level of stability in knowing what to expect in the growth of the neighborhood. Orderly growth promotes beauty and harmony. The overall effect is to preserve the rural residential character of neighborhoods, while encouraging sound and creative growth. By allowing various densities of development in the Residential Areas, the Master Plan allows a wide variety of residential development that can respond to individual and market demands.

Generally, the building density is scheduled for single-family residences, with the highest density set at 1 dwelling unit per 2 acres, which would allow 10 units on an original 20-acre parcel. A cluster development allows for a slightly higher density by building the dwelling units closer together and using a central public potable water system and a public wastewater system. This promotes a greater retention of open space and helps to preserve the rural atmosphere of Glastonbury. The limit of five houses per original parcel, which has been the de facto development density of Glastonbury, was because a maximum of five tracts were allowed under the State's minor subdivision classification.

4.2 Single-Family Residence Variance

Properties within the topographically defined areas of Glastonbury are unique and may utilize a higher building density than is denoted in the *4.6 Schedule of Residential Topographical Areas and Density*. The PRC, after taking into consideration input from neighboring Landowners, shall not unreasonably deny variances for lot sizes smaller than minimum sizes or for additional single-family residences if the new building sites meet acceptable water and septic system requirements set forth by the Montana DEQ or its successor, have minimal impact on Community roads, and are not visible from a Community road. Variances for building sites in view of Community roads will be considered during a meeting that is noticed to the affected neighboring Landowners.

4.3 Minimum Size of Subdivided Tract or Lot

The minimum size for a subdivided tract or lot within any of the denoted Topographical Areas shall be as noted in *4.6 Schedule of Residential Topographical Areas and Density*. The criterion for accepting a subdivided piece of land at the minimum lot size is that the nearby tracts or lots subdivided from the original parcel are larger than the minimum average acreage described in *4.6 Schedule of Residential Topographical Areas and Density*, or that the proposed tract or lot meets the criteria listed in 4.2 or is in a cluster housing development.

4.4 Major Density Changes

To allow for changes in the Community, major changes to the density schedule may be initiated by Landowners of a neighborhood by applying to the GLA. A neighborhood may be defined as anything larger than three contiguous original parcels. A public meeting will be held on the change and the proposal will be brought before the Landowners by the GLA for a vote in

the same manner as the Master Plan's original adoption per Section 2.06 of the Covenants. Variances for multi-family building projects in a single-family residential area are covered in Section 3.4.

The categories used in the Residential Topographical Areas and Density Schedule are as follows:

A. Lower Plateau Area: This is the relatively flat benchland in the lower elevation with easy access and low to medium visual impact. Only a few parcels in the Lower Plateau area of Glastonbury South are visible from the highway, thus screening most of the developments.

B. Lower Hilly Area: This area is hilly with medium access.

C. Middle Hilly Area: In this area, access is medium to poor and snow removal is more difficult. On some parcels in this area and the Upper Hilly Area, the visual impact is high if the building site is on the hillside with an unimpeded view of the highway.

D. Upper Hilly Area: These are limited development areas because of difficult access, steep slopes and challenging terrain. This area is a mix of forest and meadows.

E. Alpine-Forested Area: Development is very limited in this area due to poor access; steep slopes, rock outcroppings and narrow canyons; high fire danger and limited fire protection; and limited snow removal, which could limit winter access.

1. For all parcels not in tenancy-in-common before May 28, 1993, a formal subdivision, prepared and approved in accordance with applicable regulations of the Community of Glastonbury, Park County and Montana Department of Environmental Quality, must be completed to increase original parcel residential density to more than two residences owned by the parcel owner.

The "minimum average acres per tract/lot" is the maximum average density of development for any given parcel as defined by COS 615A, 616A, 883, 981 and 1173. Individual tracts in the subdivision of a parcel may be smaller, so long as the overall maximum density of the original parcel is maintained. No tract/lot can be less than one acre (except for a tract containing only one emergency fallout shelter).

2. Due to rugged terrain and limited road access, the minimum tract size shall be 10 acres. Tenancies-in-common created before May 28, 1993, may be subdivided to a maximum number and size of tracts determined by the number and percentage of ownership interests of the tenancy-in-common. Immediate family members will be considered one interest. Further subdivisions above the Scorpio-Polaris intersection may not be allowed by Park County due to the narrow width of Community roads.

Note: Min average acre per lot is governing criteria

5.0 Administration

5.1 Governing Documents

In addition to this Glastonbury Land Use Master Plan, all Landowners and prospective Landowners are responsible for being familiar with the Restated Declaration of Covenants, herein referred to as the "Covenants," the Bylaws and the Articles of Incorporation of the Glastonbury Landowners Association. These legal documents are available upon written request addressed to the GLA: Legal Forms, P.O. Box 312, Emigrant, MT 59027. The GLA expects Landowners to take responsibility for making their renters or guests aware of and abide by the Covenants.

Upon the Master Plan's adoption, changes to the Master Plan will be in accordance with Section 2.06 of the Covenants of the Community of Glastonbury. Any variances in the Master Plan must be in accordance with Section 12.01 of the Covenants.

5.2 Definition of Terms

Except as may be modified or substituted below, all definitions included in the Restated Declaration of Covenants for the Community of Glastonbury are incorporated in the Master Plan by reference. For the purposes of the application, administration and enforcement of the policies and standards of the Master Plan, important terms are defined as follows:

Lot. Any newly created subdivision of land from a subsequent subdivision of any Tract which was subdivided from an Original Parcel in the Community of Glastonbury.

Mobile Home. A factory-assembled structure or combination of structures, equipped with necessary service connections and made so as to be readily movable as a unit or units and on its (their) own running gear and designed, used and installed as a dwelling unit without a permanent foundation. All mobile homes constructed after June 15, 1976, are required to have a red HUD sticker on the structure (Park County Subdivision Reg., June 1993). A mobile home does not include a modular or factory-built building.

Mobile Home Park. A tract of land providing two (2) or more mobile home lots for lease or rent to the general public (Park County Subdivision Reg., June 1993).

Modular or Factory-Built Building. A factory-assembled structure or structures equipped with the necessary service connections, but not made to be readily movable as a unit or units and designed to be used with a permanent foundation. "Factory-built building" does not include manufactured housing constructed after June 15, 1976, under the HUD National Mobile Home Construction and Safety Act of 1974 (Park County Subdivision Reg., June 1993). Modular or factory-built buildings also include those units constructed or approved in accordance with the Uniform Building Code as adopted in Montana (Sec. 50-60-402, MCA).

Original Parcel. Any parcel that was included in any of the original or revised Certificates of Survey establishing the parcels or realigning the boundaries between parcels in the Community

of Glastonbury, including, but not limited to COS 615A, 616A, 883, 884, 892, 895, 981 and 1123 and the Golden Age Village at Glastonbury North mobile home park plat.

Project Approval Process. It is the responsibility of the Landowner to obtain written approval from the PRC prior to storing any building materials or structures on any Glastonbury property or beginning any construction of any type in the Glastonbury Community. The first step in the project approval process is to request the application forms. Landowners may obtain these forms by writing to GLA Project Review Forms, P.O. Box 312, Emigrant, MT 59027 or by obtaining Architectural Review forms from the GLA web site at www.mt-gla.org.

The completed application is sent to the GLA Secretary. The Glastonbury Project Review Committee reviews the application and either approves or denies it as set forth in Section 3.5.

Tract. Any newly created subdivision of land from the first subdivision of an Original Parcel in the Community of Glastonbury.

Village Center. That area of land comprising some of the Original Parcels of Glastonbury and other land marked "Reserved Land" on the Community of Glastonbury maps, which were held aside for later higher density residential building and commercial development. Part of the property known as the Lindorfer property next to Glastonbury South is also envisioned as part of the Village Center. This area may be expanded in the future by amending the Master Plan as provided for in the Covenants.

5.3 Master Plan and Project Review Committee

The Master Plan will be reviewed by the GLA within five years to ensure that its objectives, policies and implementation procedures continue to serve the Community's interests. Any needed adjustments to adequately relate to current demographic and market conditions will be brought before the Landowners by the GLA for a vote in the same manner as the Master Plan's original adoption per Section 2.06 of the Covenants.

The GLA has delegated the responsibility for managing the approval process for any building projects or subdivision activities in the Community to the Glastonbury Project Review Committee (PRC). The GLA is responsible for all project approvals.

5.4 Project Fees

A non-refundable project fee shall be charged by the Glastonbury Landowners Association to cover research costs per building for the processing of any type of building application other than single-family residential, such as commercial or multiple-family residential, within any area included in the Covenants. A schedule of fees dependent on the size and complexity of the project shall be set by the GLA Board and published.

5.5 Subdivision Approval Process

It is the responsibility of the Landowner to obtain written approval of the PRC for any subdivision in Glastonbury prior to receiving preliminary or final approval from Park County. The PRC shall give such approval only when the parcel's Landowner(s) have taken care of all outstanding matters from previous PRC decisions. Landowners may obtain the necessary forms

by writing to GLA Project Review Forms, P.O. Box 312, Emigrant, MT 59027 or by obtaining Architectural Review forms from the GLA web site at www.mt-gla.org. Refer to *Community Standards, Section 2.0: Subdivision Standards.*

5.6 Codes

All applicable State and County building, electrical, plumbing, mechanical, energy and sanitary codes and regulations must be adhered to for all structures. These may include but are not limited to:

Uniform Building Code	National Electrical Code	Uniform Plumbing Code
Uniform Mechanical Code	Uniform Fire Code	Life Safety Code
State of Montana Energy Conservation Standards		Septic Tank Standards

5.7 Disclaimer

Neither the Glastonbury Landowners Association nor the Project Review Committee, their officers or members are responsible for the design, structural safety, engineering or legality of any proposed or approved building project, structure or proposed subdivision, nor will the project approval be considered as an assumption of such responsibility. The GLA, its members, committees or subcommittees shall not be liable to any Landowner, contractor, developer or any other person for any damage, loss or prejudice suffered or claimed on account of: the approval, correction, amendment or change of any plans, drawings and specifications, whether or not defective; the rejection of any plans, drawings and specifications found not in conformance with the Covenants or Master Plan; the construction or performance of any work, whether or not following plans, drawings or specifications approved by the GLA; the manner of any development of any land in Glastonbury.

It is the Landowner's responsibility to comply with all obligations under the Covenants, the Master Plan and all applicable County, State and Federal laws and codes.

Board of Directors Meeting Minutes

March 1, 2004

CONFIDENTIAL – DO NOT COPY

1. Call to Order, Prayer

The meeting was called to order by David Tonkin at 7:17 p.m., at Golden Ratio Woodworks. Cynthia gave the opening prayer.

PRESENT: David Tonkin (President), Janet Naclerio (Secretary), Cynthia Blocker (Treasurer), Edward Anderson, Philip Hoag, Edwin Johnson, Orlando Johnson, Pamela May, Charlotte Mizzi and James Trisdale (JT)

ABSENT: James Kozlik (Vice-President)

PROXIES: James Kozlik to Janet Naclerio

ALSO ATTENDING: Denise Orr (GLA secretary); Marian Barker (Landowner)

2. Reading and Disposition of the Minutes General Business

February 2, 2004 Meeting Minutes

MOTION: Charlotte motioned and Pamela seconded to approve the February 2, 2004 meeting minutes as amended. Motion carried.

3. General Business

3.1 New Business

David reviewed the agenda and new additions to it.

3.2 2004 Proposed Budget.

The Board reviewed the categories and amounts listed on the proposed budget and agreed to the following: (1) Increase the Web Site budget to $1,200 to handle Web site maintenance; and (2) Eliminate the Manager category, transfer its budget to the Misc. Professional fees category and add to it to cover fees for managerial type work and other professional services; and (3) Insert an additional column into the budget to cover the amounts required for each budgeted item.

3.2.1 A further discussion on the budget included: (1) The expense of snowplowing & road repair is very high. David will research the difference in fees for Archie Mann and other contractors; (2) Steps should be taken to increase the GLA's income in order to handle its expenses. The Board agreed assessments should be increased in 2005. Philip suggested that fundraising events could be held in order to raise money; (3) The Covenants give the GLA Board the authority to raise assessments based on certain criteria that David will research; and (4) Budget information will be presented to landowners at the March 20th meeting informing them of the current financial status of the GLA.

3.3 Replacement of Director

David reported that Kristen Hardesty submitted her resignation as a Board trustee last month due to conflicts in time with her work and family schedule. The Covenants state that the Board has the option to replace her or not replace her. The Board agreed to give some thought as to what they would like to do and will discuss this issue at the next meeting.

3.4 New Cleanup Committee Chair. Tabled.

3.5 Rabies shots for dogs.
David reported that rabies shots are regulated by the city, not by the county government. The Board discussed reasons why pets owned by GLA landowners should be required to have current rabies shots.

MOTION: Philip motioned and JT seconded his motion to require all dogs and cats owned by GLA landowners to have up-to-date rabies shots and to renew these shots periodically, as needed.

AMENDMENT: Orlando motioned and Charlotte Mizzi seconded to add to the above motion: If a dog or cat is found without a tag or proof of rabies shot, the owner will be fined $50.00. Amendment carried with one abstention.

The above Motion with the Amendment carried.

3.6 GLA Sign (SG). David reported that Cynthia Blocker is requesting the GLA to remove the Glastonbury sign posted on her property. The Board discussed potential sites where the sign could be re-posted. David will review further sites and present a list to the Board at the next meeting.

4. Report of Officers and Committees

4.1 Treasurer's Report: Cynthia Dodge-Blocker, Treasurer
Cynthia distributed "Savings Account Balance History 02/01/04," "February 2004 Bank Transactions," GLA Balance Sheet as of January 31, 2004" and "GLA Income & Expense Budget Overview/January 2004."

4.2 Old Business

ACTION ITEM – Add Subdivision waiver to Architectural Application form. **Done.**
ACTION ITEM – Send waiver notice to NGTC. **Done.**

4.3 New Business

4.3.1 Review Invoices. Cynthia requested that Board members list specific information on invoices submitted to her.

4.3.2 Lot 84/SG /Marlene LaShomb Assessments: Cynthia distributed and reviewed an informational page concerning the complexities and ambiguities surrounding a lien placed on Marlene LaShomb's property and Cynthia's proposal to waive the interest and penalties owed on the property (see attached).

MOTION: Cynthia motioned and JT seconded to approve waiving interest and penalties in the amount of $689.00 on Lot 84/SG if Marlene pays the $720.00 delinquent dwelling assessments. Motion carried.

4.4 Architecture Subcommittee Report James Kozlik & Pamela May, Co-Chair

4.4.1 Old Business

ACTION ITEM – Status of Gelderloos shop construction. **Tabled.**

ACTION ITEM – Incorporating new time limit policies into project application. **Done - draft given to David.**

ACTION ITEM – Twin Pillars safety hazard. David reported that he would be consulting our attorney to determine the appropriate action to take concerning this issue and will send a letter to Twin Pillars reflecting our attorney's advice.

ACTION ITEM – Send response to sign application from Kathleen Rakela. **Done.**

ACTION ITEM – Send approval notice to Allen. **Done.**

ACTION ITEM – Talk to attorney regarding subdivisions. Tabled.

ACTION ITEM – Review of Kathleen Rakela's updated sign application. The Board reviewed Kathleen's updated application that included a colored rendition of her proposed sign and the materials to be used in its construction. Pamela reported that the Sheriff's Department informed her that the statute of limitation on the arresting and conviction of the vandalism done to Kathleen's statues would be one year from the date Kathleen reported the complaint regarding the vandalism. The Sheriff's office further confirmed that Kathleen reported the vandalism on January 14, 2003 and that the statues of limitation on the arresting and conviction of that crime ran out on January 14, 2004. The Board agreed that the GLA would not approve Kathleen's sign application based on the above information. They also agreed that the GLA should obtain a written statement from the Sheriff's office confirming this information and that it should be included in a letter to Kathleen.
MOTION: Pamela motioned and Cynthia seconded to disapprove Kathleen Rakela's sign based on the Park County Sheriff's statements that the statute of limitation expired on January 14, 2004 for the arresting and prosecution of the vandalism of Kathleen's statues. Motion carried.

4.4.2 New Business

4.4.2.1 Lot 97/98 (SG) Kathleen Ramp/ Subdivision & logging applications.
MOTION: Orlando motioned and Charlotte seconded to approve Kathleen's applications contingent on the following conditions: (1) The road must be resurfaced with gravel and completed according to road standards within (amount of time ?) and; (2) The debris on the creek bottom plus the blasted trees

and rocks must be cleaned up and the area restored to its original condition. Motion carried with one abstention.

4.4.2.2 Lot 37-1B (SG) Pamela May/Greenhouse application.
MOTION: Charlotte motioned and Edwin seconded to approve Pamela May's greenhouse application. Motion carried with one abstention from Pamela.

4.4.2.3 Lot 10-D (SG) Dhieux Bray/Greenhouse application.
MOTION: Edwin motioned and Philip seconded to approve the Dhieux Bray greenhouse application. Motion carried.

4.4.2.4 Development of Charges and Fees. David reported that the Architectural Review Committee met and is proposing that a $25 fee be attached to each project application. David requested that Orlando oversee a committee to propose a schedule of GLA charges and collection fees.

4.5 Road & Weed Committee Report: James Trisdale & Philip Hoag, Co-Chair

4.5.1 Old Business

ACTION ITEM – Paving roads: Raising assessments for paving roads and paying a manager survey. David reported the results of the Landowner's response to the February 6th and 12th mailing surveys. As of 3/1/04, 109 ballots were received representing 133 votes. The percentages on the survey options were as follows: (David: Please fill in the percentages)

Paving Options

Option 1	17% in favor
Option 2	7% in favor
Option 3	3% in favor
Option 4, Sealing Only	17% in favor
No Increase in Assessments	47% in favor

Manager Options

28 % - in favor – 58% not in favor

Interested in Paving Own Driveway

[I don't have #]

4.5.2 New Business

As a follow-up to the paving survey, the Board agreed that research should be conducted in order to formulate a well thought out plan concerning what improvements should be made to Glastonbury roads and prioritize the various options.

4.6 Complaint Committee Report: Charlotte Mizzi, Chair

4.6.1 Old Business

ACTION ITEM – Status of Parcel 32 (NG)/Kathleen Ulrich. David reported that a mediation meeting conducted by Tim Dolan took place on (date?) with Kathleen, David and Edward. During the meeting, Kathleen agreed to: (1) submit a clean-up plan to the GLA by March 8; (2) complete a clean-up in the next 2-3 months; (3) submit to the GLA for approval construction plans for her first and second story that have been approved and signed by a professional engineer by (date ?); (4) construction of the first and second story of her home must be built according to the plans that the professional engineer and GLA has approved, (5) construction must be completed within 3-6 months; and (6) after construction, the engineer must submit a written statement that construction was completed according to the approved plans. An additional meeting will be scheduled with Tim Dolan.

David reported that 30% of Kathleen's refuse is spilling off her property line onto Edward Anderson's property. The Board agreed that this particular issue is not the GLA's responsibility and suggested that Edward contact Kathleen and request that she remove the refuse within 2 weeks or he will report the violation to the sheriff.

David reported that Daniel Woodriff (Kathleen's ex-husband) has a moving van and other items on Edward's property that he has agreed to move by April 1st. The GLA will send a letter to Woodriff to confirm his agreement.

David suggested actions that might assist with Kathleen's clean-up: (1) bring in a roll off and place on her property; (2) construct an 8-foot high wooden fence around the refuse and plant trees around it so that it is hidden—this would require approval from her neighbors; and/or (3) have a meeting with Kathleen's neighbors and ask for their input.

ACTION ITEM – Status of removing rock pile about culvert. **Tabled.**

ACTION ITEM – Status of cleanup on Hansard property. **Tabled.**

ACTION ITEM – Status of Nye's dog complaint. David reported that we received a response from Ronny Goodson (owner of the dog) to our letter to him and the issue is being handled.

4.6.2 New Business

Dog Complaints

Philip reported that Ian Scott complained about a dog (dog owners live in Rex Pierson's old mobile home). Philip was asked to request that Ian submit a formal complaint form so that the GLA can look into Ian's complaint. Members of the Board discussed various dog problems in Glastonbury and David requested that complaint forms be competed and forwarded to him so

Draft(s); 03 07 04, 3 14 04-Final
Approved: 04 05 04

that further action can be taken.

4.7 Land Use Master Plan Committee: Charlotte Mizzi, Chair and Orlando Johnson.

4.7.1 Old Business

ACTION ITEM – Status of Master Plan. The Board agreed to meet on 3/12 at 7:30 p.m. to review the next Master Plan meeting David will talk to John Fanuzzi regarding the cafeteria's rental fees.

ACTION ITEM – Subdivision and Reclamation Standards.
MOTION: JT motioned and Cynthia seconded to talk about the subdivision and reclamation standards at our next meeting as James Kozlik and Pamela May have objections and were not present to voice them. Motion carried.

4.8 Recreation Committee: Janet Naclerio, Chair; Edward Anderson, Kristen Hardesty

4.8.1 Old Business

ACTION ITEM – Legal Formation of PVRC. David reported that our attorney would send him proposed bylaws next week.
ACTION ITEM – Filing Parcel 16A to be part of Glastonbury. **Tabled.**

4.8.2 New Business

ACTION ITEM – Include Parcels 23-A (SG) and 14-A (NG) under FLA umbrella.
MOTION: Edward motioned and Orlando seconded to approve placing the new parcels given to the Teaching Centers (Parcels 23-A/SG and 14-A/NG) under the umbrella of the GLA. Motion approved with one abstention from Charlotte.

4.9 Web Site Committee: Edward Anderson, Chair

4.9.1 Old Business

ACTION ITEM – Sending letters to Realtors
ACTION ITEM – Sending Edward documents to place on website
Maps. **Done** Standards. **Done.** (David will give to Edward.)
ACTION ITEM – Link extra Glastonbury website name to original name. **Done.**

4.9.2 New Business

GLA 01583

South Glastonbury lot 84
Lien filed 10-07-02, Marlene La Shomb
(lien not received by Marlene, address incorrect)

GLA has been invoicing the following individuals tenants in common:

Chalice Well
Marlene La Shomb
Grant Smallwood
David Lundberg
And ?

The church did not show Marlene La Shomb as going through the church for the sale who had first right of refusal. The Church did give me copies of some of the documents that they had. It shows another list of owners at the time of 1998 including Pellet. The Churches documents are earlier than July 1997 before GLA incorporated.

The title insurance commitment document showed a list of names in 1998, LaShomb, Michaels, Driver, Wenderski, Grant/Smallwood, Timothy A. Bowman.

Marlene paid in $720.00 in January 2004 for delinquent land assessments, She paid $240 this past week for 2004 assessments. She will pay $720.00 for delinquent dwelling assessments in February 2004.

For consideration by the board at the request of Marlene La Shomb:

I want to make a motion for a waiver of interest and penalties in the amount of $689.00 if she pays the $720.00 delinquent dwelling assessments.

1) There is a question if she actually had title to this property in 2002.
2) La Shomb did not receive our original letter about the lien.
3) She attempted to purchase this property from Richard Driver instead of the church and the title was held up due to two IRS liens against Richard Driver in the amount of $150,000.00. I have a copy of liens listed to verify this. This in itself would have held up the legal transfer of this property.
4) We should have been billing Richard Driver if La Shomb did not take legal ownership so I question the legality of this lien.
5) I have a real problem charging someone who is not the legal owner.
6) It is to time consuming for me to dig into this entire mess.
7) I do not what to have to take time to go over this with the Church.
8) La Shomb is happy to be getting the "Driver" liens removed, and moving forward.

2.0 Subdivision Standards

2.1 Subdivision Regulations and Review

All subdivisions as defined herein must be reviewed and approved by the ~~Glastonbury Project Review Committee~~Project Review Committee (~~GPRC~~PRC), which has been delegated this responsibility from the Glastonbury Landowners Association per *Section 9.01 Subdivisions Allowed, Association Review* of the ~~Covenants~~Restated Covenants. Refer to *Section 9.02 Subdivision Defined* of the ~~Covenants~~Restated Covenants for the definition of "subdivision".

The Montana Subdivision and Platting Act (8/93) defines a subdivision as follows:

> "Subdivision" means a division of land or land so divided that creates one or more parcels containing less than 160 acres that cannot be described as a one-quarter aliquot part of a United States Government section, exclusive of public roadways, in order that the title to or possession of the parcels may be sold, rented, leased or otherwise conveyed and includes any resubdivision and further includes a condominium or area, regardless of its size, that provides or will provide multiple spaces for recreation camping vehicles or mobile homes. (Section 76-3-103(14), MCA)

The Montana Subdivision and Platting Act allows subdivisions as defined above only if they have been submitted to and approved by the local government or if they qualify for one of the exemptions specified in the Act.

Park County has adopted regulations implementing the Act and also adopted regulations known as "Evasion Criteria" which require the prior approval of the County Commissioners before any of the exemptions specified in the Act may be exercised.

Of particular note to landowners are provisions in the local regulations pertaining to the installation of mobile homes. the current Park County regulations (6/93) provide that the placement of "...more than one mobile (home) on a tract of record shall be reviewed..." as a subdivision.

Park County also intends to treat any partial interests in real estate created after May 28, 1993 through conveyances or transfers to tenants in common, other than between immediate family members, as "divisions of land" subject to local government review and approval. Consequently the Community of Glastonbury will not consent to any sales of tenancy-in-common interests, other than between immediate family members, unless the interest was created prior to May 28, 1993 and was properly recorded as provided in the Settlement Agreement with Park County of May 28, 1993. Proposed sales, conveyances or transfers of portions of any parcel, other than interests existing prior to May 28, 1993 or between immediate family members, will have to be reviewed and approved as subdivisions by the ~~GPRC~~PRC.

2.2 Preliminary Glastonbury Subdivision Review

Preliminary Glastonbury subdivision review is initiated by one or more landowners of record submitting an application, preliminary plat and all required supporting

materials to the Secretary of the GLA. Required supporting materials include all items specified in the Glastonbury application together with any other items that are required for local and state government review, such as road and drainage plains, proposed covenants and, for major subdivisions, an environmental assessment.

These materials should be submitted to the GLA for preliminary review by the ~~GPRC~~PRC before any submission is made to Park County. This is to insure that the policies and standards for subdivision for the Community of Glastonbury are fully met prior to initiation of the local government review process so that no subsequent changes will be necessitated as a result of Glastonbury subdivision review.

Within thirty (30) days after the submission of all required materials, the ~~GPRC~~PRC will give the applicant a written response which may include the following:

A) A preliminary approval, subject only to final review;

B) A preliminary approval subject to conditions, such as a requirement that access be constructed, utilities be extended, etc. and final review;

C) Recommendations for changing or improving the plans for the proposed subdivision;

D) Tabling the application pending resolution of issues or submittal of additional information;

E) An offer or disclaimer from the ~~GPRC~~PRC for providing maintenance, utilities or other services which are currently provided to the rest of the parcels; or

F) A disapproval based upon failure to meet minimum standards, inconsistency with the ~~Covenants~~Restated Covenants ~~or~~ Master Plan or Glastonbury Standards or a finding of an inappropriate multiple-family residential building project.

2.3 County Subdivision Approval

After preliminary approval has been received from the ~~GPRC~~PRC, the landowner(s) must apply for subdivision review and approval from Park County. Normally this involves filing an application, preliminary plat and other materials with the Park County Planning Office, having one or more hearings before the Park County Planning Board, and receiving approval from the Park County Commissioners. An approval from the County Commissioners is often made conditional on state subdivision review and approval, compliance with sanitary requirements, completion of roads and other improvements, surveying, and final plat filing. Conditional approvals are generally effective for one year, although approvals for longer periods and/or extensions may be requested.

2.4 State Subdivision Approval

State government has jurisdiction over subdivisions pursuant to the Montana Sanitation in Subdivision Act. Approval must be obtained from the Montana Department of Environmental Quality (DEQ) for any divisions of land creating parcels of less than 20 acres. Any "multi-family" water or sewer systems or "public" water or sewer systems (i.e. systems which will serve 10 or more service connections or 25 or more persons for 60 days or more out of a calendar year) must be reviewed and approved. If subdivided lots are intended to have individual on-site systems, "sanitary restrictions" must be removed

through the state review process. State subdivision review is carried on concurrently with review by the Park County Health Department.

2.5 Final Glastonbury Subdivision Approval

Final Glastonbury subdivision review is initiated by submission to the GLA of a copy of the final plat and application for final plat approval (including all supporting materials) to be filed with the Park County Planning Office, a copy of the preliminary subdivision approval from Park County, a copy of the subdivision approval and any required sanitation approvals from the Montana DEQ, a copy of any covenants already filed or to be filed with the final plat, satisfactory evidence of the completion or installation of all required improvements (i.e. roads, utilities, drainage) and reclamation of all construction work, and satisfactory evidence of compliance within the policies and standards and with all conditions of the preliminary approval previously given by the ~~GPRC~~PRC. Additional requirements for final subdivision approval area as follows:

A) all real property taxes on the land affected by the subdivision bust be paid current,
B) all community assessments on the land affected by the subdivisions must be paid current or provision made for payment from the proceed of the first sale,
C) must have fully complied with all previous conditions and requirements stipulated by the ~~GPRC~~PRC for project approval.

Upon inspection of the project site and verification that the landowner has met all the above conditions, the ~~GPRC~~PRC shall issue a final subdivision approval and authorize execution of the final plat.

2.6 Subdivision Plat Filing

The final local and state subdivision review process is initiated with the submission of an application for final plat approval with the Park County Planning Office. The process is completed with the filing of a final plat with the Park County Clerk and Recorder's Office. Normally, the Clerk and Recorder will accept a final plat for filing only after satisfaction of all required conditions of the preliminary approval, written approval from the Montana DEQ, the certification of the County Treasurer that all taxes are paid on the land proposed for subdivision, the written consent of all owners and lien holders of record and the final approval of the County Commissioners.

2.7 Subdivision Design Standards

The purpose of subdivision design standards is to set forth objective criteria upon which all proposed subdivisions will be reviewed. The ~~GPRC~~PRC shall review each proposed subdivision for consistency with the Restated Covenants, ~~the~~ Master Plan and Glastonbury Standards, and to insure proper engineering, surveying, access and plans for providing utilities and at least one feasible building site. this is to assure that the new parcels or developments will be at least up to the same standard as the rest of the parcels in the Community, for the benefit of other landowners and the future landowners. These standards are intended to approximate the minimum standards originally designed into the Community of Glastonbury, together with any subsequent improvements.

It is the landowner's responsibility to design and implement each subdivision in accordance with the within policies and standards, the Restated Covenants, ~~the~~ Master

Plan and Glastonbury Standards, and applicable state and local laws and regulations. The review and approval of the ~~GPRC~~PRC, and any comments or recommendations, does not constitute an endorsement or approval of the design, engineering, safety, or legality of the proposed subdivision or any improvements pertaining to it. Glastonbury subdivision review is undertaken only with reference to these written policies and standards, the ~~Covenants~~Restated Covenants, ~~and the~~ Master Plan and Glastonbury Standards. Approval by the ~~GPRC~~PRC does not constitute an assurance that the proposed subdivision will qualify for approval or be approved by Park County or the State of Montana.

2.8 Parcel Layout and Dimensions

Parcels should be reasonably dimensioned and should not be designed so as to be overly long and narrow or distorted in shape, or so as to adversely affect other adjacent parcels, roads, utilities or drainages. Where feasible and appropriate, new parcel boundaries should be laid out along existing roads within the Original Parcel or along planned new roads. An appropriate parcel layout is to design a new road to act as a collector for all or several of the new parcels before entry onto the existing Community Road System. No more than five (5) new parcels per Original Parcel in the Community should be laid out so as to allow direct entry onto the existing Community Road System, and in such cases easements for new roads or driveways should be provided along common boundaries between the new parcels so that new entries onto the Community Road System will be minimized.

2.9 Minimum Parcel Size

The minimum size for new parcels is per *Section 6.03.8 ~~Schedule for~~ Description of Residential Topographical Areas and Density* of the Glastonbury Standards~~Master Plan~~. In addition, each new parcel divided from an Original Parcel must be sized to have at least one feasible building site, including adequate area or provision for domestic water supply and sewage disposal system on-site (unless "multi-family" or "public" water and sewer systems are proposed and approved).

2.10 Access and Road Standards

All new parcels must be provided with adequate access which meets the requirements of the most current version of the Park County road standards for gravel roads~~.~~ and Glastonbury's ~~Any~~ roads ~~that may be accepted as Community roads must meet the~~ standards listed in *Section 3. Road and Driveway Standards*. Access easements must be shown on the preliminary plat and final plat. The minimum right-of-way (easement) for a new Community Road, for which the Community of Glastonbury may agree to assume maintenance responsibility is sixty (60) feet. New Community Roads must have prior approval by the GLA before the final plat is filed and labeled as such on the plat (refer to ~~Standards~~ *Section 2.15 Surveying and Platting Requirements* listed hereinafter). The minimum right-of-way for a new Private Road is sixty (60) feet and for a Single or Multiple Residence Driveway is twenty-five (25) feet.

It is recommended that a sixty (60) foot easement be reserved for all platted roads to serve new parcels in any subdivision so that the option exists of adding these to the

Community Road System in the future. Easements for new roads should be laid out so as to minimize new entries onto the Community Road System.

Review and approval by the Glastonbury Landowners Association of plans and specifications for all new roads is required prior to any construction and prior to the establishment of any new entry onto the Community Road System. All road improvements must be completed before final Glastonbury subdivision approval will be given and before any sales or conveyance may be made.

2.11 Utility Requirements

All new parcels must have electric and telephone service available within or bordering the parcel boundaries, unless plans are shown that an alternative power source will be provided for the parcel(s). Utility easements for providing service to each new parcel must be shown on the preliminary plat and final plat. Utility easements may be combined with road easements; however, utilities should be installed alongside and not underneath actual road surfaces except where unavoidable. All utility installations must be installed or contracted and paid for, before final Glastonbury subdivision approval will be given and before any sales and conveyance may be made. Letters from the electric and telephone companies certifying that each new parcel in the subdivision has electric and telephone service available at or within the new parcel boundaries or that the availability of such services has been contracted and paid for shall be considered satisfactory evidence of meeting this requirement. All utilities shall be installed in accordance with *Section 6.03 Utilities* of the Restated Covenants.

2.12 Sanitation Standards

Each new parcel in a subdivision must meet the minimum requirements contained in the most current version of the Park County Regulation for On-Site Sewage Disposal Systems and Montana DEQ regulations. If any "multi-family" or "public" water or sewer systems are to be installed in the subdivision so as to serve more than one parcel, appropriate easements must be shown on the preliminary and final plats. Where a "multi-family" or "public" system is required, the system must be fully installed and completed before final Glastonbury subdivision approval will be given and before any sales or conveyances may be made. All septic and sewer systems must be reviewed and approved by the ~~GPRC~~PRC in accordance with *Section 5.03 Sewage Disposal* of the Restated Covenants prior to any construction or installation taking place.

2.13 Drainage Requirements

All natural and man-made drainages within or running across any of the land proposed for subdivision must be depicted on the preliminary plat or on maps submitted with the application for preliminary approval. Any proposed additions to, or modifications of, such drainages shall also be described in the application or depicted on the preliminary plat or an enclosed map. Improvements planned as part of the subdivision, including new roads, grading, sewage systems and structures, shall not be designed or installed so as to adversely affect drainages, to inhibit the flow of storm and runoff water, to increase the danger of flooding, to discharge pollutants into state waters or to adversely affect the property of other landowners. Adequately sized culverts shall be

placed where required and shall be shown on road plans. All must be fully installed and completed before final Glastonbury subdivision approval will be given and before any sales or conveyances may be made.

2.14 Reclamation Requirements

All land disturbances due to construction activities which may occur in connection with a proposed subdivision must be fully reclaimed in accordance with Glastonbury Standards *Section 43.0 Land Reclamation and Landscaping Guidelines*. All required reclamation work must be completed before final Glastonbury subdivision approval will be given and before any sales or conveyances may be made.

2.15 Survey and Platting Requirements

All divisions of land must be surveyed, monumented and platted in accordance with the Montana Subdivision and Platting Act and Park County Subdivision Regulations. The following nomenclature is to be used in all preliminary and final plats for designating new parcels:

A) All new parcels created from the first subdivision of an Original Parcel in the Community shall be referred to as "Tracts" and each such Tract shall be designated as the number of the Original Parcel with letters of the alphabet added (i.e. Tract 44-A, 44-B, etc.).

B) All new parcels created from the subsequent subdivisions of any such Tracts shall be referred to as "Lots" and each such Lot shall be designated as the Tract number and letter with additional numbers added (i.e. Lot 44-A-1, 44-A-2, etc.)

C) The correct plat language to be used for the dedication of new Community Road and utility easements to new parcels in the Community is as follows:

> "60' Private Access and Public Utility Easement, as per Section 8, Restated Declaration of Covenants recorded September 26, 1997 in Roll 124, Pages 564 to 566"

D) The correct plat language to be used for depicting the existing Community Roads is as follows:

> "Existing Private Access and Public Utility Easement as per Roll 124, Pages 564 to 566"

2.16 Subdivisions Created By Rent, Lease or other Conveyance

Subdivisions created by rent, lease or other conveyance includinge multiple mobile home spaces on a single parcel of land, mobile home parks, RV parks, condominiums or other segregations of areas on a parcel created by renting, leasing or otherwise conveying portions of the parcel without a formal "division of land." Such subdivisions are exempt from the survey and platting requirements contained in *Section 2.15 Survey and Platting Requirements* above, but are subject to all other requirements of these policies and standards.

2.17 Mobile Home Parks/RV Parks/Multiple Mobile Homes

As provided in *Section 9.04 Mobile Home Parks and RV Parks* of the Restated Covenants, RV Parks shall not be allowed or approved. Mobile Home Parks shall only be approved in the Golden Age Village and any adjacent expansion thereof not to exceed a total of 125 lots.

The provision for double wide mobile homes on tracts in a subdividing parcel of land will not be considered to be a mobile home park for purposes of Glastonbury subdivision review if the development does not include clustered lots or spaces for mobile homes or common utilities or sewer systems. The placement of such multiple mobile homes will be reviewed as a normal subdivision under these policies and standards and for compliance with *Section 1.0 Mobile Home Standards*.

4.0 Land Reclamation and Landscaping Guidelines

These guidelines establish minimum standards for the reclamation of land within Glastonbury which has been or will be disturbed by construction activities. The reclamation of all areas disturbed by construction is required to ensure that the land is restored to a stable landscaped condition that will preserve and enhance the natural beauty of the community, prevent soil erosion and excess runoff, prevent the degradation of surface water quality and control the growth of noxious and unsightly weeds.

Contractors are required to follow these guidelines to the same extent as landowners. It is the landowner's responsibility to notify their contractors of the guidelines and to require in their contracts that these reclamation guidelines be followed.

4.1 Minimum Reclamation Standards

Reclamation activities should be included in the initial planning of every project. The most important element in successfully restoring and landscaping a site disturbed by construction is having sufficient topsoil to support the growth of grass, shrubs and trees. Topsoil in this area is thin and extremely valuable because it is in such short supply. Non-organic subsoil, or topsoil indiscriminately mixed with subsoil, will not usually support the growth of healthy and attractive vegetation. Landowners and their contractors are therefore responsible for removing and preserving the topsoil on areas of their property to be disturbed prior to the beginning of construction, replacing the topsoil after construction and then seeding, mulching, irrigating and controlling runoff, erosion and weed growth until healthy vegetation is reestablished.

4.2 Surface Preparation

Topsoil should be stripped and stockpiled from the area intended to be disturbed by construction activity prior to starting any excavation. The topsoil stockpile should be located out of the area to be disturbed by the construction activities and out of natural drainage swales or water courses. Landowners are advised to seed the topsoil pile with annual rye to reduce the growth of noxious and unsightly weeds and minimize wind erosion during the time that the topsoil remains stockpiled, unless it is to be replaced immediately.

Landowners or contractors who are trenching for underground pipes or utilities should place topsoil to one side of the trench and subsoil to the other side. The topsoil will then be available separate from the subsoil for restoring the surface during backfilling operations. Topsoil should not be used for bedding underground pipes or wires and should not be mixed with non-organic subsoil.

4.3 Replacement of Topsoil

All areas disturbed by construction activities shall be reclaimed by replacing topsoil, reestablishing vegetation, eradication or controlling the growth of noxious weeds and preventing soil erosion, excess runoff and the degradation of surface water quality.

After construction, the areas to receive topsoil shall be cleared of all debris, large rocks, roots, stumps and other material which would be foreign to the natural landscape.

Adopted:
File: LandReclimatinStandards

Waste organic material cleared from the site must be hauled to an approved landfill, or buried or burned on-site. If material is buried or burned on-site, the disturbed areas shall also be part of the reclamation project.

Piles of boulders, rock, rubble and excavated waste material shall be reclaimed in the aftermath of all construction projects. These remains are prone to erosion and the propagation of weeds and are unsightly and many in the community find them to be objectionable and a nuisance. Excess excavated material from construction must be graded, contoured, attractively landscaped and reclaimed with topsoil and new vegetation. However, landowners may elect to discretely stockpile some boulders or rocks out of sight for use in future construction, attractive landscaping or drainage control, provided that it is not allowed to become a nuisance or eyesore.

4.4 Waste Material Burning

For material to be burned on-site, the landowner must obtain an outdoor burn permit from local authorities before commencing any burning activities and the burn area must be reclaimed in accordance with these guidelines. No hazardous or toxic material including plastics may be burned. No burning should occur during excessive dry or windy periods and care must be taken not to allow fires to burn out of control or escape from the landowner's property. All burning shall be conducted in accordance with *Section 5.02 Fire Rules* of the ~~Covenants~~Restated Covenants.

4.5 Finish Grading

Prior to the replacement of topsoil, the areas shall be graded, raked and contoured to the shape of the final landscape. The areas should be rough graded to create the final landscape contours with the subsoil to prevent use of excessive quantities of topsoil to fill in depressions and form a smooth surface appearance. Smooth, gradual slopes in the surface contours of the site should be provided around the building, in naturally occurring drainage swales and over other areas of the site to enhance the movement of surface storm water runoff (such as rain water off the roofs of buildings) and to prevent the accumulation of water against building foundation walls. Areas next to buildings up to 5-feet away shall be graded to drain water away from the building. Rough grading work should not be undertaken when the native soil is excessively wet, muddy or prone to clumping or rutting.

After rough grading is completed, topsoil shall be spread and raked to a uniform thickness equal to the original condition or a minimum of at least 3 to 4 inches. As noted above for the rough grading, finish grading of the topsoil should not be done during rainy weather or when the soil is muddy.

Following the placement of topsoil, for ease of future maintenance and contribute to the desired appearance, the area should be raked smooth and cleared of all rocks, sticks, roots and foreign debris which would inhibit the growth of grass. Variations in a uniform slope that cause depressions in excess of 3 inches across 10 feet of grading will tend to hold surface water and become muddy patches.

Placement of additional topsoil may be required to repair areas where the subsoil has settled due to inadequate compacting of the backfill deposited during construction activities, such as excavated trenches or around foundation walls. Where these repairs to

the graded contours become necessary, the placement of subsoil backfill material should be considered to bring the ground surface to the desired elevation prior to the placement of additional topsoil.

4.6 Seeding Mulching and Irrigating

Freshly graded areas should be seeded with the proper blend of grass seed at the recommended application rate (refer to *Section 4.9 Grass Seed Mixture and Application Rates Recommendations* hereinafter) to ensure adequate coverage of the area.

After the grass seed has been planted over the areas, by broadcast or drilling, straw mulch, jute or hemp mats or other suitable covering may be necessary to be placed over the area to assist in holding in the moisture, prevent the wind from blowing the seeds and the birds from eating them. Measures shall be taken to protect fresh topsoil and seeding from erosion, especially in drainage swales and ditches, by resisting the movement of surface water and inhibiting the growth of weeds. For reclamation of large areas, such as fallout shelter excavations sites, it is recommended that the site be seeded every March, so that the final snow melt off waters the seed growth. After the first year, supplemental plantings may be needed for areas of wind or water erosion.

For the development of a healthy and stable root system, all seeded areas should be watered daily if necessary, for a period of up to one month or until the grass has reached a height of 3", whichever comes first.

4.7 Erosion Control

For disturbed areas that have a ground slope greater than 4% (1 foot vertical drop in 25 feet horizontal run), any areas immediately above streams or active drainage coursed, and other areas as may be required by the ~~GPRC~~PRC, additional temporary erosion control measures will be required. These measures may include the placement of continuous lines of straw bales staked to the ground to ensure the protection of the down gradient streams and areas from runoff and sediment transport or other measures recommended by the ~~GPRC~~PRC. These measures must remain in place until the root structure of the grass has developed adequately to stabilize the fresh topsoil (usually a minimum of one complete growing season).

Straw bales should be placed above the upper edge of a reclamation area in swales and natural drainages that run through the site and may be recommended in a continuous line along the upper edge of a disturbed area where the size of the drainage areas and the steepness of the ground could cause significant erosion.

The locations of lines of straw bales and other erosion control should be shown on site drawings for construction projects.

4.8 Weed Control

Noxious weeds (principally spotted knapweed, leafy spurge and Canadian thistle) must be eradicated or controlled in the reclamation areas by spraying with herbicide, uprooting the plants by hand or plow, grazing by ~~down with~~ sheep or goats, and/or in some cases mowing.

Adopted:
File: LandReclimatinStandards

Unsightly weeds such as tumbleweed, mustard, broadleaf plants, etc. are most effectively controlled by establishing a healthy growth of natural grasses adapted to the irrigated or dry conditions of the planted area, accompanied by grazing or mowing.

Consult with the Park County Extension Office, 414 East Park, Livingston or the Soil Conservation Service, US Hwy 89, south of Livingston for information and instructions concerning your specific circumstances.

4.9 Grass Seed Mixture and Application Rate Recommendations

Seeding is usually most successful if undertaken during the Spring, generally during April/May when the soil is workable. The first year's germination and growth rate is generally slower than in succeeding years. Fall seeding may be successful if adequate measures are taken, such as extensive mulching, to protect the seeds from wind erosion, birds and runoff.

It is recommended that unirrigated and low maintenance areas be seeded at a rate of 20 lb. per acre with a mixture similar to a Native Prairie Mixture (available at local seed suppliers).

Notice of 2 Special Meetings

March 12, 2003 and March 20, 2004

NOTICE IS HEREBY GIVEN that 2 special meetings of the Board of Directors of the Glastonbury Landowners Association will be held on:

1) Friday, March 12, 2004, **7:30 p.m.**, at the Golden Ratio Woodworks cafeteria to prepare for the Master Plan Meeting of March 20.

2) Saturday, March 20, 2004, **10 a.m.** at Emigrant Hall with the Board and Landowners to discuss the proposed Master Plan.

By: Denise Orr
Denise M. Orr
Secretary

Dated March 7, 2004

Dear Board Members,

David requests that you review the enclosed proposed draft of the PVRC Bylaws prepared by our attorney, Jeremy J. LeFeber. He would like you to be aware that the reason that the PVRC Bylaws require that 2 out of the 5 directors of the PVRC Board must be GLA Board members is to insure that the GLA will always have a percentage of the vote in PVRC matters—this in turn will allow GLA to retain a degree of oversight concerning PVRC issues and also prevent a possible separation of the PVRC from the GLA in the future.

Please mark your copy with your suggested revisions or questions, etc., and bring them to the April Board meeting for discussion. Thank you.

Board of Directors Meeting Minutes

April 5, 2004

CONFIDENTIAL – DO NOT COPY

1. **Call to Order, Prayer**

The meeting was called to order by David Tonkin at 7:20 p.m., at Golden Ratio Woodworks. Edward gave the opening prayer.

PRESENT: David Tonkin (President), James Kozlik (Vice-President), Janet Naclerio (Secretary), Cynthia Blocker (Treasurer), Edward Anderson, Orlando Johnson, Charlotte Mizzi and James Trisdale (JT)

ABSENT: Edwin Johnson, Pamela May

PROXIES: Pamela May to Cynthia Blocker

ALSO ATTENDING: Denise Orr (GLA secretary), Clare Parker (Bookkeeper)

2. **Reading and Disposition of the Minutes General Business**

March 1, 2004

MOTION: Charlotte motioned and JT seconded to approve the March 1, 2004 meeting minutes as written. Motion carried.

3. **General Business**

3.1 Old Business

ACTION ITEM – 2004 Budget. The Board discussed in detail each item of the "Proposed 2004 Budget Revised" and made a number of revisions and deletions to the budget items and expenses. Discussions concerning how the GLA would acquire the additional funds need to balance the budget included writing to the landowners about the issue and asking for an increase in assessments and/or informing them that a 10% increase in assessments would be automatically imposed each year, as allowed by the Covenants.

MOTION: James Kozlik motioned and JT seconded to send our revised budget and a letter to landowners stating: (1) In order to meet the GLA 2004 Budget of $31,000, a $90 per year increase in assessments on property only will be required, and; (2) Information explaining what items/services would have to be removed from the GLA budget if the GLA were to only imposed an automatic 10% yearly increase in assessments.

MOTION: Orlando motioned and Charlotte seconded to table the above motion. Motion carried.

The Board agreed to discuss what action to take concerning the budget after the GLA receives from the Church approximately $15,000 owed to the GLA for the Master Plan. It also agreed to have a special meeting on Monday, April 19th, to further discuss and decide what action(s) should be taken concerning the budget issue.

ACTION ITEM – Replacement Director. Tabled.

ACTION ITEM – Send letter re: rabies shots for pets. Information concerning this new requirement will be included with the next mailing concerning paving/and or the Master Plan.

File: MtgMins 04 05 04Final.doc
Draft(s); 4/12/04 -Final
Approved:05 03 04

ACTION ITEM – GLA Sign (SG). David passed out a map showing potential locations for the sign. (See attached) The Board agreed to move the GLA sign to "Area B" on the map.

3.2 New Business. None.

4. Report of Officers and Committees

4.1 Treasurer's Report: Cynthia Dodge-Blocker, Treasurer

4.1.1 Old Business

ACTION ITEM – Write to Marlene LaShomb. **Done.**

4.1.2 New Business

Cynthia passed out (1) "March 2004 Bank Transactions"; (2) "GLA Balance Sheet As of March 31, 2004,"and; (3) "GLA Income & Expenses, March 2004." Cynthia will request that Clare add the "Year to Date" column and total on the latter document (#3) and will send copies to David and Denise.

Linda Ulrich's Waiver Request Concerning Past Due Penalties and Interest on Assessments for Lot 33-F (NG). Cynthia reported: (1) GLA recently received Linda's mailing address (it has not had it for several years) and Cynthia sent an invoice to Linda listing back due assessments and fees, etc; (2) Linda informed her that her land had been subdivided in 2002. (3) GLA was not aware of this subdivision until Linda's report, and; (4) Linda was requesting that the Board waive the penalties and interests of approximately $91.90 from her back due assessments. The Board discussed the complexities of Linda's situation regarding this issue.
MOTION: Charlotte motioned and Cynthia seconded to waive approx. $91.90 in penalties and interests on assessments owed by Linda Ulrich from 6/02 through 2004. Motion carried.

Cynthia to send Denise a copy of Linda Ulrich's waiver request and Cynthia's response to Linda on behalf of the Board.

4.2 Architecture Subcommittee Report: James Kozlik & Pamela May, Co-Chair

4.2.1 Old Business

ACTION ITEM – Status of Gelderloos shop construction. Tabled.
ACTION ITEM – Send sign notice to Rakela. **Done.**
ACTION ITEM – Send approval notice to May. **Done.**
ACTION ITEM – Send approval notice to Dieux-Bray. **Done.**
ACTION ITEM – Talk to attorney regarding subdivisions. **Done.** David reported that our attorney advised us to stay aware of subdivisions in Glastonbury.
ACTION ITEM – Status of Kletter Application to Move Home to Twin Pillars. David reported that Kletter withdrew his application.

4.2.2 New Business

Construction and Subdivision Time Limits.

On January 12, 2004, the GLA Board established that the timeline for the completion of a construction project that GLA approves was one year (12 months). The Board discussed that the timeline established for the completion of subdivisions was 18 months and that it would be also be more practical to extend the timeline for construction projects to 18 months as well.
MOTION: Cynthia motioned and Edward seconded to change the twelve month timeline for the completion of construction projects (after GLA approval of a project) to eighteen months. Motion carried.

Lot 37-1B (SG)/ Pamela May's Application for Final Approval of Greenhouse Construction.

MOTION: Cynthia motioned and Charlotte seconded to grant final approval to Pamela May's greenhouse and to refund her $250 bond. Motion carried.

Lot 36-C (SG)/ Robert Wallace's Application for Final Approval of Home Construction:

MOTION: James Kozlik motioned and Edward Anderson seconded to give final approval to Robert Wallace's application for home construction on Lot 36-C (SG) and to transfer his $250 bond to his Lot 36-D (SG) application. Motion carried.

Lot 36-D (SG), Robert Wallace's Application for Preliminary Approval of Home Construction:

MOTION: JT motioned and James Kozlik seconded to approve Robert Wallace's home construction on Lot 36-D (SG). Motion carried.

4.3 Road & Weed Committee Report: James Trisdale & Philip Hoag, Co-Chair

4.3.1 Old Business.

4.3.2 New Business. David discussed the following issues with the Board:
(1) At the March 21, 2004 Special Meeting for Landowners, GLA agreed to chip seal the North Glastonbury roads, including a 2-foot gravel layer.
(2) Since the above meeting, John Fanuzzi's contractor told David he would charge 35 cents per square foot for paving as opposed to 65 cents per square foot as originally quoted to David by John.
(3) David distributed a "Cost of Paving Select Roads" information sheet based on the 35 cents per square foot charge, discussed it with the Board and reminded them that during the February 21, 2004 Special Meeting for Landowners, the GLA committed that it would research and put together a long-range total plan for paving all of GLA and submit it to the landowners for their approval. He plans to work on that plan, including clay cost estimations, toward the end of summer 2004.

(4) David asked the Board to consider whether the GLA should inform landowners of the new paving options and prices at this time or wait and submit this information when a total plan is formed. The Board agreed to discuss this again at the April 19th meeting.

Weed Spraying: David and JT will oversee spraying for Spring 2004. Last year's bill needs to be submitted to the county for our refund.

4.4 Complaint Committee Report: Charlotte Mizzi, Chair

4.4.1 Old Business

ACTION ITEM – Status of Parcel 32 (NG) Kathleen Ulrich. David reported that Kathleen submitted half of a clean up application and he will follow up with Kathleen.
ACTION ITEM – Status of removing rock pile above culvert. Tabled.
ACTION ITEM – Status of Cleanup on Hansard property. Tabled.
ACTION ITEM – Status of Nye's dog complaint. Tabled.
ACTION ITEM – Send dog letter to landowners. **Done. (More needed)**
ACTION ITEM – Letter to D. Woodriff re: removal of his items from 32-A (NG). **Done.**
ACTION ITEM – Status of Twin Pillars Safety Hazard. David reported that our attorney advised us to not pursue this issue.

4.4.2 New Business. None.

4.5 Land Use Master Plan Committee: Charlotte Mizzi, Chair and Orlando Johnson.

4.5.1 Old Business

ACTION ITEM – Status of Neighborhood Meetings. Hosts are still needed for some of the neighborhood meetings to be held for landowners who wish to further discuss the Master Plan and propose revisions for density tables, etc. The Board agreed that (1) The meetings will take place between May 7-15; (2) The hosts will determine with their neighbors the exact meeting date(s), (3) When all of the hosts are determined, the GLA will send a letter to the them with ballots that they can distribute to landowners who attend their meetings. (Letters and ballots will also need to be sent to all landowners who could not attend the neighborhood meetings.) The ballots will give landowners the opportunity to approve assessment increases should they choose to pave roads affecting their parcels and neighborhoods. David passed out drafts of the ballots and the letter for the Board to review. (David, I didn't get the draft of the letter and I also need a list of the neighborhoods and hosts)

David suggested that the status of our budget be brought up at the above meetings so that landowners will become aware of the GLA's serious financial challenges.

ACTION ITEM – Subdivision and Reclamation Standards. Tabled.

4.5.2 New Business. None.

Board of Directors Meeting Minutes

April 19, 2004

CONFIDENTIAL – DO NOT COPY

1. **Call to Order, Prayer**

The meeting was called to order by David Tonkin at 7:10 p.m., at Golden Ratio Woodworks.
PRESENT: David Tonkin (President), James Kozlik (Vice-President), , Cynthia Blocker (Treasurer), Edward Anderson, Philip Hoag, Edwin Johnson, Orlando Johnson, Pamela May, Charlotte Mizzi and James Trisdale (JT)
ABSENT: Janet Naclerio (Secretary)
PROXIES:
ALSO ATTENDING: Denise Orr (GLA secretary)

2. **General Business**

2.1 Old Business

ACTION ITEM - **Proposed 2004 Budget.** David reviewed the proposed budget for 2004 along with revised paving costs based on membership meetings and new quotes from John Funizzi's paver. David distributed **"Proposed 2004 Budget Revised",** in which shows a balanced budget based on expected income. To balance the budget, he took most of the money out of road paving and snow plowing and put it into professional fees so that there would so that there would be enough to cover these services. He also added a column that shows how much money we have spent to date. He then distributed two lists showing the effects of the reduced budget for 2004 and 2005 based on the Board invoking the cost of living increase of assessments paragraph (11.03) of the covenants. The increase could not become effective until 2005 because the assessments have already been assessed. The board discussed the two lists showing the impact of a reduced budget

David then reviewed new costs estimates for paving based on new quotes from the paver. The estimates followed a suggestion in previous meetings with the membership so only those living on the new paved roads or above them would be charged for the paving costs. He suggested the Board may want to send out these new costs to landowners to see if the reduced costs and the revised payment plan would make a difference to the landowners whether to pave their roads or not. The Board discussed the options and an outline of a letter to landowners presenting the plan to them.

MOTION: Philip motioned and Pamela seconded that the GLA Board postpone its decision to send out a ballot regarding an increase in assessments to meet our budget shortfall until May 3, 2004 Board meeting after we learn from the Church if they will agree to our proposal to pay $15,000 for the Master Plan. Motion carried. (7 in favor; 1 opposed; 1 abstention)

2.2 New Business

Report on Meeting with Judith Filbert. David reported Judith Filbert was unable to give him an answer regarding paying GLA the $15,000. She offered to pay the Master Plan expenses. She just needed copies of receipts for the work that GLA has done thus far. The Board asked David to inform Judith that William Smith should get the quote on the guardrail costs, as it is the Church's project and responsibility.

32-D NG/Kathleen Ulrich Clean-up Issue: David reviewed Kathleen Ulrich progress on clean-up and explained that Kathleen must complete the agreed clean up within 30 days of the date on which she signs the final plan or GLA can begin the cleanup ourselves. Board agreed that our attorney should draw up a legally binding document for Kathleen to sign. It should include a clause that states if Kathleen does not complete her clean up within a specified time; she authorizes the GLA to complete her clean up.

3. **Next Meeting and Adjournment**
   The meeting was adjourned at 9:20 p.m. with no further business. The next meeting will be held on May 3, 2004 at Golden Ratio Woodworks Cafeteria, 7 p.m.

New Action Items:

GB041904.0 Philip Hoag to call Jerome Tweedy about moving his bus.

GB041904.1 David to meet Judith Filbert. **Done**

Letter to landowners:

The results of the survey we conducted in February and March of this year indicated landowners did not want to increase their assessments for paving more roads or to raise assessments for GLA manager activities. We will respect that decision if landowners still feel that way. However, we wanted to make sure you have the facts before making a final decision and all landowners have the opportunity to vote yes or no. We had only about a third of the landowners responded to the survey. First, in the intervening time, our paver significant reduced his prices from $0.60 per square foot to $0.35 per square foot. And second, the Board does not feel it accurately presented the reasons behind requesting an increase for funding manager's type activities.

If the landowners do not want to raise their assessments this year, the Board obviously will abide by the vote. However in order for us to do this, we will have to drastically cut back our services and the projects we were planning for this year. This includes any road grading this year, reduced snow removal during the winter months of this calendar year, our work on resolving complaints and lawsuits, and possibly work on the Master Plan, etc. The Board feels that in order for it to enforce the covenants and complete the projects already started, it is necessary to increase assessments.

The covenants allow two ways to increase assessments. The first is by submitting to the landowners a ballot for a budget increase requiring 51% approval of the landowners in good standing. The second is to increase assessments a maximum of a 10% per year to cover inflationary costs. This second process does not required approval by the landowners. The Board is not sure how to cover the budgetary needs unless we submit an increase to landowners by ballot or to start increasing next year the assessments by 10% yearly until the budget needs are satisfied. The assessments are assessed at the beginning of the year. The only other option is to stop trying to enforce the covenants and just work on maintaining roads. The operations of the Glastonbury's then becomes a las sa far with little of no control of construction or subdividing land except by what landowners want to do on their own accord.

[The letter would continue detailing the reasons as described on the attached Lists of Services Not Rendered With Reduced 2004 and 2005 Budgets.]

GLA 01633

Smith 4/19/04

Letter to landowners:

The results of the survey we conducted in February and March of this year indicated landowners did not want to increase their assessments for paving more roads or to raise assessments for GLA manager activities. We will respect that decision if landowners still feel that way. However, we wanted to make sure you have the facts before making a final decision and all landowners have the opportunity to vote yes or no. We had only about a third of the landowners responded to the survey. First, in the intervening time, our paver significant reduced his prices from $0.60 per square foot to $0.35 per square foot. And second, the Board does not feel it accurately presented the reasons behind requesting an increase for funding manager's type activities.

If the landowners do not want to raise their assessments this year, the Board obviously will abide by the vote. However in order for us to do this, we will have to drastically cut back our services and the projects we were planning for this year. This includes any road grading this year, reduced snow removal during the winter months of this calendar year, our work on resolving complaints and lawsuits, and possibly work on the Master Plan, etc. The Board feels that in order for it to enforce the covenants and complete the projects already started, it is necessary to increase assessments.

The covenants allow two ways to increase assessments. The first is by submitting to the landowners a ballot for a budget increase requiring 51% approval of the landowners in good standing. The second is to increase assessments a maximum of a 10% per year to cover inflationary costs. This second process does not required approval by the landowners. The Board is not sure how to cover the budgetary needs unless we submit an increase to landowners by ballot or to start increasing next year the assessments by 10% yearly until the budget needs are satisfied. The assessments are assessed at the beginning of the year. The only other option is to stop trying to enforce the covenants and just work on maintaining roads. The operations of the Glastonbury's then becomes a las sa far with little of no control of construction or subdividing land except by what landowners want to do on their own accord.

[The letter would continue detailing the reasons as described on the attached Lists of Services Not Rendered With Reduced 2004 and 2005 Budgets.]

ACTION ITEM - Send preliminary approval notice of Wallace for 36-D/SG. **Done.**

Parcel 56 (NG), Kathleen Rakela - Sign Application. The Board discussed Kathleen's new letter, dated April 9, 2004 and sign application. The letter states: (1) The information that the GLA received from the sheriff's office concerning the vandalism of her statues as being a misdemeanor, etc., was inaccurate; (2) The crime was actually a felony which carries a 5-year statutes of limitation for the conviction and prosecution of the violator; and (3) A request that the GLA review her sign application again.
MOTION: Philip motioned and Pamela seconded to write to Kathleen Rakela asking her to provide a written statement from the sheriff's department that the vandalism is a felony and carries five-year statutes of limitation before the Board can act on her request. Motion carried.
AMENDMENT TO MOTION: Cynthia motioned and Charlotte seconded that our lawyer review the letter prior to sending it to Kathleen. Motion did not carry. (8-Not in favor; 2- In favor).

Parcel 97 & 98 (SG) Kathleen Ramp - Building Application for Commercial Development of 3 Houses, 8 Cabins and an Event Center. David noted that it appears that Kathleen Ramp's subdivision has not been approved by the county. Pamela will research again to see if the property was divided by family conveyance.
MOTION: Edwin motioned and Philip seconded to send a written response to Kathleen Ramp regarding her building application on Parcels 97 & 98 as follows: The GLA is in the process of reviewing your building application. Before completing our review, we will need documentation that division of property has occurred and has been approved by the County. CC to: Gerald Dubiel. Motion carried.

Parcel 22-E (SG), SG Teaching Center (Neil Kremer) – Meditation Building Application
The Board discussed that Neil needs to provide documentation that the building is approved by state and county for either private or public use.
MOTION: Pamela motioned and James seconded to approve the Parcel 22-E meditation building on the condition that Neil Kremer provides required approval from appropriate local or state agencies for the project, including electrical, water and sewer systems. Neil must also submit a drawing for the parking lot, which the GLA must review before approving. Motion carried

Parcel 26 (NG), Graafland – Subdivision Application for Final Approval
MOTION: Philip motioned and James seconded to grant final approval to P. Graafland's Parcel 26 (NG) Subdivision application. Motion carried.
County Commissioners/Subdivisions
The Board discussed the importance of having the County Commissioners agree that they will not approve a subdivision until the GLA has approved it. Philip volunteered to draft a letter to Ed Schilling and the County Commissioners regarding this procedure and follow up with a

phone call to Ed. Letter should include a copy of Section IV, 9.01-9.05 of the Glastonbury Covenants.

Parcel 83 (SG) Everett Johnston – Letter of Application for Construction of Cabin
James presented Everett Johnston's letter application for constructing an 840 sf cabin. James indicated that he asked Everett to use GLA's application forms. The Board discussed the letter application and agreed that Everett would be required to: (1) Flag his property line between Parcel 83 and 84 (SG); (2) Submit to the GLA a plat map showing the location of the cabin and the driveway; and (3) Apply for use of the surface water per Section 5.11 of the Covenants. James will inform Everett of the above.

Everett Johnston's Gate on Hercules Road: It was reported that Johnston built a gate on Hercules Road without GLA authorization. The Board agreed that the GLA will write to Johnston stating: (1) The GLA is the only party authorized to put up gates on platted roads in Glastonbury; (2) The GLA would be open to allowing the gate to remain provided Everett submits an application for the gate to the GLA; otherwise it needs to be removed, and (3) The gate needs to remain open except during the normal hunting season, and it may not be locked at any time.

4.3 Road & Weed Committee Report: James Trisdale & Philip Hoag, Co-Chair

4.3.1 Old Business

ACTION ITEM – Caspari Way. **Road Repairs:** David reported that he spoke with Judith (from the Church) who stated the Church appears to be willing to remove the material sloughing on Caspari Road. David explained that the GLA had originally requested the Church's repairs should include installing a culvert. On further inspection, it was found that John Alexander's driveway was blocking runoff from flowing to an existing culvert. Therefore, it was agreed that Alexander is responsible to re-grade his driveway or install a culvert to solve the ponding issue.

Guardrails: David reported that Judith (from the Church) suggested that the landowners who use Caspari Road to get to their property should handle the guardrail expense. These landowners include the Church (2 parcels), Henry Lee and John Alexander. John Alexander will need to be approached concerning this matter.

ACTION ITEM – Send last year's weed spraying bill to county for refund. Tabled.

4.4 Complaint Committee Report: Charlotte Mizzi, Chair

4.4.1 Old Business.

ACTION ITEM – Status of Parcel 32 (NG) Ullrich. Tabled.

4.5.2 New Business.

David reported that Judith (from the Church) stated that the Church is not willing to pay the GLA the $15,000 matching funds for the Master Plan. The agreement originally involved paying the GLA in matching funds. The Church *will* pay for Master Plan expenses when the GLA submits the appropriate receipts and documents.

David reported that Judith is willing to meet on May 17, 2004 with a couple of Board members to discuss what might be the Church's plan for the village centers. The Board suggested the GLA send a letter to Judith listing the issues to be discussed at the meeting and copying the Church's presidents. If it becomes apparent that there is no resolution on the more important items (E.g. mineral and water rights) the GLA Board may decide to address the Church Board directly concerning these issues. The agenda items to be discussed at the meeting would be:

1) The North Glastonbury and South Glastonbury Village Center Areas
2) Water Rights
3) Mineral Rights
4) Summit University College
5) Discuss and resolve past problems/misperceptions between the GLA and the Church

The GLA board also discussed researching whether GLA currently has title to all of Sirius Road. If GLA does not have title, this issue should be added to the agenda list for the above meeting.

4.6 Recreation Committee: Janet Naclerio, Chair; Edward Anderson, Kristen Hardesty

May 3, 2004 Minutes

MOTION: Edward Anderson motioned and Edwin Johnson seconded to approve The May 3, 2004 meeting minutes Motion carried.

April 19, 2004 Budget Meeting Minutes

MOTION: Charlotte Mizzi motioned and Edward Anderson seconded to approve the April 19, 2004 meeting minutes. Motion carried.

3. **General Business**

3.1 Old Business

ACTION ITEM - 2004 Budget & Paving, Tabled.

ACTION ITEM – Draft letter re. rabies shots for pets. Done.

ACTION ITEM – *[David]* Status of mtg w/ Judith Filbert. Tabled.

ACTION ITEM – *[Pamela]* Status of research on ownership of Sirius Way. Tabled.

3.2 New Business

Contractor Waiver Policy and Family Conveyances

David reported that some landowners have received inaccurate information from Board members concerning GLA policies, specifically related to the contractors waiver policy and family conveyances. He clarified that when a landowner receives a contractor's waiver, he/she is not eligible to receive the votes that would represent the parcels for which assessment waivers have been granted. Re: the family conveyance issue: State has a regulation that any parcel of 160 acres or less can be conveyed to family members. Park County requires family members to sign affidavits which state that they won't sell their properties for two years. David urged the Board to study the Covenants, and if ever they are not 100% certain about a policy, to research it before offering a definitive statement.

Draft(s); 06 22 04
Amended: 09 15 04 -Final
Approved: 09 13 04

David also reported that Section 9.01 of the GLA Covenants states that "conveyances" must be reviewed and approved by the GLA Board.

4. Report of Officers and Committees

4.1 Treasurer's Report: Cynthia Dodge-Blocker, Treasurer
On behalf of Cynthia, Pamela passed out the "May 2004 BankTransactions for 2004" and "2004 List of Delinquent Accounts-GLA." Pamela explained that Clare was unable to submit "Balance Sheet As of May 30, 2004" and "Income and Expense Budget Overview January through May 2004" due to personal emergencies; Clare will forward these to David, Cynthia and Denise in near future.

4.1.1 Old Business
ACTION ITEM – Send LaShomb ltr to Denise. Done.

ACTION ITEM – Send copies of L. Ullrich correspondence to Denise. Done.

4.1.2 New Business. None.

4.2 Architecture Subcommittee Report: James Kozlik & Pamela May, Co-Chair

4.2.1 Old Business
ACTION ITEM – Status of Parcel 33-A/ Paul Gelderloos' Shop Construction. The Board discussed that the shop is completed, but it appears as though an appartment may be being added to the shop . This apartment addition to the Gelderloos garage has not been approved by the GLA and an application needs to be submitted.
MOTION: James Kozlik motioned and James Trisdale seconded to send Gelderloos a letter that states if he plans to construct an additional apartment or extension to his shop, he will need to submit an application that is approved by the GLA Board before proceeding with the construction. Motion carried.
ACTION ITEM – Send letter to Rakela re: Sign on 56 NG. Done.

ACTION ITEM – Send approval notice to Neil Kremer (22-E SG). Done.
David reported that Neil gave him a building permit from the State that approved his project. James reviewed this permit and pointed out that it is only a building permit and that it states that Neil is not in compliance with electrical permits, etc.
MOTION: Philip motioned and JT seconded to grant approval on the construction of the meditation center on 22-E on the conditions that: (1) He submits parking lot plans; and (2) If, in the future, he decides to put in an electrical or septic system, he needs to submit the proper permits from the County and/or State to the GLA Board for approval. Motion carried.

ACTION ITEM – Send final approval notice to Graffland for 26 NG. Done.

File: MtgMins 06 07 04Final.doc
Draft(s); 06 22 04
Amended: 09 15 04 -Final
Approved: 09 13 04

ACTION ITEM – Parcel 97 & 98 (SG)/ Kathleen Ramp Building Application for Commercial Development of 3 Houses, 8 Cabins and an Event Center. Pamela acquired "Fire Protection Guidelines for Wildland Residential Interface Development" (July 1993) as research for standards of approval for the Ramp building application in High South. She distributed to the Board a list of questions that the Board may wish to ask Ramp regarding her project. The Board reviewed the list and agreed to send a follow up letter to Ramp.
MOTION: Charlotte motioned and Edwin Johnson seconded to send a letter to Kathleen Ramp which states (1) No construction work on her application for Parcel's 97 & 98 can commence until she submits final subdivision application and receives GLA Board approval of that application; (2) The owner who holds title to a lot must submit a separate application for each construction project on his/her lot and must specify whether the project will be for commercial or residential use and include details concerning this use; and
(3) Include the "Fire Protection Guidelines for Wildland Residential Interface Development" document so that Ramp will be aware of the State's guidelines. Motion carried.
ACTION ITEM –Parcel 83 (SG)/Everett Johnston Cottage Application. David reported that Everett had told him he was withdrawing his application and James reported that Everett was changing the location of his construction.
MOTION: Edward motioned and Pamela seconded to send a letter to Everett informing him that he will need to complete and submit a new application for his new project site. Motion carried.

ACTION ITEM: Parcel 37 (NG)/Randolph Mack-Missing Project Application Forms. James reported that he contacted Randolph last year and gave him project application forms and requested that he submit completed forms for Randolph's newly constructed building on his property. As of this date, the GLA has not received completed forms for Randolph's new building.
MOTION: James Kozlik motioned and James Trisdale seconded that a letter be sent to Randolph Mack asking him to complete the project application forms that James Kozlik gave to him for the new building on Parcel 37 (NG). Motion carried.

ACTION ITEM – Draft & send letter regarding gate across Hercules to Johnston. **Done.**

ACTION ITEM – Draft letter to County re. subdivision approval. **Done.** David read draft to the Board who agreed that the letter could be sent to the County Planner, Planning Board and Commissioners.

4.2.1 New Business

Parcel 45 (NG)/Lorraine Bodeaux: James reported that Lorraine submitted a subdivision

application to him today (signed only by Lorraine) and then retracted it. Lorraine is a tenant in common of the property and her survey has never been registered.
MOTION: Charlotte Mizzi motioned and Edwin Johnson seconded to inform Lorraine Bodeaux that: (1) She and the joint owners of her parcel need to come into agreement and submit a subdivision application for the parcel

Parcel 92 (SG)/James & Marie Kelly Building application.
James Kozlik reported that he visited the Kelley's construction site. The Board discussed items that were missing from the Kelley's application.
MOTION: Philip Hoag motioned and James seconded to give the Architectural Committee the authority to approve Kelly's construction application provided he submits a topographical site plan which shows setbacks, electrical & septic systems, wells, the distance between the septic system and well, the drain field, the driveway, the easements and boundaries. Additional conditions for approval include: electrical and septic system permits are obtained , the disturbed land must be seeded after construction and the $250.00 Sanitation Bond must be submitted to the GLA. Motion carried.

Parcel 53 (SG)/Craig K. Lannes Garage Construction.
The Board discussed that a garage being constructed on parcel 53 SG. Pamela agreed to put up a "Stop Construction" sign on the home and to research who the owner might be.

4.3 Road & Weed Committee Report: James Trisdale & Philip Hoag, Co-Chair

4.3.1 Old Business

ACTION ITEM – Caspari Way Guardrails: David reviewed that the Church is unwilling to pay for the entire expense for guardrail construction and is proposing that the landowners on Caspari Way share the expense. The Church (who owns two parcels) and Henry Lee (who owns one parcel) have agreed to share the expense. Ronda Alexander (who shares ownership on the fourth parcel with her husband, John) stated that she and her husband have not been approached about this expense. She indicated that she and John would not agree to help pay for the guardrails and explained that they are in the process of negotiating with the Church regarding an exchange of their property for assistance in clean up of their property.

ACTION ITEM – *[James]* Send last years weed spraying bill to county for refund. Tabled.

4.3.1 New Business

4.4 Complaint Committee Report: Charlotte Mizzi, Chair

4.4.1 Old Business

ACTION ITEM – Status of Parcel 32 (NG)/Kathleen Ulrich. David reported that Kathleen has not submitted a clean-up plan and that he is in the process of trying to assist her by developing a plan for her to sign and submit to the board that will include a timeline and a clause giving the

RESOLUTION NO 782

A RESOLUTION TO REBUTTABLY PRESUME THAT FAMILY TRANSFERS OF THREE OR MORE PARCELS IS AN EVASION OF THE PARK COUNTY EVASION CRITERIA AND REQUIRE THAT SUCH FAMILY TRANSFERS BE ACCOMPANIED BY AN AFFIDAVIT STATING THE FAMILY MEMBERS WILL NOT SELL THE PROPERTY FOR TWO YEARS.

WHEREAS, on May 22, 2000, the Park County Commission passed the Park County Subdivision Regulations including the Evasion Criteria outlined in Appendix I; and,

WHEREAS, the Evasion Criteria state that all exemptions to the subdivision regulations must meet the criteria for an exemption; and,

WHEREAS, the Evasion Criteria state that the use of a family conveyance to divide tracts of land which were created as part of an overall development plan exhibiting such characteristics as common roads, utility easements, restrictive covenants, open spaces or common marketing or promotional scheme may be rebuttably presumed to be adopted for purposed of evading the Act. A "pattern of development" occurs whenever three or more parcels of less than one hundred sixty acres with common covenants or facilities such as roads and utilities have been divided from the original tract; and,

WHEREAS, in order to prevent such evasions of the Park County Subdivision Regulations;

NOW THEREFORE BE IT RESOLVED:

All family transfers that contain three or more parcels with common covenants or facilities are rebuttably presumed to be an evasion of the Park County Subdivision Regulations and such family transfers will be required to either go through subdivision review or be accompanied by an affidavit attesting that the designated family member will not sell the property for two years.

Dated this 20 day of November 2002.

1. **Call to Order, Prayer**
   The meeting was called to order by David Tonkin at 7:23 p.m., at Golden Ratio Woodworks. Edwin gave the opening prayer.
   PRESENT: David Tonkin (President), James Kozlik (Vice-President), Janet Naclerio (Secretary), Cynthia Blocker (Treasurer), Edward Anderson, Edwin Johnson, Pamela May and James Trisdale (JT)
   ABSENT: Philip Hoag, Orlando Johnson. Charlotte Mizzi
   PROXIES: None.
   ALSO ATTENDING: Denise Orr (GLA secretary), Ronda Alexander (landowner).

2. **Reading and Disposition of the Minutes**
   June 7, 2004 Meeting Minutes Review. Tabled.

3. **General Business**
   3.1 Old Business
   ACTION ITEM – 2004 Budget & Paving – Tabled .

   ACTION ITEM – Draft letter re: rabies shots for pets. **Done.**

   ACTION ITEM – Status of research on ownership of Sirius Way.
   Pamela reported that she spoke to William Smith regarding ownership of Sirius Way. She was told that part of Sirius Way is on the recreation land which GLA owns and the rest of the road up to the top of the hill going down to Story Road is on Church land. GLA owns the land down to Story Road. Barbara Hopkins, from the Church's Business Office, told Pamela that she has notified William Smith to complete the easement paperwork for the portion of Sirius Way crossing the Church's property. The Board agreed to send a letter to Judith Filbert , cc'ing Barbara Hopkins, requesting that the Church complete the paperwork which will give GLA permanent easement for Sirius Way crossing their property.

4. **Report of Officers and Committees**
   4.1 Treasurer's Report: Cynthia Dodge-Blocker, Treasurer
   Cynthia passed out "June 2004 Bank Transactions," "GLA Balance Sheet As of June 30, 2004," "GLA Balance Sheet As of May 30, 2004"; "GLA Income & Expense Budget Overview January through June 2004" and "Liens Filed during the watch of Cynthia Blocker" 7/11/04.

4.1.2 New Business

Cynthia reported that she handled a recent situation with a landowner who was paying off a GLA lien because he was refinancing his property. Cynthia included the $240 in assessment fees still owed for 2004 (due October 31, 2004) to the amount of the lien and GLA received the full payoff amount. The GLA then released the lien. The landowner later complained to Cynthia that he felt it was unfair that the 2004 assessment fees had been added to the lien amount. Cynthia asked the Board if they were in agreement with her having added this year's assessment to the lien and should she continue to do this in this type of circumstance. The Board discussed the case and agreed that her actions were justifiable because the owner had not previously entered into a payment plan with GLA for his outstanding assessments and had a bad track record of paying his assessments.

Janet asked Cynthia if she knew whether realtors have been informing the GLA and new landowners about back due assessment fees, and if the GLA was being paid for the assessment fees due at the time of a sale. Cynthia said that Clare receives the property sales feedback and that she is not kept informed. The Board discussed that it is important for not only realtors, but also title companies, to be aware of liens on the properties they handle. The Board agreed that the GLA should bring this information to the attention of title companies and asked Cynthia, Edwin and Denise to propose how this should be handled.

4.2 Architecture Subcommittee Report: James Kozlik & Pamela May, Co-Chair

4.2.1 Old Business

ACTION ITEM – Send letter to Gelderloos reminding him he must send a new application if he plans to add to the shop. Denise reviewed that it wasn't necessary for GLA to write the letter since Gelderloos submitted an application for the addition in mid-June. (See new application in "New Business" below).

ACTION ITEM – Send letter to Rakela/56 NG sign application. **Done.**

ACTION ITEM – Send approval notice to Neil Kremer (22-E SG). **Done.** David reviewed that GLA is still waiting to receive parking lot plans from Kremer.

ACTION ITEM – Send final approval notice to Graffland for 26 NG. **Done.**

ACTION ITEM – Write to Kathleen Ramp re: building application on Parcel 97 & 98 (SG) for commercial development of 3 Houses, 8 Cabins and an Event Center. **Done.**

ACTION ITEM – Write to Everett Johnston re: Parcel 83 ((SG) Building Application. **Done.** (See new application submitted by Everett in "New Business" below.)

ACTION ITEM – Draft letter to Everett Johnston regarding gate across Hercules. **Done**

ACTION ITEM – Draft letter to County re: subdivision approval. **Done**.

ACTION ITEM –Glastonbury Sign on Cynthia. Blocker's property. David reported that he hasn't heard back from Judith Filbert concerning proposed sites for the relocation of the Glastonbury sign; he will continue trying to contact Andrew Vann to gain approval and a lease from Church to put it on their property.

4.2.2 New Business

33-A (NG), Pouwel Gelderloos/Construction of Addition/Apartment to Existing Shop.
The board reviewed that Pouwel Gelderloos' 6/13/04 application.
MOTION: Edwin Johnson motioned and James Kozlik seconded to give preliminary approval to Pouwel Gelderloos' application for an addition/apartment on 33-A (NG) with the conditions that (1) The necessary septic permit is obtained prior to septic system construction; and (2) The necessary electrical permit is obtained prior to the start of electric work. Also, the Board approved that the sanitation bond from the shop application be transferred to this application. Motion carried.

Kathleen Rakela, Parcel 56 NG; 6/30/04 Follow-up Letter re: Sign Application.
The Board reviewed Kathleen's follow-up letter which responded to the GLA's 5/20/04 request. Her letter includes a statement from the Sheriff's Office that the vandalism of her statues, which she reported to the Sheriff on January 14, 2003, is a felony and carries a five-year statute of limitations. The Board discussed various concerns relating to the sign.
MOTION: James Trisdale motioned and Edward Anderson seconded to approve Kathleen Rakela's sign application. Motion carried. (4 in favor/3 opposed/1 abstention)
ADMENDMENT TO ABOVE MOTION: James Kozlik motioned and Edwin Johnson seconded to add to the GLA's approval letter to Kathleen Rakela (above) that the sign must be removed when an arrest is made for the vandalism or when the five-year statue of limitation period expires. Motion carried.

83 (SG), Everett Johnston/ Building Application.
Board discussed his application for a new location for his house. James Kozlik reported that he checked out the location of Johnston's proposed building and road and both appear to be fine.
MOTION: James Kozlik motioned and Edwin Johnson seconded to give preliminary approval to Everett Johnston's building application on Lot 83 (SG) on the conditions that (1) The necessary septic permit is obtained prior to septic system construction, (2) The necessary electrical permit is obtained prior to the electrical work beginning, and; (3) Disturbed land be reseeded after construction. The sanitation bond from the old application is transferred to this application. Motion carried with one abstention.

Gate between Parcels #82 and #83 (SG), Everett Johnston/Gate Variance Application

The board discussed that Johnston inherited this gate when he bought the land. James Trisdale reported that he found the gate locked about 2 weeks ago.
MOTION: James Trisdale motioned and James Kozlik seconded to respond to Everett Johnston's gate variance application stating that GLA has a permanent easement on the land on which the gate is standing. The GLA approves the gate variance application with the following conditions: (1) The gate must *always* remain *open* and *unlocked* 365 days/year & 24 hours/day; (2) If the GLA is informed that the gate is locked *at any time*, GLA will remove the gate at Johnston's expense and rescind the waiver; (3) The GLA will provide a sign which will be placed on the gate. The sign will state in essence: "You are entering private property. Please stay on the road. This gate is for access by Glastonbury Landowners and their guests only." Motion carried.

Everett Johnston Letter of June 24, 2004 regarding mobile homes in South Glastonbury. Tabled.

Tract 24-C/SD 309 (NG). Ralph and Jewel Down/Mobile Home Placement Application and Garage Application. Note: Age of Mobile Home is within 10 year limitation.
MOTION: Edwin Johnson motioned and James Kozlik seconded to approve Ralph and Jewel Downs' mobile home application and their request for the bond waiver. Motion carried.

Parcel 53-SG, Craig K. Lannes' Garage Application
Denise reported that in late June the Board voted (via mail and phone) to grant preliminary approval for the garage construction application on the following conditions:
(1) The necessary electrical permit is obtained prior to electrical work starting; (2) Disturbed land must be reseeded after construction; and (3) The $250 Sanitation/Reclamation Bond is received by the GLA. The approval was left at the Emigrant Store for pick up by Aaron Cameron who stated he would give the approval to the owner. Denise also reported that she did not know if Lannes has submitted the bond to GLA as of this date.

James & Marie Kelly, Parcel 92(SG); 7/7/04 Follow-up Info. re: Building Application
The Kelly's submitted follow-up information on their previous application as requested by the GLA.
MOTION: Edwin Johnson motioned and James Kozlik seconded to approve James and Marie Kelly's building application on Parcel 92 (SG) with the condition that they confirm the alternate drain field is at least 15 feet or more from the road easement. Motion carried.

4.3 Road & Weed Committee Report: James Trisdale & Philip Hoag, Co-Chair

should be reseeded after construction. Also, the GLA requests that the Mitchem's indicate the age of their modular and suggests that a shared-well agreement is acquired from ***(Get name from CB).*** Motion carried.

Revision of 7/12/04 Motion re: Gate between Parcels #82 & "83 (SG)/Everett Johnston's Gate Variance Application.
The Board discussed revising condition #1 of their July 12, 2004 motion on Everett Johnston's gate variance application and agreed it should read as follows:
MOTION: James Trisdale motioned and James Kozlik seconded to respond to Everett Johnston's gate variance application stating that the GLA has a permanent easement on the land on which the gate is standing. The GLA approved the gate variance application with the following conditions: (1) The gate must *always* remain *unlocked* (365 days/year & 24 hours/day) except during Big Boar Hunting Season; (2) If the GLA is informed that the gate is locked *at any time*, it will be removed at Johnston's expense; (3) The GLA will provide a sign which will be placed on the gate. The sign will state: "You are entering private property. Please stay on the road. This gate is for access by Glastonbury Landowners and their guests only." Motion carried.

7/28/04 Letter from Everett Johnston- Responding to the GLA's Gate Approval Conditions between Parcels #82 and #83 (SG).
The Board reviewed and discussed the points in Everett Johnston's 7/28/04 letter.
MOTION: Orlando Johnson motioned and Cynthia seconded to ask Everett Johnston to remove the gate entirely because its existence is not provided for in the easement.
The Board discussed.
MOTION: Charlotte Mizzi motioned and Cynthia Blocker seconded her motion to table the above motion. Motion carried.

4.3 Road & Weed Committee Report: James Trisdale & Philip Hoag, Co-Chair

4.3.1 Old Business

ACTION ITEM – *[JT]* Send list of owners needing weed control to Denise. Tabled.
The Board discussed that the letter should contain information on a refund of up to $50 a year for 3-year weed spraying contracts.

ACTION ITEM – *[Denise]* Draft letter to County re: weed control. Tabled.

ACTION ITEM – Determine cost of spraying for weeds this fall. David and Cynthia confirmed that the refund received for last year's spraying and the amount remaining in the spraying budget will cover the expense of weed spraying in the fall.

Board of Directors Meeting Minutes

October 4, 2004

CONFIDENTIAL – DO NOT COPY

1. **Call to Order, Prayer**
   The meeting was called to order by David Tonkin at 7:15 p.m., at Golden Ratio Woodworks. Pamela gave the opening prayer.
   PRESENT: David Tonkin (President), James Kozlik (Vice-President), Janet Naclerio (Secretary), Cynthia Blocker (Treasurer), Edward Anderson, Orlando Johnson, Pamela May, and James Trisdale (JT)
   ABSENT: Philip Hoag, Edwin Johnson, Charlotte Mizzi
   PROXIES: Pamela May to Cynthia after 8:30 p.m.
   ALSO ATTENDING: Denise Orr (GLA administrative secretary), Dan Blocker, Laura Boise, and Ronda Alexander.

2. **Reading and Disposition of the Minutes General Business**
   September 13, 2004 Minutes
   MOTION: Cynthia motioned and JT seconded to approve the September 13, 2004 meeting minutes as amended. Motion carried.

3. **General Business. None**

4. **Report of Officers and Committees**
   4.1 Treasurer's Report: Cynthia Dodge-Blocker, Treasurer
   Cynthia passed out "September 2004 Bank Transactions-Prepared September 26, 2004," "Balance Sheet As of September 30, 2004" and "Income and Expense Budget Overview January through September 2004."

   Reminder from Cynthia to the Board: When submitting petty cash slips, please put the appropriate budget number on the slips.

   4.1.1 Old Business
   ACTION ITEM – Send letter to Title Co. regarding liens. Tabled.

   ACTION ITEM – Draft letter re: increase in assessments. Tabled.

   ACTION ITEM – Financial effect of 5% discount on assessments. Cynthia reported that she has not yet received all the research information from Clare.

   4. 2 Architecture Subcommittee Report: James Kozlik & Pamela May, Co-Chair
   4.2.1 Old Business
   ACTION ITEM – Request parking plan from N. Kremer for SG Teaching Center Meditation Building (22-E SG). Done. David reported that Neil's application is now approved based on his submittal of an acceptable parking plan.

File: MtgMins 10 04 04 final.doc
Draft(s); 10 12 04 final
Approved: 11 01 04:

ACTION ITEM – Review E. Johnston letter re: enforcing mobile homes standards. Tabled because of Wallace's building application below.

ACTION ITEM – Revisit Johnston's gate across Hercules Road. The Board discussed the gate issue in detail.
MOTION: JT motioned and Orlando seconded to reject his request for a waiver for the gate and to take down the gate across Hercules Road.
AMENDMENT TO MOTION: JT motioned and James Kozlik seconded to send a letter to E. Johnston stating that since the gate is technically on GLA land, we exercise our easement right to require that Johnston remove the gate within 10 days of the date of our letter or the GLA will remove it for him. Amendment carried: 6 - in favor. 1 – opposed. Amended Motion carried unanimously.

ACTION ITEM – Status of Koltonow's project application. See "New Business" below.

ACTION ITEM - Status of Neil Kremer's Arena Application. Pamela reported that Neil responded to the GLA's request re: the specific purpose of the arena stating that he and Linda have a cottage industry for the purpose of offering riding lessons; there is adequate parking space. The conditions of the GLA's preliminary approval of Neil's application have been met.

4.2.1 New Business

Michael Koltonow, 66 (SG)/Wood Frame Building Construction Application
The Board discussed that Koltonow noted his request for application approval was "urgent" but there were a number of questions concerning his application that needed to be addressed before approval could be considered.
MOTION: James Kozlik motioned and Cynthia Blocker seconded to have a Board member visit Michael Koltonow and his construction site and report back to the Board the findings. The Board member will (1) Check out the power source; (2) Inquire if the 80'x 25' building will be inhabited; (3) Suggest that Michael might want to consider a different placement for the water tank; (4) Request verification of an electrical permit; (5) Request verification of a septic permit or that a licensed contractor installed the septic tank; (6) Inform Michael that our accounting department is in the process of researching a record of the $250 reclamation bond which he claims to have submitted with his original application several years ago. Advise Michael that it would be helpful and speed up the process if he could provide a cancelled check or receipt. Motion carried.
Orlando agreed to visit Michael with the above information.

Robert & Mary Wallace, 84-D SG, Subdivision and Home Construction Application

Subdivision Application: Board discussed this parcel which is owned by tenancy-in-common. Board discussed that it needs plat map and signatures of all of the tenants-in-common before reviewing further.

Home Construction Application:

MOTION: JT motioned and Orlando seconded that Wallace be informed that the GLA cannot fully evaluate his application until it receives: (1) A plat map showing preliminary lot lines indicating where the house will be situated; (2) The location of the well, septic system and set backs; (3) Specific clarification as to whether the Burns shelter is or is not tied into the septic system Wallace will be sharing, and an explanation as to whether or not the existing septic and well is a community septic and well or if they are for single family residents; and (4) Payment of $250 for the sanitation bond is required. (The bond from the previous construction application cannot be transferred to this new project as that project has not been completed). Motion carried.

Jacob Meijer, Parcel 33 NG, Construction of Garage Application. It was noted that the garage has already been constructed.
MOTION: JT motioned and Orlando seconded to approve the garage with the condition that an electrical permit is obtained before electric work is started. Motion carried with one abstention.

Sabrina Hanan, Parcel 55 (NG), Construction of Home & Garage Application.
Board discussed.
MOTION: James Kozlik motioned and Edward Anderson seconded to approve Sabina Hanan's application for construction of home & garage on Parcel 55 (NG) with the following conditions: (1) the complete information on electrical and septic permits is submitted; (2) the disturbed land is reseeded after construction; and (3) the $250 sanitation bond is submitted. Motion carried with one abstention.

Fire Hydrant at Capricorn and Venus: The rural Fire Dept. strongly urged Glastonbury to help install this hydrant to improve fire-fighting capabilities for homes in NG. The total cost for GLA, including installation, would be approximately $2,500. The Fire Dept. is willing to pay for the hydrant and elbow at the bottom of the hydrant and has proposed that the GLA pays $1,000-$1,500 for installment plus $1,000 for the "T" and shut off valve. The contractor who would do this job is Mike Graham. The hydrant installation was important even though it was not in our 2004 budget.
MOTION: Orlando motioned and Janet seconded to approve $2,500 for the cost of installation Motion carried.

Kathleen Ramp Application to Relocate Parcels 97/98 (SG) Road. David reported that Kathleen contacted him by phone prior to the meeting requesting approval to relocate her road to a location closer to the driveway on Parcel 95 where it ties into Hercules. Her current road

moved Golmeyer Cr., which was not approved by the Department of Natural Resources and Conservation, and she needs to move it back. The Board agreed that David could meet with Kathleen on their behalf and workout the final details of the conditions for approval for the relocation of her road. The Board also agreed that our conditions of approval for the road (including that her road must meet all state requirements) should be documented in writing for Kathleen and our files.

Kathleen Ulrich, 32-D (NG)/ Application for Shed Construction and Setback Variance. MOTION: Orlando motioned and JT seconded to approve Ulrich's shed construction and variance. Motion carried.

Guard posts for High South Glastonbury Fire Fighting Water Tank. David reported that we need to put up guard posts around the buried tank because people are parking over it and there is some cave-in occurring.

4.4 Complaint Committee Report: Charlotte Mizzi, Chair

4.4.1 Old Business

ACTION ITEM – Status of Parcel 32 (NG) Ulrich. David presented the 3-page clean-up plan that Ulrich signed on 10/4/04. The clean-up plan gives GLA the right to clean up if Ulrich fails to do so by the dates stated in the clean-up plan and charge her GLA's cost. David hopes to have community clean-up party on 10/16/04 at Ulrich's home.
MOTION: Orlando motioned and JT seconded to approve Ulrich's clean-up plan. Motion carried.

ACTION ITEM – *[David]* Status of removing rock pile above culvert. Tabled.

ACTION ITEM – Status of Hansard clean up. New phone number sent to P. Hoag to follow up with Hansard.

4.4.2 New Business

Cynthia/Daniel Blocker Complaint re: Barking Dogs & Eyesore on J. Trisdale Property. Board reviewed and discussed a written complaint submitted by Cynthia Blocker with both parties. It proposed forming a committee comprised of Orlando Johnson, James Kozlik and David to visit the property in question and to meet separately with each party – for the purpose of gathering facts. The Committee will then report its findings to the rest of the Board for final review. Both parties approved the committee members and their role in fact finding. The

Board also requested that JT submit a written response to the Blockers' complaint to James Kozlik or David Tonkin within one week.

Revisit Dog Issue from March Meeting: Tabled.

Eleanor Schieffelin Letter Re: Complaint about Cars & Trailers on Parcel 38 NG. Tabled.

Board of Directors Meeting Minutes

November 1, 2004

CONFIDENTIAL – DO NOT COPY

1. **Call to Order, Prayer**
The meeting was called to order by David Tonkin at 7:15 p.m., at Golden Ratio Woodworks. Philip gave the opening prayer.
PRESENT: David Tonkin (President), James Kozlik (Vice-President), Janet Naclerio (Secretary), Cynthia Blocker (Treasurer), Edward Anderson, Philip Hoag, Edwin Johnson, Orlando Johnson, Pamela May, Charlotte Mizzi and James Trisdale (JT).
ABSENT: All present.
PROXIES:
ALSO ATTENDING: Denise Orr (GLA administrative secretary), Laura Boise (landowner), Dan Blocker (landowner), and Ronda Alexander (landowner).

2. **Reading and Disposition of the Minutes General Business**
October 4, 2004 Meeting Minutes

MOTION: James Trisdale motioned and James Kozlik seconded to approve the October 4, 2004 Meeting Minutes. Motion carried with one abstention from Charlotte Mizzi.

3 **General Business**

3.1 Old Business

ACTION ITEM – *[Denise]* Status of list of all GLA motions. Tabled
ACTION ITEM – *[Charlotte]* Status of Robert Rules of Order. Tabled

4. **Report of Officers and Committees**

4.1 Treasurer's Report: Cynthia Dodge-Blocker, Treasurer
Cynthia passed out "October 2004 Bank Transactions-Prepared Oct. 30, 2004," "Balance Sheet As of Oct. 31, 2004" and "Income and Expense Budget Overview January through October 2004." Cynthia distributed "Liens Filed During the Watch of Cynthia Blocker, 10/31/04," which listed paid and unpaid liens.

4.1.1 Old Business

ACTION ITEM – Send letter to Title Co. regarding liens. Done

ACTION ITEM – Financial effect of 5% discount on assessments. Cynthia stated that Clare's research revealed that this discount was advantageous in that it brought in more assessment income earlier in the year than had ever been received in prior years. The Board discussed that the advantage of receiving this income early versus the cost of the discount to GLA was about equal. The Board agreed to again offer the 5% discount on assessments in 2005.

4.1.2 New Business
Letter to Landowners concerning increase in assessments. David stated that the goal is to mail this letter to landowners by the end of November.

4.2 Architecture Subcommittee Report: James Kozlik & Pamela May, Co-Chair
4.2.1 Old Business
ACTION ITEM – Status re: Johnston letter - re: enforcing mobile homes stds. Done
ACTION ITEM – Send response re: Johnston's gate across Hercules Rd. Done

ACTION ITEM – Send response to Hanan re: house application. Done
ACTION ITEM – Send response to K. Ulrich re: shed application. Done

4.2.1 New Business
Review Proposed Fee Schedule for project applications. Cynthia distributed "Proposed Fee Schedule to Be Considered by the GLA Board" that is a compilation of suggestions from the architectural committee. James proposed that the project application fee (#8 on above proposed schedule) be doubled for project applications that are submitted *after* construction has taken place. Board discussed proposed fee schedule briefly and agreed to review it in its entirety at December meeting.

MOTION: Pamela motioned and James Kozlik seconded that a flat $20 non-refundable fee be submitted with each project application, effective immediately.
Board discussion.
AMENDMENT: Orlando motioned and Philip seconded to amend the above fee of $20 to $25 and that there should be an increase in this fee every two years based on the cost of living index (rounded to the nearest dollar). This fee will be posted on our website and added to our project application materials. Amendment carried.
Motion carried.

Peter Duffy, 50-A (NG), Building Application. Application for replacing mobile home with construction of new home. Board reviewed.
MOTION: Pamela motioned and JT seconded to approve the application for replacing a mobile home with construction of a new home from Peter Duffy on Lot 50-A (NG) with the conditions: (1) An electrical permit is obtained; (2) Peter checks with the Sanitarian to confirm that his current septic system is adequate for 4 bedrooms; and (3) The land be reseeded after construction. Motion carried.

South Glastonbury Teaching Center, 23A (SG), Application for extension of garage. MOTION: Pamela motioned and Cynthia seconded to approve the SGTC's application for an extension of its garage on the conditions that an electrical permit be obtained and the $250 sanitation bond be submitted. Motion carried.

Church Universal & Triumphant, 32-A and 33-A (NG), Application to replace water reservoir. Board reviewed.
MOTION: Pamela motioned and Philip seconded to approve the application from the Church Universal and Triumphant to replace their water reservoir supplying water to Golden Age Village with a new steel water tank with the condition that tall shrubs be planted to help conceal the tank. Motion carried with one abstention from Charlotte Mizzi.

Cargo Units on Paul Rantallo's Property, 30-E. Philip reported that Paul Rantallo has moved one or two red cargo units to the area where the just removed mobile home formerly resided.
MOTION: Charlotte motioned and JT seconded that the GLA write a letter to Paul Rantallo stating that he needs to submit a project application to the GLA for the placement of the cargo units on his property. Also, he needs to rectify the culvert situation. Motion carried.

4.3 Road & Weed Committee Report: James Trisdale & Philip Hoag, Co-Chair

4.3.1 Old Business

ACTION ITEM – *[Denise]* Draft letter to landowners re. weed control. Done
ACTION ITEM – *[David]* Review Road Maintenance plan. Tabled

4.3.1 New Business. None

4.4 Complaint Committee Report: Charlotte Mizzi, Chair

4.4.1 Old Business

ACTION ITEM – Review Blocker/Trisdale complaint David read the Ad Hoc Committee's report on findings concerning the complaint. The Board and both parties discussed the issue at length. The following actions were proposed as final solutions and accepted by both parties: (1) The trailer and GLA pickup with sander will be moved to the back of the Trisdale home; (2) The present location for storing the equipment is acceptable to both parties and new requests to change the location will not be given; (3) The GLA will provide two extension cords for winter plug-in of equipment and provide a neutral colored tarp to cover the hay; and (4) David will draw up a document, for each party's signature.

ACTION ITEM – *[Denise]* Send response to K. Ulrich re: clean-up plan. Done

ACTION ITEM – *[David]* Status of Parcel 32 (NG) Ulrich. David reported clean up has started.

ACTION ITEM – *[David]* Status of removing rock pile above culvert. Tabled

ACTION ITEM – Status of Hansard clean up. David reported a final letter was recently sent to Hansard, 81 SG, requesting submittal of a clean-up plan or face legal action.

4.6.1 Old Business
ACTION ITEM – *[David]* Filing Parcel 16A as part of Glastonbury. Received papers to file on Parcel 16A.

4.6.2 New Business
Status report on PVRC activities.

Formation of PVRC Articles without Authorization by PVRC or GLA Board and Election of new PVRC Board without due notification.
The Board's discussion on the above issues included the following: (1) The GLA leases the recreation land to the PVRC and the GLA needs to draw up a formal lease; (2) A review of Robert Wallace's e-mail letter of Oct. 31, 2004 concerning the same above issues and additional concerns. GLA will respond to Robert Wallace's letter stating that the Board is in the process of reviewing the issues he has raised in his letter; (3) Janet will acquire a copy of the Articles of Incorporation that Pouwel filed and give to the GLA Board to review; and (4) Orlando, James Kozlik, Janet and David will form a committee that will meet to compile the facts surrounding this issue; a couple of members of this committee will meet informally with the PVRC Committee on Wednesday evening to discuss the issues amicably and convey the information listed in the Motion (see below). Board stressed that discussion should include extending the GLA's gratitude to Pouwel for his service to the PVRC. (5) David will consult with our attorney regarding the quorum issue in the recent PVRC election.
MOTION: Orlando motioned and Cynthia seconded that the PVRC Committee should be told at their Wednesday, November 3rd meeting, to abate further action in the application of

incorporation until after the GLA reviews the incorporation papers and agrees on the action to be taken regarding this document. Motion carried.

MOTION: Edwin motioned and Philip seconded to table further discussion concerning the above issue until the fact-finding committee reports back to the GLA Board. Motion carried.

Request from Pouwel Gelderloos for PVRC financial statements. Board to review this request after meeting with PVRC takes place.

4.7 Web Site Committee: Edward Anderson, Chair. No report

	All fees above if not paid will be added to the assessment invoice. Penalties and interest will apply. If and when the balance due becomes greater than $250.00 the standard lien process will become effective.			

The above list developed as a result of the budget shortfall and looking at means to increase the income for the GLA. We need to pay for proffessional fees sometimes to reach a decision before approving project applications. Many times multiple visits are required to a site and many telephone calls and time spent before a project is approved. Time is spent preparing copies, getting maps from the county recorder for the entire board to review. All this takes time and money. Previous boards just did not record, documents and follow-up on subdivisions and we were surprised when we had no documentation to support some subdivisions. This board has had to fill in the gaps and develope a process. This board has also lowered the trigger point for filing liens and has agreed to aggressively file liens when that trigger point is reached. Prior to a lien a three month collection process begins that also takes extra time and follow-up to an attempt to collect on these delinquent acounts. This is what is different than what was done previous to 2001. We therefore, have had more costs than we had in previous years. This list is an attempt to recover some of our costs of doing business.

Lessons learned regarding November 13, 2004 Annual Meeting:
Suggestions/Comments from the Board included:
(1) Research should be done to determine if meeting could start before quorum is met.
(2) To streamline the time it takes to count the votes, the following was suggested: absentee ballots received prior to the meeting should be registered/tallied before the meeting or the ballot table should count them and add them to the tally during the very beginning of the meeting *prior* to the time when attendees vote.
(3) Board members regarding issues brought before the Board should always maintain confidentiality.
(4) Committee Sign-up Sheets should be posted at the meeting for landowners who desire to volunteer to serve on GLA committees.

Things to consider as a Board Director: David distributed a list of 12 items. (Attached).

3.2 Old Business
ACTION ITEM – *[Denise]* Status of list of all motions. **Tabled.**
ACTION ITEM – *[Charlotte]* Status of Robert Rules of Order. **Tabled.**

Lot 20-A/ SG George Makris: Home Construction Application
MOTION: James Kozlik motioned and Edwin Johnson seconded to approve George Makris' home construction for Lot 20-A, South Glastonbury. Motion carried.

34-A/SG Roger Holmstrom: Request to Begin Process of Moving Earth Prior to Home Construction.
The Board discussed the application.
MOTION: James motioned and Edward seconded to give Roger Holmstrom permission to start moving earth. The Board recommends the fill doesn't exceed 2:1 slope to prevent it from causing run off problems. **Motion carried. (Cont. next pg)**

Roger Holmstrom, cont.
MOTION: Cynthia motioned and Joanna seconded to waive the $25 application fee for Roger Holmstrom's home construction application (above) based on the fact that it was not necessary for him to submit an application for his request. **Motion carried.**

Parcel 54 (SG)/ Edwin Johnson Subdivision Application
Edwin reported that three years ago he submitted a family conveyance application to the County for Parcel 54 (SG) and it was approved. The Board reviewed the application and discussed with Edwin the concerns of a neighbor regarding a new driveway and the existing easement. Edwin stated that he has vacated the easement. He reviewed a detailed history of the issue regarding his neighbor and stated it is in the process of being resolved.
[Important Note: As of 1/10/05, the following motion was put on hold and therefore is not valid until the Board is ready to review and amend it. The Board has not given it's approval or disapproval; their decision in pending.]
MOTION: Cynthia motioned and Laura seconded to approve Edwin Johnson's application for subdivision of Parcel 54 on the condition that the existing easement is shown in writing on the subdivision, the easement is vacated and a permit is obtained from the county for the new driveway on 54-C. **Motion carried with three abstentions from Ronda, Joanna and Edwin.**

MOTION: Ronda motioned and Alyssa seconded to waive past assessments that would have been due to Edwin Johnson for his Parcel 54(SG) subdivision application. Assessments will be due from this date on. **Motion carried with abstention from Edwin.**

Kathleen Rakela's Request for List of Petition Signers Re: Her Statues. (This petition was circulated prior to statues being vandalized). Kathleen attended the meeting to request the petition that was circulated about her statues and attached to the William and Cheryl Smith complaint about the statues in 2003. Kathleen stated that she was ready to file a suit against the GLA if the Board would not release the petition to her. The Board and Kathleen discussed her various concerns and asked her if she would be satisfied with receiving the petition with the names of the petition signers deleted. Kathleen stated that would be a good first step. Kathleen was told that the GLA would need to consult our attorney regarding the release of the petition without names and that we would get back to her with our response.

6 Next Meeting and Adjournment

GLA
THINGS TO CONSIDER

- Board mtgs. start at 7 and end at 10

- It is wise to limit ones discussion of items being discussed to relevant points and keep personal antidotes to a minimum to reduce the length of the minutes and to keep to the point.

- Board members are expected to read the meeting minutes to make sure they accurately represent what was decided at the previous meeting. Minutes are not meant to be a transcript of a meeting but rather to record decisions. On purpose, details are omitted from the minutes because unnecessary detail can be a liability in lawsuits. At the end of the minutes is a list of action items developed during the meeting. The person's name responsible for completing the action item is listed. The completed action items will be listed in the agenda sent out before each meeting and generally not discussed at the next meeting.

- An agenda is mailed out (usually dropped off at the EGS for pickup by the board member) one to two weeks before the next meeting. At the meeting additional items may be added and board members may request adding an addition item to the agenda. Because of time constraints, these items may not necessarily be addressed at that meeting but will be put on the next meeting agenda.

- The president chairs the meeting and is not allowed to vote except to break a tie.

- Abbreviated Robert Rules of Order generally apply. During discussion of items on the agenda, motions may be made indicating a decision by the board. The motion must be seconded before the board can/should discuss the motion. Any motion not seconded is not discussed. Once a motion is made it must be voted on or amended before moving to another motion. If an amendment is made it is first voted on, and if it passes then the amended motion is voted on. If it does not then the original motion is voted on. If the discussion on a motion becomes lengthily, a board member may "call" for a vote. Minor decisions may be made without a formal motion.

- Everyone is expected to give the opening prayer which should be generic.

- Everyone is expected to know the covenants. All decisions should be based on the covenants and adopted standards. Many times it is necessary to re-read the covenants or standards.

- Also, past decisions made by the board should be followed unless they are being overturned. We plan to have a list of past decisions for all board members in January.

- We should try to be non-bias when we are deliberating on a matter.

- Original incoming correspondence should be kept in our main files. The secretary should review outgoing correspondence before it is sent out. A copy of the **signed** correspondence should be sent to the main file.

File: Things to consider

- Lists of landowners and their addresses are considered confidential. Therefore our database of landowners is reserved for Board of Directors only. The data base includes the parcel/tract/lot number, the size of the lot, how many votes the person has, whether it has been subdivided, and addresses, etc.

	All fees above if not paid will be added to the assessment invoice. Penalties and interest will apply. If and when the balance due becomes greater than $250.00 the standard lien process will become effective.			

The above list developed as a result of the budget shortfall and looking at means to increase the income for the GLA. We need to pay for proffessional fees sometimes to reach a decision before approving project applications. Many times multiple visits are required to a site and many telephone calls and time spent before a project is approved. Time is spent preparing copies, getting maps from the county recorder for the entire board to review. All this takes time and money. Previous boards just did not record, documents and follow-up on subdivisions and we were surprised when we had no documentation to support some subdivisions. This board has had to fill in the gaps and develope a process. This board has also lowered the trigger point for filing liens and has agreed to aggressively file liens when that trigger point is reached. Prior to a lien a three month collection process begins that also takes extra time and follow-up to an attempt to collect on these delinquent acounts. This is what is different than what was done previous to 2001. We therefore, have had more costs than we had in previous years. This list is an attempt to recover some of our costs of doing business.

Hi All! I will be away for the meeting, on the east coast for an operation. I will still like to be the chair for the Master Plan committee. My vote for president is for David Tonkin and my vote with regards to the rest of the offices and committees goes with the majority. Wishing you all a Blessed Merry Christmas. Charlotte

Re: Filling GLA Board Offices and Committee Chair Positions

At the December 6th meeting, we will be voting on who from the GLA Board will fill the offices of President, Vice-President, Secretary and Treasurer *and* the chair positions for the Architectural, Road and Weed, Complaint, Master Plan, Recreation, Clean-up, and Web Site committees.

All offices and committee chairs are up for reassignment. Cynthia Blocker has expressed that she wants to hand over her position as Treasurer, which she has filled for the past three years, to someone else.

The Architectural Committee and Road and the Weed Committee are important committees that each require someone from North and South Glastonbury. Those serving as chairs on these committees ideally need to know something about building and construction. However, this year we don't have a lot of expertise in our Directors for these positions, so people will have to stretch their capacities.

In the coming week, please consider carefully the position(s) in which you would be willing to serve.

2. Reading and Disposition of the Minutes General Business.

- November 1, 2004 Meeting Minutes. **Tabled.**
- December 6, 2005 Meeting Minutes

MOTION: David motioned and Joanna seconded to approve the December 6, 2004 meeting minutes as amended. **Motion carried.**

3. General Business

3.1 New Business

Review/Approve List of 2005 Meeting Dates. Board reviewed the proposed meeting dates and agreed to accept them with the following changes: (1) Eliminate the November 14 meeting date; (2) Insert "elect new officers" on the December 12 meeting description; and (3) Insert "meeting date may change" on July 11 meeting description..

Report from James Kozlik

James Kozlik explained several ways in which he would like to conduct himself as President and run Board meetings, including: (1) Ronda, as Vice President, will take an active role in assisting him in his responsibilities. (2) Other Board members will have the opportunity to chair meetings from time to time in order to gain experience; (3) "Open Forum" is now added as a permanent inclusion on Board meeting agendas. This segment will allow the Board to voice their suggestions for agenda items to be included on the next meeting agenda. (4) When appropriate, he will experiment with scheduling time limits for agenda items and have a time keeper for individual comments. (5) At the beginning of each meeting, the minutes to be approved will be read out loud and followed by a vote of the Board; and (6) He will support the completion of documentation for committee policies/procedures and Board officer job descriptions.

3.2 Old Business

ACTION ITEM – Board to elect committee chairs.
Individuals on the Board volunteered for committee positions and discussed changes to some of positions that were decided upon at the December 6, 2004 meeting. James distributed "GLA Board of Directors Committees Proposal" which lists additional and alternative committee chairs & members.
Board members agreed to fill the following committee positions:

Architectural Committee: Alyssa Allen (Chair), Laura Boise
Ronda withdrew from the position of NG chair leaving the chair open. Allysa agreed to be Chair for both Glastonburys.

Road and Weed Committee: Joanna Snyder (SG Chair). Not filled. (NG Chair)

Recreation Committee: Janet Naclerio (Chair), Laura Boise, Edwin Johnson & Edward Anderson (alternate).

Complaint Committee: Ronda Alexander (Chair) and Penelope Price (Ombudsman).

Master Plan Committee: Committee to meet & elect chair sometime in January.
Laura Boise, Orlando Johnson, Charlotte Mizzi, David Tonkin.

Website Committee: Edward Anderson (Chair).

Clean-Up Committee: The Board agreed to eliminate this committee in 2005 due to priority responsibilities and lack of personnel

Database Committee: This Board agreed to delete this committee from the list of committees. Instead, Denise will be trained to input database changes. The Treasurer (Cynthia) and Bookkeeper (Rudy) will continue to work with the database as appropriate to their job responsibilities.

4.4.2 New Business

ACTION ITEM: David to contact attorney re: request of K. Rakela for petition regarding her statues. David stated that he would call our attorney regarding the release of the petition (without names) to Kathleen. Kathleen, who was present at the meeting, commented that the petition could be sent to Lois Drake, if necessary. The Board asked Kathleen if she would like to speak to the Complaint Committee further regarding her concerns and Kathleen was agreeable to doing so.

Revisit Dog Issue from March 2004 GLA Board Meeting. Tabled.

Everett Johnston 11/10/04 letter re: issues in his 10/1/04 letter. Tabled.

Complaint: E. Schieffelin: re: Excessive Vehicles on 38-A (NG). Tabled.

Complaint: Letter from C. Lannes re: Edwin Johnson received 12/9/04.
Alyssa reported that she, James and Ronda met with Craig in December to discuss numerous complaints included in his letter. Craig presented his complaint to the Board by reading a new letter, dated 12/19/04, and voiced additional comments. He submitted the 12/19/04 letter to the Board. The Board accepted his letter, but respectfully informed Craig that it would not be able to respond to the many complex allegations contained within the letter, etc. The Board asked Craig to write a brief and concise letter containing the following:
MOTION: Cynthia motioned and Orlando seconded to request Craig Lannes to distill his complaint letter and submit it to the Board. The new letter should include (1) The actions he believes to be in violation of the Covenants and the facts (only) associated with these actions; (2) The specific section of the Covenants relating to these actions; and (3) A clear request to the Board as to what action he is asking the Board to take in response to each of these matters.
DISCUSSION: Craig agreed to submit the distilled letter within the next few days and stated he will be out of town until January 21st. James stated that a Board member would contact Craig on January 22nd.
Motion carried. (One abstention from Edwin Johnson.)

Complaint Procedures: The Board requested that Ronda and interested Board members get together and formulate a proposal for updating and improving the complaint procedures.

Complaint: R. Zeman re: Lot 33 (NG). Tabled.

4.1.1 Old Business. None.

4.1.2 New Business

Glastonbury Weed Incentive Program policy clarification

Cynthia requested the Board's review of the "Weed Control/Glastonbury Incentive Program" and "Excerpt from Board of Directors/Noxious Weed Control" documents distributed at the 1/10/05 Board meeting. The Board discussed and agreed upon the final wording for the GLA's noxious weed spraying refund policy. (See attachment)

Vote for Board Member to Co-Sign GLA Checks

Board discussion.
MOTION: Cynthia motioned and Ronda seconded to approve the following GLA Board

members to sign checks on the GLA checking account: James Kozlik (President), Ronda Alexander (Vice-President), Janet Naclerio (Secretary), Cynthia Blocker (Treasurer), Joanna Snyder and David Tonkin. **Motion carried.**

Preparation of the 2005 Budget.
Board discussion.
MOTION: David motioned and Cynthia seconded to adopt a temporary budget for 2005 using the 2004 budget. The amounts in the 2004 budget will be adjusted and revised by April 1st and then submitted to the Board for is review and approval as the final budget for 2005.
Motion carried.

Requests for waivers on assessment penalties and interest fees.
Cynthia presented the following requests from two landowners.

Landowner #1: This individual is requesting a waiver on $83.79 in assessment penalties and interest. She has paid all assessments, is unable to work and receives disability.
MOTION: David motioned and Alyssa seconded to approve the request of Landowner #1 to waive $83.79 due in interest and penalties.
Motion carried with one abstention by Ronda.

Landowner #2: This individual is requesting a waiver of assessment penalties and interest on her assessments. She has a small Social Security income of $430/ month and has signed a payment plan to pay $5/month on her assessments. Her house is up for sale.
MOTION: Cynthia motioned and Orlando seconded to not approve Landowner #2's waiver of the assessment penalties and interest. GLA will ask this person to get back to us in six months for a review of her situation.
Board discussion. **Motion carried with one opposed.**

NOTE: The Board further discussed this issue and agreed that Landowner #2 needs to sign an additional clause to be included in her payment plan that states in the event of the sale of her house, she agrees to pay all assessments and additional charges that will be due and owing. This additional clause should also be added to our payment plan forms.

Informing Thomas Barry (non-landowner) of the assessment increase.
Cynthia reported that we didn't send our GLA 12/13/04 assessment increase letter to Thomas Barry, a non-landowner, who has agreed to a pay land assessment fees for the use of our road. She asked the Board to determine if it wants to inform Barry of the new increase, etc.
MOTION: Ronda motioned and David seconded to send a brief letter to Thomas Barry which informs him of the assessment increase. **Motion carried.**

4.2 Architecture Subcommittee Report: Allysa Allen (Chair), Laura Boise.
4.2.1 Old Business
ACTION ITEM – *[Board]* Review Proposed Architectural Fee Schedule.

MOTION: David motioned and Ronda seconded to table the review of the proposed fee schedule. Alyssa, David and interested Board members will meet and make corrections to the schedule, bring it up to date and present it at the February Board meeting.
Board discussion. Jim reviewed Everett Johnston's suggestion concerning the GLA bond fee.
Motion carried.

ACTION ITEM – Status of Paul Rantallo cargo units.
Ronda will report on this issue when she receives more information from Rantallo.

ACTION ITEM – Status of Paul Rantallo's Response to Correction of Culvert Crossing Venus Way. The Board discussed Rantallo's written response, which was received by the GLA on 1/1/05. It agreed that the potential serious safety issues involving the runoff waters from the culvert were still a concern. The Board agreed that a letter should be written to Rantallo stating he is required to choose from the following two actions: (1) The culvert must be uncovered at the conjunction and remain permanently uncovered and accessible at all times to the GLA and any of its contractors; *or* (2) A 4-foot diameter concrete manhole with a 2-foot cast iron manhole cover must be installed. The letter will require that Rantallo send a written response to the GLA within thirty days that states which of the two above options he will choose and his plans to complete the option of his choice.

ACTION ITEM – Revisit 12/6/04 Motion re: Parcel 54 (SG)/Edwin Johnson subdivision application. Tabled.

4.2.2 New Business
Everett Johnston 11/11/04 letter Re: Gate and 12/9/05 letter.
The Board discussed Johnston's 11/11/04 letter and his new letter dated 12/9/05 and agreed that further research was required before responding to Johnston's requests.
MOTION: Ronda motioned and Edward seconded to table further discussion concerning Johnston's 11/11/04 and 12/9/05 letters until further research has been done. **Motion carried with one opposing vote.**

Parcel 28 (SG)/Catherine Bielitz Final Subdivision Application.
Alyssa presented the application. The Board discussed.
MOTION: David motioned and Alyssa seconded to approve the final subdivision of Catherine Bielitz's Parcel 28 (SG), divided into 5 tracts, and to approve 28-A as the primary lot to which assessments will be billed. Based on GLA's contractor waiver policy, Catherine's request to postpone assessment fees on Lots 28 B through E (4 lots) is approved beginning January 1, 2005. This waiver is not retroactive and therefore assessments billed prior to January 1, 2005 are still due. **Motion carried with one abstention.**

Lot 32-A (NG)/Edward Anderson Preliminary Minor Subdivision Application.
The Board confirmed that Edward's application was incomplete.

MOTION: Alyssa motioned and Cynthia seconded to table Edward Anderson's preliminary minor subdivision application for Lot 32-A (NG). The Board will review the application again when Edward provides the missing information, including a preliminary plat map. **Motion carried with one abstention from Edward.**

Lot 38-C (SG)/Ron & Mizzi's Spallone home construction application. .
Alyssa presented the Spallone's application. The Board discussed.
MOTION: Alyssa motioned and David seconded to approve Ron & Mizzi Spallone's home construction application for Lot 38-C (SG) on the condition that: (1) The necessary electrical permit is obtained prior to the start of electrical work; and (2) The disturbed land is reseeded after construction. **Motion carried.**

34-A/SG Roger Holmstrom: Modification to Home Construction Application.
Alyssa reported that Roger Holmstrom contacted her to inform her of a modification to his previous application reviewed at the 12/6/04 GLA Board Meeting. He plans to change the location of his well to a high point on the land and stated that he will follow the required 15-foot distance for the septic tank and drain field. The Board agreed to accept the modification.

4.3 Road & Weed Committee: Joanna Snyder (Chair)

4.3.1 Old Business

ACTION ITEM – *[David]* Review letter to landowners re: weed control. **Tabled.**

ACTION ITEM – *[David]* Install guard posts around High South fire fighting water tank. **Tabled.**

ACTION ITEM– *[David]* Develop and Present Road Maintenance and Improvement Plan. David agreed to complete the plan and present it at the April Board meeting. The Board will review this plan in conjunction with the proposed budget for 2005.

4.3.2 New Business.

David reported that Richard Mead is willing to snow plow in NG and SG. If Richard is hired, he will need to be added to the GLA auto insurance policy.

4.4 Complaint Committee Report: Ronda Alexander (Chair), Penelope Price

4.4.1 Old Business

ACTION ITEM – *[David]* Status of Parcel 32 (NG) Kathleen Ulrich. David reported that he will review Kathleen's property in the coming week and then he will advise her what her next step will be. If necessary, David will arrange another community clean-up of her property.

ACTION ITEM – *[David]* Status of removing rock pile above culvert. David reported that the rock pile, created by Paul Rantallo's work, is still there on the property above 30-E (NG).

ACTION ITEM – *[David]* Status of Hansard clean-up response. The Board agreed that the GLA should have our attorney write a letter to Hansard.
MOTION: David motioned and Cynthia seconded to ask our attorney to write a letter to Hansard as a final request for the clean-up of his property. Letter will include that if Hansard doesn't comply in a specific period of time, GLA will file a lawsuit to have his property cleaned up. **Motion carried.**

ACTION ITEM: David is to contact attorney re: K. Rakela's request for petition included in Smith complaint. David reported that our attorney stated it would be acceptable to give the petition, without the signatures, to Kathleen.

4.4.2 New Business

Review C. Lannes abbreviated complaint re: E. Johnson plus New Complaint Letter from Lannes re: GLA Board, dated 1/12/05.
Ronda reported that Craig advised her that he would not write the abbreviated/distilled letter requested by the Board and that the last page of his 12/9/04 letter could serve as his distilled complaint. Ronda reviewed a new letter from Craig, dated 1/12/05, in which he complained about the Board's handling of his complaint. Board discussed the difficulties in handling complaints involving two parties who have contradictory versions of their issue.
MOTION: Ronda motioned and David seconded to strike the easement clause from the motion included in the 12/6/05 meeting minutes concerning Edwin Johnson's subdivision application. Also, to inform Lannes that the GLA cannot handle his complaints and that they need to be settled between Craig and Edwin.
Board discussion.
AMENDMENT: Ronda motioned and Edward seconded to amend the above motion to read that " David and Ronda will draft a letter to Lannes and e-mail it to Board members for approval before sending to Lannes". **Amendment carried. Motion carried.**

Revisit Dog Issue from March 2004 GLA Board Meeting. Tabled.

Everett Johnston 11/10/04 letter re: issues in his 10/1/04 letter. Tabled.

Complaint: Eleanore. Schieffelin: re: Excessive Vehicles on 38-A (NG). Tabled. Ronda will speak to Eleanore.

Complaint: R. Zeman re: Lot 33 (NG).
Ronda reviewed that Zeman has requested that the GLA Board request a subdivision application from owners of Lot 33 (NG).
Discussion.

MOTION: Ronda motioned and David seconded to have the GLA send a letter to the owners of Lot 33 requesting that they complete a subdivision application and copy to Zeman. **AMENDMENT:** A separate letter will be sent to Roger explaining that the above letter will be the only action that the GLA will be taking in regards to his complaint. **Amendment carried. Motion carried.**

Weed Control

Glastonbury Incentive Program: Per Section 4.05, Weed and Vermin Control, Landowners are responsible to make reasonable efforts to control and prevent the spread of noxious weeds and vermin from their property." The most effective way to do this is by spraying. The GLA established an incentive program for Glastonbury landowners who agree to have their weeds sprayed bi-annually. GLA will pay each landowner 25% of the cost of his knapweed spraying, not to exceed $50 a year. To take advantage of this program, you need to sign an annual contract with a weed control company to spray your area twice a year for the next 3-5 years. When you finalize this kind of contract, please request a "Weed Reimbursement Application form" from the GLA accounting department. Complete the form and submit it to GLA along with a copy of the contract you made with the weed control company.

Excerpt from Board of Directors Meeting Minutes of 7/17/2000

Noxious Weed Control

MOTION: Jim moved and Robert seconded the motion to notify landowners that the GLA was offering a 25% rebate of the cost of spraying for knapweed, not to exceed $50, on a Glastonbury parcel or tract if the landowner's GLA annual assessment is paid to date and the landowner signs an annual contract with a licensed sprayer dated on or before September 30, 2000. To collect the rebate, landowners must submit a copy of the paid bill and signed contract. (It was not recorded that the motion carried?)

GLA BOARD MEETING NORMS

The GLA Board Meeting Norms describe how we will operate during the life of the Board. The Meeting Norms should be based on the GLA Board's values and posted at all Board meetings.

Ground Rules: We will . . .	
1. respect each person's input.	7. limit discussion of person who has the floor to 3 minutes.
2. be patient and understanding with each other.	8. allow differences to surface and resolve conflicts immediately.
3. be honest and tactful.	9. stay focused on the facts and keep personal biases out of discussions and decisions.
4. be open to suggestions from others.	10. bring Covenants, Standards and By-Laws to each meeting for reference during the meeting.
5. listen without interrupting or holding sidebars.	
6. stay focused and on task.	

OPERATION	GUIDELINE	COMMENTS
Meeting Dates, Times and Location	• 1st Monday of each Month • 7:00PM – 10:00 PM • Golden Ratio Cafeteria	• If the 1st Monday falls on a holiday, it will be moved to the next Monday

Agendas	• President prepares the agenda
	• Mailed 1 week before meeting
	• Additional items may be added by:
	  • emailing Denise Orr at denisemorr@msn.com
	  • adding at beginning of meeting
	• Agenda items will be prioritized at the beginning of each meeting
		• Board members are responsible for picking up the Agenda at the Emigrant General Store.
		• Items not addressed will be added to the next Agenda

Meeting Minutes	• Minutes record decisions; they are not a transcript of the meeting • Actions Items are listed at the end of the minutes with the responsible person/timeline • Completed action items will be transferred to next meeting agenda for reference only • Meeting Minutes will be read by the Secretary at beginning of next meeting for accuracy and approval by the Board (p. 164 Robert's Rules) • Once the meeting minutes are approved a 2/3 vote is required to amend the meeting minutes unless previous notice of the proposed amendment has been given; then only a majority vote is required (p. 167 Robert's Rules)	• Board members read the meeting minutes to make sure they accurately represent what was decided • Board members are responsible for conveying meeting minute discrepancies before or at the next meeting
Opening Prayer	• Meeting will be opened with a generic prayer	• All Board members share this responsibility

OPERATION	GUIDELINE	COMMENTS
Meeting Roles	• See page 4	• Can be share by all members
Abbreviated Robert's Rules of Order	• During discussion of agenda any Board member may make a motion, indicating a decision is needed by the Board • If a motion is seconded then the issue is open for discussion; discussion of a motion should be limited to approximately 3 minutes per person • If a motion is not seconded, the issue is taken off the table and there isn't any discussion • Once a motion is made and seconded, it must be voted on or amended before moving on to another motion • If an amendment is made to a motion, it must be voted on before the original motion • If the amendment is passed, then the amended motion is voted on • If the amendment is not passed, then the original motion is voted on • A Board member may call for a vote any time after a motion has been seconded • Routine matters may be decided by general consent..."if there is no objection we will..."; if there is an objection a vote must be taken (p. 159 Robert's Rules)	• The President chairs the meeting and is not allowed to vote except to break a tie • In the President's absence, the Vice-President chairs the Board meeting • If the President wants to comment he/she relinquishes the chair to the Vice President
Past Decisions	• Past decisions made by the Board will be followed unless overturned by the Board	• Refer to list of past decisions
Conflict Resolution Guidelines	• See pages 7-8	

Meeting Evaluation	• Periodically conduct meeting evaluations to determine their effectiveness
	  • Ask what worked, what didn't, how can the meeting be improved at end of meeting or...
	  • Use Meeting Evaluation form (see p. 6)	

Correspondence	• Original incoming correspondence is kept in the main files held by the Secretary • Outgoing correspondence should be reviewed by the Secretary before being sent out; a copy of the signed correspondence is kept in the main files held by the Secretary	• Denise Orr is the keeper of these files
Landowner Database	• Confidential database includes the parcel/tract/lot number, size of the lot, how many votes per landowner, whether or not its been subdivided and subdivision owners	• Reserved for Board of Directors only • Need the confidential password to access

5 STAGE MEETING PLAN

Stage 1: Plan

- Understand the purpose of the meeting; ask yourself if it really needs to be covered in a meeting or can it be done more efficiently and expeditiously another way
- Be clear about why you need the meeting and the overall objectives
- Anticipate the appropriate people and resources needed for the meeting
- Identify the desired outcome from this meeting

Stage 2: Inform

- Use an agenda to inform everyone about what is being discussed, why and what you want from the meeting
- Ask for input to the agenda prior to the meeting
- Send out the agenda ahead of time; use e-mail when possible

Stage 3: Prepare

- Prioritize the agenda items
- Identify amount of time needed for each topic
- Be sure to include some discussion time

Stage 4: Structure & Control

- Begin and end the meetings on time; if more time is needed to complete the meeting, the Board will vote on whether or not to extend the meeting end time. This conveys you value the member's time and intend to use it efficiently
- Review the meeting objectives and agenda
- Get group consensus before varying from the set agenda
- Progress through the agenda one item at a time, keep the meeting focused on the objectives/agenda, and don't allow the discussion to jump around
- Continually encourage participation; make sure that discussion and decisions are not left to only a few of the more vocal members of the meeting; check in with each member before closing discussion on an agenda item
- Keep the discussion focused; control "war" stories; stop members from going back over old ground; refer to the agenda; honor the 3-minute discussion limit
- After a motion has been approved, the secretary will read the motion and agreed upon action; reconfirms the final result and provides opportunity for any clarification

Stage 5: Summarize & Record

- Summarize and review the agreements, commitments, actions, timelines and responsible parties before leaving the meeting
- Record all motions and action items, the name of the responsible person and the timeline

MEETING ROLES

Leader

The leader is responsible for the Planning, Informing and Preparation stages of the *5 Stage Meeting Plan*.

- Secures the meeting site
- Anticipates people and resources needed
- Prepares and sends out the agenda

Facilitator

The facilitator is responsible for the Structure & Control stage of the *5 Stage Meeting Plan,* making sure the meeting stays on point. They guide the members through the decision making process and manage the group dynamics to ensure there is balanced participation in meetings.

- Keeps the meeting focused, on track and moving
- Guides the members through the agenda items

Recorder

The recorder is responsible for the Summary & Record stage of the *5 Stage Meeting Plan.* The recorder takes permanent notes for the meeting, including decisions reached by the Board, new action items and completed action items. The recorder summarizes key decisions and action items at the end of the meeting

- Takes the meeting minutes
- Keeps track of action items, the responsible party, and timelines

Scribe

The scribe writes pertinent information on the flip chart and assists the facilitator in conducting brainstorming sessions.

- Writes on the flipchart during brainstorming activities

Timekeeper

The timekeeper keeps track of time allotted for different activities and discussions, and alerts the group when it has reached its time limit.

- Monitors time as prescribed by the leader or agenda

Devil's Advocate

The Devil's Advocate consistently questions people's perspectives in an attempt to help them "think outside of the box" and make sure all possibilities have been considered.

- Asks the "Why?" question (e.g., "Why should we do it that way?")
- Seeks details and examines opposite perspectives

FACILITATION TIPS

- **Ask members what they think.** One method of insuring participation is to go around the room one person at a time and ask each person to share his or her thoughts, feelings or opinion about a particular topic. Ask questions such as:
  - What was your thinking on...?
  - What do the covenants, standards, by-laws say about...?
  - What made you come to that conclusion about...? Are the covenants, standards, by-laws supported by your conclusion to...?

- **Ask clarifying questions.** When you don't understand an individual's contribution or see that the group isn't clear on an issue, ask the following questions:
  - I'm not sure I understood your last comment; would you explain it again?
  - This seems to be confusing people, let's review it again.

- **Paraphrase member's responses.** When your goal is to understand what is being said, the best way to do so is to repeat back what you thought was said. For example:
  - If I understand correctly, you are saying that...
  - Would you restate what was just said so that we can make sure we understand?
  - I believe what is being suggested is...

- **Encourage and support participation.** When you notice that people are not participating, you might say:
  - We understand your point; now let's ask Joe what his thoughts are on...
  - Before we move on, I'd like to hear Mary's perspective on this.
  - Joan, we haven't heard from you in awhile, is there anything else you think we should consider about...?

- **Identify and summarize key themes.** When many ideas have been presented, it's a good idea to stop and summarize before moving onto more information. For example:
  - We've heard a lot of good ideas; would someone volunteer to summarize our agreements so far?
  - John, you don't seem to be in agreement about this. Would you summarize for us your major objections?

- **Keep the group on task.** If you find the group straying from the objectives of the meeting, you can refocus them by asking:
  - Are we on track with this line of discussion?
  - Does this pertain to our objectives?
  - Should this be discussed now or added to the agenda and, if time permits, discuss at the end of the meeting? Or, should it be added to the next meeting's agenda? Or, to new business?

- **Handle differences of opinion.** When it is clear that differences exist, it is best to acknowledge and address it now, or it will lead to future problems.
  - Susan, I'm not sure that you agree with what was just presented. Could you tell us your perspective?
  - Joan, would you tell us why you don't agree with Susan?
  - How much time shall we devote to resolving this difference?

TYPES OF CONFLICTS

FACTS (generally easy)

- Different information in regards to the same issue
- Resolving this type of conflict is generally easy
- Conflict disappears when all facts and data are shared

METHODS (somewhat difficult)

- Disagreement over the best way to achieve a goal, solve a problem, perform a task, etc.
- Resolving this type of conflict is somewhat difficult
- Conflict resolved through use of problem-solving techniques

GOALS (generally difficult)

- Disagreement on the basic purpose/mission/goal; different perspectives on what it should be
- Resolving this type of conflict is generally difficult
- Negotiating skills are critical to reaching consensus

VALUES (very difficult)

- Disagreement about the intention behind the issue; basic belief systems are fundamentally different
- Resolving this type of conflict is very difficult
- Mediation is often needed to resolve this type of conflict

CONFLICT RESOLUTION GUIDELINES

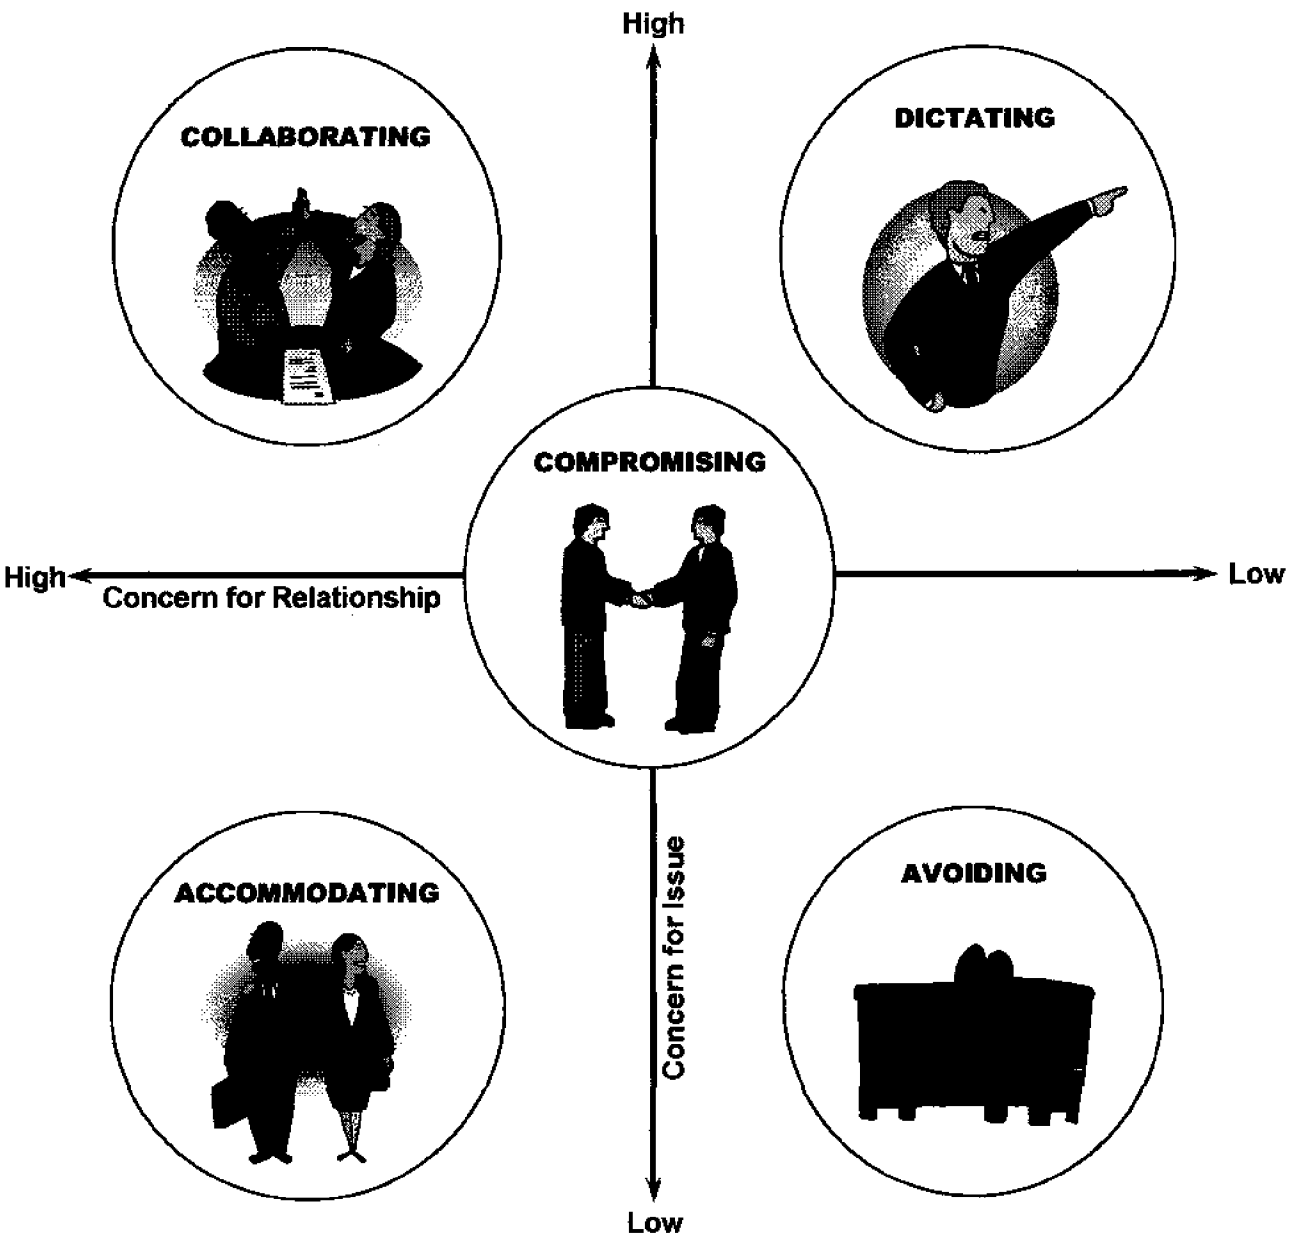
CONFLICT RESOLUTION PROCESS

1. Ensure that all people affected by the conflict are involved in the resolution process.
2. Clarify that everyone is there to solve the same conflict.
3. Confirm that everyone is committed to resolving the conflict.
4. State the desired outcome of the situation and review the facts of the situation; this step may be used many times to keep the discussion focused.
4. Each person states their view of the conflict. While that person is stating their point of view the remaining parties:
   - probe for facts to understand a specific point of view
   - do not criticize anyone for taking a particular position
   - do not interrupt (except to clarify)
   - do not present arguments at this time
   - avoid discussion of solutions
   - *LISTEN! LISTEN! LISTEN!*
7. Discuss possible solutions:
   - focus on ideas, not personalities
   - do not judge ideas
   - build on other's ideas
   - be creative; encourage unique ideas
   - contribute freely and openly
8. Develop a list of possible solutions:
   - measure the possible solutions against the desired outcome
   - identify the consequences and impact of each solution
9. Select the Best Solution
   - Ask everyone involved to restate the solution as they understand it
   - Ask everyone involved for agreement and commitment to the solution
10. Document the Solution and ask all parties to sign the documentation

CONFLICT RESOLUTION ETIQUETTE

1. Timing
   - Don't confront while emotions are highly charged; allow for a cooling down period
2. Confidentiality
   - Everything that takes place during the discussion will remain confidential
   - Do not bad-mouth each other before or after the confrontation
3. Appreciate the Differences in People
   - Be open and willing to understand other people's filters: culture, language, values, attitudes, etc.
4. Don't Use Judgmental Tactics
   - Blaming: "You're the one who . . . "
   - Interpreting: "You tried to manipulate and mislead . . . "
   - Labeling: "You are arrogant, deceptive and devious . . ."
   - Analyzing: "If you weren't so concerned about making a profit . . . "
   - Moralizing: "Clearly you are motivated by greed. "
   - Interrogating: "Why would you even think about doing . . . "
   - Exaggerating: "Everyone thinks you . . . "
5. Use "I" Statements
   - "I see it this way . . . "
   - "I think it might be . . . "
   - "I need to know . . . "
   - "You" creates defensiveness
6. Be Specific
   - Vague: "I want you to be more considerate of my privacy."
   - Specific: "I'd appreciate it if you would call before you come over."
7. Focus on the Issue
   - Be willing to hear other people's points of view without being defensive
   - Don't focus on who is right or wrong; your goal is to understand the issue

DECISION MAKING STYLES



DECISION MAKING STYLES

Style	Description	Appropriate Use
DIRECTING	• high concern for issue, low concern for relationship • characterized as being aggressive and uncooperative • apt to pursue own goals at expense of others	• unpopular decision has to be enforced • crisis situation needs quick action • know you are right and your solution will achieve the desired outcome
ACCOMMODATING	• high concern for relationship, low concern for issue • characterized as being unassertive and overly cooperative • "covering up"...pretending that everything is satisfactory, even when it's not • "agreeing to disagree"...conflict generally doesn't go away and reappears even more forcefully	• the relationship is more important than the issue • the other person's need is greater than your need • balance of power is clearly in their favor (i.e., you could get fired) • other person is trying something new and you can live with the outcome
AVOIDING	• low concern for issue, low concern for relationship • characterized as being unassertive, uncooperative, or giving up to one's opponent • differences are denied or ignored	• everyone needs a "cooling off" period • it really is not your problem • the cost is greater than the benefits or rewards • you cannot do anything about the situation
COMPROMISING	• moderate concern for issue and relationship • characterized as taking an intermediate stance between assertiveness and cooperativeness • want a quick solution that will be all right with everyone • negotiate to "split the difference"	• situation is stalemated or deadlocked • any solution would be better than no solution • shortness of time does not allow for continued problem solving • you want to preserve the relationship
COLLABORATING	• equally high concern for issue and relationship • characterized as being assertive and cooperative • working with others to find solutions that satisfy the needs of everyone	• outcome has major implications for future of group, organization, etc. • time and energy is available to do the problem solving • everyone is committed to the outcome

January 5, 2005

Hello Everyone:

I had hoped to have an "orientation" meeting for all board members before the January 10 meeting; however, several people could not make it. So we will see how this first meeting goes with a new board and president and then decide if we need an orientation or if "baptism by fire" works for all of us new people. To those of you have are seasoned board members: your support is needed and appreciated.

Please consider the following items before our first board meeting of 2005:

Review the Covenants, Standards & Bylaws

All board members have received a binder containing copies of the Covenants, Standards, Bylaws, and Master Plan. New members will want to read the Covenants, Standards and Bylaws before the January meeting; ongoing board members may want to refresh their memories by reviewing these same documents before the next meeting.

It might be potentially beneficial to our meetings if each board member brings his/her document binder to every meeting. This could give us a greater capacity to vote on issues based on how the issues pertain to the Covenants, Standards and Bylaws. Also, a great deal of time could be saved in our meetings if *prior* to the meeting, we reference these documents (if necessary) while reviewing the various project applications, complaints, etc., that we will ultimately review and vote on at the meeting. For example, if we have a question or concern when reviewing a complaint, we can write down our personal notes regarding that question or concern, including specific references to the Covenants that might apply, and bring those notes to the meeting. Lets make it our goal this year to get "caught up" and move quickly but thoroughly through all issues so we can concentrate on unfinished but important matters that the GLA is responsible to handle.

January 10, 2005 Meeting Agenda

In our first meeting, we will make the 2005 budget the priority for new business. We will discuss establishing a time line for completing the budget. It is suggested that all board members review the previous 2004 financial statement handed out at the Annual Meeting. Please come to the meeting with any concerns, suggestions or remedies.

I would like to suggest the following as priority items for the January agenda. If you have any items you would like to add to the agenda, please email them to Denise and copy to me, indicating the priority of each item. On Monday, we will add these items to the agenda and announce them at the beginning of the meeting.

- Unchaired Committees
- Preparation of the 2005 Budget
- Zeman/Lot 33 Complaint (see enclosed)
- Lannes/Johnson Complaint (see enclosed)

At the meeting we will review the agenda and outstanding complaint letters, new project applications and updates and finalize dates for 2005 Board Meetings. We might consider a time keeper and have a three minute limit of discussion for whoever has the floor. This should keep discussion to a minimum and shorten the length of our meetings.

As per the By-Laws, Article VI, Paragraph P, "Meeting Agenda" - after the new business items are completed, we can have an "open floor comment period" before adjournment. This will be a good time to express concerns or new ideas that can be added to meeting minutes for inclusion on the agenda for the next meeting.

GLA Meeting Norms

Ronda facilitates workshops on how to conduct effective meetings, so I asked her to pull together some notes that may help us run the GLA Board meetings. She incorporated "Things to Consider" prepared by David, some items I felt important, as well as her knowledge of what makes a meeting more effective. Please review this list of norms before the January meeting. I would like the Board to vote on whether or not we want to adopt the norms as official guidelines for running future meetings.

Thanks,
James Kozlik

P.S. Enclosures (see list of enclosures on "Notice of Meeting" form) for your review before Jan. 10 meeting.

Policy Reminder re: Submitting Document Originals to Administrative Secretary: Ronda reviewed that any document submitted to a GLA Board member must be submitted to the administrative secretary in a timely manner. The administrative secretary will make copies for Board use and place the original in the GLA file. Misplacement or loss of documents has occurred when this policy has not been followed.

Procedure Reminder re: Committee Related Issues: James clarified that when a committee-related issue is submitted to the GLA Board or a Board member, the first step to take is to transfer the issue to the appropriate committee for review and discussion. The committee should then submit it to the entire Board for approval along with a recommendation of action to be taken. The committee is not authorized to make final decisions or to take actions on an issue without the approval of the entire Board.

PVRC Checking Account:
Janet reported that on February 4th, she learned that the PVRC checking account was frozen under Cynthia's direction to the Bank of the Rockies.. Janet expressed her concerns regarding this action and the actions leading to it; Cynthia reported her reasons for taking this step, including a recommendation from the bank. The Board and Pouwel Gelderloos discussed this issue in lengthy detail. The Board expressed their appreciation for all of the efforts, work and financial commitment provided by Pouwel and the other individuals who have created the soccer field, etc. It was concluded that improvements in effective communication and interaction between the GLA and the PVRC was needed as well as clarification of the legal parameters between the GLA and PVRC.

Organization of the PVRC
MOTION: David motioned and Cynthia seconded to create two phases for the organization of the PVRC. Phase 1: A committee will compile what the GLA's legal parameters should be in relationship to the PVRC and how the relationship of the GLA with the PVRC can be organized while abiding by the original park dedication agreement. Phase 2: Discussion with and input from the PVRC concerning the parameters formulated in Phase 1. When Phases 1 & 2 are completed, a recommendation will be presented to the Board to be voted on for approval. at the March meeting. **Motion carried.**
Discussion.
MOTION: David motioned and Charlotte seconded to formulate a committee comprised of Edward, Charlotte, Orlando and David to work on Phase 1 of the above motion. **Motion carried.**

Bank of the Rockies
307 Story Road
Emigrant, Mt. 59027

Dear Cindy,

RE: PVRC AKA Recreation Center checking account # 1301365

This checking account was opened by Jim Phipps the previous Glastonbury Treasurer to begin an account for donations to this project.

The GLA assigned a subcommittee to formulate proposals for the development of this recreation land.

The subcommittee was not given independent authority to act. They were only to report monthly on the progress of their ideas. However, there is evidence that they are overstepping their charter and are using this checking account and collecting and/or disbursing GLA funds they have no authority to spend.

As treasurer of the GLA I am obligated to monitor all financial activities of the GLA and call any irregularities or unauthorized activity to the attention of the Board of Directors of the GLA. In line with this responsibility, and the absense of the President of the GLA, I request that you freeze the PVRC checking account until notified by the President of the GLA, Mr. James Kozlik and myself, as to what action the Board of Directors of the GLA will persue.

Thank you for your attention to this matter.

Cynthia Blocker
GLA Treasurer

Re: Lannes (Lot 53-B) vs. Johnson (Lot 54-A) Complaint

Dear Craig:

The GLA Board understands that Edwin Johnson will remove the easement between Tract 54 and Lot 53-B from the Certificate of Survey plat map, will move the driveway to tract 54-C onto parcel 54 and obtain a permit from Park County for the location of where the new driveway enters Dry Creek Road and adhere to the GLA Covenants in developing Lot 54.

We will await the outcome of these actions to make a determination as to whether or not there is any reason the GLA Board of Directors should be involved in your complaint against Edwin Johnson. I will keep you informed and updated on the progress of this action.

Sincerely,

Ronda Alexander

PARKLAND DEDICATION AGREEMENT

Park County, Church Universal and Triumphant, Inc., and Glastonbury Landowners Association, Inc.
Parcel No. 16A of Certificate of Survey No. 1729

This Agreement, signed this _____ day of May, 2002, between Park County, Church Universal and Triumphant, Inc., a Montana nonprofit corporation, of 1 East Gate Road, Gardiner, Montana 59030 (hereafter "Church"), and the Glastonbury Landowners Association, Inc., a Montana nonprofit corporation, Post Office Box 1686, Emigrant, Montana 59027 (hereafter "GLA").

WHEREAS, the Church intends to transfer by warranty deed to the GLA the ownership of Parcel No. 16A, of Certificate of Survey 1729 on file and of record in Park County, Montana; and

WHEREAS, transfer of this parcel is expressly for the purpose of providing land for the community recreation and sports activities within the Community of Glastonbury; and

WHEREAS, this parcel will be used for soccer fields, baseball fields, playground and other recreational and sports activities designated by the GLA for the benefit of the residents of Glastonbury and the surrounding Emigrant area; and

WHEREAS, the property adjoining Parcel No. 16A, on Certificate of Survey No. 1729, on file and of record in Park County, Montana is delineated as "Reserved Land" and designated as the North Glastonbury Village Center by the Glastonbury Land Use Master Plan (presently in draft form); and

WHEREAS, prior to development of this "Reserved Land" the development plans may be subject to review and approval as a major subdivision by Park County;

THEREFORE, the parties agree as follows:

Park County will accept Parcel No. 16A as satisfying 20.261 acres toward the dedication of parkland as required by the Park County Subdivision Regulations in effect at the time of the proposed development of said "Reserved Land" or any portion thereof and may be submitted for review and approval as a major subdivision development provided the following conditions are met:

1. Parcel No. 16A is transferred from the Church to the GLA free and clear by warranty deed, subject to the following normal encumbrances:

   a. General taxes and assessments for the period after the date hereof.
   b. Covenants, conditions, restrictions, servitudes, limitations, terms, provisions, liens, charges, regulations, reservations and burdens of record or in existence on the date hereof, including, but not limited to, those contained within the Restated Declaration of Covenants for the Community of Glastonbury, recorded on September 30, 1997 in Roll 124, Pages 548-653, at the Office of the Park County Clerk and Recorder, Livingston, Montana, together with any and all amendments, additions and extensions thereto and assignments thereof (the "Restated Declaration of Covenants").
   c. Easements and rights-of-way of record or in existence on the date hereof, including, but not limited to, those contained within or shown on the Restated Declaration of Covenants and on Certificates of Survey Nos. 615-A, 883, 1173, 1729 and the Golden Age Village at Glastonbury North mobile home park Plat 715, Certificate of Survey 1529, on file and of record in the Office of the Park County Clerk and Recorder, Livingston, Montana.
   d. The Grantor's reservation of all oil, gas, coal, hydrocarbons, minerals, mineral rights, geothermal water and energy, surface water and water rights, as is contained in the Restated Declaration of Covenants and which are hereby expressly excepted and reserved, together with other mineral and royalty reservations or conveyances of record.

e. All building, use, zoning, sanitary, subdivision and environmental regulations and restrictions of government agencies.

f. Reservations and exceptions in federal patents and state deeds, if any.

2. The GLA develops Parcel No. 16A solely for community recreation and sports activities.

3. The GLA continues to maintain improvements constructed upon this parcel in a condition useful to the community, and constructs additional facilities as such needs may arise within the community and money is raised to fund said construction.

This Agreement shall be governed by the laws of the State of Montana and the regulations of Park County.

This Agreement shall not be changed as to content without the approval of the Park County governing body.

In recognition of their acceptance of the Agreement, the parties set their hands the day and date first written above.

THIS AGREEMENT, entered into on the _____ day of May, 2002, between PARK COUNTY, by and through its duly elected County Commissioners, CHURCH UNIVERSAL AND TRIUMPHANT, INC., and GLASTONBURY LANDOWNERS ASSOCIATION, INC;

RECITALS:

1. The parties entered into a Parkland Dedication Agreement dated July 11, 2001, which Agreement was recorded on the 12th day of July 2001, in Roll 161, Pages 1-3, records of Park County, Montana.

2. Pursuant to said Parkland Dedication Agreement, Parcel No. 21 of Certificate of Survey No. 615 was transferred to Glastonbury Landowners Association, Inc., and reserved for community recreation and sports activities.

3. Glastonbury Landowners Association, Inc. desires to transfer Parcel No. 21 of Certificate of Survey No. 615 back to Church Universal and Triumphant, Inc. in exchange for Parcel No. 16A, Certificate of Survey No. 1729.

4. The parties desire to withdraw Parcel No. 21, Certificate of Survey No. 615, from the restrictions imposed by the Parkland Dedication Agreement and substitute Parcel No. 16A, Certificate of Survey No. 1729 in its place.

5. The parties desire to withdraw Parcel No. 21, Certificate of Survey No. 615, from the restrictions imposed by the Restated Declaration of Covenants for the Community of Glastonbury, recorded in Roll 124, Pages 548-653.

NOW THEREFORE, IT IS AGREED, as follows:

6. The Parkland Dedication Agreement dated the 11th day of July,, 2001, recorded in Roll 161, Pages 1-3, is hereby amended to delete Parcel 21, Certificate of Survey No. 615, and to substitute therefore Parcel 16A, Certificate of Survey No. 1729, which parcel shall hereafter be subject to the provisions of the Parkland Dedication Agreement.

7. Parcel No. 21 of Certificate of Survey No. 615, is hereby withdrawn from the Restated Declaration of Covenants for the Community of Glastonbury, dated September 26, 1997, recorded in Roll 124, Pages 548-653, and the said parcel is no longer subject to the restrictions imposed by said Covenants.

IN WITNESS WHEREOF, the parties hereto have set their hands and seals, the day and year first above written.

BUSINESS OFFICE

March 8, 2002

Dear Residents of Golden Age Village, North Glastonbury and South Glastonbury:

We hope all of you are doing well this winter! We are all looking forward to the first signs of spring, but only after we have enough snow and moisture to break the three-year drought. Thank you all for your prayers and support in this dynamic group action.

Many exciting things are happening in our organization and Church now. You may have heard about some proposed changes with regard to the North Glastonbury reserve land. The Church Board of Directors seeks your comments and input on the proposed changes which are discussed in this letter.

During the month of February, members of the boards of Thomas More School, the North Glastonbury Teaching Center, the Glastonbury Landowners Association (GLA), representatives of Golden Age Village and the Church met to discuss the preliminary request of Thomas More School to purchase a parcel of the North Glastonbury reserve land for building a permanent school building.

At the meetings the board members of Thomas More School shared their vision and dreams for the future of the school and a high school academy. It was very exciting! The enclosed map shows the parcel that the school would like to purchase. It is the "circle" parcel of land created by the boundary of the roads to the east of Golden Age Village. The discussion is in its preliminary stages. More information will be coming to you as the discussions unfold.

If you have any comments, pro or con, on the subject, please use the attached comment page and return it to the Church's Business Office.

As our deliberations unfolded, the location of the dedicated parkland deeded to the Glastonbury Landowners Association came under discussion. On the enclosed map you will see the current location of the dedicated parkland and the proposed change that is being considered. The participants of this meeting considered the possibility of future development of a community center and church building on the Teaching Center land. With the possibility of building a school facility on the land just south of the Teaching Center land, the question arose as to whether the residents would prefer to have the dedicated parkland closer to both of these facilities.

The proposal for changing the GLA dedicated parkland parcel is now being considered by the Church Board. The new dedicated parkland parcel would be at the north east corner of Aries and Sirius Drive, as shown on the map. The participants in the meeting considered several ideas regarding this proposed swap. One is that the new parcel (parcel 16B) is better suited for recreation because it is a flatter parcel for playing fields. This would mean less need to move earth and change the natural lay of the land. The proposed parcel would be closer to possible future school, church and community buildings for easier access by children and adults. In a sense it seems to provide for the potential of a nice central hub of activity for the community. One final feature is that there would be a green/park area in the center of the church, school and reserve land. Many towns have been built around this concept with a "village green" in the center of the town. With this change we would have 20 acres of parkland at the center of any future village center.

The Church Board members would like to hear from you on the proposal to change the location of the dedicated parkland. And, if you have any comments about the proposal of the Thomas More School to purchase a parcel from the Church, we would like to hear those also.

Your thoughts and input are valued. In order to facilitate receiving your comments, there will be a two-week comment period from now until Friday, March 22, 2002. You may submit your comments by writing them on the attached form and mailing or faxing them to the Business Office of the Church. The address and fax number are on the form.

There will also be a "drop-in" hour at the North Glastonbury Teaching Center on Saturday, March 16th, from 2:00 to 3:00 p.m. Representatives of the Church and the GLA will be present to answer any questions you might have about the proposal to move the dedicated parkland. You may also bring your comment sheets to us at that time.

Thank you so much for all that you do for the communities of North and South Glastonbury. You have held the flame for Saint Germain and El Morya for all of these years. Your constancy is surely appreciated by the heavenly hosts. We at the South Ranch know your prayers and support help hold the balance for all of us as we move forward and navigate our way through the end of one age and the beginning of a new one.

We wish each of you God Victory on your path individually and as a community.

Sincerely,

Judith A. Filbert
Business Manager

Glastonbury Landowners Association

Board of Directors Meeting Minutes

March 7, 2005

CONFIDENTIAL – DO NOT COPY

1. **Call to Order, Prayer**

The meeting was called to order by James Kozlik at 6:55 p.m., at Golden Ratio Woodworks. Charlotte gave the opening prayer.

PRESENT: James Kozlik (President), Ronda Alexander (Vice-President), Janet Naclerio (Secretary), Cynthia Blocker (Treasurer), Edward Anderson, Allysa Angelis Allen, Laura Boise, Edwin Johnson, Orlando Johnson, Charlotte Mizzi, David Tonkin

ABSENT: Joanna Snyder

PROXIES: Joanna to Ronda

ALSO ATTENDING: Denise Orr (GLA administrative secretary) and Kathleen Rakela (Landowner).

a. Protocol:

James Kozlik and Ronda referenced "Flowchart for Committee Chairpersons to present agenda items to the GLA Board."(attached) and a 10 page document entitled "Survival Tips on Robert's Rules of Order." (attached) which were sent to Board members prior to the meeting. They reviewed the following items from these documents concerning Board meetings and agendas.

- Committee Flow Chart (see attached)
- BOD (Board of Director) Discussions – stay focused on observing and hearing the facts
- By Unanimous Consent. (Page 7 of "Survival Tips on Robert's Rules of Order"). Jim proposed that unanimous consent may be adequate for most Board decisions and save time during meetings. The Board discussed that it may not necessarily be obligated to make as many formal motions as it has been done in the past. David suggested that GLA needs to further research this practice from a legal standpoint..
- Agenda items must be received 15 days prior to meeting to be on agenda; after that bring agenda items to meeting
- Agenda final once distributed
- Further discussion/future agenda items during Open Floor Comment Period (#6 on Agenda)

2. **Reading and Disposition of the Minutes.**

a. November 1, 2004. Denise will again send copies to Board members who were present at that meeting and ask them to vote on final approval prior to the next meeting.

b. January 10 & 17th, 2005

MOTION: Edwin motioned and Ronda seconded to approve the combined January 10 & 17th meeting minutes as amended. **Motion carried.** (1 abstention from Charlotte, who wasn't present at these meetings.)

c. February 7, 2005 Meeting Minutes

MOTION: David motioned and Ronda seconded to approve the February 7, 2005 meeting minutes as amended. **Motion carried.**

3 **General Business**

3.1 Old Business

a. Elect chairperson for Master Plan Committee. Charlotte reported that she was elected as chairperson at their 2/14/05 committee meeting.

b. Status list of all motions. Denise reported these are in process and that she will be speaking to Rudy concerning how they might be placed on our database for Board access.

File: MtgMins 03 07 05
Draft: 03 24 05; 04 04 05-FINAL
Approved: 04 04 05

c. **Status of Robert's Rules of Order**. Handout. Ronda and James Kozlik sent this document entitled "Survival Tips on Robert's Rules of Order" to all Board members prior to the meeting. (see attached) She requested that the Board send her their comments concerning what rules they would like to see followed so that she can compile a list of meeting norms.

d. **Status of Nov. 13, 2004 Annual Meeting Minutes.** Denise reported these were in process and will be distributed at April 4, 2005 meeting.

3.2 New Business. None

4. Report of Officers and Committees

4.1 Treasurer's Report: Cynthia Dodge-Blocker, Treasurer. .
Note: March 7 was officially the last day of Cynthia's term as Treasurer.
Cynthia distributed the following (attached): "Balance Sheet Standard as of March 6, 2005; :"Income & Expenses, January 1 through March 6, 2005"; "The GLA deposit history for 2003, 2004 and part of 2005"; "February 2005 Bank Transactions-Prepared Mar 05 2005" and "Average Income over last three Years" (Deposits 2000-2002). She announced that GLA has collected 80% of this year's income.

4.1.1 Old Business

a. Clarification of PVRC Bank Account: James reported that the Bank informed him that when Jim Phipps originally set up this account it was a separate association account and the Bank didn't require GLA approval. The current signers on this account are Janet Naclerio, Pouwell Gelderloos and Patricia Braveheart. The Board agreed to further review this matter when Phase 1 Committee submits a report.

b. Cynthia Resigning/Replacement/Transition: Ronda reported that she reviewed the duties of Treasurer with Joanna Snyder and Joanna stated she would be willing to take on this role with the Denise's assistance in processing liens and handling database input. Joanna will step down from her position as Chair of the Roads & Weeds Committee.
MOTION: Ronda motioned and Charlotte seconded to approve Joanna Snyder to fill the role of GLA Treasurer which has been vacated by Cynthia Blocker. **Motion carried.**

c. Replacement of Cynthia Blocker's Board Vacancy & Joanna Snyder's Chair Vacancy on the Road and Weed Committee: Board discussed various options for filling these vacancies. Ronda reported that she and James Kozlik spoke to James Trisdale (a former GLA Board member and former Co-Chair of the Road & Weed Committee) who stated he would be interested in filling these positions.
MOTION: Ronda motioned and Edwin seconded to ask James Trisdale if he would replace Cynthia Blocker as an outgoing Board member and Joanna Snyder as the outgoing Chair for the Road & Weed Committee.
Discussion: Orlando proposed that the Board may be obligated to the landowners to advertise for these vacancies. The Board discussed the fact that it had the authority to approve a new Board member in these circumstances and that the time and expense of advertising would not be practical.
Motion carried. (One abstention)

4.1.2 New Business.

a. **Set-up New Bank Account for GLA Recreation Committee.** The Board confirmed that Phase 1 & 2 Committees will make their recommendations before action is taken concerning a new account.

b. **2005 Budget** – James & Ronda
James & Ronda asked Committee Chairs to refer to the 2004 budget (temporarily approved for 2005) and to make their recommendations to James and Ronda by March 19, 2005. Committee chairs need to consider the following costs in their budget recommendations:

- Architectural Committee: Architectural fee schedule
- Road & Weed Committee: Proper equipment for knocking down weeds; cost study for Truck/Plow for NG
- Recreation Committee: budget for future needs
- Master Plan: budget for future needs
- Complaint Committee: budget for future needs
- Website Committee: budget for future needs
- Welcome Committee: budget for future needs

Lien on Parcel 48 (NG) Kenneth Green: Cynthia reviewed that this parcel went through foreclosure and the county has divided it into three (3) lots. This division was not brought to the GLA Board for approval. The mortgage company took back the property and did a quick-claim deed to Blue View Corporation (San Diego) for two of the lots. Ansara Ali owns the third lot. The Board discussed handling this situation and reviewed that Park County doesn't honor a lien if it is not in the name of the owner.
MOTION: David motioned and Charlotte seconded to release Ken Green's lien on Parcel 48 (NG) and place a lien on all three tracts of 48 (NG), namely the two lots owned by Blue View Corporation and the one lot owned by Ansara Ali. **Motion carried.**
The Board further agreed that GLA will only send the letters informing each owner of the lien; it will not send the usual warning notification letters.

4.2 Architecture Subcommittee Report: Allysa Allen (Chair), Laura Boise

4.2.1 Old Business. Tabled.

a. Review revised proposal for Architectural Fee Schedule – (include with budget process)
b. Status of Paul Rantallo cargo units
c. Johnston's gate related letters

4.2.2 New Business

a. Dennis & Wendy Riley, Lot 38-1B (SG)/Application for preliminary approval of home w/garage. Alyssa reported that she visited the site with Rich Spallone, the contractor, and reviewed the application with him.
MOTION: Alyssa motioned and David seconded to approve Dennis & Wendy Riley's application for a home w/garage on Lot 38-1B (SG) with the conditions that: (1) the necessary septic permit is obtained prior to septic system construction; (2) the necessary electrical permit is obtained prior to starting electrical work; (3) the disturbed land be reseeded after construction; and (4) the $250 sanitation bond is received by the GLA. **Motion carried.**

b. Philip & Carol Hanifan, Lot 61 (SG)/ Application for preliminary approval of residential construction. Alyssa reported that she met with David and Rich Spallone, contractor, at the site. Although portions of the driveway may not completely meet GLA road standards, they felt that the construction was the best that could be done on a steep driveway. **MOTION:** Alyssa motioned and Cynthia seconded to approve Philip & Carol Hanifan's application for preliminary approval of residential construction on Lot 61 (SG) with the conditions that: (1) the necessary septic permit is obtained prior to septic system construction; (2) the necessary electrical permit is obtained prior starting electrical work; and (3) the disturbed land be reseeded after construction. **Motion carried.**

4.3 Road & Weed Committee Report, Joanna Snyder (Chair)

4.3.1 Old Business. Tabled.

a. Install guard posts around High South fire fighting water tank
b. Status of removing rock pile above culvert Rantallo
c. Road Maintenance/Improvement Report – include in budget process
d. Status: hiring/insurance Richard Mead

4.3.2 New Business.

a. Peter Snow letter, dated 1/10/05, re: Safety Issues on Capricorn/Gemini (NG). Tabled.
b. Cost study for Truck/Plow for NG – include in budget process. Tabled.
c. Proper equipment for knocking down weeds – include in budget process. Tabled.

d. **New Chair for Road and Weed Committee, Joanna Snyder (Chair).**
Joanna withdrew from her chair position on the Road and Weed Committee to fill the Treasurer position. (See details above, page 2 under "Report of Officers & Committees," Old Business, 4.1.1., c)
MOTION: Ronda motioned and Edwin seconded to ask James Trisdale to replace Cynthia Blocker as an outgoing Board member and Joanna Snyder as the outgoing Chair for the Road & Weed Committee. **Discussion:** Orlando proposed that the Board may be obligated to the landowners to advertise for these vacancies. Board discussed the fact that it had the authority to approve a new Board member in these circumstances and that the time and expense of advertising would not be practical.
Motion carried. (One abstention)

David Tonkin stated that he would not officially be a part of the Road & Weed Committee, but that he would be willing to assist James Trisdale when needed.

4.4 Complaint Committee Report: Ronda Alexander (Chair), Cynthia Blocker and Joanna Snyder.

4.4.1 Old Business

a. **Update on Craig Lannes' complaint re: Lot 54-A (SG).** Ronda reported that she sent a letter to Craig and that this complaint is officially closed. (see attached letter)

b. **Update on Roger Zeman's complaint re: Lot 33 (NG).** Ronda reported that the Mansaws have stated they are pulling together a plan with other Lot 33 (NG) landowners to determine how they might correct the encroachments on Zeman's property. Board discussed and agreed to send Zeman a letter stating that the GLA has not yet found any records regarding the issues involved in his

File: MtgMins 03 07 05
Draft: 03 24 05; 04 04 05-FINAL
Approved: 04 04 05

complaint and it believes that we need to do further research. Jim will draft the letter and send to Denise to mail to Roger. Copy of letter should be sent to owners of Lot 33 (NG).

c. **Status report on attorney letter to Hansard.** David reported that he sent to Ronda a draft of a letter to be sent (or already sent?) to our attorney, cc'd to Brettschnieder (complainant).

d. **Revisit dog issue from March 2004 GLA Meeting.** The Board agreed to permanently table.

e. **Everett Johnston 11/10/04 letter re: issues in his 10/1/04 letter.** Tabled. Ronda will discuss with David and Alyssa.

f. **E. Schieffelin complaint re: excessive vehicles on 38-A (NG).** Ronda reported that she spoke to Eleanor and that Eleanor is satisfied to know that we are in the process of revising our complaint procedures and that this will affect how we ultimately handle her complaint.

g. **Status of parcel 32 (NG)/Kathleen Ullrich clean-up.** David reported that he visited Kathleen's property two weeks ago and that perhaps 50% of the agreed upon clean-up was completed. Cars still need to be removed. Most of her items on Edward Anderson's property are removed. The shed Kathleen built is not in accordance with the plans that GLA approved and the GLA needs to send a notice of disapproval. Buried drums under Kathleen's house will eventually settle and destroy the back of her house; this is a cause for serious concern. David reviewed that Kathleen signed a clean-up plan agreement that stated she agreed to allow the GLA to remove her debris if she did not do so by December 31, 2004. Her agreement also included the tearing down of the second story of her house if she did not correct the safety hazards, etc., by the end of March 2005. David stated that he was withdrawing from handling this situation and would meet with Ronda to transfer the responsibility to her. Edward agreed to work with Ronda to initiate a community clean-up of Kathleen's property.

h. **Meet with Kathleen Rakela re: the handling of the complaint concerning her statues -get clarification from the Board. Tabled.**

4.4.2 New Business

a. **Proposal: Complaint Procedure.** Ronda reported that she has had a meeting with Board members and the Ombudsman and will be presenting a proposal in the future.

b. **New e-mail letter from Kathleen Rakela, dated 2/28/05, requesting the GLA to release the statue petition *with signatures*.** Last month, the GLA released the statue petition *without* the names to Kathleen based on our attorney's approval. Ronda reviewed with Kathleen that our attorney had previously advised the GLA not to release the petition *with the names*. Rakela expressed that she and her family have been burdened during the last couple of years by what she believes the petition signers have perceived about her family and stated that she wanted the names so that she could personally contact the individuals to clear up any misunderstanding. She also stated that the "artwork" that she "put up" on her property "was a protest because of breach of contract." (no further details explained) The Board discussed this matter with Kathleen. Denise suggested that perhaps the Board may want to maintain the confidentiality of the signers by

forwarding a letter from Kathleen to the signers.
MOTION: Ronda motioned and Charlotte seconded to contact our attorney requesting his opinion about releasing the statue petition with names to Kathleen Rakela or if he would suggest another alternative. Motion carried.

4.5 Land Use Master Plan Committee Laura Boise, Orlando Johnson, Charlotte Mizzi, David Tonkin
4.5.1 Old Business
Chairperson Elected. The Committee met on 2/14/05 and elected Charlotte as Chair.

4.5.2 New Business. Charlotte reported that the Committee is preparing a proposal to the Board concerning a mailing to landowners to clarify issues with area residents concerning density options 1 and 2 of the Draft Master Plan. The Committee will discuss additional issues with the Board.

Glastonbury Landowner's Association

Board of Directors Memorandum

February 25, 2005

To: Alyssa Angelis Allen, Edward Anderson, Cynthia Blocker, Laura Boise, Edwin Johnson, Orlando Johnson, Charlotte Mizzi, Janet Naclerio, Joanna Snyder, David Tonkin

Please review the enclosed items before our meeting on March 7, 2005:

1. **Meeting Agenda**: we revised the agenda to include time frames for reporting and discussion times as well as responsible parties and due dates for each item. Please identify any items with your name on it and be prepared to present within the time frame listed. We realize that all of our time frames may not be realistic, but took our best guess and want to test it out. We're hoping this will help us move through the agenda quicker. Also, all the items listed under the 2005 Budget with a due date of March 19th will be explained at the meeting.
2. **Flowchart for Committee Chairpersons**: Laura suggested that it would be helpful to understand the protocol for bringing issues to the Board. James created this flowchart as an attempt to better understand the chairperson's responsibility in presenting issues to the Board.
3. **Robert's Rules of Order**: we found this information on the Internet and liked the simplicity of the explanations. We would like to use this as the Board's reference tool for using Robert's Rules. Please let us know if this is in alignment with the way the Board had been using Robert's Rules.

Thanks,

James & Ronda

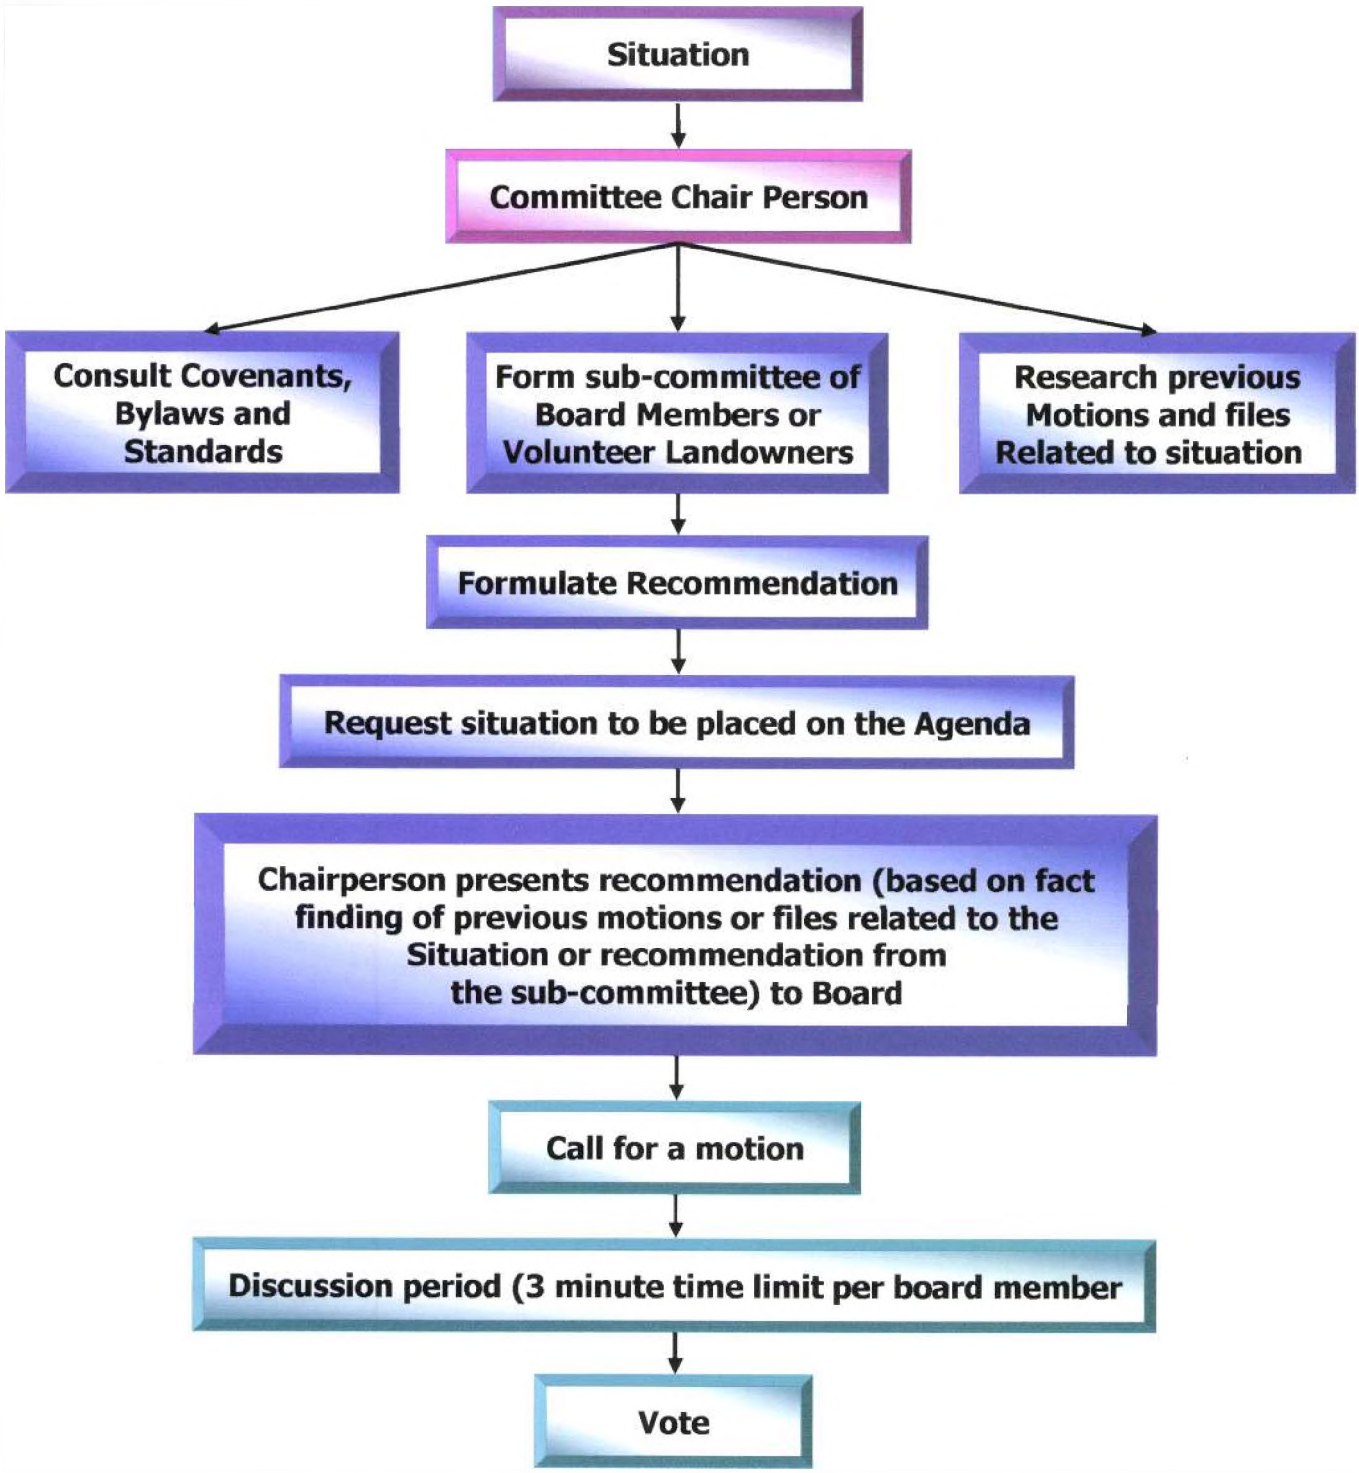
Flowchart for Committee Chairpersons to present agenda items to the GLA Board.



Advantages of following this procedure:

- Any emotional discussion of situation is off the record and not part of the minutes or Board meeting
- Board meeting discussion is related to facts and limited in time
- Quicker business meetings
- More time to discuss new ideas or problem solve community issues related to recreation, roads, master plan, budget, etc.

The Agenda - Choreography of Rights and Abuses

The more serious an issue is, the more the reason to insist that the issue be included on the agenda, and that the agenda includes explicit starting time for each major section.
The easiest way to defeat an issue is to take so much meeting time so that the issue never comes up. If the agenda specifies times for the major sections, you can always assure that your issue will be addressed before the meeting is adjourned.

An agenda according to Robert's, with a few comments (RONR 10th ed. p.342-351).

I. **Reading and approval of the minutes.**
(Motion to approve is not necessary. The minutes are either approved as read or as corrected, but without a vote.)

II. **Reports of Officers, Boards, Standing Committees.**
(This includes correspondence, treasurer's report, etc. Treasure's report is never adopted or voted upon unless it has been audited.)

III. **Reports of Special Committees.**
(Each report could conclude with a motion which the assembly must address.)

IV. **Special Orders.**
(Any motion which was adopted as a Special Order which guarantees that the motion will be dealt with before the meeting is adjourned.)

V. **Unfinished Business and General Orders.**
(Any issue which was not concluded, was postponed, or was tabled during the prior meeting. The secretary's minutes should inform the chair which items to add to this section. Only a clueless chair would ask the assembly, 'Is there any unfinished business?')

VI. **New Business.**
(This is when the chair and the parliamentarian can be surprised by the sequence of events. It is best to always anticipate issues the membership may present, or else be embarrassed by the complications.
It is at this time that announcements, educational programs, and speakers are introduced.)

VII. **Adjournment.**
(A motion to adjourn may be made at any time of the meeting. The assembly should never be forced to meet longer than it is willing to meet.)

Unfinished Business, Yes; Old Business, Never!

"Old Business" means that you are reconsidering matters already disposed of. "Unfinished Business" means that you are continuing with matters which are currently not completed. (RONR 10th ed. p.346)

Before the current agenda is put together, the secretary advises the chair of the matters which were not disposed of from the previous meeting. Also, the parliamentarian advises the chair which issues can be carried forward as "Unfinished Business". Therefore, the chair should never ask the members, "Is there any Unfinished Business." That question can be answered only by the secretary and the parliamentarian.

There are really only a few reasons why a matter may be considered in the "Unfinished Business and General Orders" portion of the **current** meeting's agenda.

Questions left pending at the previous meeting:

I. A question was being discussed and being dealt with when the **previous** meeting adjourned.
II. A question was listed on the **previous** meeting's agenda as part of the unfinished business, but was not reached, when the meeting adjourned.
III. A question had been postponed (made prior General Order) to the **previous** meeting, but was not reached, when the meeting adjourned.

Questions NOT left pending at the previous meeting:

IV. A question was postponed (made current General Order) to the **current** meeting.
V. Though not technically "Unfinished Business", any tabled matter may be taken from the table at this time as well.

Notice:

- Let us suppose that a group meets monthly.
- In March, **an issue is listed as "Unfinished Business"** for the first time.
- In March, the group adjourns without dealing with the issue.
- In April, the issue can be **taken up again as "Unfinished Business".**
- But, if in April the issue is not dealt with, **the issue dies!**
- Of course, in May the issue may be introduced again, but only as "New Business".

So, if you understand what can be considered under "Unfinished Business", you can protect your favorite issue from being ignored. On the other hand, you could manipulate the time of adjournment to defeat the opponent's favorite issue.

SURVIVAL TIPS ON
Robert's Rules of Order

Six Steps to Every Motion!

Every motion requires 6 steps (with some exceptions). The shoulds and shouldn'ts are as follows: (RONR 10th ed.p.31-54)

STEP 1. A member stands up, is recognized, and makes a motion;
Common Mistake: *Members do not stand up, do not wait to be recognized, and typically start to discuss their motion before completing STEP 2, STEP 3, and STEP 4 below!*

STEP 2. Another member seconds the motion;
Common Mistake: *The person seconding the motion dives into the merits of the motion.*

STEP 3. The presiding officer restates the motion to the assembly;
Common Mistake: *Motion is restated differently from the wording of the maker! Beware because the motion that is adopted is the one stated by the presiding officer, not the one stated by the maker of the original motion.*

STEP 4. The members debate the motion;
Common Mistake: *Debate gets out of control in temper, in duration, in relevance! Members talk at each other across the room rather than through the presiding officer.*

STEP 5. Presiding officer asks for the affirmative votes & then the negative votes;
Common Mistake: *The presiding officer states 'All in favor' and fails to tell the members what to do as a matter of voting (for example, 'say aye', 'stand up', 'raise your hand', etc.); or the negative vote is never requested or counted!*

STEP 6. The presiding officer announces the result of the voting; instructs the corresponding officer to take action; and introduces the next item of business.
Common Mistake: *Presiding officer fails to pronounce the result of the voting! No one is instructed to take action. Commonly, dead silence follows because the presiding officer is lost and stares at the assembly*

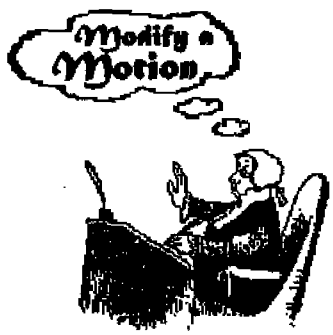
Five Ways to Modify a Motion

Motions are rarely perfect for everyone. Modifications are inevitable.



1. **Between the time that a motion is made and *before the chair states the motion*,** any member may informally offer modifying suggestions to the maker of the motion. The maker may accept or reject that member's recommendations.

2. **After the chair has stated the motion,** the maker of the motion may *request unanimous consent* from the members to modify the motion. Remember that at this time, the motion belongs to the assembly and not the original maker.

3. **By means of the subsidiary motion to *Amend*,** any member may propose changes to the motion, before the motion is voted upon. These proposed changes must be seconded and may be amended and/or debated.

4. **If a motion requires further study,** the members may vote to *Refer the Main Motion to a Committee.* When the committee returns the motion to the assembly, the committee normally **proposes** amendments for the assembly to vote upon.

5. **Sometimes the motion is so complex** that the only way to do it justice is for a member to urge its rejection and offer to propose a simpler version as a *Substitute Motion.* Upon defeat of the complex motion, anyone may propose the *Substitute Motion.*

Once a member learns which motions are out of order, how to make a motion, and how to amend a motion, the member becomes a productive member of the organization. Until then, the member is just another victim of the organization!

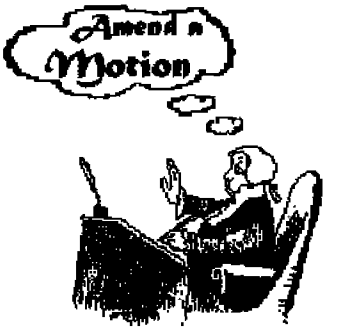
Three Ways to Amend a Motion

As a matter of survival, the most common motion a club member needs to know completely is the *Motion to Amend* a Pending Motion.



The difficult part is remembering that the more urgent motions can not be amended - *Adjourn, Question of Privilege, Orders of the Day, Lay on/Take from the Table, Previous Question, Point of Order, Appeal, Parliamentary Inquiry, Suspend the Rules, and Reconsider.*

During the Debate step of a Pending Motion, one may move to Amend the Pending Motion. All one needs to remember is that there are really **only 3 basic processes of amendments:**

Let's Amend this Sample Motion: "I move that we buy a new sign."

1. **You can Move to Amend by *Inserting* words or paragraphs.**
   I move to Amend by Inserting the phrase "not to exceed $50 dollars" at the end of the motion.
2. **You can Move to Amend by *Striking out* (not deleting) words or paragraphs.**
   I move to Amend by striking out the word "new".
3. **You can Move to Amend by *Striking out and Inserting* words or paragraphs.**
   One can even Amend by *Substituting* (Striking out and Inserting) entire paragraphs or the complete motion.
   I move to Amend by Striking out the word "sign" and Inserting the word "billboard".

You can also Amend the Amendment, before it is voted upon:
But you can only Amend the Inserted or Struck out **words**. You can not Amend a separate part of the Main Motion not covered by the Amendment that is currently being discussed!
After the current Amendment is voted upon, you can Amend the Motion again and Amend this new Amendment.

If you carefully review these 3 basic processes of amendments *(insert, strike out, and strike out/insert)*, you will agree that any other form is not an amendment. Proper usage of these 3 processes will reduce the chances of chaos and confusion that is common during discussion of motions and amendments.

When one understands the means to amend a motion, one will be able to calmly defend oneself from all tyrannical group leaders.

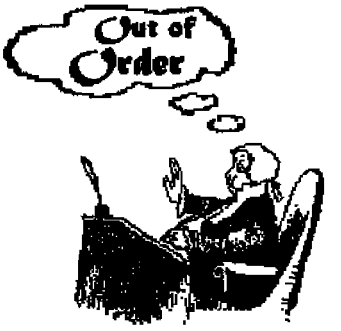
GLA 01866

Four Motions that are always Out of Order



A Main Motion reflects the will of the members of the organization! However, the following 4 motions are never in order, even if adopted by a unanimous vote:

1. Motions which **conflict with laws** (federal, state, or local), or with bylaws, constitution, or rules of the organization;

2. Motions which present something **already rejected** during the same session, or conflict with a motion already adopted. (See Robert's sections on *Rescind, Reconsider,* and *Amend Something Already Adopted*);

3. Motions which conflict with or present substantially the **same question** as one which has been temporarily disposed of (meaning, *Postponed, Laid on Table, Referred to Committee,* or *Being Reconsidered*);

4. Motions which propose actions **beyond the scope** of the organization's bylaws. (However, a 2/3 vote may allow this kind of motion).

But, what if the motion is in order, and you still do not agree with all or parts of it? You can always protect your interests by amending the motion!

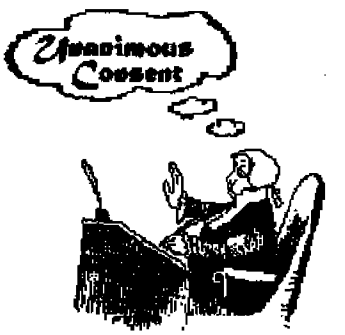
Unanimous Consent

"If there is no objection ...". These are the 5 most helpful words a chairperson will ever find.



In cases where there seems to be no opposition in routine business; or on questions of little importance; and in the presences of a quorum; you can save time by obtaining Unanimous Consent (General Consent) from the assembly. And then in one meeting, you as a chair can accomplish ten times the amount of work.

After all, parliamentary procedure is designed to protect the minority, and generally need not be strictly enforced when there is no minority (opposition) to protect. In these cases, a motion can be adopted without the Six Steps or even the formality of making a motion.

Any meeting can be ten times more productive if the chair will merely state, "If there is no objection, (we will adopt a motion to do such and such)." When no objection is heard, the chair states, "Since there is no objection, ... (such and such a motion is adopted)." If someone objects, the chair cheerfully proceeds with the traditional Six Steps.

Examples of situations which clearly beg for the Unanimous Consent approach are:

1. To correct or approve the minutes. You do not need a time wasteful motion for this.
2. To withdraw an own motion before the vote is taken. The maker may wish to withdraw his own motion; but the motion belongs to the assembly. Only the assembly may allow the withdrawal of a motion.
3. To suspend a rule on a matter clearly not controversial (and as long as no ByLaw is violated).
4. To allow a speaker a few more minutes than the prescribed time.
5. To allow a guest speaker to speak in an order contrary to the approved agenda (or Rules of Order).
6. To divide a complex motion into logical parts for discussion, amendments, and voting purposes.
7. To close polls on a voting process after inquiring if there are any more votes. No motion to close the polls is necessary.
8. To elect a lone nominee by acclamation.

In reality, as long as you have a quorum and do not violate a ByLaw, these 5 powerful words can allow a chair to quickly accomplish just about anything. These 5 words can shorten any meeting which is typically run by an egocentric, self-indulging, power meister.

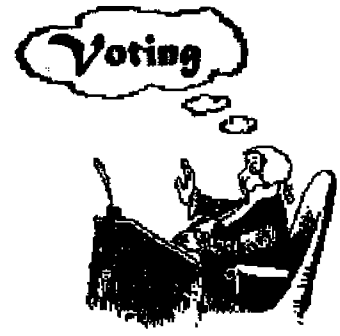
Counting Votes; Voting Results



Majority:

Does Robert mean
... the Majority of the entire membership?
... the Majority of the members present?
... the Majority of the Votes Cast?
How should you count the blank votes, the illegal votes, the abstentions?

The basic requirement for adoption of a motion by any assembly with a quorum is a **Majority Vote**, *except for certain motions as listed below*. A Majority is 'more than half' of the votes cast by persons legally entitled to vote, excluding blank votes and abstentions. **Majority does not mean 51%.** In a situation with 1000 votes, Majority = 501 votes; but 51% = 510 votes.

Let's see an example:

- The chair instructed the members, at a meeting with a quorum, to vote by writing **'Yes'** or **'No'** on a piece of paper.
- Of the members present, 100 were entitled to vote, but 15 did not cast a ballot. Of the 85 votes cast: 75 were legal; 10 were illegal (the members wrote **'Maybe'**); and 4 were turned in blank (abstained).
- The Majority is any number larger than one half of the total of ...
  (legal votes cast) - (blank votes cast) + (illegal votes cast).
- Of the 85 Votes Cast by members entitled to vote ...
  (75 were valid) - (4 were blank) + (10 were illegal) = 81 Votes Cast.
- One half of 81 Votes Cast is 40 1/2. Majority was 41 votes.

2/3 Vote:

Robert specifies which motion will require <u>at least a 2/3 vote for adoption</u>. Notice that it is not called a 2/3 majority. A 2/3 vote is generally not taken as a voice vote, but rather as a standing count, or some other easily countable fashion. Generally speaking, a 2/3 vote is required for adoption of any motion which ...

1. Suspends or modifies a rule of order already adopted;
2. Prevents the introduction of a question to consideration;
3. Closes, limits, or extends the limits of debate;
4. Closes nominations or the polls;
5. Takes away membership or office.

Counting Votes; Voting Results *(con't)*

Previous Notice:
There is a further requirement. As you can see from the following table, a **Previous Notice** is needed by some motions which require a 2/3 votes to adopt. A Previous Notice is an announcement of the intent to introduce the motion. A Previous Notice is typically given at least one meeting before the meeting when the proposal is to be introduced.

Votes Required to Adopt a Motion by a 2/3 Vote	
A Motion Not involving a By Law, the Constitution, or an issue listed as Special Order on the Agenda:	
With Previous Notice	Majority of votes cast
With NO Previous Notice	2/3 of votes cast; OR Majority of entire membership of the organization
A Motion Involving a By Law, the Constitution, or an issue listed as Special Order on the Agenda:	
With Previous Notice	2/3 of votes cast
With NO Previous Notice	Majority of entire membership of the organization

Study this chart carefully and you will agree that it makes a great deal of sense. It protects your interests.

2/3 Vote vs Majority Vote

The basic requirement for approval of an action is a majority vote. However, the following situations require a 2/3 STAND UP vote for approval. Notice that all of these motions rob the individual of his rights. As a compromise between the rights of the individual and the rights of the assembly, a 2/3 vote is necessary:

1. **Modify an Adopted Rule of Order or Agenda:**
   a. *Amend or Rescind the Constitutions, Bylaws, or Agenda;*
   b. *Amend or Rescind Something Already Adopted;*
   c. *Suspend the Orders of the Day;*
   d. *Refuse to Proceed to the Orders of the Day;*
   e. *Take up a Question Out of its Order.*

2. **Prevent the Introduction of a Question for Consideration:**

3. **Modify the Extend of Debate:**
   a. *Limit or Extend Limits of Debate;*
   b. *Call for the Previous Question.*

4. **Close Nominations:**

5. **Repeal an Assignment:**
   a. *Take Away Membership or Office;*
   b. *Discharge a Committee.*

6. **Make a Motion a Special Order:**

The presiding officer should take a rising vote in those motions where a 2/3 vote is required.

You can assure the victory of your ideas, once you are aware of the required amount of vote necessary for adoption of your motion.

Board of Directors Meeting Minutes

April 4, 2005

CONFIDENTIAL – DO NOT COPY

1. **Call to Order, Prayer**
   The meeting was called to order by James Kozlik at 6:45 p.m., at Golden Ratio Woodworks. Orlando gave the opening prayer.
   PRESENT: James Kozlik (President), Ronda Alexander (Vice-President), Janet Naclerio (Secretary), Joanna Snyder (Treasurer), Edward Anderson, Allysa Angelis Allen, Laura Boise, Edwin Johnson, Orlando Johnson, Charlotte Mizzi, David Tonkin and James Trisdale.
   ABSENT: All present.
   PROXIES: None.
   ALSO ATTENDING: Denise Orr (GLA Administrative Secretary)

2. **Reading and Disposition of the Minutes General Business**
   a. **March 7, 2005.** The Board started the process of reviewing the minutes.
   MOTION: David motioned and JT seconded to table the review of the March 7, 2005 meeting minutes until the May Board meeting. **Motion carried.**

   b. Update on approval of November 1, 2004 Minutes. Denise reported that current Board members who were present at that meeting will approve the minutes via e-mail prior to the May meeting.

3. **General Business**
   3.1 Old Business
   a. Nov. 13, 2004 Annual Meeting Minutes. Denise distributed the draft of the minutes and the Board agreed to review the minutes at the May meeting. (See "New Action Items" on last page for further information.)

   b. Update on status of list of all motions. Denise reported that Rudy stated he could set up a secure Board use only link that would access the work she has been compiling on meeting motions/information--sorted by committee subjects. He could do this for a fee of approximately $100 plus. He would show Denise how to transfer the information on to the site. The Board confirmed they would like to see this happen, but that the cost will need to be approved when the Budget is reviewed.

   3.2 New Business. None.

4. **Report of Officers and Committees**
   4.1 Treasurer's Report: Joanna Snyder, Treasurer
   Joanna distributed "Balance Sheet as of April 3, 2005" and "Income and Expense Budget Overview January 1 through April 3, 2005."

   4.1.1 Old Business. None.

4.1.2 New Business

a. Transition from resigned Treasurer to new Treasurer

Joanna reported that she has been working with Rudy, Cynthia, Denise and Ronda to clarify treasurer's procedures and the process is going well.

b. Status of Bookkeeper

Ronda met with Rudy to discuss his request for an hourly fee increase and to review/discuss his work for the GLA. Rudy stated that he was ready to let go of his GLA bookkeeping duties, but that he would be willing to retain maintenance of the database and website. Ronda reported to the Board that she had solid experience with Quick Books (the system Rudy currently has been using) and if the Board was interested, she would be willing to take on the bookkeeping duties for $15/hour. She reviewed that she has begun the process of updating the accounting system and codes, etc., and that this task needs to be completed. The Board discussed this matter.

MOTION: Joanna motioned and Laura seconded to approve hiring Ronda as the new GLA bookkeeper for $15 hour, beginning May 1, 2005. The Board agreed to re-visit the possibility of hiring a replacement bookkeeper for a lesser salary at the point when Ronda has completed updating the accounting system and codes. **Motion carried. (One abstention from Ronda.)**

c. Proposed Operating 2005 Budget

James distributed the "Proposed Budget 2005" which the Board reviewed and corrected. An extensive discussion included various approaches to balancing or reducing the budget. The possibility of establishing a reserve/capital expense fund was also discussed. Ronda confirmed that one of the Board's objectives was to avoid taking out a loan. All agreed that more information would be needed before further review and approval of a new budget could be made.

Preparation for Review of GLA's 2005 Budget

MOTION: Orlando motioned and David seconded that the Board will take the following steps of preparing and documenting budget information and then bring their findings to the May meeting for review:

(1) Board Officers and Committee Chairs should determine: (a) what his/her projected department/committee budget should be in 2005 and specifically what it will cover; (b) What a 15% deduction of that projected budget would be and the specific consequences of that deduction; and; (c) What a 30% deduction of that projected budget would be and the specific consequences of that deduction.

(2) Each Board member should bring in their ideas/proposals concerning ways in which his/her department/committee might increase the GLA's income, and;

(3) David will determine (from the bank) what the cost of a loan would be for the proposed 2005 Road Maintenance budget. Using this loan cost information, he will also determine the loan costs for a 15% and 30% deduction in the proposed road maintenance budget.

(Motion continued on next page)

File: MtgMins 04 04 05.doc
Draft(s): 04 07 05; 04 18 05 -FINAL
Approved: 05 02 05

The Boards' review of the above budget proposals should include consideration of whether or not it will need to take out a loan to cover the entire 2005 budget. Using the loan cost information acquired by David from the bank, the Board will be able to determine the cost of a loan to cover GLA's entire 2005 Budget and the cost of loans on that same budget reduced by 15% and by 30%. **Motion carried.**

4.2 Architecture Subcommittee Report: Allysa Angelis (Chair); Laura Boise

4.2.1 Old Business

a. **Status of Paul Rantallo's cargo units.** It was confirmed that Paul submitted an incomplete application in regard to the cargo units he has placed on his property. The Board agreed that Denise should write a letter to Rantallo on behalf of the Board that requests that he complete "Form A" and ask him to clarify his plans for the units and whether or not he is considering keeping them permanently. Form A should be enclosed and highlighted in areas that need to be filled out.

b. **Update on R. Zeman vs. Lot 33 (NG).** Ronda reported that the complaint was transferred to the Architectural Committee (Alyssa) to handle. Alyssa summarized the complex history concerning Lot 33 and Zeman's complaint. The Board discussed the issue at length.
MOTION: David motioned and Joanna seconded to send a letter to the owners of Lot 33 (SG) and a copy to Roger Zeman. The letter should state the following: (1) Before the GLA can review a subdivision application for Lot 33, all boundary disputes and encroachments must be resolved and this must be confirmed by the Park County Court; (2) When the later action is completed, a subdivision application must be submitted to the GLA for preliminary review and approval; and (3) The GLA's research has found there is no record of a Lot 33 subdivision within the County Records. **Motion carried.**

The Board agreed that it would not respond to the 2/8/05 letter from David Duke (joint tenant of lot 33) to Ronda and that the new letter (see directly above) would serve as a response.

4.2.2 New Business

a. Parcel 34-A (SG), Rodger & Linda Holmstrom/ House Construction Application
Alyssa reviewed the application with the Board.
MOTION: Alyssa motioned and Edwin seconded to approve Roger & Linda Holmstrom's building application on Parcel 34-A3 (SG) with the following conditions: (1) The necessary septic permit is obtained prior to septic system construction; and (2) Disturbed land is reseeded after construction. **Motion carried.**

b. Parcel 42-B (NG), Frank Maglio/ House Construction Application
Alyssa reviewed the application with the Board.
MOTION: Edwin motioned and Charlotte seconded to approve Frank Maglio's house construction on Parcel 42-B (NG) with the following conditions: (1) The necessary septic permit is obtained prior to septic system construction; (2) The necessary electrical permit is obtained prior to the start of electrical work; and (3) Disturbed land is reseeded after construction. **Motion carried.**

File: MtgMins 04 04 05.doc
Draft(s): 04 07 05; 04 18 05 -FINAL
Approved: 05 02 05

c. Status of written vote on: Lot 34-A (SG), Rodger Holmstrom/ Subdivision Application
Alyssa confirmed that the Board reviewed this application and voted to approve it on March 16, 2005 with the following conditions: (1) The necessary septic permit is obtained prior to septic system construction; (2) The necessary electrical permit is obtained prior to the start of electrical work; (3) Disturbed land is reseeded after construction; and (4) The $25 project application fee is received by the GLA. Documentation on the voting information was placed in Holmstrom's file.

d. Status of written vote on Lot 39(SG), David Smith/Subdivision Application
Alyssa confirmed that the Board reviewed this application and on March 22, 2005 voted to approve with the following conditions: (1) The necessary septic permit is obtained prior to septic system construction; (2) The necessary electrical permit is obtained prior to the start of electrical work; and (3) Disturbed land is reseeded after construction. Documentation on the voting information was placed in Smith's file.

e. William Smith Letter, dated 1/29/05
Smith responded to the 1/21/05 letter from the GLA. Alyssa and David confirmed that the GLA should send a letter of apology to Smith regarding an inaccurate statement in its letter.

4.3 Road & Weed Committee Report: James Trisdale (Chair)

4.3.1 Old Business

a. Johnston's gate related letters
Jim reported that Everett advised of his plans to attend the May Board meeting. Ronda and David will divide the various issues about which Johnston has written to the GLA (past and current) and split them into categories of current and past issues that need to be resolved or have been resolved. This information will be sent to Johnston and Board members prior to the May meeting in order to clarify issues that will be discussed at this meeting.

b. Install guard posts around High South fire fighting water tank
JT and David reported that the posts have been staked out, and that JT will install them when the ground thaws out.

c. Status of removing rock pile above culvert - Rantallo
Rockpile above culvert: Edward reported that Gerald Dubiel advised him of his plans to extend the culvert upstream, move the rock pile and place it around the new culvert. JT agreed to call Gerald and ask what his plans are and when this work will be completed.

Status of uncovering culvert: JT will also call Rantallo and confirm that the GLA did not receive his response to Alyssa's January 21, 2005 letter, and ask which of the two corrective actions in the January 21st letter he plans to take.

d. Road Maintenance/Improvement Report. Tabled.

File: MtgMins 04 04 05.doc
Draft(s): 04 07 05; 04 18 05 -FINAL
Approved: 05 02 05

e. Status: hiring/insurance Richard Mead. Joanna reported that she had talked to Richard about snowplowing and he was not available on the days required.

4.3.2 New Business

a. Peter Snow letter, dated 1/10/05, re: Safety Issues on Capricorn/Gemini (NG)
Board asked JT to handle. Denise will send a letter to JT for his review.

b. Warning sign on Gemini Rd/Caspari Way East
Ronda requested that the sign be removed based on the affect it is having on people who drive service vehicles and are refusing to travel up the road to her home. The Board discussed having a "Caution: No Guard Rail" sign to replace it. David explained that there is important history that the Board should review before making a decision on the sign. He will e-mail this history to the Board.

4.4 Complaint Committee Report: Ronda Alexander (Chair)

4.4.1 Old Business

a. Status report on attorney letter to Hansard. Ronda reported that if the GLA pursued filing an injunctive relief order on Hansard that it may cost the GLA several thousand dollars. The Board agreed that it will need to re-examine this issue.

b. Status of parcel 32 (NG) Ullrich. Tabled.

c. Update with attorney's response to Rakela full-petition request. Tabled.

d. Everett Johnston 11/10/04 letter; re: issues in his 10/1/04 letter. Tabled.

e. E. Schieffelin; re: excessive vehicles on 38-A (NG). Tabled.

4.4.2 New Business

a. Proposal: Complaint Procedure
Ronda distributed "Complaint Procedure Proposal" which will be discussed at the May meeting.

4.5 Land Use Master Plan Committee: Charlotte Mizzi (Chair), Laura Boise, Orlando Johnson, David Tonkin.

4.5.1 Old Business. None.

4.5.2 New Business. None.

4.6 Recreation Committee: Janet Naclerio (Chair), Laura Boise, Edwin Johnson, and Edward Anderson (alternate)

4.6.1 Old Business

a. Status Report on PVRC activities. (See "New Business" below.)

b. Status of P. Gelderloos' request for bank statements. GLA gave copies of its file statements to the PVRC Board and, in turn, they forwarded copies obtained in their files to GLA via Janet.

c. Status of setting up New Bank Account for GLA Recreation Committee. Jim reported that a new account will be set up to receive funds that the GLA may wish to use for recreational purposes in Glastonbury.

4.6.2 New Business

a. Status report on PVRC Phase I Special Committee results: **Tabled.**

b. Status report on PVRC Phase II Special Committee results. **Tabled.**

c. Status Report on PVRC activities.
Janet reported that the Committee has met but has not taken any mentionable actions because it is waiting to receive new guidelines and parameters from the GLA Board. (The Phase 1 & 2 Special Committees have not yet reported to the GLA Board concerning these guidelines.)

Montana Corporation Papers: Janet reported that the PVRC asked permission to enter the names of PVRC Board members into the Montana Corporation papers that will be submitted to the state. The GLA Board confirmed that it considered the current PVRC Board as an interim Board that will remain valid until Bylaws are established, and, therefore, it would be acceptable to submit the names of the interim Board members on these papers.

Survey: Janet distributed a draft of a survey that the PVRC would like to send to landowners and Paradise Valley residents. The Board discussed this survey and requested Janet to hold off sending the survey until a better clarity of the role played by the Paradise Valley residents in making these decisions was determined. Janet asked the Board to review the survey prior to the next meeting.

Walk-a-Thon Fundraiser: Janet asked the Board if it would approve a Walk-aThon in Glastonbury as a fundraiser for the PVRC. The Board discussed this with Janet and thought the activity would be acceptable. However, she was asked to submit a proposal for the Walk-a-Thon (including date, the route and who would participate, etc.) before giving its final approval.

Paradise Valley Recreation Center ("PVRC") Survey

We want your input! The PVRC is currently in the process of developing a master plan and would like everyone to contribute his or her thoughts.

First, we would like to thank all of you who volunteered last year and helped provide a great soccer field that was enjoyed tremendously by the players and spectators. We also would like to extend a warm thank you to everyone who had the vision to set aside these 20 acres and designate them as a recreational area. A special thanks to those who have donated towards the picket fence, provided their labor, equipment, materials, or other monetary or non-monetary donations.

We are pleased to inform you of last year's progress and the current status of your recreation park.

- One large and a small soccer field including irrigation are complete.
- A concession stand and two bathrooms are functional needing only some final touches; i.e., painting, light fixtures, etc.
- Lights are installed for evening activities.
- Mowing equipment, line equipment and maintenance equipment have been purchased. All are functioning well. We still owe money for some of this equipment.
- Fifteen acres are still waiting for a purpose…

The following survey is to determine what these fifteen acres will look like. Please take a few minutes to give us your suggestions.

1. Do you have any suggestions as to how to improve the existing facilities?

   Comments: _____

2. Do you have any fundraising suggestions?

   Comments: _____

   _____

3. Please prioritize your interests (1, 2, 3, etc.) for any of the following suggested recreational activities to be included in the remaining fifteen acres:

( )	skate boarding	( )	volleyball
( )	ice-skating	( )	baseball
( )	softball	( )	obstacle course
( )	basketball	( )	landscaped park area
( )	tennis	( )	picnic areas
( )	fine arts theater	( )	playground
( )	swimming pool	( )	wading pool
( )	multi-purpose building	( )	community garden

   Additional Suggestions: _____

4. Are you aware of the opportunity to have your name put on the fundraising picket fence?
   Yes _____ No _____
   If you are interested in obtaining additional information, please call Laura Boise at 333-4405 or, if is more convenient a PVRC representative will contact you.

5. **Are you interested in having a full-sized building equipped with indoor activities constructed if there was a monthly** membership fee? Yes _____ No _____

6. . Jobs currently needing volunteers. Please check if you are willing to help
   - ❑ Maintaining and improving fields (approximately 1-2 hours per week)
   - ❑ Fundraising organizer
   - ❑ Grant Writer
   - ❑ Sport coaches

7. Would you like to be sent a newsletter via E-mail concerning upcoming events and sports schedules?
   Yes _____ No _____

Your Name and Address: _____

Telephone Number: _____ **Email**: _____

Please mail your completed survey to: Janet Naclerio, P. O. Box 444, Emigrant, MT 59027.

Please send your tax-free donations to: Pam Burkhardt, Treasurer, P. O. Box 172, Emigrant, MT 59027

Thanks for your feedback.

COMPLAINT DISCUSSION ETIQUETTE

COMPLAINT DISCUSSION ETIQUETTE

Timing

- Determine whether or not this is the right time to confront the issue or even if it is worth addressing.
- Don't confront while emotions are highly charged; allow for a cooling down period.

Confidentiality

- Everything that takes place during the discussion will remain confidential.
- Do not bad-mouth each other before or after the discussion.

Appreciate the Differences in People

- Diversity in people creates diversity in solutions.
- Be open/willing to learn about other people's filters: culture, language, values, attitudes, etc.

Don't Use Judgmental Tactics

- *Blaming*: "You're the one who..."
- *Interpreting*: "You tried to manipulate and mislead..."
- *Labeling*: "You are arrogant, deceptive and devious..."
- *Exaggerating*: "Everyone thinks you..." "You always..."
- *Analyzing*: "If you weren't so concerned about making a profit..."
- *Moralizing*: "Clearly you are motivated only by greed..."
- *Interrogating*: "Why would you even think about doing...?"

Use "I" Statements . . . "You" statements create defensiveness

- "I see it this way..."
- "I think it might be..."
- "I need to know..."

Be Specific

- *Vague*: "I want you to be more considerate of my privacy." ➔ *Specific*: "I'd appreciate it if you would call before you come over."
- *Vague*: "You're dogs are always barking late at night." ➔ *Specific*: "Three times this last week your dogs were barking after 11:00PM."

Listen! Listen! Listen! to the Presenter

- Probe for facts to understand what is being said.
- Listen to understand the presenter's needs.
- Do not criticize the presenter.
- Do not interrupt (except to clarify).
- Do not express agreement or disagreement with the presenter.
- Do not present arguments until everyone has finished explaining their view of the situation.
- Avoid discussion of solutions until everyone has stated their view of the situation.

Focus on the Issue

- Be willing to listen to other people's points of view without defensiveness or judgment.
- Don't focus on who is right or wrong; your goal is to understand the issue from each person's perspective.

Glastonbury Landowner's Association

Complaint Procedure Proposal

THE SITUATION

1. **Unresolved complaints as far back as 2001**
   - 08-21-2001: Brettschneider vs. Hansard eyesore
   - 01-03-2003: Smith vs. Rakela eyesore
   - 05-13-2004: Johnston vs. Maniaci & Spallone subdivision doesn't meet density standards
   - 06-14-1004: GLA vs. Johnston gate
   - 06-24-2004: Johnston vs. Mobile Home doesn't meet standards
   - 06-24-2004: Lot #84 eyesore
   - 06-24-2004: Trailer at Hercules
   - 06-24-2004: $1,000 donation to Recreation Committee
   - 08-03-2004: Schieffelin vs. Johnson eyesore, car eyesores at gray house on Gemini
   - 10-02-2004: GLA vs. Ullrich eyesore
   - 10-21-2004: Zeman vs. Lot 33NG encroachment of covenants
   - 11-13-2004: Ulrich vs. Gelderloos dog barking

2. **Covenants highly subjective for nuisances and eyesores**
   - Covenant Section 5.05: "Nuisances and Eyesores shall not be allowed. It shall be in the Associations discretion and authority to determine what a nuisance or eyesore is and to require removal, correction or abatement by the Landowner upon the giving of reasonable notice as provided in Section 10.02. Specifically, the following condition shall not be allowed on parcels within the Community:
     a. Abandoned trailers, mobile homes and other structures, junk, (inoperative or unregistered) cars and equipment, scrap piles, brush piles, etc., in open view of platted roads and other parcels or land; and
     b. Noxious odors, excessive noise or vibration, nuisances or other annoyances which, in fact, are infringing upon another's quiet use and enjoyment of his land."

3. **Bylaws and Covenants are unclear as to when to enforce rights and sanctions:**
   - Bylaw Article XI B. Enforcement Rights and Sanctions: "The Association shall not be obligated to take action to enforce any provision of the Covenants, Bylaws, Rules or Regulations...in any case in which the Board reasonably determines may be unenforceable. Any such determination shall not be construed as a waiver of the right to enforce such provision under other circumstances..."
   - Covenant 10.02 Enforce of Covenants: "In the event of the violation of these covenants, the Association or any Landowner may enforce these covenants through proceedings at law and/or in equity against one or more other landowners, including the seeking of damages and/or injunctive relief...the Association may, but is not obligated to, take by notifying the Landowner(s) against whom the complaint is made of the alleged violation, initiating its own legal proceedings and/or submitting the complaint to binding arbitration..."

4. **GLA Board not trained to deal with difficult issues between landowners**
   - Board consists of volunteers that may or may not have formal training in handling landowner disputes which require the extensive use of negotiation skills, conflict resolution skills and mediation concepts and techniques.

WHY IS IT IMPORTANT TO RESOLVE?

1. **People and money resources to resolve complaints compete with higher priorities**
   - Covenant 11.05 Accounting, Allocation and Use of Funds: "Maintenance and repair of roads and snowplowing shall be the first priority for use of annual assessment funds."
   - Not enough funds available for road grading, snow plowing and weed control in 2004 budget

2. **Litigation to resolve complaints costly**
   - Attorney: $185.00 per hour
   - Injunctive Relief: generally a minimum of $1,000.00 for an uncontested case; could be several thousand dollars for a contested case
   - Lien Filing: approximately $50.00

3. **Landowners threatening to sue the GLA Board for not enforcing Covenants;**
   - Covenant 10.2 Enforcement of Covenants: "...the Association shall not be liable to any person or entity for any actions taken or not taken pursuant to the provision in this section, and all Landowners shall be deemed to have waived any and all rights to or claims for damages for any loss or injury resulting from any action taken or not taken under the terms and conditions of this section."

4. **The GLA Board is perceived by many landowners as not responsive when dealing with complaints**
   - Unresolved complaints date back to 2001 (see #1 under "The Situation")

TYPES OF COMPLAINTS

1. **Nuisances and Eyesores**
   - Difficult to resolve because the nuisance or eyesore is in the eye of the beholder

2. **Architectural/Land Use Encroachments**
   1. More readily resolved because the Covenants and Standards clearly spell out what is acceptable

COMPLAINT COMMITTEE VISION/MISSION

VISION

Promote the peaceful and harmonious resolution of conflicts between landowners. Instill cooperation, mutual respect and accountability by placing the responsibility for the actual resolution of the complaint on the landowners.

MISSION

Provide tools and resources that help landowners address alleged violations of the Covenants and Standards with other landowners. Share the responsibility of resolving complaints by providing trained community mediators who can help the landowners work toward jointly constructed agreements that address the needs of both parties. Provide a space where tolerance for differences in lifestyles can co-exist with the community's Master Plan, Covenants and Standards.

RECOMMENDATIONS

Architectural/Land Use Encroachments

1. Handled by the GLA Board
2. Complaint Committee Chairperson documents receipt of complaint on Complaint Log
3. Complaint Committee chairperson determines if complaint pertains to another committee and hands over complaint to committee for action. For example:
    a. Johnston Gate Issue: pertains to usage of roads so it was transferred to the Roads & Weeds Committee
    b. Zeman vs. Lot 33NG: pertains to encroachments of architectural requirements and subdivision requirements so it was transferred to the Roads & Weeds Committee
    c. Wallace vs. PVRC: pertains to the concerns about how the PVRC is running so it was transferred to the Recreation Committee

Nuisances and Eyesores

1. Handled by the Glastonbury Neighborhoods
    a. Covenant 12.02 Districts: Each present or future Landowner within the Community shall be deemed to have waived any right to object to the formation of one or more local improvement or service districts which include such Landowner's land, and also to have waived any right to join in any action opposing the formation of such a district...However, no such districts including special zoning districts established by Landowner's petition, may be established without the written consent of the Association."
2. First, the Landowner would approach their neighbor and inform them about what they believe is an eyesore or nuisance and attempt to resolve the issue with their neighbor in an amicable way.
3. If the Landowner does not receive a satisfactory response or compliance within a reasonable period of time, they would then take the complaint to the neighborhood and request a neighborhood vote on the issue.
    a. If 2/3 of all landowners in the neighborhood agree it is an issue then the neighborhood would decide what action to take:
        - Landowners in the neighborhood could volunteer to resolve the issue at no cost to the neighborhood or Glastonbury Landowner's Association, or
        - Landowners in the neighborhood could assess a cost and time frame to resolve the issue and set up a Special Assessment to be administered by the GLA Board
            - Covenant 11.04 Special Assessments: "Special assessments that pertain to any limited areas or numbers of parcels or condominiums that are less than the entire Community of Glastonbury shall be payable only by the Landowners of the property to be affected."
        - GLA Board would hold the Special Assessment Fees in a separate account and pay expenses turned in from the neighborhood from that account
        - The neighborhood could set up a payment plan with the alleged violator to reimburse the neighborhood for the expenses incurred
            - The GLA Board would administer the collection and reimbursement of funds from the payment plan back to the neighborhood
            - The neighborhood could either decide to have the funds reallocated to each landowner or held in the Special Assessment account for future use for that neighborhood

Thoughts to consider;

Over the last 6 years our professional fees have gone from $2000.00 to almost $20,000.

Our legal council (over the last 6 years) has gone from $170 to $3200.00.

About $14,000 per year was dedicated to road grading from '99 through '02 (excluding the $64,000 spent in 2000 the year of the asphalt paving which accounted for much of the grading cost). In 2003 we spent only $6600.00 on road grading. In 2004 we spent $0.

As landowners we need to define our priorities and dedicate our budget accordingly.

(3)

Preliminary Architectural Fee Schedule

This fee schedule was created by keeping in mind some important factors. One of these is the impact that certain projects have on our roads, which has a direct influence on the costs to maintain them. The other factor is the time involved in processing various types of applications: as board members spend time on research, visiting build sites, phone calls, etc. these hours can easily become billable hours and cost money for the GLA.

In addition to these factors, we recommend that the Board take a flexible position regarding these fees and be willing to consider a fee reduction or waiver when circumstances warrant this.

As a starting point, we recommend that we continue to have a $25 processing fee for all applications. In some cases, we will also require the fully-refundable sanitation bond. This procedure is important to maintain due to the incentive it gives the landowner to clean-up after his construction, and to take the often over-looked step of asking for final approval when the project is complete.

Following is a breakdown of various types of projects and their recommended fees.

Description	Recommended Fee (beyond $25)	Sanitation Bond
1. House Construction	$100	$250
This type of project requires heavy use of our roads. Vehicle traffic from contractors and delivery trucks can be ongoing for several months. The project usually requires a full review of plans by the committee, a visit to the build site, phone calls to landowner to clarify or acquire needed information, etc.		
2. Well	$15	$100
This requires some heavy equipment on the roads, but only briefly.		
3. Driveway	$15	$100
Brief use of heavy equipment on roads.		
4. Septic	$15	$100
Brief use of heavy equipment on roads.		
5. Package for House, Well, Driveway, Septic	$125	$250
It is common for these activities to be part of the same project. There is some time savings for the committee to review the application so we pass on a savings of $20		
6. Additions & Structures under 200 s.f.	$0	$0
This category is for small buildings such as barns, sheds, garages, etc. They do not have much impact on our roads.		
7. Additions & Structures 200–800 s.f.	$25	$250
These are mid-size building projects and have some impact on our roads, but not a great amount.		
8. Additions & Structures over 800 s.f.	$50	$250

GLA 01901

These are more major building projects and could have a fair impact on our roads, but not as much as a house project.

9. Mobile Home	$50	$100

This type of project has a fairly low impact on our roads since the house is already constructed. It is important to make sure the site is cleaned up after installation.

10. Subdivision	$50	$100

This type of project usually has very little impact on our roads. Mostly requires committee review time to inspect site, acquire and review necessary maps/paperwork.

11. Road	$100	$100

Roads are usually built to serve multiple dwellings, or multiple lots in a subdivision, and require varying degrees of road use for heavy equipment such as a grader, excavator, backhoe and gravel trucks. There may also be a fair amount of committee time involved.

12. Commercial/Institutional/Other	$250–$500	$250

This type of project is given a range because it can become a very heavy use of our roads depending on the size of the construction and length of time to build. It also may require a fair amount of committee review time due to considerations for parking, impact on neighbors, etc.

13. Fence	$0	$0
14. Sign Permit	$0	$0

GLA 01902

15. Variance

Variances will be categorized as follows:

a) Minor Variance $0 $0

Requires no extra road usage, creates no conflict with neighbors.

b) Major Variance ± $150 $0

Varying degrees of research, possible letters being sent to neighboring landowners, neighborhood meetings, phone calls, follow-up letters.
The initial payment of $150 would include:

1 mailing ($35–$70)
1 neighborhood meeting ($80)
1 follow-up letter ($35–$70)

The fee will vary depending on which services are required to handle the situation. The board will recommend a plan of action to the landowner who will then review and approve the plan before the board takes action.

16. Expediting Fee for processing application $100

If approval is needed prior to the monthly board meeting, the applicant has the option to pay an extra fee to have the committee process the paperwork outside of the meeting for a more timely response. This type of request involves a fair amount of committee time and project management including multiple phone calls, scanning of documents for e-mailing purposes, assisting landowner with application if not complete, composing letter in order to present application to board via e-mail or by personal delivery of documents, etc.

Board of Directors Meeting Minutes

May 2, 2005

CONFIDENTIAL – DO NOT COPY

1. Call to Order, Prayer

The meeting was called to order by James Kozlik at 6:55 p.m., at Golden Ratio Woodworks. Edward gave the opening prayer.
PRESENT: James Kozlik (President), Ronda Alexander (Vice-President), Janet Naclerio (Secretary), Edward Anderson, Allysa Angelis Allen, Laura Boise, Edwin Johnson, Orlando Johnson, Charlotte Mizzi, David Tonkin, James Trisdale
ABSENT: Joanna Snyder (Treasurer)
PROXIES: Joanna to Ronda
ALSO ATTENDING: Denise Orr (GLA Administrative Secretary), Everett & Mary Johnston (Landowners) and Carl Anderson (Landowner).

Opening Comments: The following matters were discussed:
(1) Ronda announced that she was resigning as Chair of the Complaint Committee due to the demand of time required for complaints on her already demanding schedule. Her resignation is effective as of 5/2/05. She will be available to help the Committee on a limited basis.

(2) The Board discussed setting aside time at Board meetings for visiting landowners.
MOTION: Ronda motioned and Edwin seconded to set aside at each Board meeting up to one hour of time during which landowners can present issues to the Board. The time set aside could be either from 7-8 p.m. or 9-10 p.m.
AMMENDMENT: Edwin motioned and Ronda seconded to amend the above motion to include that the Board will receive comments from all landowners who come to a Board meeting at the beginning of the meeting. The total time set aside for the visiting landowners will be limited to a total of one hour and will allow each landowner to speak for fifteen minutes. Landowners planning to address the Board will be encouraged to come during that time period. If an exception arises, the Board will address it at the time it occurs. **Motion carried.**

2. Reading and Disposition of the Minutes General Business. Approved 5 2 05.

April 4, 2005: The Board agreed to approve the April 4, 2005 meeting minutes by unanimous consent.

March 7, 2005: The Board agreed to approve the March 7, 2005 meeting minutes by unanimous consent.

November 1, 2004 Minutes: The Board agreed to approve the November 1, 2004 meeting minutes by unanimous consent.

Nov. 13, 2004 Annual Meeting Minutes: The Board agreed to approve the November 13, 2004 meeting minutes by unanimous consent.

3 General Business

3.1 Old Business

Establish completion date for list of all motions on the website.
Denise commented that she felt the motion project could be completed by the July 11, 2005 Board meeting. She added that the Board still needs to approve the budget expense for adding this link (for Board use) on to our GLA website.

3.2 New Business.
The Board discussed Denise researching the possibility of holding Board meetings at the Episcopalian Church opposite the Emigrant Post Office.

4. Report of Officers and Committees

4.1 Treasurer's Report: Joanna Snyder, Treasurer. .

On behalf of Joanna, Ronda distributed the following documents, all of which were updated on 5/1/2005 and replace previously distributed bank transaction documents: "January 2005 Bank Transactions-Prepared Feb. 1, 2005," "February 2005 Bank Transactions-Prepared Mar 5, 2005," "March 2005 Bank Transactions-Prepared April 3, 2005" and April 2005 Bank Transactions-Prepared May 2, 2005."

Ronda also distributed "UnExplained Expenses, January 1 though April 29, 2005" and asked the Board to provide input (outside of meeting time) that might help explain the nature of the listed expenses.

4.1.1 Old Business. None.

4.1.2 New Business.

a. Status of Transition to new Bookkeeper.
Ronda reported the following:
(1) Rudy has transferred all bookkeeping files & duties to Ronda.
(2) Joanna plans to pay invoices on the 15th and 30th of each month. Therefore, invoices need to be delivered to Joanna prior to these dates.
(3) Ronda distributed "GLA Chart of Accounts, Accounting Codes: Content" which lists income and expense codes. She explained that the codes listed replace previous codes and are effective immediately. These codes should always be used when submitting invoices and requests for checks and petty cash. Ronda suggested that travel time for Roads and Weeds should be added. She requested that the Board review the new codes and contact her concerning suggestions for additional codes.
(4) Ronda distributed a new "Check Request" form (5 copies) and a new "Petty Cash Request" form (1 copy) to each Board member for their use. She explained that a check request form doesn't need to accompany an invoice as long as the invoice contains the information concerning codes and description, etc.
(5) Ronda has worked extensively to bring the Bookkeeper and Treasurer accounts into balance. She is developing a process to insure these accounts are always in balance.

b. Proposed 2005 Budget .
Ronda distributed: "2004 Budget vs.2005 Actual Expenses, January 1 through April 30, 2005"and "2004 Budget, 5/1/2005." She reviewed that the Board previously gave a temporary approval to use the 2004 budget as an interim budget for 2005 -- until a final budget was determined. The Board discussed various approaches to balancing the budget and prioritizing budget expenses. Each committee submitted bottom line budget requirements to Ronda.

c. Proposed Architectural Budget including revised Architectural Fee Schedule:
Alyssa distributed "Architectural Budget 2005" and "Preliminary Architectural Fee Schedule (Revised 5/1/05)

d. Proposed Roads & Weeds Budget - including cost study for truck/plow for NG and proper equipment for knocking down weeds. JT submitted a budget proposal for Roads & Weeds. David submitted a budget proposal: "Chip Sealing and Placing Gravel Along the Edge of the Paved Roads in NG and Upgrading Roads in High South, 5/2/2005."

Ronda proposed that the Board make an immediate decision to divert GLA funds to the roads.
MOTION: Edwin motioned and Ronda seconded to authorize a $10,000 budget for road grading. JT will identify priority roads to be graded and facilitate this work a.s.a.p. Motion carried.

e. Proposed Complaint Budget: ?

f. Proposed Master Plan Budget: Charlotte submitted a proposed budget amount .

g. Proposed Recreation Budget: Janet submitted a proposed budget amount.

h. Proposed Website Budget: Edward submitted a proposed budget amount.

i. Proposed Treasurer Budget: ?

J. **Proposed Admin. Secretary Salary Budget:** Denise submitted a proposed budget amount.

4.2 Architecture Subcommittee Report: Ronda Alexander & Alyssa Allen (Co-Chair), Laura Boise

4.2.1 Old Business

a. Status of Paul Rantallo cargo units. Tabled.
b. Mediation for Zeman vs. Lot 33. Tabled.

4.2.1 New Business

a. Status of Written Vote for Parcel 54-B (SG)/Kenneth & Mary Ann Case: Proposed Residential Construction. Alyssa reported that the Board voted on April 12, 2005 (via e-mail and by verbal communication) to approve the application with the condition that disturbed land be reseeded after construction.

b. Lot 36-C (SG)/Zolynski-Scharping: Garage/Shop Application
MOTION: Edwin motioned and Charlotte seconded to approve the Zolynski-Scharping: Garage/Shop application on Lot 36-C (SG). **Motion carried.**

c. Lot 7-D (NG)/Arlene Hoag: Mobile Home Placement Application
The Board discussed the application. Although the mobile home is over ten years old, the photograph reveals that it is very nice in appearance.
MOTION: Ronda motioned and Edward seconded to approve Arlene Hoag's application for mobile home placement for Lot 7-D on the condition that the land be reseeded after construction (NG). **Motion carried.**

d. Lot 58 (SG) Michael Rosa: Driveway and Well Construction

Alyssa explained that prospective buyer Rosa wants to put in a driveway so that a well can be dug. If water found, he will purchase the land; if there is no water, he won't buy it. David & Alyssa inspected the land.

MOTION: Alyssa motioned and David seconded to approve the driveway and well based on the following conditions: (1) The driveway be located at the currently marked location, up to 40 feet further south on Hercules, allowing the necessary 240-foot sight distance (2) A 10% grade on the driveway is not exceeded; (3) If the driveway becomes permanent, the sagebrush and juniper tree that would otherwise block the visibility of the driveway to oncoming traffic must be removed; (4) The GLA receives a notarized letter, signed by the current owner, Larry Azure, giving permission to Michael Rosa to have the driveway work done and the well dug; (4) The down sloop of the driveway must be reseeded after construction and; (5) The GLA receives the $250 bond. **Motion carried.** (1 abstention from Janet, who stepped away during application review).

e. Parcel 103 (SG)/George Heinz. (Bert Otis is former Parcel owner); Driveway & House Application

Alyssa and David visited the site and saw that the driveway was being built prior to GLA's reviewing this project application. There had been an easement allowing access to Parcel 103 through Parcel 101, which has now been terminated because a house had been built in the middle of this easement, making no longer viable as an access route. Alyssa learned after speaking to Bert Otis' wife, that they chose to sell the land (Parcel 103) only to someone who was willing to work out a solution which would not force the owners of Lot 101 to move their house. As a solution to providing access to Parcel 103, a new easement agreement was made between Bert Otis and Parcel 103 owners, William Casburn, Constance Beakley-Casburn and Rasa Terese Slavenas, This new easement agreement was reached prior to Bert Otis selling the parcel to Megan and George Heinz. Glastonbury currently has an easement which goes through Parcels 101 and 103 to access Mountain Sky Ranch. A portion of the new driveway being developed by Megan and George Heinz uses this undeveloped, 2-track, platted Glastonbury road; then the driveway veers off onto Parcel 101, using the new easement to do so. The Heinz's have acknowledged that Glastonbury has an easement going through their property, and that they respect that easement.

David reviewed that as long as the GLA has an easement through Parcels 101 and 103, it appears that the GLA is safe to use the new easement established between Parcels 101 and 103, which follows the new driveway loop, and then resumes its original course past the driveway. If our access route is to follow this new driveway, then Glastonbury would have to be included in this new easement agreement with Parcels 101 and 103.

MOTION: Edwin motioned and David seconded to inform Heinz that the GLA is in the process of reviewing the application for the new driveway and house on Parcel 103. The Board is inclined to approve the driveway if the following preliminary requirements are met:

(1) Any portion of the GLA road/easement that must be changed from the original pathway must be drawn up in a clear fashion for the GLA records;
(2) If the GLA is to use this new easement, it must be surveyed by a registered surveyor at Heinz' expense;
(3) All additional costs and expenses involved in this easement change must also be covered by Heinz. **Motion carried.** (6 in favor and 3 opposed.)

4.3 Road & Weed Committee Report

4.3.1 Old Business

a. Everett Johnston's gate related letters. Everett and Mary Johnston stated that their primary concern regarding the gate is for security purposes. They do not object to pedestrian traffic, but would like to prevent vehicle assess to the area beyond the gate by keeping the gate installed and closed at all times. There has been a history of people driving through the gate and partying in that area which creates the risk of fire, etc. If it appears that keeping the gate closed doesn't prevent this type of activity, the Johnstons will contact the Board for approval to lock it.

JT stated he was concerned that the gate would prevent landowners in the Hercules canyon from having a fire exit. Orlando expressed concern about the easement rights of neighbor, Pete Story. The Board discussed other aspects of the gate issue with the Johnstons and informed them that (1) The GLA would consult with our attorney about this matter; (2) A decision concerning the gate would be made by the June Board meeting, and: (3) The Johnstons would be contacted and informed about the Board's decision. The Johnstons agreed with this plan. In the meantime, all agreed that the gate would remain closed, but not locked.

MOTION: David motioned and Alyssa seconded that Jim Kozlik and Orlando will consult with our attorney concerning the gate. **Motion carried.**
Ronda requested that Jim and Orlando send the results of their meeting with our attorney to the Board via e-mail.

PROPOSED ADMINISTRATIVE SECRETARIAL BUDGET 2005

A) Proposed Secretary Salary Budget

1) 2005 $9,999.00 or $9,260.00

a) 16 hrs/wk or 64 hrs/month
64 hrs @ $13.00/hr = $832/mo
$832/month x 12 month= $9,999yr

-or-

b) 15 hrs/wk or 60 hrs/month
60 hrs @ 13.00/hr=$780
$780/month x 12 months = $9,360.00

2) 15% = $8,499.15 /yr (based on 1a)
($9,999 - 1,499.85)
13.62 hrs./wk or 54.48 hrs./ month
54.48 @ 13.00/hr = $708.24/month

3) 30% = $6,000.24/yr (based on 1b)
($9,999 – 2,999.70)
9.61 hrs/wk or 38.47 hrs/month
$500.11//month

B) Proposed Rental Fee for 20 Boxes = $20/month or $240/yr.(negotable)
20 boxes @ $1.00/box

C) Propose purchase of file cabinet for approx. $75 to reduce space of (approx 5 boxes)

D) Proposed Budget for Board Meeting Refreshments & Paper/Plastic Goods
Approximately $18/month x 12 months = $216.00/yr
Per Board Member: $25.92 per/year or $2.16 per/month
(I didn't include extra meetings because typically refreshments carry over into each meeting. (Total doesn't include annual meeting)

E) Proposed Budget for Office Supplies $600 - $1,200/year
Hard to determine as all petty cash sheets could not be located in Treasurer files and secretarial supplies are integrated w/other GLA supplies. Ongoing supplies amount to approx $50-$100 per month depending on projects (includes paper, copying, everyday postage, & printer cartridges). Mailings to landowners are not included in this budget.

? F) 117.00 – Independent contractors licence

PREVIOUS SECRETARIAL SALARY
MARCH 2002 – DECEMBER 2004

2002 $ 6,018 yearly income ($12/hr)
Mar - Jan

2003 $ 7,103 yearly income ($12/hr) or $592/month

2004: 8,810 ($12,00/hr) or $735/month
Average 15 ½ hrs/wk
Average 61.25 hrs./month @ $12.00/hr = $735/month

Preliminary Architectural Fee Schedule
(Revised 5/1/05)

This fee schedule was created by keeping in mind some important factors. One of these is the impact that certain projects have on our roads, which has a direct influence on the costs to maintain them. The other factor is the time involved in processing various types of applications: as board members spend time on research, visiting build sites, phone calls, etc. these hours can easily become billable hours and cost money for the GLA.

In addition to these factors, we recommend that the Board take a flexible position regarding these fees and be willing to consider a fee reduction or waiver when circumstances warrant this.

As a starting point, we recommend that we continue to have a $25 processing fee for all applications. In some cases, we will also require the fully-refundable sanitation bond. This procedure is important to maintain due to the incentive it gives the landowner to clean-up after his construction, and to take the often over-looked step of asking for final approval when the project is complete.

Following is a breakdown of various types of projects and their recommended fees.

Description	Recommended Fee (beyond $25)	Sanitation Bond
1. House Construction	$125	$250
This type of project requires heavy use of our roads. Vehicle traffic from contractors and delivery trucks can be ongoing for several months. The project usually requires a full review of plans by the committee, a visit to the build site, phone calls to landowner to clarify or acquire needed information, etc.		
2. Well	$25	$100
This requires some heavy equipment on the roads, but only briefly.		
3. Driveway	$25	$100
Brief use of heavy equipment on roads.		
4. Septic	$25	$100
Brief use of heavy equipment on roads.		
5. Package for House, Well, Driveway, Septic	$150	$250
It is common for these activities to be part of the same project. There is some time savings for the committee to review the application so we pass on a savings of $25		
6. Additions & Structures under 200 s.f.	$0	$0
This category is for small buildings such as barns, sheds, garages, etc. They do not have much impact on our roads.		
7. Additions & Structures 200–800 s.f.	$50	$250
These are mid-size building projects and have some impact on our roads, but not a great amount.		
8. Additions & Structures over 800 s.f.	$75	$250
These are more major building projects and could have a fair impact on our roads, but not as much as a house project.		

GLA 01925

9. Mobile Home	$75	$100
This type of project has a fairly low impact on our roads since the house is already constructed. It is important to make sure the site is cleaned up after installation.		
10. Subdivision	$75	$200
This type of project usually has very little impact on our roads. Mostly requires committee review time to inspect site, acquire and review necessary maps/paperwork.		
11. Road	$125	$100
Roads are usually built to serve multiple dwellings, or multiple lots in a subdivision, and require varying degrees of road use for heavy equipment such as a grader, excavator, backhoe and gravel trucks. There may also be a fair amount of committee time involved.		
12. Commercial/Institutional/Other	$250–$500	$250
This type of project is given a range because it can become a very heavy use of our roads depending on the size of the construction and length of time to build. It also may require a fair amount of committee review time due to considerations for parking, impact on neighbors, etc.		
13. Fence	$0	$0
14. Sign Permit	$0	$0

GLA 01926

15. Variance

Variances will be categorized as follows:

a) Minor Variance $0 $0

Requires no extra road usage, creates no conflict with neighbors.

b) Major Variance ± $150 $0

Varying degrees of research, possible letters being sent to neighboring landowners, neighborhood meetings, phone calls, follow-up letters.
The initial payment of $150 would include:

1 mailing ($35–$70)
1 neighborhood meeting ($80)
1 follow-up letter ($35–$70)

The fee will vary depending on which services are required to handle the situation. The board will recommend a plan of action to the landowner who will then review and approve the plan before the board takes action.

16. Expediting Fee for processing application $100

If approval is needed prior to the monthly board meeting, the applicant has the option to pay an extra fee to have the committee process the paperwork outside of the meeting for a more timely response. This type of request involves a fair amount of committee time and project management including multiple phone calls, scanning of documents for e-mailing purposes, assisting landowner with application if not complete, composing letter in order to present application to board via e-mail or by personal delivery of documents, etc.

17. Road Use Fee for businesses with employees $132/yr

One assessment for every four employees who use the roads to travel to/from work. Businesses can create heavy road use in addition to employees, delivery trucks (FEDEX & UPS) can be a daily occurrence.

Board of Directors Meeting Minutes

June 6, 2005

CONFIDENTIAL – DO NOT COPY

1. **Call to Order, Prayer**

The meeting was called to order by James Kozlik at 6:50 p.m., at Golden Ratio Woodworks. Alyssa gave the opening prayer.
PRESENT: James Kozlik (President), Ronda Alexander (Vice-President), Joanna Snyder (Treasurer), Edward Anderson, Allysa Angelis Allen, Laura Boise, Edwin Johnson, Orlando Johnson, Charlotte Mizzi, , James Trisdale
ABSENT: Janet Naclerio (Secretary), David Tonkin
PROXIES: Edwin Johnston to JT (after 9:55 p.m.)
ALSO ATTENDING: Denise Orr (GLA administrative secretary); Landowners: Denise Diehl, Neil Kremer, Clare Parker, Leo and Dorothy Keeler.

2. **Disposition of the Minutes**

May 2, 2005 Meeting Minutes
MOTION: Orlando motioned and Ronda seconded to approve the May 2, 2005 meeting minutes. **Motion carried** with one abstention from Laura who was not present at May 2 meeting

3 **General Business**

3.1 Old Business. None

3.2 New Business

a. New Site for GLA Board meetings

Denise reported that the church in Emigrant could not offer their facilities for Board meetings. Thomas More School offered the fireplace room on Wednesday evenings, but at least two Board members would not be available on Wednesdays. The Board agreed to continue using Golden Ratio cafeteria and asked Denise to investigate how the GR meeting space might be improved.

4. **Report of Officers and Committees**

4.1 Treasurer's Report: Joanna Snyder, Treasurer. .

4.1.1 Old Business

a. 2005 Budget/ Communication to Landowners
b. Unexplained Expenses Report

4.1.2 New Business.

Joanna Snyder Resignation: Joanna announced her resignation from the GLA Board effective at the conclusion of the June 6, 2005 meeting. Joanna explained that her family will be moving outside of Glastonbury.

Replacement of Treasurer

The Board discussed the need for the Treasurer position to be filled immediately. JT was the only Board member to volunteer for this position. .

MOTION: Ronda motioned and Laura seconded to elect JT to fill the position of GLA Treasurer. **Motion carried** with on abstention from JT.

Board Review of 2005 Proposed Budget & Approved Items

Ronda facilitated the 2005 budget discussion. She distributed updated "2005 Fixed vs. Variable Expenses" (dated 6/4/05) worksheets to the Board and used flipcharts based on the recommendations of the Budget Subcommittee (Alyssa, JK and JT w/Ronda) for the cutting of expenses and increase of income. Discussion included reminder that per the GLA Bylaws, receipts and expenditures for the previous year and a budget for the forthcoming year must be presented at the Annual Landowners Meeting each November. The Board agreed to approve the following for implementation in 2005: *(Approved items for implementation in 2006 will be listed on a separate addendum for Board members.).*

- **Formation of a Finance Committee:** A committee will be formed to determine a proposal for the 2006 budget. The 2006 budget will be presented at the GLA annual meeting in November 2005.

- **Approved Recommendations - to Increase 2005 Income**

  Architectural

  a) Fee Schedule presented by Alyssa Allen

  b) Policy that assessments must be up-to-date before the Board will give approval to a project application.

  Roads

  Knap Weed Refund: JT agreed to handle collection of GLA's refund from the County.

- **Approved Recommendations – 2005 Expenses**

  Roads (Alyssa and JT volunteered to research the following)

  a) No "track" equipment on platted roads without GLA Board approval

  b) Bill contractor for damaged roads with copy to appropriate landowner. If bill is not paid, put lien on landowner's property.

  Complaints

  a) Proposed 2005 budget for complaints was not included in budget proposals. Board agreed that complaints should be transferred to neighborhoods with support and resources from GLA. (Laura volunteered to compile a committee from the community to help with complaints.)

  b) Determine ombudsman fee to GLA for resources. (see above).

  Master Plan

  a) Fund completion of MP by donationation/fundraiser

  b) Volunteers from community to assist in Master Plan development

  c) Community volunteers to be advisors to GLA Board

- **Recommendations – Miscellaneous 2005**

Board Member Payments
Board payment cap after 12 Hours volunteer time: Ronda and JK will develop suggestions for a cap and present to Board for approval at next meeting: Hours exceeding budget must be approved by Board even if under cap.

Community Communication - Approved for 2005/2006
a) Landowners vote on what assessments will pay for and organize GLA accordingly
    - GLA Covenants state roads are priority
    - Show landowners what it costs for all vs partial services
    - Include suggestions re: how landowners can contribute to honoring Covenants
b) Look at possible separate needs of the communities pf North & South Glastonbury

- **Approval of 2005 Budget**
  MOTION: Ronda motioned and JT seconded to approve the proposed 2005 budget as listed on 2005 Budget Worksheet (6/4/2005) with amendments agreed upon and listed above. **Motion carried.**

a) Petitions Circulated by Denise Diehl in June 2005

Denise Diehl reported that a neighbor had posted a "For Sale" sign which stated that the neighbor's 20-acre property could be subdivided and condominiums and apartments built on the property. She is opposed to this type of development and stated that she remembered that the landowners attending the 2004 neighborhood meetings also opposed the construction of multi-unit dwellings. She distributed a description of two petitions that she had been circulating among landowners concerning this issue. She handed in xerox copies of signed petitions for GLA files. She intends to eventually contact all landowners with these petitions.

Petition 1 (56 signatures) states: "Because of the overwhelming consensus in the 2005 neighborhood meetings that the landowners in attendance did not want multi-unit dwellings built within Glastonbury, we the undersigned, petition the G.L.A. Board to pass a moratorium on the building of all multi-unit dwellings [condos, apartments, duplexes, triplexes, quadplexes] on G.S.A. land until such time as this action can be enforced by the power of the Land Use Master Plan. We request this moratorium be effective immediately."
The Board discussed the petition with Denise Diehl and Neil Kremer.
MOTION: Charlotte motioned and Joanna seconded that the GLA Board approve a moratorium on its approval of multi-family housing units until such time as this action can be enforced by the power of the Land Use Master Plan.
Discussion.
AMENDMENT: Revise the above motion by deleting "on its approval" and replacing it with "to deny approval" of multi family housing units.
AMENDED MOTION: Charlotte motioned and Joanna seconded that the GLA Board approve a moratorium which would deny approval of multi-unit dwellings until such time as this action can be enforced by the power of the Land Use Master Plan. **Motion carried.**

The Board agreed that the Park County Planning Commission should be informed of the above moratorium.

Petition 2 (49 signature) states:

"As landowners who empower the Board of Directors of the Glastonbury Landowners Association, we the undersigned are requesting that the G.L.A. Board pass a resolution before June 21, 2005 to:

Immediately include 2 representatives on the Land Use Master Plan Committee from each of the 2004 designated neighborhood groups and that these representative would be members of, and advisors to the current F.L.A. Land Use Master Plan Committee with the goal of 1) completing the LUMP document and 2) submitting it to a vote of the entire Association before August 1, 2005.

One person from each neighborhood would be appointed to call, or visit in person all homes or residents in their group. This person would ask for volunteers to serve on the LUMP Committee.

This issue has been delayed for over 6 ½ years. The Association members have not had any further opportunity for input or an update about the LUMP document since May, 2004.

It is past time to protect our interests in preserving the integrity of our community."

Discussion. Charlotte reviewed that the current Master Plan Committee was preparing a mailing to Landowners to ask for their feedback on the proposed changes to the Master Plan draft that are based on the neighborhood meeting results.

MOTION: Joanna motioned and Laura seconded that prior to the mailing of the proposed changes of the MP to the landowners (described by Charlotte above), the current Master Plan Committee should meet with the representatives from the neighborhood meetings and with the GLA Board to receive feedback. **Motion carred** with two opposed and one abstention.

b) Parcel 32-A (NG)/Edward Anderson Subdivision Application of 20 acres into 8 lots.
The Board discussed the possible conflict of density standards and the need to verify required setbacks. Edward agreed to have a surveyor determine setbacks and stated he will be developing covenants for each of the 8 lots.
MOTION: JT motioned and Alyssa seconded to approve Edward Anderson's Parcel 32-A (NG) subdivision application on the condition that the setbacks for the septic, drain field and wells meet GLA standards. **Motion carried** with 2 objections and one abstention.

Board of Directors Meeting Minutes

July 11, 2005

CONFIDENTIAL – DO NOT COPY

1. Call to Order, Prayer

The meeting was called to order by James Kozlik at 7:10 p.m., at Golden Ratio Woodworks. Alyssa gave the opening prayer.

PRESENT: James Kozlik (President), James Trisdale (Vice-President), Janet Naclerio (Secretary), Ronda Alexander (Treasurer), Edward Anderson, Allysa Angelis Allen, Laura Boise, Edwin Johnson and Joanna Snyder.

ABSENT: Orlando Johnson, Charlotte Mizzi and David Tonkin.

PROXIES:

ALSO ATTENDING: Denise Orr (GLA administrative secretary); Landowners: Roger Zeman, Neil Kremer, Denise Diehl and Jeanne Campbell (Ombudsman).

a. Opening Comments

• Flipchart Motions & Actions

The Board agreed that the flipchart will not be used for recording motions, but will be used to note priority agenda items and/or to help illustrate agenda issues when necessary.

2. Reading and Disposition of the Minutes General Business.

a. May 16, 2005

The Board agreed to approve the May 16, 2005 minutes with amendments.

b. June 6, 2005

The Board agreed to approve the June 6, 2005 minutes with amendments.

3. General Business

3.1 Old Business

a. Complete list of all motions for the website. Tabled.

b. New Site for GLA Board meetings. A new site has not been found.

3.2 New Business

a. General Liability Insurance Status

JT and Denise reported that we have communicated with Western States Insurance by phone and letter to explain that the SG fire pond is not used for fishing, swimming or any other purpose other than a water reserve for a potential fire and that there are 7 "No fishing/No Swimming".signs posted around it. The Board discussed that new insurance policy, received from Western States on July 8; did not mention the fire pond and it offered an option for terrorism coverage.

MOTION: Ronda motioned and JT seconded that the GLA take the following actions concerning the new insurance policy offered by Western States Insurance: (1) Decline option for terrorist insurance; (2) JT to ask WST if our fire pond is included in the current policy renewal, and; (3) If the pond is covered in the new insurance policy, the GLA will renew the policy. Motion carried with one opposed.

b. Vice-President, Treasurer and Check Signer Positions

Election of New GLA Board Vice-President and Treasurer
Ronda reviewed that during the June 6, 2005 GLA Board meeting, JT had volunteered to take on the role of Treasurer due to Joanna Snyder's resignation as Treasurer. In the weeks following that meeting, the Board discussed that it would be more practical for JT to take on the Vice-President position and Ronda to take on the Treasurer position. The GLA Board voted via e-mail on July 3, 2005 to elect JT as Vice-President and Ronda as Treasurer.
MOTION: James Kozlik motioned and Alyssa seconded to approve James Trisdale (JT) as Vice- President and Ronda Alexander as Treasurer of the GLA Board of Directors. **Motion carried with one abstention on July 3, 2005.**

Approval of New Check Signers
The Board discussed updating its approval of the GLA Board co-signers on the GLA checking account.
MOTION: Edwin Johnson motioned and Alyssa Angelis seconded to approve the following GLA Board members to co-sign checks on the GLA checking account: James Kozlik (President), James Trisdale (Vice-President), Janet Naclerio (Secretary) and Ronda Alexander (Treasurer). Previous co-signers who are not newly approved are no longer authorized to sign our checks. **Motion carried.**

c. Addressing Issues Between Board Meetings

d. Joanna Snyder's return to the GLA Board
Joanna Snyder reported that she will remain a Board member, but her resignation as Treasurer still stands.

4. Report of Officers and Committees

4.1 Treasurer's Report: Ronda Alexander, Treasurer. .

Ronda distributed copies of the following: "Annual Budget Variance Report, January through December 2005," "Unexplained Expenses Report, January through December 2005." (later should be corrected to "April" instead of "December"), "June 2005 Bank Transactions, " "May 2005 Bank Transactions."

4.2 Architecture Subcommittee Report: Alyssa Allen (Chair), Laura Boise

4.2.1 Old Business

a. Implementation of Architectural Fees Schedule and Project Application Forms.
Alyssa explained that she updated the project application materials and created documents to assist Landowners to understand the fee schedules and details of the project application process. These documents are effective immediately and are posted on our website. Alyssa distributed copies of these to the Board to review, namely:
(1) Instructions Project Review Application Forms
(2) Choosing the Appropriate Forms for your Project Application
(3) Project Impact Fee Schedule
(4) Implementation of New Project Fee (letter to Landowners)
(5) Project Review Application Cover Sheet and Forms A – F (Form F, Request for Final Project Approval/Refund, is newly created.)
Alyssa asked the Board to review these documents and contact her if changes are suggested.

b. Status of Paul Rantallo cargo units. Tabled.

c. Status of Parcel 103 (SG) – Megan & George Heinz
The Board discussed in detail the issue of the driveway and the May 2, 2005 motion that indicated the Board's inclination to approve the house construction/driveway project if certain requirements were met. Alyssa had reservations concerning these requirements and the Board agreed to not send the requirements for approval at this point, but instead to have JT, Alyssa, and James Kozlik visit the Heinz' property to further study the situation. Areas of concern that came up were how Glastonbury residents could continue using the existing easement and how the new easement might impact fire truck access to Mountain Sky Guest Ranch, the adjoining property.

d. Status of Approval of Parcel 32A (NG) – Edward Anderson subdivision
Edward reported that he submitted a plat map as requested by the Board showing setback requirements were being met for wells and septic systems. The Board discussed the application and agreed to uphold its June 6, 2005 approval of the subdivision.

4.2.2 New Business

a. Landowner Petition for Density Standards

(1) Neil Kremer reported that his purpose for coming to the meeting was to request, on behalf of the Landowners, that the GLA Board immediately reconsider the current density standards, dated February 2, 2004, and change them to reflect the standards voted on in the neighborhood meetings in May 2004. He discussed with the Board the issue of concern amongst Glastonbury Landowners that the February 2, 2004 standards did not reflect the desires of the Landowners. Included in that concern was the 1-½ year delay in incorporating the feedback of the Landowners from the May 2004 Neighborhood Meetings into the GLA density standards.

(2) Neil submitted a petition with 58 signatures from North and South Glastonbury as well as revised Density Standards which states:

"We the undersigned Landowners of Glastonbury Petition the GLA Board to adopt and comply with the Subdivision Density Standards that the Landowners overwhelmingly voted for at the May 2004 GLA Neighborhood Meetings (see attached chart for Standards), and to approve no further development and subdivision proposals that do not adhere to and comply with these density standards and minimum acre requirements. This is to be effective immediately, and until such time as these subdivision standards can be voted upon and included in the Land Use Master Plan."

(3) The Board asked Neil to comment on the outcome of the meeting between representatives of neighborhood meetings and the Master Plan Committee Board as voted upon by the Board at the June 6, 2005 meeting. [See the June 6, 2005 Meeting Minutes, Section 4.2.2 (a) Petitions Circulated by Denise Diehl]. Neil reported that he left several voice messages with the Master Plan Committee Chairperson and had not received any responses as of July 11, 2005.

(4) Neil shared that there was some confusion about the vote on density standards in North Glastonbury neighborhood #1, as some of the landowners expressed that the results did not reflect what the landowners thought they voted on. Ronda Alexander supported what Neil said by stating that she observed disagreement between some of the landowners and leader and that the meeting ended without resolution of those disagreements.

(5) The Board reviewed and inserted revisions to the Subdivision Density Chart which are indicated **in bold** in the motion below. The Board inserted additional information, **also noted in bold**, into the blank columns within the chart.

MOTION: Joanna Snyder motioned and Ronda Alexander seconded to adopt and comply with the Subdivision Density Standards that the Landowners voted for at the May 2004 GLA Neighborhood Meetings as contained in the chart for Subdivision Density Standards that was revised by the Board at the July 11, 2005 meeting. These revisions are bolded in the following chart:

Location	Av. Acreage	Min. Acres	How many divisions on a 20 acre parcel
Lower N	2.85 to **4.0**	2.0 to **4.0**	7 to **5**
Lower S	2,85 to **4.0**	2.0 to **4.0**	7 to **5**
Lower Hilly N	3.3 to **4.0**	2.0 to **4.0**	6 to **5**
Lower Hilly S	3.3 to **4.0**	2.0 to **4.0**	6 to **5**
Upper Hilly S	**5**	4.0 to **5.0**	**4**
Upper Hilly N	**5**	**4.0**	**4**

MOTION, cont.
No further development and subdivision proposals will be approved by the GLA Board that do not adhere to and comply with these density standards and minimum acre requirements. This is to be effective immediately, and until such time as these subdivision standards can be voted upon by the Landowners and included in the Land Use Master Plan. **Motion carried with 2 abstentions.**

Procedure for Review of Variance Applications
Denise Diehl (landowner) asked the Board to allow the neighborhoods to be informed and given a voice when a landowner requests a variance to the density standards. This was also suggested at some of the 2004 Neighborhood meetings.
MOTION: Joanna Snyder motioned and Laura Boise seconded to approve that when the GLA Board receives an application for an architectural variance from a specific neighborhood (as designated during the 2004 Neighborhood meetings), the GLA Board will invite them to participate in the review of the variance application at the Board meeting. The variance application fee will cover the expense of processing the announcement concerning the variance review. **Motion carried with two abstentions.**

b. Parcel 5-C (NG) – Dan & Valerie O'Connell New Home Construction
Alyssa presented the O'Connell's application and reported that the project meets GLA standards.
MOTION: Laura motioned and Ronda seconded to approve the O'Connell's home construction project on Parcel 5-C (NG) on the condition that the land is reseeded after construction. **Motion carried.**

c. Parcel 58 (SG) – Mike Rosa New Home Construction & Well
Alyssa presented the application and discussed it with the Board.
MOTION: Edwin Johnson motioned and Joanna seconded to approve Mike Rosa's home construction and well on Parcel 58 (SG) with the following conditions: (1) Any disturbed land be reseeded after construction, (2) the electrical and septic system permits are obtained; (3) the two abandoned wells must be handled according to state regulations which require one of the following actions to prevent possible groundwater contamination: (a) the well casing be pulled and the hole be filled with bentonite; (b) the well casing be cut off 3 feet below grade and the hole be filled with bentonite. **Motion carried.**

d. Parcel 26-C (SG) – Randy & Jan Mosness New Home Construction
Alyssa reported that she and JT checked the driveway for site distance as it enters Aquila Lane, and in order to meet our requirements, a bank that obstructed the view has been shaved back under JT's guidance. The Mosness' are also asking for approval to live in their RV travel trailer on the property for one year during construction.
MOTION: Alyssa motioned and JT seconded to approve Randy and Jan Mosness' application for home construction on Parcel 26-C (SG) and their request to live in their trailer for one year during construction with the conditions: (1) Any disturbed land be reseeded after construction; and (2) They are current with their GLA dues. **Motion carried.**

e. Parcel 10-E (NG)/George Denton (proposed buyer; owner is Edwin Johnson). Proposed Subdivision

Alyssa discussed Denton's application with the Board. Edwin stated that Denton has not purchased this property and has not told him that he was interested in subdividing. The Board agreed that it was inappropriate to review the application at this time. Alyssa will contact Denton, inform him of our new density standards and ask him to re-submit the project application fee when he is ready to begin the process.

f. 7B-3 (N) – Kenneth & Debra DeGraaf Garage Application

Alyssa briefly discussed the application with the Board and it was agreed that she should handle it via e-mail due to the lateness of the application.

4.3 Road & Weed Committee Report

4.3.1 Old Business: Tabled.

a. Status of Dubiel redirecting culvert and repositioning rock pile for Rantallo culvert
b. Status of Rantallo uncovering culvert
c. Status of Sign on Caspari Way East

4.3.1 New Business.

a. Status of Fire Pond on Arcturus & Virgo.

Due to a shortage of remaining meeting time, Edwin and JT requested that a discussion on the option of replacing the SG fire pond with a water tank would be added a future agenda. (See below: 6a. Future Agenda Items)

b. Cost of Road Maintenance and Spraying

Ronda reported that the GLA received an invoice for $27,000 (which is over our original 2005 road budget) to cover the recent road maintenance and spraying in North & South Glastonbury. JT reported that he had initially explained to the road contractor that our budget was $10,000 and requested he submit invoices for NG work before beginning work in SG. Unfortunately, the contractor did not send the invoice until after the work in SG was completed. JT reported that the contractor was open to a payment plan. The Board discussed this bill and agreed that JT and Ronda should talk to the contractor and propose a payment plan for the balance owed beyond our budget.

Creation of a Contractors Agreement Form

The Board agreed that a contractors agreement form should be created to use with contractors in the future.

c. Status & Cost of Spraying in North Glastonbury. **Tabled.**
d. Peter Snow letter, dated 1/10/05, re: Safety Issues on Capricorn/Gemini (NG). **Tabled.**

IMPLEMENTATION OF NEW PROJECT IMPACT FEE

Dear Glastonbury Landowners,

We would like to share some important information regarding our new fee schedule that has been put into effect as of July 1, 2005.

You may have noticed over recent months that construction activity is on the increase in our community. With the lower interest rates and an increase in subdivisions, there is indeed more construction and development happening in Glastonbury than ever before.

This construction activity is having an impact on our roads. Heavy equipment such as excavators, gravel/concrete trucks, well-digging rigs, and an ongoing stream of contractors and delivery trucks, has increased the wear and tear on our roads significantly.

Our current budget is not sufficient to cover the additional costs of maintaining our roads. This is why the Board has chosen to implement a new plan for receiving revenue for projects and commercial activities that create more road wear. Rather than raising assessments to all landowners, we feel this step more fairly distributes the financial burden to those who are part of creating it.

In reviewing the new fee schedule, I would suggest keeping in mind that a building permit in the city of Livingston for a house valued at $100,000 would cost around $1,600, for starters! Even though our community is not as large as Livingston, we do provide an infrastructure of roads and utilities in an area that is rural; and without this infrastructure, development/construction costs would be much higher. In other words, it is of financial value to be able to build a home in a remote area without having to build a 2-mile-long road to get to it...not to mention the cost of running utility lines!

In the fee schedule, you will notice that there are different types of fees as follows:

1) a <u>non-refundable</u> application fee (this helps in the costs of copies of the applications and secretarial time to process them).

2) a <u>non-refundable</u> project or road usage impact fee (this is to help cover costs created by road usage for construction or commercial activities).

3) a <u>refundable</u> sanitation/reclamation bond (this is designed to give incentive to have your construction site cleaned up and reseeded).

These fees also cover the cost of the time required by the Board to review your project, as required by our covenants, ensuring it is within GLA and County requirements, which may prevent costly changes to your project.

We are also implementing a new fee for commercial businesses who have employees. The Board felt the most equitable plan was to simply charge one annual assessment for every 4 employees, which would be the equivalent to a typical family living in a residence and using our roads on a regular basis.

We greatly appreciate the cooperation we have had from all of you who have submitted project plans. Our goal is to serve all of you in the most expedient, supportive way possible.

Feel free to call me if you have any questions or points for the Board to consider.

Sincerely,

Alyssa Angelis
Project Review Sub-committee Chairperson

P.S. Due to the fact that things change from time to time, please check our website for the latest forms and instructions before submitting your project

Project Impact Fee Schedule
(Effective 7/1/05)

Description	Impact Fee	Sanitation Bond
1. House Construction	$250	$250
This type of project requires heavy use of our roads. Vehicle traffic from contractors and delivery trucks can be ongoing for several months. The project usually requires a full review of plans by the committee, a visit to the build site, phone calls to landowner to clarify or acquire needed information, etc.		
2. Additions & Structures under 200 s.f.	$0	$0
This category is for small buildings such as barns, sheds, garages, etc. They do not have much impact on our roads.		
3. Additions & Structures 200–800 s.f.	$100	$250
These are mid-size building projects and have some impact on our roads, but not a great amount.		
4. Additions & Structures over 800 s.f.	$200	$250
These are more major building projects and could have a fair impact on our roads, but not as much as a house project.		
5. Well	$75	$100
This requires some heavy equipment on the roads, but only briefly.		
6. Driveway	$75	$100
Brief use of heavy equipment on roads.		
7. Septic	$75	$100
Brief use of heavy equipment on roads.		
8. Package for House, Well, Driveway, Septic	$425	$250
It is common for these activities to be part of the same project. There is some time savings for the committee to review the application so we pass on a savings of $50		

GLA 01976

Description	Impact Fee	Sanitation Bond
9. Mobile Home	$100	$100
This type of project has a fairly low impact on our roads since the house is already constructed. It is important to make sure the site is cleaned up after installation.		
10. Subdivision	$150	$100
This type of project usually has very little impact on our roads. Mostly requires committee review time to inspect site, acquire and review necessary maps/paperwork.		
11. Road	$200	$100
Roads are usually built to serve multiple dwellings, or multiple lots in a subdivision, and require varying degrees of road use for heavy equipment such as a grader, excavator, backhoe and gravel trucks. There may also be a fair amount of committee time involved.		
12. Fence	$0	$0
13. Sign Permit	$25	$0
14. Commercial/Institutional/Other	$250–$500	$250
This type of project is given a range because it can become a very heavy use of our roads depending on the size of the construction and length of time to build. It also may require a fair amount of committee review time due to considerations for parking, impact on neighbors, etc.		

GLA 01977

Description	Impact Fee	Sanitation Bond

15. Variance

Variances will be categorized as follows:

a) Minor Variance $50 $0

Requires no extra road usage, creates no conflict with neighbors.

b) Major Variance ± $300 $0

Varying degrees of research, possible letters being sent to neighboring landowners, neighborhood meetings, phone calls, follow-up letters.
The initial payment of $150 would include:

1 mailing ($35–$70)
1 neighborhood meeting ($80)
1 follow-up letter ($35–$70)

The fee will vary depending on which services are required to handle the situation. The board will recommend a plan of action to the landowner who will then review and approve the plan before the board takes action.

---

16. Expediting Fee for processing application $100

If approval is needed prior to the monthly board meeting, the applicant has the option to pay an extra fee to have the committee process the paperwork outside of the meeting for a more timely response. This type of request involves a fair amount of committee time and project management including multiple phone calls, scanning of documents for e-mailing purposes, assisting landowner with application if not complete, composing letter in order to present application to board via e-mail or by personal delivery of documents, etc.

---

17. Road Use Fee for businesses with employees $132/yr

One assessment for every four employees who use the roads to travel to/from work. Businesses can create heavy road use in addition to employees, delivery trucks (FEDEX & UPS) can be a daily occurrence.

MOTION: JT motioned and Laura seconded to approve the four GLA Board officers (James Kozlik (President), James Trisdale (Vice-President), Janet Naclerio (Secretary) and Ronda Alexander (Treasurer) to have access to the GLA Savings Account and safe deposit box at Bank of the Rockies.
In addition, Denise Orr, administrative secretary, is approved to have access to the GLA safe deposit box. at the Bank of the Rockies. **Motion carried.**

c. Charlotte Mizzi's Issues with July 11, 2005 Board Meeting

1) Question of Legality of the July 11, 2005 Board Meeting

At the June 6, 2005 GLA Board Meeting, the Board agreed that the administrative secretary would use e-mail as primary communication with the GLA Board regarding Board meetings. Charlotte expressed that she believed the e-mail notification of the July 11, 2005 GLA Board Meeting and other past Board meetings would render the meetings illegal based on the fact that the Covenants do not include e-mail as a form of meeting notification. The Board discussed this matter.

David reviewed the importance of the GLA Board to abide by the Articles concerning the notification of meetings.
MOTION: David motioned and Joanna seconded that the GLA Board approve the notice of the July 11, 2005 meeting as an acceptable means of notification.
Motioned carried unanimously.

Discussion.
MOTION: Joanna motioned and Janet seconded to accept the method of e-mail notification of all Board meetings from December 2004 to the present as being legal notification of those meetings.
AMENDMENT: Charlotte motioned and David seconded to amend the above motion to read "to accept the method of e-mail notification of all Board meetings from December 2004 to the present *with the exception of the July 11, 2005 meeting* as being legal notification of those meetings."
Amendment failed. (5 in favor; 6 opposed.)
Motion carried. (8 in favor; 3 opposed.)

2) Proposal to Rescind GLA Board Vote on Density Standards at July 11, 2005 Meeting

Charlotte proposed that the Board rescind the GLA vote and go back to the original standards that were in place.

A lengthy discussion between Board and landowners included:

(a) Charlotte and David objected to the Board changing some of the density standards at the July Meeting. They stated that the changed standards did not represent all the landowners who voted for density standards at the neighborhood meetings last spring, specifically Neighborhood #1 in North Glastonbury.

(b) David expressed that an important reason for having lower minimum acreage lots was to represent people who can't afford larger acreage prices. He also proposed that there was a need to define how the GLA Board will handle variances.

(c) Craig Lannes expressed his complaints regarding actions of Edwin Johnson and told the Board it was their responsibility to represent all landowners.

(d) Several guest landowners reviewed their reasons for petitioning for changing the current density standards (reasons are included in July 11, 2005 meeting minutes, pages 3-9). Neil Kremer stated that the lack of response over the past 2 months from the Master Plan Committee to the landowners who were to meet with that Committee (agreed to at June 6 meeting) left the landowners feeling devalued. He reviewed that the intention of these landowners is to work together with the Master Plan Committee to do whatever is needed to facilitate the vote by the landowners on the Master Plan, including density standards.

(e) Philip Hoag reported that the original density standards were adopted because developers have been able to come up with loopholes to getting around less strict standards. He proposed that each neighborhood should come to a consensus concerning the standards for that individual neighborhood.

(e) Charlotte stated that she believes it will be too difficult to ever get a consensus on the standards. She recommended that the standards be taken out of the Master Plan and voted upon by each neighborhood, requiring a 51% vote to approve.

(f) As a response to some of Charlotte's comments, the Board clarified that there was no intention to discredit her integrity by changing the density standards for NG Area 1 Neighborhood Meeting and that this change was based on bringing the acreage of that area to a number that was average with other neighborhoods in the area. Based on its right to change GLA standards, the Board chose to temporarily change this number from 2.85 to 4 acres until the landowners submit their final vote.

(g) The Board and the landowners in attendance reviewed that the change made to NG Neighborhood #1 was a decision made by the Board and was not proposed by the

landowners who submitted the petition (signed by 60 Landowners) in July. The Board acknowledged that there were a couple of areas in the changed standards chart that needed corrections, based on typing or transcription errors and that these changes would be entered in the new density charts and appropriately noted in the July 11 and August 8 meeting minutes.

(h) Pamela May submitted a short memo to "suggest that landowners who own undivided parcels be informed of the Board's decision to adhere to the 2004 Neighborhood density standards." In the memo Pamela volunteered to assist with sending the letter.

MOTION: Charlotte motioned and David seconded to modify Board's vote of July 11, 2005, concerning changing the density standards, to include the exact results of the neighborhood meeting votes in spring 2004.
Discussion.
AMMENDED MOTION: Charlotte motioned and David seconded to modify the above motion to read as follows: "to modify the July 11, 2005 vote for changing the density standards" *only for the lower Neighborhood #1 NG to 2.85 minimum average and 2.00 minimum acres.*
Discussion.
Motion carried. (6 in favor, 2 opposed, and 3 abstained)

d. Unpaid Assessments on Sold Properties

5.2 Architecture Subcommittee Report: Allysa Allen (Chair), Laura Boise
Alyssa asked the Board to contact her with input as to how they would best like to be educated concerning architectural project applications.

5.2.1 Old Business

a. Status of Paul Rantallo cargo units. Tabled.

5.2.2 New Business

a. Parcel 32-A (SG)/ Pedro Pinardo Subdivision Variance Request
Alyssa reviewed and discussed Pedro's application with the Board. Prior to the meeting, Pedro had already provided board members with drawings for both a possible 6-lot subdivision and a 7-lot subdivision for their consideration. Since the 7-lot subdivision had an average lot size of 3.62 acres, being less than the current 4.0 average acres per lot standard, Pedro was requesting a variance. His application included a petition that was signed by neighbors who allegedly did not oppose his parcel being divided into 7 lots.
MOTION: David motioned and Joanna seconded to approve Pedro Pinardo's subdivision into 6 lots, as seen in the previous drawing, rather than 7. **Motion carried.** (1 opposing.)

b. Parcel 5-C (NG)/Daniel & Valerie O'Connell – Questionable Construction
Alyssa and Charlotte reported recent construction on Parcel 5-C (NG) that has occurred since the O'Connell's home construction application was approved on July 11, 2005. Charlotte reported that it appeared that there may be violations of State septic standards and GLA setback standards. In the past few days, the GLA received an updated map from the O'Connells that showed a new location for garage/guest house. The O'Connells noted on the map: "Changes due to W. Smith's suggestions to move back septic fields to original 1997 State permit approval. The garage/guest conversion consequently needed to be moved up hill from the new septic field local."

The Board agreed to the following:
1) Inform the O'Connells to stop construction until the architectural subcommittee receives and reviews further information and gets back to them.
2) The O'Connells need to submit to the Architectural subcommittee:
(a) Certification of where the septic system will be placed, and;
(b) New guest house and driveway plans
3) Charlotte will make a copy of state regulations for septic systems. She will call both William Smith and the State to determine the specific standards that need to be met by the O'Connells.

c. 7B-3 (NG) Kenneth & Debra DeGraaf-Garage Construction.
Alyssa reviewed and discussed the application with the Board which included the DeGraaf's request to waive the sanitation bond and impact fee.
The Board agreed to the following:

1) Approve the DeGraaf's garage application;
2) Deny the DeGraaf's request to waive the refundable sanitation bond, and;
3) Inform the DeGraafs that they will need to pay only $50 for the impact fee (this is half of the $100 impact fee).

d. Parcel 9 (NG)/ Dorothy Knudson/Robert Callan (Joint Owners) Subdivision Variance Application
Alyssa reviewed and discussed the application with the Board, and how the variance requested that the board allow the current shared well to be only 3-feet from the new boundary line created by the subdivision, since both parties were in agreement.
The Board agreed to the following:

The subdivision/variance is approved on the condition that any agreement between the two owners of the parcel regarding the well should be filed with Park County.

e. Parcel 32 (SG)/Mercedes Alonzo and Jose de Melcher
Alyssa reviewed and discussed the application with the Board.
The Board agreed to the following:

The application is approved based on the conditions:
1) The proper electrical and septic permits be obtained, and;
2) The land be reseeded after construction.

f. Parcel 75 (SG)/ Michael & Jeanne Campbell – Subdivision/Family Conveyance and Proposed Variance
Alyssa reviewed and discussed the application with the Board, including a written detailed explanation from the Campbells for the proposed variance regarding the lot size and reasoning behind the request for fee waivers. The Board was reminded that the GLA reviews all family conveyances as if they were subdivisions.)
The Board agreed to the following:

1) Approve the Campbell's application, including the request to subdivide the parcel into 2 lots, the smaller one being 1.6 acres instead of the standard minimum requirement of 10 acres.
2) The sanitation bond is waived since the division already exists
3) The impact fee is waived due to no impact
4) Parcel 75 will now defined as Tract 75-A and Tract 75-B and the GLA Treasurer should be informed of this change.

7-11-05 – Landowner's Petition (Neil Kremer)
* = Unanimous Vote
1 = Only 1 vote for different standard from unanimous majority (2.5 acre minimum, 7 tract maximum, 2.85 minimum average)
3 = rec'd a minority 3 votes

4-25-05 – 2004 Neighborhood Meeting Summary (Charlotte Mizzi)
-- = 2 regardless of size of parcel

1. For all parcels not in tenancy-in-common before May 28, 1998, a formal subdivision, prepared and approved in accordance with applicable regulations of the Community of Glastonbury, Park County and Montana Department of Environmental Quality, must be completed to increase original parcel residential density to more than two residences owned by the parcel owner.

The "minimum average acres per tract/lot" is the maximum average density of development for any given parcel as defined by COS 615A, 616A, 883, 981, 1173. Individual tracts in the subdivision of a parcel may be smaller, so long as the overall maximum density of the original parcel is maintained. No tract/lot can be less than one acre (except for a tract containing only one emergency fallout shelter).

2. Due to rugged terrain, and limited road access, the minimum tract size shall be 10 acres. Tenancies-in-common created before May 28, 1993 may be subdivided to a maximum number and size of tracts determined by the number and percentage of ownership interests of the tenancy-in-common. Immediate family members will be considered one interest. Further subdivisions above the Scorpio – Polaris intersection may not be allowed by Park County due to the narrow width of the Community roads.

GLA
Summary of Neighborhood Meetings

NORTH GLASTONBURY

Neighborhood Area 1 (Parcels: 1, 2, 5 through 12, 28 through 31):

1. Lower Plateau area: Min Ave lot size = 2.85 ac (This translates into max of 7 lots /20 acres
   Min Lot size = 2.0 ac

   (Note, the two parcels 28 and 29 in an area designated as Lower Hilly area were not distinguished separately.)

2. No triplexes or quadplexes allowed in the neighborhood.

3. Important Suggestions/comments:
   - Require notices of any variance requests to neighborhood landowners

Neighborhood Area 2 (Parcels: 22 through 27 and 41 through 55)

1. Lower plateau area: Min Ave. lot size = 4.0 ac (This translates into max. of 5 lots/20 acres)
   Min Lot size = 3.0 ac

   Lower hilly area: Min Ave. lot size = 4.0 ac (This translates into max. of 5 lots/20 acres)
   Min Lot size = 3.0 ac

2. Allow triplexes/quadplexes next to Village Center area – Not addressed

3. Important Suggestions/comments:

Density Standards

1. Lower Plateau Area
   A. 0 votes for current density standards:
      a. 2.85 - minimum average acres per tract/lot
      b. 2.0 - minimum acres per tract/lot
      c. 7.0 - maximum tracts/lots per 20 acres
      d. 30ft - maximum building height
      e. 25ft - front, sides and rear setbacks
   B. 11 votes for the following density standards:
      a. 4.0 - minimum average acres per tract/lot
      b. 4.0 - minimum acres per tract/lot
      c. 5.0 - maximum tracts/lots per 20 acres
      d. 30ft - maximum building height
      e. 25ft - front, sides and rear setbacks
   C. 1 vote for the following density standards:
      f. 2.85 - minimum average acres per tract/lot
      g. 2.5 - minimum acres per tract/lot
      h. 7.0 - maximum tracts/lots per 20 acres
      i. 30ft - maximum building height
      j. 25ft - front, sides and rear setbacks
2. Lower Hilly Area
   A. 0 votes for the current density standards:
      a. 2.85 - minimum average acres per tract/lot
      b. 2.0 - minimum acres per tract/lot
      a. 7.0 - maximum tracts/lots per 20 acres
      b. 30ft - maximum building height
      c. 25ft - front, sides and rear setbacks

Density Standards (con't)

B. 11 votes for the following density standards:
   a. 4.0 - minimum average acres per tract/lot
   b. 4.0 - minimum acres per tract/lot
   c. 5.0 - maximum tracts/lots per 20 acres
   d. 30ft - maximum building height
   e. 25ft - front, sides and rear setbacks

C. 1 vote for the following density standards:
   a. 2.85 - minimum average acres per tract/lot
   b. 2.5 - minimum acres per tract/lot
   c. 7.0 - maximum tracts/lots per 20 acres
   d. 30ft - maximum building height
   e. 25ft - front, sides and rear setbacks

3. Density Issues
   a. No three story buildings (all)
   b. Everyone agreed that we need to poll the rest of our neighbors to get their feedback on the density options listed above (all)
   c. Concern all properties in both North & South Glastonbury will eventually need 800ft wells in order to support current density standards as described in the GLA Subdivision Density Standards amended 2-2-04 (John)
      a. Based on information provided by William Smith at the February 21st community meeting
   d. Study on water usage and availability (Mary)
   e. Maintain rural characteristics (Mary)
   f. Cluster housing should be an option in Neighborhoods with 2.0 acreage per lot with the rest set aside for common use (Mary)
   g. Standards for building height and set-backs need to be discussed

Multiple Family Housing

1. Properties with absentee need an on-site manager (all)
2. Multiple family standards defined for existing properties to protect investment (Janet Sharpless, Ray)
3. If a single family home turns into a duplex in the future or a mother-in-law apartment it needs to be grandfathered in (Ray, Janet Sharpless)
4. When talking about multiple family properties are we really talking about rentals? (Jewel)
   a. Rental properties need to be tied to density standards (Vern)

Other Issues

1. Clarification on General Manager position (Hettie):
   a. job description; specific details of what they would be doing
   b. how necessary is the work?
2. Budget broken down into more details and specifics; no surprises (Hettie)
3. Study on roads: gravel or sealing (Mary)
4. Concern about speed increase and safety with additional paved roads (Mary)
5. Handout explaining fire safety awareness to community (Mary)
   a. Ombudsman position in place of general manager
6. Present information in "lay" language versus legalese (Mary)

Other Issues (con't)

7. The wording "in good standing" for payment of assessment fees and subsequent voting rights needs to include people who have worked out a payment plan (Mary)
   a. It is perceived that if assessment dues not current then one can't vote
   b. How many votes does this impact of the 51% required to pass an issue
8. Develop a neighborhood newsletter; one-two pages that includes neighborhood/community business, recipes, jokes, etc. ; Mary has volunteered to help write (Mary)
   a. Make it a community newsletter with neighborhood sections; free advertisement for community events; paid advertising for people to promote their business, which could subsidize cost of production (John, Ronda)
9. Cottage Industries – develop non-polluting industries with parking accommodations (Mary)
10. Will chip sealing the roads cause them to crack like they did on Highway 89 near Gardiner (Jewel)
11. Priority needs to be on chip sealing existing roads before paving new roads (Hettie)
12. What is the GLA's involvement and control over the foreclosure in process on parcel 48? (Fran & Vern)
13. Ensure there is a statement in the Master Plan/Covenants/Standards that states existing multiple-family homes are grandfathered in and do not need to meet new standards (Janet Sharpless)
14. Will voting be based on what is needed for each unique neighborhood or the community as a whole? (Jim)

Recommendations

1. Reserved Lands projected for Village Centers set aside for greenbelts and parks; no development (all)
2. Standards need to be determined for guest cottages and rentals; ie: square footage, location, attached to original dwelling; separate from original dwelling (All)
3. Clarification and definition of what encompasses Multi-Family Housing (All)
4. Develop criteria for multi-family housing outside of the proposed Village Centers
5. Institute neighborhood social events like a barbecue (Hettie)

North Glastonbury

Neighborhood #3 Meeting

Date: May 15, 2004

Attendees: John Alexander (66/N)
Ronda Alexander (66/N)
Eleanor Schieffelin (35E/N, 35B/N, 36A/N)
Jim Phipps (35C/N)
Charlene R. Hull (40-4/N)
Linda L. Ulrich (33E/N)
Edward Anderson (32A/N)
Richard Johnson (35A/N)
Patricia Carlson (37E/N)
Phillip Hoag (7/N)

Absentee Attendees: Henry Lee (64/N)
Sherry Stenberg (61B/N)

Agenda: Density Standards
Multiple Housing Requirements
Other Issues
Recommendations to GLA

Density Standards

1. Middle Hilly Area
   a. 10 votes for current density standards:
      - 4.0 - minimum average acres per tract/lot
      - 4.0 - minimum acres per tract/lot
      - 5.0 - maximum tracts/lots per 20 acres
      - 30ft - maximum building height
      - 25ft - front, sides and rear setbacks
   b. 1 vote for the following density standards:
      - 2.5 - minimum average acres per tract/lot
      - 2.0 - minimum acres per tract/lot
      - 2.0 - maximum tracts/lots per 5 acres
      - 30ft - maximum building height
      - 25ft - front, sides and rear setbacks
2. Upper Hilly Area
   a. 5 votes for the current density standards:
      - 5.0 - minimum average acres per tract/lot
      - 4.0 - minimum acres per tract/lot
      - 4.0 - maximum tracts/lots per 20 acres
      - 30ft - maximum building height
      - 25ft - front, sides and rear setbacks
   b. 5 votes for the following density standards:
      - 20.0 - minimum average acres per tract/lot
      - 20.0 - minimum acres per tract/lot
      - 1.0 - maximum tracts/lots per 20 acres
      - 30ft - maximum building height
      - 25ft - front, sides and rear setbacks

Density Standards (con't)

3. Density Issues
   a. Standards for building height and set-backs need to be discussed by all
      - Maximum building height should be adjusted to the landscape with minimal visual impact to neighbors (Jim)
   b. Ensure that all final density decisions need to be based on current water & road studies (all)
      - Phillip indicated that to do a study to determine the potential for water to be depleted would be very costly and difficult
      - RJ suggested that each person owning a well could determine their current table level and compare that to when their well was first drilled to get an idea of changes in water availability; John suggested that collecting well logs might be the first step
   c. Concern all properties in both North & South Glastonbury will eventually need 800ft wells in order to support current density standards as described in the GLA Subdivision Density Standards amended 2-2-04 (John, Ronda, RJ, Linda)
      - Based on information provided by William Smith at the February 21st community meeting
   d. Why are we even discussing density standards for the upper hilly area if Park County will not approve subdivisions in that area? (Ronda)
      - Based on Phillip's explanation that Park County does not approve subdivisions in areas where the road grade for access is more than 6%
      - Discussed that the "occasional sale" is a way to get around the subdivision issue because it bypasses the county's review process and requirements for driveway and road access (John)
      - Phillip clarified that the occasional sale is for close family members and applies only to 20 acre parcels
   e. Wants to split 5 acres into two 2.5 acres lots and build a house on each to leave as an inheritance for her two children; the 4.0 minimum acres per tract/lot is prohibitive; wants a minimum of 2.0 acres per tract/lot (Sherry)
   f. Wants to split usable 10 acres of 20 acre parcel into two lots and build a house on each to leave as an inheritance for his sons; agrees with the 4.0 minimum acres per tract/lot. (Henry)

Multiple Family Housing

1. Ensure that all final multiple family housing decisions need to be based on current water & road studies (all)
2. Cluster housing should be an option in Neighborhoods 1 & 2 (Eleanor, Edward, Ronda, Jim)
   a. Number of individual units should follow the density standards that are adopted by each neighborhood (Jim, Ronda)
3. Any multiple family housing projects need to be approved by the Neighborhood (not just the contiguous properties) as well as the GLA Architectural Committee (Linda, Eleanor, Ronda, John)
4. Duplexes, triplexes, quadplexes, condominiums and apartments
   a. No duplexes, triplexes, quadplexes, condominiums or apartments in Neighborhood 3 (John, Linda, Ronda)
   b. Duplexes ok; no triplexes, quadplexes, condominiums or apartments in Neighborhood 3 (RJ, Jim)
   c. Assess individual parcels in Neighborhoods 1,2 & 3 to determine viability of duplexes, triplexes, quadplexes, condominiums or apartments in adherence with County & GLA density requirements (Patricia, Eleanor, Edward)
   d. Everyone agreed that we need to poll the rest of our neighbors to get their feedback on this issue; Eleanor and Ronda volunteered to take on this task and report the results at the next neighborhood meeting (date to be determined)

Other Issues

1. Cottage Industries – develop clusters with proper zoning; use Spectec as the role model (Linda)
2. Village Centers – we need to have a contract with the Church on how the reserved land will be used for these centers before plans for the Village Centers can be included in the Master Plan (Ronda)
   a. For example: how do we make decisions about multiple family housing around the Village Centers when we don't even know if that land will be available to us? (Ronda)
   b. Need to protect our community from large developments as a result of the Church deciding to sell the Reserved Lands (Ronda)
3. Devote 20 acres to agricultural land (RJ)
4. Mineral Rights should be owned by the GLA and put into a trust that does not allow development (all)
5. Water Rights should also be owned by the community (all)
6. Water rights currently owned by the Church are not consistently being maintained by the Church and can be lost for non use; Fridley Creek is an example (John)

Recommendations

1. Upper Hilly area development is restricted by well capacity, well depth and road grade access (Charlene, Patricia, Linda, Eleanor, RJ, John, Ronda)
2. Seal Capricorn before paving Gemini or any other roads (Linda, John)
   a. Finish paying for current community needs before taking on new projects (John, Linda)
3. Move forward with process of gaining ownership of Mineral Rights (all)
4. Start the process of gaining Water Rights from the Church (all)
5. Clearly state in the Master Plan the Park County requirements versus GLA requirements for subdivisions and whether or not a parcel can be subdivided (Charlene, Ronda)
   a. For example: state in the Master Plan that subdivisions are not allowed in the Upper Hilly area because the county will not approve them (Ronda)
6. Assess individual parcels to determine density in accordance with County & GLA requirements; determine density requirements based on results of assessment (7 votes)
7. Include road access and water access on the GLA community maps (Linda)
8. Road Improvements – the following must be provided before decisions about road improvements can be determined:
   a. GLA needs to provide what the projected increase in association fees for each individual in each neighborhood to implement suggested road improvements (all)
   b. GLA needs to provide a breakdown of the various options for improving the roads with the associated costs (Ronda, Eleanor)
9. Create a process for each person owning a well in both North & South Glastonbury to determine their current table level and compare that to when their well was first drilled to get an idea of changes in water availability (RJ)
10. Include the statement in the Master Plan/Covenants/Standards that all density requirements will be based on current water and road access studies (all)

Main Purpose of Meeting: To discuss what type of density we want and whether we should depart from density standards set up 8 years ago. Do we want to keep the two basic density standards that for areas in High South? (Map 2-- (1) Alpine Forested Area: 10 acres minimum lot size and (2) Upper Hilly Area: 5 acres average minimum/minimum lot size is 4 acres.)

Voting Results on Map 2

Keep division for each parcel to 1 split maximum and 4 houses maximum
7 votes In Favor (From people in upper Hilly Area)

Split to – 1 split - 4 houses per 20 acre parcel.
12 In Favor

Grandfather in Parcel 88 that has already been split into 88B & 88A? as two parcels
Majority In Favor

Split each parcel only once
12 votes In Favor
4 votes Opposed

Keep a 10 acre minimum
12 votes In Favor
4 votes Opposed

Straw Vote: Change 10 acre minimum to a smaller number
8 votes In favor
8 votes Opposed

High South landowners want to be notified by GLA when a variance is applied for in neighborhood (Upper Hilly Area and Alpine Forested Area)
"Attendees voted" (Number of votes not recorded)

No subdivision except for a variance
4 In favor
11 Opposed

Remarks and Points of Discussion:

- Variances are allowed according to lay/structure of land-flat or mountainous
- Map 2 - Upper Alpine Area: Board does not know how to address a mortgage survey. Francis Owen has on her 33 acre parcel & there are several other mortgage surveys. If county approves subdivision & it doesn't fit in with the Covenants, it will be denied by the GLA Board.
- Concern: Depth of well much greater (cost much greater) if in high density area. John Alexander said his well went dry and had to re-dig it at $20,000 plus-around 680 feet.
- David Tonkin: Water can be tested to check age of water to see when water was originally deposited
- Discussion: County regulations vs. Community Covenants. Community Covenants usually more restrictive than the county's.
- Walter Wunsch: Most of the wells gone dry near river beds in study done in Pray years ago – concern about less water in water table around Mill Creek. Gold Miner Creek didn't go dry in summer because it is now spring fed.
- David Tonkin: County is concerned about canyon on Hercules Drive to Sagitarius Way because of fire threat following Gold Miner Creek.
- Andrew Field: County is not encouraging subdivision because of Fire & Road grade situations.
- David Tonkin: Board interested in seeing if people in High South agree with density standards. Current standard: On each 10 acres – you can have 1 house & 1 guest house that can be used as a rental, and/or duplex, but it must be owned by same person.
- John Alexander: One proposal to Board was guest house (sitting in for information-from North Glastonbury) was ½ size of the main house.
- David Tonkin: Feels 10 minimum should be changed to 7 acres. He bought property to do a cottage industry & rental unit.
- Jeanne Campbell (75-22 acres): Has been here 15 years; started as tenants in common. Want to subdivide. The 2nd house (now a rental) for 1 ½ acres for children-want to keep 20 acres; had a fire, able to stop before forest of trees.
- John Hunsaker (88-B): Moved 1 year ago (in canyon) would like to explore putting on a vacation home on property. Doesn't want any more than minimum development toward front & up along Sagitarrius Skyway.
- Everett Johnston (82 & 83): Wants minimum development.
- Carl Anderson (Lot 69) No intention of development & want minimum; doesn't want to see any development more than a split.
- Gritt ?(Lot 79, 40 acres) minimal development

- Andrew Field (Lot 99): Built in 96; Keep to cutting half of a 20 acres parcel. Feels roads have enough traffic now. What would it be lif if each parcel was filled up?

- Marion Watson (88-B): Have to go up Sagitarius Skyway to get to parcel.

- Kathleen Ramp: Submitted plans for developing in 10 acre parcels.

- Francis Owen: In favor of cottage industry & like open space.

- Walter Wunsch (Lots 71, 72) 50 acres. No plans to subdivide. Like tranquility & space. Currently 21 employees. Peak has been 26. Originally planned to have no more than 35 employees. Supports current density. Regina Wunsch stated if employees increase they will move their business to lower levels.

- Allysa & Richard Allen (Lot 74) Property feels like a vacation retreat and wants to keep it that way. Wants to maintain a minimum of two houses on a 10 acre parcel.

- David Tonkin: Discuss parcels 46, 47, 48, 49, 50, 43, 44, 45, 68, 69, 70, 58 in upper hilly area & are allowed to be divided into 5 acre parcels.

- Neil Kremer: Agrees that land from Hercules upward should be considered together.

- David Tonkin: GLA Board is considering paving certain sections of road and people who would benefit from paving that section would pay for it as an assessment per parcel.

- Discussed improving Hercules Drive:

(1) Improve though spraying
(2) Own a grader; problem is that it is too expensive
(3) Those who live off Hercules could be assessed for having Hercules graded according to need
(4) Board will not have S. Glastonbury pay for chip sealing of any roads in North Glastonbury

Density Votes	Minimum Acreage	Maximum Divisions
3	10	2
8	4	5
4	4	5
1	2	7

Multi-Family Votes In favor -5 Opposed - 10
(Only duplexes that look like single-family residences, unattached cabin or small existing home rental.)

Other Topics:

- Would like feedback on road/manager vote
- Would rather increase assessments to purchase Church reserved land
- Request "first refusal" rights to reserved land if Church sells it
- Road maintenance options besides paving-what is the status of these investigations
- Height requirements unchanged with variances possible
- Increase setbacks and consider view obstruction when reviewing building placement
- Investigate family conveyances
- Driveway variances – Vince
- Water shortage issues
- Master Plans survey sent with highlighted "line item' to consider
- Landowners parcel list made available to Community (attendees were directed to Park County G.I.S. web site)
- Voting Tenants in Common, land only, and land & home are treated differently re: #of votes
- 18% interest for unpaid assessments is excessive and should be the same for developers getting waiver
- Shelters-allowed to advertise on GLA website. At on e time shelters were required. New buyers in the area should be apprised of shelters and sign refusal if they don't want to participate to prevent rush for spaces at time of potential emergency or cataclysm
- Future neighborhood meetings with more time allotted. (Joanna informed them that fewer than 1/3 landowners attended $4000 cost per mailing
- Interest in waling, bicycling, equestrian paths
- Possible neighborhood maintenance of roads
- Investigate GLA purchasing a grader for the roads with Richard Mead, Richard Johnson & Norm Garwood as possible operators; possibly contact people by mail

Neighborhood Meeting Minutes Draft

Attendees:	**Parcel #**
Laurel Compton & Philip Compton	43
Orlando Johnson	46
Edwin Johnson	54-SG (10-NG)
Clare Parker	31, 42-D
Pamela May	37-1B/45
Charles Barker	42-C

Visitors: Ronda & John Alexander, Laura Boise

Density Issues:
The two most popular density suggestions were:
5 acres minimum with maximum 4 tracts
and
4 acres minimum with maximum 5 tracts
1 person would like a 2 acre minimum

Multi-Family Dwellings:
The majority voted for no multi-family dwellings

Other Topics Discussed:

- Any major issue should be included in the Master Plan (which must be put to a vote by Landowners) vs. Standards (which can be changed by the GLA Board.)
- Legality of removing reserved land from Glastonbury
- Status of our mineral and H20 rights
- Waiver of assessments for developers is V-E-R-Y unpopular
- Interest charged for unpaid assessments should be the same for both developers (now 8%) and owners (now 18%)
- Interest in walking, bicycle and equestrian trails-especially if provided by owners/developers
- People would like to see Project Review Committee consider view obstruction issues when reviewing building placement

Board of Directors Meeting Minutes

September 12, 2005

CONFIDENTIAL – DO NOT COPY

1. **Call to Order, Prayer**

The meeting was called to order by James Kozlik at 7:10 p.m., at Golden Ratio Woodworks. Alyssa gave the opening prayer.

PRESENT: James Kozlik (President), James Trisdale (Vice-President), Janet Naclerio (Secretary), Ronda Alexander (Treasurer), Edward Anderson, Allysa Angelis Allen, Laura Boise, Edwin Johnson, Orlando Johnson, Charlotte Mizzi, Joanna Snyder, Joanna Snyder, David Tonkin

ABSENT:

PROXIES:

ALSO ATTENDING: Denise Orr (GLA administrative secretary), Landowners: Clare Parker, Neil Kremer, Denise Diehl, Rick Sendra, Cristin Dhieux-Bray, Catherine Bielitz, Pedro Pinardo, William Smith, George Makris and Contractor: William Dryer.

a. Opening Comments

b. Recap 8-26-05 Meeting

James briefly reviewed what occurred at the special meeting on 8/26 and asked the Board to try to observe the following communication guidelines at Board meetings

a. Listening
b. Accepting, being receptive (disengage all the mental thoughts, opinions and preconceived ideas)
   - Open to feelings
   - Does not mean automatic approval
   - Listen for what people value
   - Make a clear, doable request
c. Body Language (eye contact)
d. Respect (all board members and landowners)
e. Emotions (notice feelings; take responsibility for your own feelings; feelings are accepted without resistance, analysis or blame)
f. Stay calm (breathe before you speak; let the other person complete their thought)

2. **Reading and Disposition of the Minutes General Business.**

August 8, 2005 Meeting Minutes

The Board members who attended the August 8, 2005 Board meeting all agreed to approve the August 8, 2005 meeting minutes.

3 **Landowner Issues/Concerns**

a. Rakela Letter – Road Paving Concerns (discuss during Roads & Weeds). Tabled.

b. Rakela Letter – Reimbursement for Weed Work (discuss during Roads & Weeds). Tabled.

c. Parker Letter – Remove Charlotte Mizzi & David Tonkin from the Master Plan Committee (discuss during Master Plan Report). See below 5.52.

d. Johnson Letter – Separate North & South Glastonbury Communities. Orlando distributed a proposed letter that he would like to send to landowners.

Draft: 09 18 05; 9 28 05; 10 05 05 -FINAL
Approved: 10 03 05

4. General business

4.1.1 Old Business

Complete list of all motions for the website. Denise reported the motions, scheduled for completion on 9/12/05, would be completed by or before the end of the year.

4.1.2 New Business.

a. **General Liability Insurance Status.** Ronda reported that the GLA was able to prevent an increase in its insurance expense by switching to Key Insurance, with coverage that includes the SG fire pond. The Board discussed that the fire pond is almost dry, and the fact that there is some confusion concerning who owns the rights to the pond. Edwin Johnson reported that the DNRC informed him that he owns the water rights; David Tonkin was told that the Church owns all the water rights in Glastonbury. David will give the Church contract to JT to research ownership of the pond.

b. **Addressing Issues Between Board Meetings – consensus on written votes.**
Alyssa reviewed that when she acquires written votes from the GLA Board outside of Board meetings, she considers two-thirds written consent as basis for approval of a project. This procedure is based on the Glastonbury Bylaws, Section 9-J. The Board discussed whether it would be appropriate for the GLA President to vote on issues away from a Board meeting since the President does *not* vote at Board meetings. The Board agreed that eight people would be allowed to vote on a project application and other issues outside of Board meetings.
MOTION: Allysa motioned and Edwin seconded that the President would be allowed to vote on project applications and other issues outside of Board meetings.
Discussion. **Motion carried.**

c. **Letters to landowners pertaining to motions**
The Board agreed that it will be GLA policy to quote Board motions as originally phrased when writing to a landowners. The motion may not be paraphrased.

d. **Election Committee Update.** See Election Committee (4.8 below)

e. **Orientation Plan for New Board Members**
Ronda reviewed the need for developing a plan to orient new Board Members and volunteered to work on the plan.
MOTION: Ronda motioned and Joanna seconded to approve Ronda and Janet to develop an orientation plan for new board members. **Motion carried.**

f. **2006 Board Meeting Dates. Tabled.**
• Mail before annual meeting

File: MtgMins 09 12 05
Draft: 09 18 05; 9 28 05; 10 05 05 - FINAL
Approved: 10 03 05

g. **President Letter to Landowners**
James distributed a list of ideas, including a sample questionnaire, that he would like to include in a letter to the Landowners prior to the annual meeting. The letter would include a request for the Landowners to inform the GLA what specific issues or questions it would like to see covered at the annual meeting. The Board and the attending landowners agreed that it would be better to send this letter shortly after sending the October election letter and that it might also include: (1) The Master Plan survey; (2) Updated architectural fee information; (3) Recent Board motions that affect landowners; (4) GLA accomplishments; and (5) requests for new ideas, an agenda for the annual meeting, etc. Alyssa, Laura and Janet volunteered to assist with composing the letter and developing the contents.

Quoting Motions in Letters to Landowners
The Board agreed that when a motion is referenced in a letter to a landowner, it must *not* be paraphrased, but remain consistent with the original motion.

5. Report of Officers and Committees

5.1 Architecture Subcommittee Report: Allysa Allen (Chair), Laura Boise

5.1.1 Old Business

a. Status of Paul Rantallo cargo units. Tabled.

5.1.2 New Business

Alyssa reviewed that when she acquires written votes from the GLA Board outside of Board meetings, she considers 2/3rds written consent as basis for approval of a project. This procedure is based on the Glastonbury Bylaws, Section 9-J. The Board discussed whether it would be appropriate for the GLA President to be counted as a voting board member for issues presented outside a Board meeting, since in this type of situation, the President would not be in the role of conducting a meeting. (The President does *not* vote at Board meetings.)
MOTION: Alyssa motioned and Edwin seconded that the President would be allowed to vote on project applications and other issues outside of Board meetings.
Discussion.
Motion carried.

Formation of the Variance Committee
Alyssa reviewed reasons to form a Variance Committee. She reviewed that the goal of the committee would be to formulate and uphold professional procedures for the handling of variances contained in project applications or other situations.
MOTION: Joanna motioned and Laura seconded to approve the formation of a Variance Committee, on which Joanna would chair and Alyssa would assist. **Motion carried.** (2 abstentions.)

a. Parcel 32-A/SG: Pedro Pinardo Subdivision Application
Alyssa reviewed that on August 8, 2005, the Board denied Pedro's variance application to subdivide Parcel 32-A (SG) into 7 lots. The Board instead gave preliminary approval for a 6-lot subdivision. Meeting attendee William Smith presented reasons for the Board to revisit and approve the original request for a 7-lot subdivision.
MOTION: Joanna Snyder motioned and Alyssa seconded to give preliminary approval for Pedro Pinardo's application to subdivide Parcel 32-A (SG) into seven (7) lots with an average lot size of 3.62 acres, (according to Map 3 which had been presented to the board in August). This motion supercedes the August 8, 2005 motion concerning Pedro's subdivision.
Discussion.
Motion carried. (7 in favor; 3 abstentions)

b. Parcel 5-C/NG: O'Connell Update on Home Construction
Alyssa reviewed the O'Connell's updated map that revealed changes to the drain field and guest house on the original application. She reported that the previous concerns of the Board, noted in the August meeting minutes, had been investigated and that the O'Connell's are following the required setbacks and location of the drain field.
MOTION: Alyssa motioned and JT seconded to approve the O'Connell's new plan for the location of the drain field and guest house. **Motion carried.** (2 abstentions)

c. Parcel 36-B/SG: Robert Wallace Home Construction Application
Alyssa reviewed the application with the Board.
MOTION: Alyssa motioned and David seconded to approve Robert Wallace's home construction application on Parcel 36-B (SG) on the condition that the septic and electrical permits are obtained and the land is reseeded after construction. **Motion carried.**

d. Parcel 57-E/NG: Craig Newhouse/Minor Subdivision Application
William Dreyer, contractor, presented Craig's application in his behalf. He explained that four shelters exist on Craig's 10-acre lot which are owned by a number of families. Their plan is to divide this lot further into a total of 5 lots with an average lot size of 2.2 acres. Each lot, except for one, would then have a shelter and location for a house to be built. The Board discussed the application in detail. Since the intended subdivision would create a much higher density than the density standards established for this neighborhood, the board suggested that Craig and William come up with two or three other plans creating fewer lots, and that they proceed further by going through the variance process.
MOTION: Charlotte motioned and Ronda seconded that Craig Newhouse proceed with his project and that he and William Dreyer present other subdivision options which could be considered. **Motion carried.** (1 abstention)
Craig will be required to apply for a variance and propose more options.

Draft: 09 18 05; 9 28 05; 10 05 05 - FINAL
Approved: 10 03 05

e. Lot 10-D (NG)/Cristin Dhieux-Bray/Rick Sendra Hay Storage Shed Application
MOTION: Edwin motioned and Charlotte seconded to approve Cristin Dhieux-Bray's and Rick Sendra's application to build a hay storage shed on Lot 10-D (NG) on the condition the land is reseeded after construction. **Motion carried.**

5.2 Treasurer's Report: Ronda Alexander (Treasurer)
Ronda reviewed Treasurer's reports with the Board.

5.2.1 Old Business
5.2.2 New Business
- **a.** 2006 Budget Committee Update. Tabled.
- **b.** Road Payment Plan – Bainter Construction. Ronda reported that a very reasonable payment plan agreement between Bainter and GLA has been met.
- **c.** Assessment Refunds for Sold Properties. Tabled.
- **d.** Unpaid Assessments on Sold Properties. Tabled.

5.3 Road & Weed Committee Report: James Trisdale (Chair).

5.5 Land Use Master Plan Committee: Charlotte Mizzi (Chair), Laura Boise, Orlando Johnson and David Tonkin
5.5.1 Old Business.

File: MtgMins 09 12 05
Draft: 09 18 05; 9 28 05; 10 05 05 - FINAL
Approved: 10 03 05

5.5.1 Old Business.

a. Status of Meetings with Landowner Committee. Charlotte reported that there had been a meeting with the Landowner Committee in which the Master Plan was reviewed and edited.

5.5.2 New Business.

a. Master Plan Survey and Mailing. A sample of the survey was distributed to the Board. The discussion concerning the remaining steps to be taken to complete the survey and Master Plan included:
   - The Committee agreed to have a special meeting on Thursday, Sept. 15, to review and finalize density issues and the editing of the Master Plan.
   - The Board agreed to meet with the MP Committee in a special closed meeting on Wednesday, September 28, 2005 to review the edited Master Plan and ballot.

b. Parker Letter – Remove Charlotte Mizzi & David Tonkin form the Master Plan Committee
The requests in Clare Parker's letter were not directly discussed. At the conclusion of the meeting, Janet asked Clare to comment if she was satisfied with the results of the decisions made (see above) concerning the Master Plan; Clare stated she was at that point.

5.6 Recreation Committee: Janet Naclerio (Chair), Laura Boise, Edwin Johnson, & Edward Anderson (alternate).

5.6.1 Old Business. Tabled.

a. Status of PVRC Phase I Special Committee and PVRC Connection
b. Status of PVRC Phase II Special Committee
c. Status of PVRC Survey approved by written vote
d. Status of PVRC Walkathon proposal

5.6.2 New Business. Tabled.

Board of Directors Meeting Minutes

October 3, 2005

CONFIDENTIAL – DO NOT COPY

1. **Call to Order, Prayer**

The meeting was called to order by James Kozlik at 7:05p.m., at Golden Ratio Woodworks. Edwin gave the opening prayer.

PRESENT: James Kozlik (President), James Trisdale (Vice-President), Janet Naclerio (Secretary), Ronda Alexander (Treasurer), Edward Anderson, Allysa Angelis Allen, Laura Boise, Edwin Johnson, Orlando Johnson, Charlotte Mizzi and David Tonkin.

ABSENT: Joanna Snyder

PROXIES: Joanna to Ronda

ALSO ATTENDING: Denise Orr (GLA administrative secretary); Landowners: Catherine Bielitz, Denise Diehl, Neil Kremer, Clare Parker, Cristin Dhieux-Bray, Rick Sendra.& Albert Vinci. Former Landowner: Robert Riddle.

Communication Guidelines

For purposes of running Board meetings at a brisker pace and completing agenda items, James Kozlik reviewed the following guidelines and requested that the Board try to follow them.

A. Listening
   1) Let speaker complete his/her communication before responding
   2) Identify on areas of agreement first; then address areas of disagreement

B. When you have the floor
   1) Make a clear request (try not to "tell a story"; get to the point)
   2) We will each be given only one opportunity to give an opinion (maximum 3 minutes)
   3) We will then call for a motion
   4) During "any further discussion" we will be given on more opportunity to give an opinion (maximum 2 minutes).

C. Opportunity for Visiting Landowners to Speak
   1) At beginning of meeting, announce allotted time for landowner to speak
   2) During meeting: invite landowners to speak when appropriate

:

2. **Reading and Disposition of the Minutes General Business.**

September 12, 2005

MOTION: Laura motioned and Charlotte seconded to approve the September 12, 2005 meeting minutes as amended. **Motion carried.**

3. **Landowner Issues/concerns**

3.1 Old Business. None.

3.2 New Business

a. Albert Vinci, 9/22/05 letter re: Issues between Craig Lannes and Edwin Johnson:

Dr. Vinci requested that his letter be held in abeyance and placed on the next meeting agenda.

File: MtgMins 10 03 05
Drafts: 10 19 05; 10 26 05; 1110 05 – FINAL
Approved: 11 07 05

4. General Business.
(Note: The items listed in "General Business" within the Oct. 3, 2005 Agenda were election related and were therefore placed in section "5.8 - Election Committee" below.)
4.1 Old Business. None
4.2 New Business. None.

5. Report of Officers and Committees
5.1 Treasurer's Report: Ronda Alexander, Treasurer.
Ronda distributed "September 2005 Bank Transactions" and "Budget Variance Report, January through September 2005."

5.1.1 Old Business

a. 2006 Budget/Communication to Landowners (mail before annual meeting)
MOTION: Ronda motioned and David seconded to approve to amend the 2006 Budget with the amendments made at the Oct. 3 meeting and to distribute it at the November 12, 2005 Annual Meeting. The landowners will be informed that the Board will continue to work on making changes to lower expenses on this budget. **Motion carried.** (See 5.1.2, b below)

5.1.2 New Business.

a. Road payment to Bainter Construction update. No update

b. Budget Committee report.
The Board reviewed the "2006 Budget Committee Update, September 12, 2005" Ronda collected projected 2006 budget amounts from Committee Chairs and all agreed that further work and review would be needed in order to balance the budget. (see 5.1.1, a above)

January Assessment Discount to Landowners.
The Board discussed ways to cut the budget and whether it was beneficial to continue offering the January assessment discount to Landowners.
MOTION: David motioned and Charlotte seconded to suspend the January assessment discount offered to landowners.
Discussion.
Motion carried. (2 opposed).

Assessment Due Date Suggestion: Ronda discussed with the Board the problems associated with the assessment due date of October 31. She suggested that in 2006, the Board may wish to review whether it will propose changing this due date to the earlier date of February 28, with monthly finance charges accruing if assessments are not paid on time. Per the Covenants, these changes would require contacting the Landowners in 2006 and asking them to approve by vote the implementation of these changes in 2007.

5.2 Architecture Subcommittee Report: Allysa Allen (Chair), Laura Boise

5.2.1 Old Business. None

5.2.1 New Business

a. Review Craig Newhouse subdivision.

As the Board reviewed the September 12 meeting minutes, it discussed the September 12th motion which described its direction to Craig Newhouse regarding his subdivision application. Charlotte and Ronda clarified that they intended their motion regarding the subdivision application to be stated as follows:

MOTION: Charlotte motioned and Ronda seconded that Craig Newhouse will be required to proceed with his project application by applying for a variance and proposing additional options which would entail fewer lots than the options presented by William Dryer at the September 12 meeting for the Board to consider."

Alyssa questioned the changes to this motion and there was further discussion.

Discussion. The Board will revisit the above application at November meeting.

b. Parcel 36-A, SG, Robert Wallace/Stick Frame House and Separate Garage

Alyssa reviewed the application with the Board.

MOTION: Alyssa motioned and Laura seconded to approve Robert Wallace's application for construction of a stick frame house and separate garage on Parcel 36-A, (SG), with the conditions that (1) the necessary septic permit is obtained prior to septic system construction; (2) the necessary electrical permit is obtained prior to starting electrical work; and (3) the disturbed land be reseeded after construction. **Motion carried.**

5.4.2 New Business. Ronda and Laura briefly discussed the plan to form a complaint subcommittee made up of volunteers to handle future complaints.

5.5 Land Use Master Plan Committee Charlotte Mizzi (Chair), Laura Boise, Orlando Johnson David Tonkin

5.5.1 Old Business. None.

5.5.2 New Business.

a. Density standard survey

File: MtgMins 10 03 05
Drafts: 10 19 05; 10 26 05; 1110 05 – FINAL
Approved: 11 07 05

The Board agreed that the survey draft needed minimal clarification revisions and that the Master Plan Committee should meet to make these revisions, request Janet's or Denise's final edits, and then proceed to mail it to the Landowners.

5.6 Recreation Committee: Janet Naclerio (Chair), Laura Boise, Edwin Johnson & Edward Anderson (alternate).

5.6.1 Old Business

a. Status of Phase 1 and PVRC connection: Janet reported that these committees have met

b. Status of PVRC Phase 11 Special Committee: Janet reported that Phase II has formed Bylaws which they plan to discuss with Phase 1 Committee.

c. Status of PVRC survey approved by written vote. This survey was e-mailed to the Board and left at the Emigrant General Store and the Bank, etc, for local people to pick up and fill out.

d. Status of PVRC walk-a-thon proposal. It has been postponed.

Offer of Free Tennis Court Fencing

The Board discussed that the PVRC has been offered free tennis fencing materials from a nearby location and that South Glastonbury might have the priority option to use it. The Board agreed to pick up the fencing and that volunteers were needed. David volunteered to help.

5.6.2 New Business. None

5.7 Web Site Committee: Edward Anderson (Chair)

5.7.1 Old Business. None.

5.7.2 New Business. None.

Alyssa will e-mail James Kozlik's letter to the Board by Wednesday, Oct. 5, and the Board will need to send any feedback her by Thursday evening.

5.9 Ombudsman Report: Jeanne Campbell (SG) Penelope Price (NG)

6. Other Business

6.1 Old Business. None.

6.2 New Business

a. Orlando Johnson letter (letter needs to be submitted for file). Brief review.

b. Orlando Johnson's Memo re: Proposed Motions for SG Road Expenditures - Orlando
Orlando distributed a memo that proposed several motions related to the division of expenses between North & South Glastonbury. He requested suspension of the rules of the house in order to discuss these motions and associated issues.
MOTION: Orlando moved and Edwin seconded to suspend the rules of the house to discuss the motions and issues in his memo. **Motion carried.**

Orlando stated that he and other SG residents are concerned about sharing the cost of NG road expenses (chip sealing, etc) with NG residents. He proposed that the Board pass the motions contained in his memo. The Board discussed this subject at length.
Unanimous Consent: The Board agreed (with one abstention from Orlando) that it needed further information before it would be able to consider Orlando's proposal. It tabled his memo motions and requested that he provide detailed information for **each** Glastonbury, including: (1) Miles paved & cost (2) Average gravel costs; (3) Snow removal and costs; (4) Future chip sealing costs; (5) Repair costs; (6) Use of roads by families of students at Thomas More & Henry Longfellow schools by residents of each Glastonbury (Orlando to contact Marjorie Lombard); (7) PVRC related traffic use by residents of each Glastonbury (Laura Boise to determine with PVRC Committee); (8) NG Lot 185 & SG Lot 184 use of roads; (9) Assessments collected in each Glastonbury, and; (10) Past road expense data (to be provided by David Tonkin). The Board requested that the above information be forwarded to each Board member prior to the November 7 meeting; it agreed to revisit the issue at that meeting.

CONFIDENTIAL – DO NOT COPY

1. **Call to Order, Prayer**

The meeting was called to order by James Kozlik at 7:15 p.m., at Golden Ratio Woodworks.
PRESENT: James Kozlik (President), James Trisdale (Vice-President), Janet Naclerio (Secretary), Ronda Alexander (Treasurer), Edward Anderson, Allysa Angelis Allen, Laura Boise, Edwin Johnson, Orlando Johnson, Charlotte Mizzi and Joanna Snyder.
ABSENT: David Tonkin.
PROXIES:
ALSO ATTENDING: Denise Orr (GLA Administrative Secretary); Landowners: Catherine Bielitz, Marian Kozlik, Abram Boise, Albert Vinci, Ken Case, Bob Rasmussen, Windy Davis, Per Norell, Carla Pagnier, Rik Pittendorfer, Daniel Kehoe, Cris Bary, Rick Sendra, Church Muto, Sally Muto, Jerry Dirkers, Arlan Pfeil, Ben Mitchem, Craig Lannes, Denise Diehl, John Cameron and Clare Parker.

2. **Reading and Disposition of the Minutes General Business.**

October 3, 2005 Meeting Minutes:
UNANIMOUS AGREEMENT: The Board agreed to approve the October 3, 2005 minutes with amendments. (1 abstention from Joanna Snyder who wasn't present at the meeting)

3. **Landowner Issues/Concerns**

3.1 Unfinished Business. None.

3.2 New Business

a. Albert Vinci's 9/22/05 Ltr. re: issues between Craig Lannes & Edwin Johnson
b. Justin Woodruff's 9/22/05 Ltr. re: issues between Craig Lannes & Edwin Johnson
c. Clare Parker's 10/28/05 Ltr. re: conduct of Edwin Johnson – Clare Parker
d. Craig Lannes 9/28/05 Document - Lannes v Johnson
e. Denise Diehl's 11/28/05 Ltr. re: conduct of Edwin Johnson

Board members, landowners and Edwin discussed the various issues included in the above letters.

MOTION: Orlando motioned and Charlotte seconded that a subcommittee be formed to research and act upon the water rights complaints concerning Edwin Johnson. **AMENDMENT:** Ronda motioned and Charlotte seconded to bring in a third party to research the water rights issue and that the Board then review the issue at another meeting. **AMENDMENT & MOTION CARRIED.**

MOTION: Joanna motioned and Ronda seconded to suspend Edwin Johnson from all Board activities until the new Board is elected and convenes. If Johnson is reelected to the Board on November 12, 2005, he will remain suspended until the Board investigates

Approved: 06 05 06

the allegations and determines whether or not his actions should result in removal from the Board. **Motion carried.** (2 abstentions: Charlotte and proxy for David Tonkin)

Edwin announced that he was resigning from the Board and would not run for re-election in November.

. 3.3 Voting Inequity – Per Norell

Per Norell and Craig Lannes expressed the opinion that each landowner should have just one vote and that the GLA policy which allows landowners to receive one vote for each parcel owned was an unfair practice. The Board discussed this subject with attending landowners and explained that voting procedures could only be changed through 51% of the vote of the landowners. Until that event occurs, the GLA will abide by the voting guidelines expressed in the GLA Covenants, Bylaws and First Amendment to the Bylaws.

3.4 Voting Parameters

UNANIMOUS CONSENT: Ronda distributed "Voting Parameters" based on the GLA Covenants, Bylaws and First Amendment to the Bylaws. The Board approved this document with amendments.

ACTION ITEM: The above approved "Voting Parameters" document will be made available to landowners at the GLA Annual Meeting.

g. R. Zeman 10/21/05 Ltr re: Candidate, Pouwel Gelderloos. Ronda reported she spoke with Zeman about his concern.

h. Clare Parker's 10/4/05 Ltr re: Rescinding Grievance. James K. acknowledged Clare's letter; Clare confirmed her concerns had been resolved.

4. General Business

4.1 Unfinished Business. None.

4.2 New Business

a. Meeting Minutes

Ronda reviewed that future minutes would include:

- How Board Members voted
- Change "0ld Business" to "Unfinished Business"
- List all "Unanimous Consent" decisions along with motions

b. New Board Member Orientation Package – Ronda Alexander & Janet Naclerio

MOTION: Ronda motioned and Joanna seconded to approve the Board Orientation package, including the Code of Ethics, to be distributed to all members of the upcoming Board. **Motion carried.**

c. Covenants/ByLaws Special Committee. Tabled.

d. Meeting Voting Procedures on Projects when Landowner is Present. Tabled.

e. Interfacing Procedures between GLA Committees and GLA Board. Tabled.

f. Revisit January Early Payment Discount on Assessments.
UNANIMOUS CONSENT: Ronda briefly reviewed that the discount did not really benefit the GLA and the Board agreed to "discuss" eliminating the procedure at a future meeting.

g. Community Committee
UNANIMOUS CONSENT: The Board agreed that Joanna and Laura will chair the Community Committee on a temporary basis until it is established. The community will be invited to participate as committee members.

A process needs to be established for handling fees collected when a project application is <u>not</u> approved.

The first step would be for the committee to decline to accept an application when it appears to be un-approvable in the first place, and direct applicant to the Variance process if appropriate. (Do you agree?)

<u>Case 1:</u> Project is not approved. No further action can be taken.

<u>Action:</u> Refund Sanitation Bond and unused portion of Impact Fee. (Impact fee covers road usage as well as board member time required to process application.) Unused portion of impact fee equals monies remaining after subtracting application processing expense incurred by board members or contractors, or any other expenses. (?)

<u>Case 2:</u> Project is not approved, but directed to Variance Committee.

<u>Action:</u> All fees collected are flagged for "possible refund," similar to a sanitation bond, until the Variance process is completed. If the project is approved, Impact fee is moved into "income." If not approved, same as Case 1 listed above.

Note: If the variance process is pursued, the variance fees are separate from the fees that may have already been paid toward a project. The variance fees will be determined on a case-by-case basis depending on the situation, and agreed on by the applicant and Variance Committee. (This is my understanding at this point, but the committee will be further defining the process.)

<u>Unanimous Consent:</u> Board approved the above process. 11/7/05

FIRST AMENDMENT TO BYLAWS
OF
GLASTONBURY LANDOWNERS ASSOCIATION, INC.

THIS AMENDMENT is made and adopted this 16th day of November, 1998, by the Board of Directors of the Glastonbury Landowners Association, Inc., pursuant to a 51% majority vote of the Association membership in favor of such amendment at the Annual Meeting of Members held November 14, 1998.

WHEREAS, a discrepancy has been called to the Board's attention between the definition of "Membership Interest" and voting procedures in the Declaration of Covenants for the Glastonbury Community and that definition and those procedures in the Bylaws for this Association; and

WHEREAS, Article XII, D, of the Bylaws expressly provides that in such case of conflict, the Covenants shall control; and

WHEREAS, Article XII, A, of the Bylaws provides for amendment to the Bylaws upon motion by the Board and approval of a 51% majority vote of the Members in good standing;

NOW THEREFORE, for the purpose of eliminating the conflict between the Covenants and Bylaws on these issues, the following two-part amendment to the Bylaws has been proposed by the Board, voted approved by the Members, and is hereby adopted:

1. Article IV, B, of the Bylaws is hereby amended to read in its entirety as follows:

"B. **Membership and Membership Interest Run With the Land.** The rights, privileges, duties and responsibilities of membership in the Association (referred to herein as a "Membership Interest") shall be as defined herein and as in the Covenants and shall run with title to the property and any qualifying portions thereof. Each Membership Interest shall be entitled to one (1) vote as defined in the Covenants.

Each of the following separated units of property, whether held by one or more than one landowner, shall constitute a separate and distinct Membership Interest that is entitled to one vote and to all other rights, privileges, duties and responsibilities as set forth in the Covenants and in these Bylaws:

a. A parcel (as defined in Section 3.22 of the Covenants);
b. An undivided tenancy-in-common interest in a parcel existing as of the effective date of the Covenants, whether owned individually or in joint tenancy; and
c. A condominium unit.

One Member of the Association may hold and exercise the entitlements of multiple Membership Interests."

2. Article V, F, of the Bylaws is hereby amended to read in its entirety as follows:

"F. **Voting.** Each member in good standing as defined in the Covenants, or any person designated by them to act as proxy on their behalf (who need not be a Member), shall be entitled to cast the vote(s) appurtenant to the Member's Membership Interest(s) at all meetings of the Members. For purposes of tabulating the written vote and consent of the Members of the Association, it is hereby provided that:

1. Each Membership Interest is entitled to one vote;
2. A Member may hold more than one Membership Interest and shall have a separate vote for each such interest;
3. The Association shall be entitled to rely on the acts of one joint owner of a Membership Interest which shall be conclusive as to that Membership Interest and binding upon the other joint owners. In the event the Association is made aware by written notice that the joint owners of a Membership Interest cannot agree as to how the vote of the Membership Interest should be cast, the Association may, in its discretion, grant each joint owner a fractional voting interest in proportion to his or her ownership interest, or may disregard the vote of such Membership Interest entirely;
4. If the total number of qualifying votes equals or exceeds fifty-one percent (51%) of the total Membership Interests of the members in good standing who cast votes at the meeting, the vote shall be effective and shall have passed."

KNOW ALL MEN BY THESE PRESENTS, that the Board of Directors of Glastonbury Landowners Association, Inc. has duly approved the foregoing Amendment to the Bylaws of said Association, and that the same shall be attached to and made a part of such Bylaws, effective as of the date first above written.

CODE OF ETHICS

1. Board Members and Ombudsmen of the Glastonbury Landowners Association, Inc. ("GLA") shall:
   A. Recognize a commitment to represent the landowners in a responsible manner and exercise fair, honest and independent judgment in their roles as decision-makers and advisors.
   B. Be sensitive to, and respect the legitimate concerns of landowners whose opinions and concerns are raised.
   C. Avoid and discourage exaggerated, misleading, or unwarranted statements about GLA/Landowner matters that might induce others to engage in unethical or illegal activity.
   D. Support and comply with the terms of the 1997 Restated Declaration of Covenants for the Community of Glastonbury ("Covenants"), Bylaws of Glastonbury Landowners Association, Inc. ("Bylaws"), Articles of Incorporation of Glastonbury Landowners Association, Inc. ("Articles"), and the Glastonbury Landowners Association Standards, Inc. ("Standards") and the proposed/approved Land Use Master Plan ("Master Plan").
2. GLA Board Members and Ombudsmen shall not:
   A. Engage in illegal or unethical conduct involving GLA/Landowner matters or unknowingly permit the use of his/her name in support of any illegal or unethical activity involving GLA/Landowner matters.
   B. Give a professional opinion, make a public report, or give legal testimony involving GLA/Landowner matters without being as thoroughly informed as might reasonably expect.
   C. Engage in conduct involving dishonesty, fraud, deceit or misrepresentation about GLA/Landowner matters.
3. The GLA Board Members and Ombudsmen Responsibility to her/his fellow board members and ombudsmen:
   A. A GLA Board Member and Ombudsman shall:
      (1) Give appropriate credit for work done by Board/Committee members.
      (2) Accurately, and without undue delay, prepare and properly disseminate assigned Board and Committee work.
      (3) Take into consideration all applicable Montana State and County laws in regards to GLA/Landowner matters.
      (4) Promptly report knowledge of violations of this Code of Ethics to the GLA Board of Directors.
   B. A GLA Board Member and Ombudsman shall not:
      (1) Falsely or maliciously attempt to injure the reputation of another GLA Board Member and/or Ombudsman.
      (2) Commit plagiarism in oral or written communication
      (3) Submit a false or misleading document for review by the GLA Board of Directors.
4. A GLA Board Member and Ombudsman's responsibility to GLA Landowners and Vendors (i.e.: anyone hired by the GLA Board of Directors):
   A. A GLA Board Member and Ombudsman shall:
      (1) Refuse to comply with any request or demand of a GLA Landowner and/or Vendor, which conflicts with the GLA Covenants, Bylaws, Articles and Standards.

(2) Make public disclosure of all "personal interest" they may have regarding any decision to be made in the capacity for which they serve, or are requested to serve, as advisor or decision-maker.
(3) Define "personal interest" broadly to include any actual or potential benefits or advantages that they, a spouse, family member or person living in their household might directly or indirectly obtain from any and all GLA business unless their personal interest has been made a matter of public record.
(4) Seek no gifts or favors, nor offer any, under circumstances in which it might reasonably be inferred that the gifts or favors were intended or expected to influence a GLA Board Member and/or Ombudsman's objectivity as an advisor or decision maker.
(5) Respect the rights of all persons and not improperly discriminate against or harass others based on characteristics, which are protected under civil rights laws and regulations.

B. A GLA Board Member and Ombudsman shall not:
(1) Reveal confidential information unless required by the law.
(2) Use confidential information to the disadvantage of the GLA.
(3) Use confidential information for the advantage of himself/herself or a third person, without express written consent from the GLA Board of Directors and/or Landowner.
(4) Accept compensation or anything of value for voting the employment of a vendor.
(5) Use confidential information acquired in the course of their duties to further a personal interest.
(6) Disclose confidential information acquired in the course of their duties except when required by law, to prevent a clear violation of law or to prevent substantial injury to third persons; provided that disclosure in the latter two situations may not be made until after verification of the facts and issues involved.
(7) Misrepresent facts or distort information for the purpose of achieving a desired outcome.
(8) participate in any matter unless adequately prepared and sufficiently capacitated to render thorough and diligent service;

In my relations with my fellow members of the GLA Board Members and Ombudsmen, I have pledged to do the following:

1. Refrain from the voluntary public expressions of adverse criticism of other Board/Committee Members and Ombudsmen.
2. To freely exchange information with other GLA Board/Committee Members and Ombudsmen when requested.
3. To obey this Code of Ethics and the terms and conditions of the GLA Covenants, Bylaws, Articles and Standards.

VIOLATION OF THE CODE OF ETHICS POLICY

Board members and Ombudsmen of the Glastonbury Landowners Association, Inc. ("GLA") are committed to maintain high standards of ethical practice. Those who appear to violate the foregoing Code of Ethics should be cautioned through friendly remonstrance. That failing, a formal complaint may be made in accordance with the following procedures:

1. Complaint of unethical practice is made in writing to the GLA Board of Directors. A copy of the complaint is furnished simultaneously to the person or persons against whom it is directed.

2. The first action of the GLA Board of Directors is to approach those involved to seek a collegial resolution. If the GLA Board of Directors decides the situation warrants investigation, it may or may not appoint a special committee to carry out the investigation and report the results back to the GLA Board.

3. Alleged offenders have full access and full freedom and right to respond to all situations and evidence cited against them. They always have the right and option of advisement by counsel at their own expense but at no time are they to be represented by counsel in these proceedings.

4. Actions taken by the GLA Board of Directors may include:
   A. Advice that the reported situation is unfounded; admonishment, reprimand or a period of probation on the GLA Board.
   B. Any recommendation for suspension or dismissal with all supporting information and full reports of the GLA Board of Director's investigation shall be in accordance with the GLA Covenants and Bylaws.

5. Alleged offenders have the right to request, in writing, a review of actions taken by the GLA Board of Director as outlined GLA Covenants and Bylaws.

6. If the alleged offender has been found to be in violation of the Code of Ethics they will not be eligible to apply for a position on the GLA Board of Directors for a minimum of 4 years (two terms).

7. If an alleged offender has been cleared of the charges, a letter stating such shall be placed in the GLA main files and sent to all people contacted during the investigation

Hi Denise,

It turns out that the water issue with the state is a non issue because the stream that flows perennially across Johnson's property is classified as an intermittent flow stream and does not come under the 310 permit. So I had to make corrections to the document. This attachment is the one to go.

Sorry for all the changes. In one way it is good though. The GLA is clear of any tampering with a state protected stream. Neighbors are still irate though because it diminished the stream flow on their property and they have some rights in the issue.

I am leaving corrected hard copy for you this afternoon at the EGS.

Alyssa,

I vote yes to allow him to go ahead with the project.

I have been working on a proposal with David Tonkin to resolve South Glastonbury fire pond issue. David said he would do a drawing for our November 7th meeting. The insurance issue solution would be to put a roof over the pond so little kids could not fall into it and bacteria & bugs would not breed in it. The pond would be fed by a 2" underground pipe that would begin at a spring development on my property then travel under the county road to the fire pond. There would be a float on the fire pond, much like the float on a bathroom toilet tank, that would regulate the expedited flow of water into the pond. I would pay for the spring development and pipe on my property (est. $750)and GLA would pay for the pipe from my property (parcel 54) to the pond (est. $1,000). The fire pond would have first call on the system and would recharge more quickly whenever necessary. During the irrigation season I would use my domestic water right only after the demands of the fire pond were met. All excess water would flow in the existing ditches as it now does.

I still trying to get with JT to go over this solution.

If you have questions please give me a call.

Edwin

Hello all,

We have an application for a single-family house project which we are being asked to expedite because the owner, Abram Boise, needs to coordinate with the schedule of the contractors involved. The application and drawings are attached. All monies have been collected including the expediting fee.

Here are the details:

1. This is a very basic project involving a house package including driveway, well, and septic. The electrical and septic permits are in process of being applied for.

2. The house is a single-family dwelling to be built on Parcel 29 South, lower plateau area. (The parcel is approximately 23 acres.)

3. The driveway will connect to Arcturus, and I have confirmed site distances are more than adequate (the 240-foot site distance has been met). We can request that at culvert be put in if necessary.

4. The necessary setbacks for the house, garage, well and drainfield are being met.

Re: A Compilation of Covenants Violations Regarding Edwin Johnson & Questions for the Board

According to covenants **0.01** and **0.02** the Association has the authority to enforce all rules and regulations and in the event of any violations the Association may enforce these covenants in equity against a Landowner, including the seeking of damages as a claim by the Association.

The following is a list of Covenants that board member Edwin Johnson has violated. (Covenant violations are listed numerically.) Questions for the board to answer are bracketed and are also included at the end of this document.

5.05 Nuisances and Eyesores:

Nuisances and Eyesores shall not be allowed...

b. Noxious odors, excessive noise or vibration nuisances or other annoyances which, in fact, are infringing upon another's quiet use and enjoyment of his land.

Edwin Johnson irrigated his land, non-stop, for almost 3 months, during which time he did not have the consideration or courtesy to turn off the irrigation system at night. For the entire duration of the watering, the neighbor closest to the pasture suffered much by having his sleep continuously disturbed by the noise of the irrigation system.

5.11 Surface Water Use:

Except for any existing surface water rights and permits as of the effective date hereof, Landowners may not newly appropriate or use the surface water on a parcel without the prior approval of the Association. All appropriations and use of surface water shall be in accordance with state law and shall be subject to all prior valid rights.

1. Edwin Johnson used water from the intermittent stream that flows on his property to irrigate his pasture. He irrigated non-stop for about 3 months, subsequently draining the fire pond dry and putting property owners in South Glastonbury at risk. Homeowners' fire insurance was jeopardized and the County responded by stating that no more subdivisions would be approved in South Glastonbury unless the Landowner has his own water supply.

2. Furthermore, Johnson crossed the streambed when he bulldozed a roadbed access to his cattle gate. Not only did he cross the streambed, he disturbed the natural flow of the stream.

3. Work has been done on the intermittent stream to remedy the situation with the fire pond, and as a consequence the stream flow has been greatly diminished on other Landowners' properties, which is a contentious issue.

6.01 ***Association's Approval:***

A sight plan...must be submitted...for review and approval prior to beginning construction...

[Did Edwin Johnson submit a site plan to the GLA when he excavated SG 54-A?] Johnson excavated a site that extends to Craig Lannes' property line.

6.02 Setback Requirements:

No structure shall be placed within 25 feet of any parcel boundary line...without prior approval of the Association...

Whether or not a site is considered to be a structure, a site is the location where a structure will be placed.

7.04 Unfenced and Unposted Land:

...any person causing any damage while on another's parcel shall be strictly liable therefor...If a parcel is fenced or posted against trespassing it may not be used for any such access or travel, and any violator will be considered guilty of trespassing.

1. Edwin Johnson repeatedly crossed his neighbor's property with a bulldozer without obtaining the owner's permission and caused damage to his neighbor's property in the process. Johnson never returned to repair the damage and is solely responsible for chopping up Mr. Lannes' driveway. Mr. Lannes had to pay $700 out of his own pocket to repair his driveway and has yet to receive compensation from Mr. Johnson.

2. Mr. Johnson called Mr. Lannes to protest his fencing the boundary. Despite fencing, posting and verbal warning that he was not to step foot on Mr. Lannes' property, Johnson drove to Mr. Lanes' front door with a plat map and surveyed easement to demand his legal right to access parcel 54-A. (This document later proved to be unsubstantiated. Johnson could have accessed his land from Dry Creek Road or Bald Eagle Trail but chose to drive his bulldozer back and forth across Craig Lannes' driveway instead.)

3. When Johnson came to the door and was ordered off of Lannes' property, Johnson's driving was so reckless that his truck got stuck in Mr. Lannes' driveway for 3 hours. Johnson had to hire a tow truck to remove his vehicle. Inspection of Mr. Lannes' driveway shows where Johnson made the driveway more precipitous and displaced the logs that Lannes was using to edge his driveway.

4. Mr. Lannes posted 'No Trespassing' signs along his fence and Mr. Johnson removed them.

5. In the case of another landowner, when Edwin Johnson had been told by Sam Hazen to leave his property, Johnson stood there in defiance. Furthermore, the manner in which Johnson came onto Hazen's property was neither courteous nor respectful.

6. In yet another case, Mr. Johnson moved the fence and adjusted the boundary line of neighboring property unbeknownst to the owners of the property. A great dispute ensued which could have been avoided had Johnson spoken with his neighbors about the matter beforehand.

8.01 Platted Road Easements:

The platted road easements are those which are shown on the Certificates of Survey...

J. No Landowner may encroach...except as permitted in writing by the Association. [Did the Association give Johnson written or even verbal permission to use Craig Lannes' driveway as an easement?]

1. Edwin Johnson filed a plat map showing a surveyed easement with the Park County Recorder's Office, but Mr. Lannes' plat map does not show this easement. Neither does the title search, the loan documents or the legal property description.

2. When threatened with legal action Johnson gave up his claimed easement. The timing was such that it was only after the fact of chopping up the driveway, excavating a questionable site and Johnson's wrecking havoc in the life of Mr. Lannes.

3. Edwin is unable to produce written permission for an easement. Neither has he taken the responsibility to admit to wrongful acts or to offer any restitution.

8.02 Additional Easements:

b. ...Before construction and use of the road, the location must be approved by each parcel owner and monumented in a reasonable manner...Any disputes relating to this easement between owners of affected parcels shall be arbitrated and resolved by the Association...

A surveyed easement was entered into public records, without recordation number document reference and without the property owner's signature, and then used in an attempt to legitimize all subsequent acts, which were in violation of this covenant and other covenants. Furthermore, Johnson may have acted without prior approval by the GLA. In any event his actions insured that the ensuing dispute would not be arbitrated by the GLA until after Johnson had accomplished what he initially set out to accomplish.

8.03 Effect of Easements:

...No easements shall be in gross unless expressly provided.

No one but Mr. Johnson expressly provided for an easement across Mr. Lannes' property. The previous owner (L & J Cameron) assured Mr. Lannes that they had no verbal agreements with Johnson. Johnson could have accessed his land from two separate roads (Dry Creek and Bald Eagle) but chose to drive across Lannes' property instead.

8.04 Parking:

...The platted road easements shall not be used for parking...

Bald Eagle Trail crosses the upper property of Craig Lannes with a platted easement. A bulldozer was left parked on Mr. Lannes' property on this easement. It had been parked there for months before Lannes found out who owned it. It turned out to be the bulldozer hired by Edwin Johnson that ruined Lannes' driveway.

9.01 Subdivisions Allowed. Association's Review:

...Any attempted sale, transfer, conveyance, lease, filing and or recordation of a deed, certificate of survey, plat or other description of a subdivided portion of a parcel without such written approval shall be invalid, void and of no force or effect.

As far as we know, Johnson had no written approval when he filed the easement. Therefore, all acts by Johnson that subsequently followed were invalid and were, in fact, acts of trespassing.

9.03 Intent of Review:

...the Association shall review each proposed subdivision...to insure proper engineering, surveying, access and plans for providing utilities and at least one building site... for the benefit of other landowners and the future purchasers...

[Did Johnson submit his subdivision plans for SG 54 to the GLA for review before acting upon them?] The only surveyed addition on Johnson's subdivided plat map was a wrongfully filed easement across Craig Lannes' property. No other requisites appear to exist on his map (i.e., utilities, access road, etc.).

9.06 Review process:

The Association shall require the submission of an application form, drawing, plat and plans, and any other materials needed to inform itself about the proposed subdivision and to insure quality...

[Did Johnson submit his plans to the GLA regarding road access for tracts 54-A & 54C and the location of his building site for 54-A?] It is difficult to believe that a review of plans would have allowed for any of these acts.

9.07 Standards:

The Association may…publish a statement of policies and standards for reviewing proposed parcel subdivisions, which shall include objective criteria upon which all proposed subdivisions will be reviewed.

a. These may include such criteria as minimum parcel size…minimum road standards, minimum utility requirements, survey requirements, density, etc.

b. These standards are intended to approximate the minimum standards and concepts originally designed into the Community...

1. Regarding road standards for access, a falsely claimed easement is not a legal access road.

2. Johnson utilized family conveyance to subdivide parcel 54 with 2 tracts being less than 2 acres (minimum parcel size). Johnson's family conveyances on parcel 54 appear to be illegal due to the fact that the family members held the conveyed parcels for one month, only, before they were returned to Mr. Johnson. Furthermore, Mr. Johnson stated publicly on several occasions that family conveyance could be used to get around subdivision regulations. This is absolutely not the case and would be unlawful.

3. Additionally the state has requirements concerning the perennial-flow stream that runs on Johnson's property, which apparently have not been met.

12.01 Variances, Waivers:

The Association reserves the right to waive or grant variances…where…it believes the same to be necessary and where the same will not be injurious to the rest of the community.

[Did the GLA give Edwin Johnson a variance to subdivide off two tracts on SG 54 that were less than 2 acres (54-A & 54-C)?] If so, Edwin Johnson has repeatedly injured Mr. Lannes regarding tract 54-A, especially the use of Craig Lannes' driveway to access this tract and to excavate a building site out of a virgin hillside that goes right up to Lannes' property line. [Did Edwin inform or get approval from the GLA in that he intended to use Mr. Lannes' private driveway to access 54-A or that he was going to excavate a site that extended to the property line?]

CONCLUSION:

GLA board member Edwin Johnson has violated many covenants and has not shown compassion or respect for his neighbors. Board members set an example for community members to follow. It is imperative that board members obey the law and follow the Covenants. If they do not they are not in good standing and ought to be removed from the Board of

Directors. Furthermore, a board member who is not in good standing cannot run for reelection. Clearly, Edwin Johnson is not eligible for reelection.

Glastonbury Landowners Association

Board of Directors Meeting Minutes

December 12, 2005

CONFIDENTIAL – DO NOT COPY

1. Call to order, Opening prayer

The meeting was called to order by James Kozlik at 7:05 p.m., at Golden Ratio Woodworks. Edward gave the opening prayer.
PRESENT: James Kozlik (President), Janet Naclerio (Secretary), Ronda Alexander (Treasurer), Edward Anderson, Laura Boise, Ross Fitzgerald, Orlando Johnson, William Smith and Joanna Snyder.
ABSENT: Alyssa Angelis Allen, Charlotte Mizzi, James Trisdale (Vice-President)
PROXIES:Alyssa Angelis Allen to Laura Boise, James Trisdale to James Kozlik
ALSO ATTENDING: Denise Orr (GLA Administrative Secretary), Ombudsmen: Jeanne Campbell and Penelope Price.

a. Opening Comments
Parliamentarian: The Board approved Orlando Johnson to act as "Parliamentarian" at Board meetings. The Board may choose to consult with the Parliamentarian to determine acceptable meeting practices. James K and Orlando agreed to develop a job description and procedures for this role and e-mail to the Board for review.

Based on the policy which states the President does not vote at meetings, the Board discussed whether it would be acceptable for James K. (President) to vote as proxy for JT. Orlando, acting as Parliamentarian, ruled that it was acceptable for James K. to act as President and to also vote as JT's proxy during the December 12th meeting.

2. Board Orientation & Officer Elections - Ronda

A) Review of Orientation Package

Ronda explained that the creation of the new Orientation Package was an initial attempt to provide new Board members with helpful information and that it is a modifiable document that the Board may continue to revise and update as needed.

a. **Flow Chart - Discuss the Process** (i.e. Landowner input to Committee, Committee recommendations to "Board at Large," and Executive Board's responsibilities). James K briefly discussed this process and possible revisions.
b. **Interfacing with Administrative Secretary.** Denise reviewed that it is Board policy to immediately copy all GLA correspondence/documents to the administrative secretary, so that these will not be lost/misplaced, to assure GLA records will be accurately maintained and to keep the secretary up to date.
c. **Signing of the Code of Ethics**
The Board discussed Orlando's & William's concerns about wording in this document. It agreed that each Board member will come to the January 9 Meeting prepared to suggest changes to the document and approve it.
d. **Protocol** - Interfacing with landowners who attend meeting. (James K) **Tabled.**

File: MtgMins 12 12 05
Draft: 12 28 05; 01 09 06-FINAL
Approved: 01 09 06

B) Review of the Officers & Committee Chair Positions

a. Proposal for Ombudsmen to become permanent members of the Complaint Committee. Ronda and Laura asked the Ombudsmen if they would be interested in overseeing (with landowner volunteer assistance) the Complaint Committee since there is currently no one handling complaints. Penelope and Jeanne (GLA Ombudsmen) stated they would consider helping with complaints, but needed more information before accepting this position.

b.Current officers and chairpersons briefly share their office or committee experience (i.e. time, commitment and responsibilities). **Tabled.**

c. Discuss yearly goals of each committee. (James K.) **Tabled.**

d. Organization of landowners serving on specific committees. Ronda distributed the names of landowners who signed up at the annual meeting to volunteer on GLA committees. Newly elected Committee Chairs will need to contact these individuals.

C) Board Members (new & ongoing) Share Background/Experience for the Purpose of Matching Skills to the Officer and Committee Chair Positions. Tabled.

D) Vote to Determine New Board Officers and Committee Chairs/Members

a. Voting Results. The Board unanimously agreed to accept the following Board members into officer and committee positions:

New Officers

President: James Kozlik **Vice-President:** James Trisdale
Treasurer: Ross Fitzgerald **Secretary:** Janet Naclerio

Committee Chairs and Members

Community: Laura Boise (Chair)
Project Review Committee: Alyssa Allen & Laura Boise (Co-Chairs)
Road and Weeds: James Trisdale (Chair)
Recreation: Janet Naclerio & Edward Anderson (Co-Chairs)
Master Plan: Charlotte Mizzi (Chair), Laura Boise, Orlando Johnson & William Smith
Website: Edward Anderson (Chair).
Annual Meeting/Elections: William Smith (Chair), Laura Boise & Ronda Alexander (Assistants)
Complaint: Tabled (The Board discussed that it may want to place the Complaint Committee as a subcommittee of the Community Committee.

b. Distribute to Committee Chairs the suggestions and concerns from landowners submitted at the Annual Meeting. (James K.) **Tabled**
Discuss delegating responsibilities to other committee members (volunteer

File: MtgMins 12 12 05
Draft: 12 28 05; 01 09 06-FINAL
Approved: 01 09 06

landowners). James K. suggested that committees do most of the work and then present their recommendations with a motion to the Board to vote for final approval.

E) Finalize 2006 Board Meeting Dates and Location

a. Proposal to dedicate a time slot to two specific committees per each Board meeting. James reviewed this proposal briefly.

3. General Business

3.1 Unfinished Business

a. Covenants/Bylaws Special Committee. (Ronda or James K.)

3.2 New Business

a. Develop Assessment Policy Re: When to Start Charging Assessments for New Homes and Subdivisions. (Ronda or James K. or Alyssa). **Tabled.**

4. Report of Officers and Committees

4.1 Treasurers Report- Ronda Alexander, Treasurer

4.1.1 Unfinished Business – None

4.1.2 New Business

a. **Retaining Ronda Alexander's services as Bookkeeper** (Board motion and vote) The Board unanimously agreed to retain Ronda as Bookkeeper.

b. Develop Policy Re: Landowners on Committees representing GLA to GLA attorney. (James K.) **Tabled.**

4.2 Project Review Subcommittee Report – Alyssa Allen (Chair), Laura Boise

4.2.1 Unfinished Business

a. **Parcel 35 (SG)/Carla Pagnier Subivision.** Laura reported that a variance letter will go to neighboring landowners asking for interested parties to offer input on the variance. The Board agreed to review the application and consider the results of this survey at the January meeting.

b. Develop policy/procedure re: reimbursement of impact fee when project has required consultant fees and then is not approved by Board and/or it is cancelled by Landowner. (Allysa or Laura). **Tabled.**

4.2.2 New Business

a. Expediting Status of Parcel 22-A NG Sherry Stenberg Subdivision. Laura reviewed that Sherry is not a landowner since she has not yet purchased Parcel 22-A from Reed Johnson and, therefore, her application cannot be reviewed. The Board agreed to suggest to Sherry that she contact Reed and request that he facilitate the subdivision application.

MOTION: Laura motioned and Joanna seconded to inform Sherry Stenberg that her subdivision application could not be expedited. **Motion carried.**

b. Status of Parcel 54-A NG Tina Amereihn Home Construction Application. Laura reviewed that the Board approved the application by e-mail. [Conditions of approval will be added to these minutes.]

c. Proposal to stop expediting subdivision applications. The Board agreed that it would not process subdivisions through the expediting process.

d. Variance committee update (procedure/protocal). (Laura or Joanna). **Tabled.**

e. **Update: Parcel 57-E/NG: Craig Newhouse/Minor Subdivision Application.** (James K.) **Tabled.**

f. Parcel 7B-1 (NG)/Pouwel Gelderloos Home Construction Application
Laura reviewed the application and the Board discussed.
MOTION: William motioned and Ross seconded to approve Pouwel Gelderloos' home construction on Parcel 7B-1 (NG) on the following conditions: (1) all existing structures on the parcel have to be removed before construction begins; (2) all plumbing, electrical and septic permits are obtained before the plumbing, electrical and septic systems are installed; and (3) the land is reseeded after construction. Motion carried unanimously.

Plumbing Permit Added to Project Approval Requirements: It was reported that the County now requires a plumbing permit as a condition of approval for home construction, etc. The Board agreed that the GLA should add this condition to the GLA project approval process and forms.

Subject: Proxy for Dec. 12 meeting

Hi Denise,

I will be giving my proxy to Laura Boise for the meeting on December 12 since we have been working closely on Architectural matters and I have informed her of my preference in a number of areas.

Thanks!

Glastonbury Landowners Association

Board of Directors Meeting Minutes

January 9, 2006

CONFIDENTIAL – DO NOT COPY

1. Call to order, Opening prayer

The meeting was called to order by James Kozlik at 7:10 p.m., at Golden Ratio Woodworks.

PRESENT: James Kozlik (President), James Trisdale (Vice-President), Janet Naclerio (Secretary), Ross Fitzgerald (Treasurer), Ronda Alexander, Edward Anderson, Laura Boise, Orlando Johnson, Charlotte Mizzi, William Smith and Joanna Snyder.

ABSENT: Alyssa Allen

PROXIES:Alyssa Allen to Laura Boise

ALSO ATTENDING: Denise Orr (GLA Administrative Secretary), Penelope Price (Ombudsman), Catherine Bielitz, Craig Lannes, Neil Kremer, Steven Hull Mary Wallace, Edwin Johnson, Justin Woodruff, Albert Vinci, Church & Sally Muto, RC and Kristina Somes, Rick Sendra and Christin Dhieux-Bray.

Opening Comments – James Kozlik

a) Requested Board members to volunteer to help collect GLA related information to submit to the Glastonbury Newsletter.

b) Reminder: Committee Chairs need Board approval before consulting with an attorney.

c) Caspari Way guard rail construction needs to be completed. William Smith agreed to spearhead this project.

d) Distributed "GLA Board Recommendations – 2006" voted on by GLA Board in 2005 and suggested the document be reviewed at February meeting.

e) Discussed Flow Chart & Executive Committee. The Board will need to further discuss how it might function more efficiently during meetings.

f) Orlando proposed that an operational committee be formed to assist the President with the interpretation and clarification of parliamentary law during meetings.

g) The Board agreed to allow a total of 15 minutes to cover landowner issues at the February meeting.

2. Reading and Disposition of Minutes

November 7, 2005 Minutes – Tabled.

December 12, 2006 Minutes

UNANIMOUS CONSENT: The Board agreed to approve the December 12, 2005 meeting minutes with amendments.

3. Landowner Issues/Concerns

3.1 Unfinished Business

a. Albert Vinci's 9/22/05 Ltr. re: issues between Craig Lannes & Edwin Johnson – Albert stated that his letter contains only facts and has been notarized and turned over to the proper legal authority as he is a witness in a legal action.

b. Justin Woodruff's 9/22/05 Ltr. re: issues between Craig Lannes & Edwin Johnson – Justin stated that his letter speaks for itself and that he also signed a petition regarding this issue; the petition has been submitted to the GLA.

c. Clare Parker's 10/28/05 Ltr. re: conduct of Edwin Johnson . Tabled. (Clare was not present).

d. Craig Lannes 9/28/05 Document - Lannes v Johnson
Craig deferred speaking until agenda item 3.2. New Business was discussed.

e. Denise Diehl's 11/28/05 Ltr. re: conduct of Edwin Johnson. Tabled. (Denise Diehl was not present during this portion of the meeting.)

3.2 New Business

a. Craig Lannes: What Can the GLA Board Do Re: Johnson/Lannes Dispute. Craig reviewed the details of his complaint concerning Johnson's actions and contained in Craig's document "Craig Lannes 9/28/05 - Lannes v Johnson." He expressed that he would not pay assessments until GLA too action regarding the Covenant violations he sited.

b.. Edwin Johnson's Response to Landowner Allegations
Edwin reviewed details of his experience related to Lannes' complaint, and stated he would like to see the whole matter dropped. He reported that a court case "Lannes vs Case, Johnson and Park County" will be heard in February at Park County District Court.

The Board confirmed that it would not comment or respond to the Lannes complaint during the meeting. It did not commit to any action or response date.

c. Walter Wunch: The original intention of Glastonbury Landowners Association - Tabled. (Walter was not present).

4. General Business

4.1 Unfinished Business. None.

4 .2 New Business

a. Covenants/Bylaws Special Committee – Ronda reported that the Master Plan Committee will handle proposals re: revisions to the Covenants & Bylaws.

b. Revise Board "Code of Ethics" document – Special Committee
Some, but not all of the Board members, were ready to discuss changes to the document. William, Ross, Edward and Orlando agreed to further work on revision proposals by e-mail and to send final proposals to remaining Board members via e-mail -- ten days prior to the February meeting.

c. Location of Board Meetings
Denise reported that the Thomas More School has offered the Board to meet in their fireplace room on Wednesdays free of charge.
Discussion.
The Board agreed to continue to meeting at Golden Ratio.

d, Proxy Vote – Is it Necessary
Discussion.
Ross, Charlotte and Orlando will research our Bylaws, etc., and make a recommendation at the next meeting.

5. Report of Officers and Committees

5.1 Treasurers Report- Ronda Alexander, Treasurer

a. Reports
Ronda distributed "December 2005 Bank Transactions" and the "Budget Variance Report, January through December 2005."

b. Vote to Authorize Board Members to Co-Sign Glastonbury Landowners Association (GLA) Checks and Access Savings Account & Safe Deposit Box.
MOTION: Ross motioned and JT seconded to approve the following GLA Board members to co-sign on the GLA checking account as well as to access the GLA savings account and the GLA safe deposit box: James Kozlik (President), James Trisdale (Vice-President), Janet Naclerio (Secretary) and Ross Fitzgerald (Treasurer). In addition, Denise Orr, administrative secretary, is approved to access the GLA safe deposit box. Motion carried unanimously.

5.1.1 Unfinished Business – None

5.1.2 New Business

a. Update: Transition between Ronda and Ross.
Ronda reviewed the progress in the transition process
b. Identify Legal Advisor to Board. Tabled.
c. Review petty cash procedures. Tabled.

5.2 Project Review Subcommittee Report – Alyssa Allen (Chair), Laura Boise

5.2.1 Unfinished Business. None.

5.2.2 New Business

a. Update- Contact with landowner volunteers. Tabled.

b. Update - Parcel 35 (SG)/Carla Pagnier Subdivision Variance
Laura and Joanna reviewed that a GLA letter requesting feedback on the proposed subdivision variance was sent to all landowners in Carla Pagnier's neighborhood, and the neighborhood agreed to approve it based on the fact

that the division was pre-existing. Joanna and Laura recommended the variance be approved based on the fact that it is actually a "grandfathering in" of a condition that has existed for 15 years - and - a formal subdivision by previous tenants-in-common parcels diminishes liability problems.
MOTION: Joanna motioned and Laura seconded to approve Carla Pagnier's Parcel 35 (SG) subdivision. In addition, the variance fee will be waived since the Board was in a learning mode regarding the variance process used for Carla's application, which in turn delayed the processing of this application.
Motion carried.

c. Parcel 22-A (NG)/Sherry Stenberg Subdivision Application
Laura explained that this application was listed on the agenda under the name of former owner, Reed Johnson, but Sherry is now the legal owner of Parcel 22-A. Sherry submitted a subdivision application on 12/12/05. The Board discussed that although (1) density standards may eventually be revised in that neighborhood area based on current neighborhood input, and (2) some neighbors in that area may prefer fewer lots in larger sized parcels -- the Board could not base its approval upon *potential* changes in density standards as these will still need to be voted upon by all landowners at a future time when the Draft Master Plan is presented to them. The subdivision meets the current density schedule that is posted on our website, and therefore, Laura and Alyssa recommended that the GLA needed to honor the current schedule and approve this subdivision.
MOTION: Laura motioned and Ross seconded to approve Sherry Stenberg's subdivision application for Parcel 22-A (NG) subdivision.
Motion carried. (1 non-approval–Janet. 1 abstention-Charlotte)

d. New Subdivision Variance Proposal for Parcel 57 (NG)/Craig Newhouse
Laura reviewed a new proposal for this subdivision.
Discussion.
UNANIMOUS AGREEMENT: The Board agreed to give the following response to Craig: "The GLA Board will further review your variance proposal when it receives the following information: (1) Documentation of the legal ownership of the shelters; (2) The intended use of the shelters; and (3) Expectations or future plans for additional construction (i.e. setbacks, etc.) on the lot. Please also note that the review process will produce additional conditions."

e. Philip & Carol Hanifan, Lot 61 (SG)/ Request for Easement Approval
Laura reported that this is a final formal request (based on previous request) for approval to cross GLA's road to access water on the neighboring parcel Laura recommended that the GLA should request that the Hannifans submit to the GLA the proper agreements/paperwork for our files.

MOTION: Laura motioned and Edward seconded to approve the Hanifan's easement (i.e. - well access and water line easement) in favor of Parcel 61 (SG) on to Parcel 65 (SG) with the condition that the Hanifans will provide to the GLA notarized copies of: (1) the easement agreement signed by the two parties; (2) a document of mortgage that authorizes the GLA President to sign, and; (3) any other document that the GLA President may need to sign. **Motion carried.**

f. Update: Parcel 7B-1 (NG)/Pouwel Gelderloos Home Construction Application - Laura

Laura reviewed that on 12/12/05, the Board approved this application and included the condition that "all existing structures on the parcel have to be removed before construction begins." Recently, it was discovered that the existing structure mentioned is actually a small studio apartment on which assessments are being paid. Neighbors Philip Hoag and William House spoke with Laura and agreed with the following change to the preliminary approval. **UNANIMOUS AGREEMENT:** The Board agreed to change the condition listed in its 12/12/05 motion regarding the removal of all existing structures to read "the apartment will be allowed to remain in place on the condition that it be removed once the new construction is completed and livable. The GLA requires a report concerning removal of the structure before it will consider final approval of the project." All other conditions stated in the 12/12/05 motion will remain.

g. Lot 36-A (SG) Subdivision Application/R. Wallace – Laura

Laura reported that the Wallace's were asking for six divisions in a 5 division parcel in the lower plateau area of SG and that they will need to go through the variance application process.

h. Addition to Project Application Forms

The Board agreed that the project application forms need to include the clause that assessments need to be current as a requirement for Board review.

5.3 Road and Weed Committee Report- James Trisdale (Chair).

5.5 Land Use Master Plan Committee Report - Charlotte Mizzi (Chair)

5.5.1 Unfinished Business

a. Status of Density Standard Survey Responses.

Charlotte reviewed that during the last five months, many people on this Committee have worked hard. She proposed that a special meeting with the Board be held to review raw data collected from the surveys and maps, etc. Revisions to the body of the Master Plan will be ready to review in February.

MOTION: Charlotte motioned and Orlando seconded to schedule a special Board meeting (open to landowners) on January 23 or 25 to discuss issues involving Master Plan density standards, minimum acreage and maps.
Motion carried.

Denise will determine the availability of the Golden Ratio meeting place as well as the Board's availability for Jan. 23 or 25.

GLA 02110

GLA Board Recommendations - 2006

Accounting

1. Set-up checks and balances between the Treasurer and Bookkeeper

2. Change assessment fees due date to 60 days versus 365 days; assess finance charges after 60 days past due; update landowner statements to reflect the following:
   - ✓ All current assessments are due by February 28th of the current year.
   - ✓ Assessments not paid in full by February 28th of the current year and not on an approved payment plan are delinquent and will be charged a penalty of 5.0% and a finance charge of 18.0% per year until paid in full starting March 1st of the year the delinquency first occurred.

3. Set-up handling fees for assessment payments and update landowner statements to reflect the following:
   - ✓ Quarterly Payments: due January 31st, April 30th, July 31st and Oct 31st. A handling charge of $2.00 will be added to each payment.
   - ✓ Monthly Payments: due by the end of each month with the final payment due October 31st. A handling charge of $1.00 will be added to each payment.

4. Process quarterly assessment statements for past due accounts only versus for all accounts with an outstanding balance for the current year. Processing quarterly statements for accounts with an outstanding balance for the current year becomes a moot issue if the due date for assessments is changed from 365 days to 60 days.

5. Research collection agencies to collect assessments for accounts with liens

6. Develop contract for sub-contractors; renegotiate contract annually

7. Transfer soccer field expenses to PVRC

8. Implement PVRC land lease

9. Research new database/accounting software, eliminating the need for two GLA sources for Landowner records
   - ✓ Utilize MSU student to do research and implementation in exchange for school credits; eliminates consultant fees

10. Set-up an annual audit of GLA books by a certified public accountant

11. Process lien filing fee of $50.00 when lien is filed, versus when lien is paid in full. This eliminates the problem of forgetting to process the fee and giving an incorrect payoff

12. Conduct study to determine cost effectiveness of subdivision waivers
    - ✓ Change processing of finance charges to once a year versus monthly; very labor intensive to process monthly and 6% does not seem adequate to cover monthly cost of labor
    - ✓ If it is decided to keep subdivision waiver, consider increasing percentage to cover cost of labor for applying finance charges

GLA Board Recommendations - 2006

Accounting (con't)

13. Enforce limits for paying Board of Directors for any time put in after 12 hours of volunteer time:
    - ✓ > 12 hours for committee work must be approved by the Committee Chair
    - ✓ > 12 hours for committee work that exceeds budget for that committee must be approved by the Board
    - ✓ > 12 hours for non-committee work must be approved by the Board

14. Research refinancing of road pavement loan for purpose of reducing the interest rate and lowering payments and/or reducing amount of time to pay off loan

General Operating Procedures

1. Research feasibility of emailing GLA correspondence to landowners versus always mailing hard copies

2. Recruit a volunteer legal advisor to either be part of the Board or to be available as an advisor to the Board
    - ✓ Contact MSU to determine any interest; minimizes lawyer fees

3. Create an annual fundraiser to raise funds for the GLA

4. Recruit volunteers to help with large mailing projects

Website

1. Expand Website to include more information for landowners
    - ✓ GLA news, policy updates, meeting minutes, forum for landowners to communicate to GLA, etc.
    - ✓ Use as a source for online surveys, updating landowner information, etc.

2. Create a "Motions" database to easily access decisions made by GLA Boards.

Roads

1. Research feasibility of Church Universal & Triumphant sharing the cost of grading the following North Glastonbury Roads: Sirius, GAV, Caspari Way
    - ✓ Caspari Way is a platted road that was built by the Church in 2002 without approval from the GLA

2. Install portable speed bumps on highly traveled gravel roads in both North & South Glastonbury

3. Develop policy to prohibit transporting of "track" equipment on platted roads; all track equipment should be hauled
    - ✓ Set-up financial penalty for road damage if policy not followed

GLA Board Recommendations - 2006

Roads (con't)

4. Bill contractors for any damage to roads as a result of work done by landowners. If the contractor does not pay the bill, then bill the landowner. If the landowner does not pay the bill, put a lien on the landowner's property

5. Install speed limit signs on platted, gravel roads; this may be unnecessary if portable speed bumps are installed

6. Solicit proposals from contractors for chip sealing North Glastonbury paved roads
   - ✓ Develop cost analysis
   - ✓ Research loan programs
   - ✓ Determine increase in assessments to pay for loan
     - consider applying any collections for past due assessments to loan, reducing the amount of time to payoff and decreasing amount of time for increased assessments to landowners
     - consider applying lease payments from PVRC to pay for loan, reducing the amount of time to payoff and decreasing amount of time for increased assessments to landowners
   - ✓ Present to landowners for a vote

Complaints

1. Review 2005 proposal from the GLA Complaint Committee to determine feasibility of implementation
   - ✓ Make Ombudsman position permanent part of Complaint Committee
   - ✓ Involve landowners in developing process for resolving complaints

Architectural Projects

1. Use "Injunctive Relief" process to stop construction when a landowner project is not approved by the GLA

2. Enforce new policy for collecting current and past due assessments before a project is approved by the Board

GLA Organizational Structure

1. Covenants state that road maintenance is the number one priority for the expenditure of landowner assessments; help the board keep this focus

2. Conduct study to determine if GLA organizational structure is the most effective for serving the Glastonbury communities
   - ✓ Identify needs of the community based on the Master Plan
   - ✓ Develop vision and mission statement for the GLA Board
   - ✓ Utilize MSU student to do research and suggest best organizational structure in exchange for school credits; eliminates consultant fees and ensures a non-biased, third party is objectively addressing what is best for the community

The GLA claims the right, as a legal entity, to assess and collect annual fees. The right to assess fees also carries the responsibility to enforce those rules of incorporation, submitted in part, to validate the legal right to assess and collect those fees. The by-laws and land covenants clearly assert the GLA's right to enforcement of those by-laws and covenants.

I refuse to pay my land assessments, in protest, because the GLA has not upheld the responsibility to enforce covenant violations that have injured me and my property.

There are not " two sides to the story", when factual events are witnessed and documented. The first precipitating witnessed event is as follows:

Without warning, without my permission, and despite my protests, a bulldozer repeatedly crossed my property, destroying the only ease of access to my home.

My driveway was repeatedly entered, by the bulldozer, carving out the adjacent pristine hillside to extend my established home site, beyond my property lines, operating repeatedly @50ft from my front door, despite my protests, based upon unsubstantiated claims of legality. The non-resident land developer and GLA board member then filed a restraining order against me and is suing me for unspecified damages for stopping further encroachments and alterations along the communal property line destroyed by his hired bulldozer. The damage to my property, witnessed by neighboring resident homeowners, was never repaired.

The perpetrator of these (and other) acts was a *non-resident land broker* and GLA board member, who's actions prompted angry letters of protest against his disrespectful inconsiderate acts, from other *resident homeowners.* This resulted in his public chastisement from fellow board members, and his forced resignation from the board. As a licensed land broker and GLA board member, this person has a working knowledge of real estate rules and practices. He evaded subdivision regulations by claiming a family conveyance. Notarized statements further testify to his public announcement that one could get around subdivision regulations by claiming family conveyance. He avoided county road access permits by erecting "livestock gates". He ignored surface water regulations, depleting the community firepond, placing the residents at risk, and altered streambeds, without permits, plan reviews or legal permission.

I contend that no one has the right to enter someone's property with a bulldozer without first obtaining their permission. That is a bold, inconsiderate illegal act (trespass) clearly defined in the covenants. Repeated trespass and ensuing unrepaired property destruction, based upon unsubstantiated claim of legality, in order to sell a parcel of less than two acres that evaded subdivision review, is an attempt to profit at the expense of others, despite community residents' publically stated concerns over legal controlled land development that does not encroach upon resident homeowners.

All I did was purchase a modest home on a small parcel, to reside in peaceful retirement. Trespass and property destruction based upon false claims is a clear violation of numerous covenants. As a retired disabled teacher on a fixed income, his money, position and power have eroded my limited resources, preventing my ability to both defend myself *and* pay assessments.

I petition the GLA board to take action against these blatant violations and evasions of rules and regulations, to put my property back to the state it was in when I first purchased my home and land in good faith, subsequently altered/destroyed at my expense, and despite my protests, from a GLA board member and non-resident land broker who has drawn the ire of neighboring resident homeowners.

When the GLA comes to my defense by simply enforcing their own rules, triggered by the unethical destructive acts of a GLA board member, I will resume payment of my assessments. Until then, I will hold those funds in abeyance, in protest to the inequitable practices that have allowed my property to be destroyed and my rights violated, without consequences for the perpetrator that is wrongfully suing me, the injured party.

Summation:

My property was destroyed by the destructive trespasses of a bulldozer, so that a non-resident land broker and (previous) GLA board member could profit from the sale of a parcel of less than 2 acres, that evaded subdivision regulations through claimed family conveyance and unsubstantiated claims to legal rights over my property. It is incumbant on the GLA, as the local land agency, to protect resident homeowners from the eyewitnessed documented destructive actions of non-resident land brokers that profit at the expense of the residents.

January 9, 2006 Meeting
Summary of Lannes and Johnson's comments

a. Craig Lannes: What can the GLA Board do re: Johnson/Lannes dispute.
Craig reviewed the details of his complaint contained in "Craig Lannes 9/28/05 Document - Lannes v Johnson" including:

- Estimated repair expense from damages resulting from Johnson's bulldozer actions is $1,000 plus the cost to present his case in court.
- Claimed he was an innocent victim of illegal actions and that he didn't call the sheriff because Edwin had presented himself as a GLA Board member.
- Requested the GLA to take action against Johnson re: violations of Covenants (property destruction and trespassing) that have also been witnessed by others.
- He has withheld paying assessments and will pay them again when the GLA takes action concerning "unethical acts of a GLA board member."

b.. Edwin Johnson's Response to Landowner Allegations
Edwin reviewed details of his experience related to Lannes' complaint, including:

- Claimed he never intended to injure Parcel 54 in any way and apologized for events that led Lannes to believe this was so.
- Stated he was busy with hunting season at the time the driveway issue occurred and he believed his contractor and Craig's contractor were properly handling the issue.
- Cited that within Lannes' garage application to the GLA, the driveway in question was sketched in and it was noted that "the driveway easement is in process with the County" which reveals that Lannes was aware of the shared driveway.
- Cited Lannes erected barbed wire in the middle of the road
- He "would like to see the whole matter dropped"
- A court case "Lannes vs Case, Johnson and Park County" will be heard in February at Park County District Court,

Updated 1/9/2006

A process needs to be established for handling fees collected when a project application is not approved.

The first step would be for the committee to decline to accept an application when it appears to be un-approvable in the first place, and direct applicant to the Variance process if appropriate. (Do you agree?)

Case 1: Project is not approved. No further action can be taken.

Action: Refund Sanitation Bond and unused portion of Impact Fee. (Impact fee covers road usage as well as board member time required to process application.) Unused portion of impact fee equals monies remaining after subtracting application processing expense incurred by board members or contractors, or any other expenses. (?)

Case 2: Project is not approved, but directed to Variance Committee.

Action: All fees collected are flagged for "possible refund," similar to a sanitation bond, until the Variance process is completed. If the project is approved, Impact fee is moved into "income." If not approved, same as Case 1 listed above.

Note: If the variance process is pursued, the variance fees are separate from the fees that may have already been paid toward a project. The variance fees will be determined on a case-by-case basis depending on the situation, and agreed on by the applicant and Variance Committee. (This is my understanding at this point, but the committee will be further defining the process.)

The Alpine Group

We represent 14 parcel owners in what is called the Alpine Forested and the Upper Hilly areas of South Glastonbury. Our group are only those that we have contacted and represent 100% of those contacted. Our statements below are representative of all of our collective thoughts with respect to the Master Plan and variances from the Master Plan as well as the Glastonbury covenants.

We oppose any variances on any parcel before the Master Plan is finalized.

We are requesting that the Master Plan draft that we voted on and were surveyed on is implemented as soon as that can be accomplished. We do not need to remind the board that we voted on our wishes for a Master Plan over two years ago at a neighborhood meeting.

We request that if a variance is requested by a parcel owner then all parcel owners that are effected be notified. This would apply to any impact on a drive by situation.

We request that the Glastonbury covenants with respect to trailers, trash, eyesores, noxious weeds etc. be enforced.

Glastonbury Landowners Association

Board of Directors Meeting Minutes

February 6, 2006

CONFIDENTIAL – DO NOT COPY

1. Call to order

The meeting was called to order by James Kozlik at 7:10 p.m., at Golden Ratio Woodworks.
PRESENT: James Kozlik (President), James Trisdale (Vice-President), Janet Naclerio (Secretary), Ross Fitzgerald (Treasurer), Edward Anderson, Laura Boise, Orlando Johnson, Charlotte Mizzi
ABSENT: Alyssa Angelis Allen, William Smith.
PROXIES: Alyssa Allen to Laura Boise
ALSO ATTENDING: Denise Orr (GLA Administrative Secretary) & Jeanne Campbell (Ombudsman). Landowners: Catherine Bielitz, Kathleen Rakela,, Steven Hull, Mary Wallace, Robert Wallace, Arlon Pfeil & Ben Mitchem. Potential Landowners: George & Camille Larsen.

a. Opening Comments.

- James reviewed meeting protocol.
- Executive Board Discussion: The Board reviewed that the GLA Bylaws and Covenants do not give any specific power to an "Executive Board" (ie. President, Vice President, Secretary and Treasurer), but that this body could form a committee and submit recommendations to the Board for a vote. The Board agreed to revisit this topic at the March meeting.

MOTION: Orlando motioned and Ross seconded to approve the agenda with amendments. **Motion carried.**

2. Reading and Disposition of Minutes. Tabled.

3. Report of Officers and Committees

3.1 Treasurer's Report - Ross Fitzgerald .

Ross reviewed that the duties between the Treasurer and Bookkeeper (Ronda) have been delineated. He distributed "Budget Variance Report, Jan 2006," "January 2006 Bank Transactions" and "2006 Projected Budget, 2/1/06."

3.1.1 Unfinished Business

a. none

3.1.2 New Business

a. MSU Student for Data Base. Ross reported he is in the process of researching the possibility of having an MSU student assist the GLA in consolidating our two databases and that he will submit a proposal to the Board when appropriate.

b. Choose Budget Committee for 2007 Budget

The Board agreed that Ross, Orlando, Janet and JT will comprise the 2007 Budget Committee and that it will need to submit to the Board the date on which it will submit a budget proposal.

c. Additional Topics Reviewed by Ross

- Julia Vinci Letter (not dated; received 1/30/06) which included a request for the Treasurer's report. Laura also reported that she spoke to Julia in response to the concerns expressed in her letter.
- The possibility of posting a bi-annual and annual Treasurer's Report on the GLA website.
- Invitation to landowners to contact him re: questions concerning GLA's use of assessment funds; he will respond asap.
- Ross contacted T. Shellenberg (accountant) to review the GLA books twice a year. The Board discussed that this service is probably only needed once a year and requested information concerning its expense.
- Ross is committed to resolving the issue of collecting assessments fees from landowners who are in arrears, and will consult with our attorney concerning collection practices that the GLA could implement.

3.2 Project Review Subcommittee Report – Allysa Allen (Chair), Laura Boise

3.2.1 Unfinished Business

a. none

3.2.2 New Business

a. Update- Contact Landowner Volunteers for Project Review Subcommittee.

Laura reported that she will ask Alyssa for the list of volunteers and contact them since Alyssa is out of town. Charlotte volunteered to be a part of the sub-committee.

b. SG Park County Subdivision Fire Regulations- Letter from Lawyer.

James Kozlik reported that our lawyer will compose a letter in which regulation laws for subdivisions are reviewed. JK will forward this information to Edward to post on the GLA website. He suggested that a link to the county's subdivision standards could be added to the website.

c. Update – Lot 36-A (SG) Subdivision Variance Application/R. Wallace.

Laura reported that the GLA received 20 non-approval and 3 approval responses to the GLA subdivision variance letter re: Lot 36-A that was sent to neighbors in the lower SG plateau area. Robert Wallace stated that he was surprised by the results as he estimated there were approximately 20 neighbors who told him they would approve the variance. He asked the Board if he could contact these neighbors again and commented that his request should be granted based on the Board's approval of the Pinardo subdivision variance. The Board responded that it would not grant this request as the neighbors Robert mentioned had already received the opportunity to state their approval of his variance as requested in the GLA letter. It also explained that the variance process was originally created due

to a number of problems encountered during the Pinardo subdivision variance process (ie. a number of neighbors complained that they felt pressured by the owner to submit their approval of that subdivision.) To avoid the repetition of that experience and protect the anonymity of neighbor input, the Board confirmed it would follow the new variance process

MOTION: Orlando motioned and Ross seconded to vote to accept or reject the variance requested by Robert and Mary Wallace for Lot 36-A, SG.

Motion carried

Discussion.

Consensus Agreement: The Board agreed to not approve the Wallace's variance application.

d. Update - Review Lot 54-A (NG) Construction/Tina Amereihn

1) Kathleen Rakela's 1/23/06 Letter (Board received copies). Laura reviewed Kathleen's concern that Tina's home was built on the ridge line and violated county regulations for that subdivision. Allegedly, Judge Swandall had ordered Tina to move her site off the ridge line.

2) According to Tina, her contractor and William Smith (who sold the lot to Amereihn and had created the covenants for that subdivision) advised her that the placement of her home was acceptable, but agreed that the language in County Regulations was unclear regarding the definition of a ridge-line.

Lot 54-A (NG) Proposed Basement Construction/Tina Amereihn

Laura reported that Tina submitted an application to add a basement foundation to her original house construction plan. Per Tina, this addition will increase the home from two to three stories, with extra square footage and will not change the height above ground level from the original plan. Laura did not have time to verify these specifics as the application was submitted the day before the meeting. Discussion

MOTION: JT motioned and Ross seconded to postpone reviewing Tina Amereihn's basement application until Park County issues a statement regarding the status of her home site.

Discussion.

Motion carried.

New Policy for Subdivision Applications

The Board agreed that in the future all applicants submitting subdivision applications to the GLA need to submit (1) the covenants for the particular subdivision since those covenants may differ from GLA covenants or standards; and (2) a copy of the County's conditions once the subdivision is approved.

e. Lot 55-D (NG) Home Construction & Garage Application/ Ragnow & Kory, Jr.
Laura reviewed the application and noted that this lot is in the same subdivision as Tina Amehrein. The Board discussed that there may be similar problems with the ridge line requirement and that further research may be needed before the GLA can make an informed decision. James K. said he would visit the site and contact Ragnow..
MOTION: Charlotte motioned and Laura seconded to table Ragnow's home construction and garage application on Lot 55-D (NG).
Motion carried unanimously.

f. Lot 46-D (SG)/Mobile Home and Well Project/Brian & Theresa-Emmanuel Grey.
Laura explained that Alyssa had been working with the Greys to process their application during the previous two weeks. Some of the Board felt they did not have enough time to review the application that was e-mailed to them on Friday, February 3.
Consensus Agreement: Table the review of the Grey application.

g. Vote to Eliminate Expediting Process for Subdivisions and Variances.
MOTION: Laura motioned and Ross seconded to *discontinue* the expediting process *for subdivision and variance applications.*
Motion carried.

Discussion.
Amendment: Ross motioned and Charlotte seconded to *discontinue* the expediting process for *all project applications.*
Amendment did not carry. (5 not in favor; 2-in favor; 3 abstentions)

Discussion: George Larson, attendee at meeting, reported that he was about to become a GLA landowner and that eliminating the expediting process would be a hardship on him for a number of reasons. The Board further discussed whether the expediting process might be allowed in hardship cases.
Amendment: Laura motioned and Orlando seconded to *allow the expediting process for subdivisions and variance applications in extreme hardship cases.*

Discussion.
MOTION: Charlotte motioned and Orlando seconded to table the discussion concerning discontinuing the expediting process for *subdivisions and variance applications in extreme hardship cases* and to discuss this topic at a future meeting. **Motion carried.**

h. Craig Newhouse Letter of 2/1/06 re: Proposed Subdivision of Tract 57-E (NG).

Denise distributed copies of Craig's letter received by the GLA on 2/4/06. Laura reviewed the letter which included Craig's responses to the GLA's previous inquiries concerning his application. The Board agreed it could not vote on Craig's request for preliminary approval until his variance application process was completed.

3.3 Road & Weed Committee Report - James Trisdale (JT) (Chair)

3.3.1 Unfinished Business

a. Edwin Johnson Water Rights/Fire Pond Attorney Letter

James K. reported that he asked our attorney to compose a letter to address water rights and how these relate to the GLA's Covenants, insurance, assessments and budget. James will also visit the DNRC to investigate the water rights for North and South Glastonbury.

Edwin stated that he had no intention of "de-watering" the existing water systems in SG and that this happened due to sprinklers. He stated he is willing to come to some sort of agreement with the GLA regarding this issue.

b. High South Road Usage Signs – Ev. Johnston & K. Ramp

J T stated that he will call Johnston regarding the sign. He contacted Ramp and is waiting to receive her feedback regarding wording on sign.

3.3.2 New Business

a. Update- contact with landowner volunteers

JT reported that Ian Scott volunteered to work on the Road/Weed Committee. Jeanne Campbell stated she will ask if her husband is interested in volunteering.

b. Speed Bumps & Signs

JT proposed that 3 portable speed bumps plus appropriate signs be installed on gravel roads in Glastonbury. Each speed bump costs approx. $342.

Discussion.

MOTION: Orlando motioned and Edward seconded to approve a $2,500 maximum budget for the expense of speed bumps and associated signs.
Motion carried.
The Board agreed that the speed bump/sign expense should be included in the 2007 budget.

c. Road maintenance sub-contractor contacts

JT reported that he has one subcontractor lined up for a 2-year run and is waiting for two more bids. He will submit a road expense proposal when the 2 bids are

received. Laura proposed and the Board agreed that the GLA needs to inform landowners concerning the access locations to common use land.

3.4 Land Use Master Plan (LUMP) Committee Report – Charlotte Mizzi (Chair)

3.4.1 Unfinished Business

a. none

3.4.2 New Business.

Charlotte & Laura distributed two documents:
1) **Exibit A** = "3.5 Residential Areas and Density Schedule (2/1/06) LUMP Committee, for GLA Mtg,"
2) **Exibit B** = "3.5 Residential Areas and Density Schedule (2/6/06) for GLA Mtg ."

a. Recommendations re: average minimum acres.

Discussion of Exhibits A & B:

1) **Exhibit A:** The Board agreed to revisions of the footnotes and minimum acreage column included in this schedule. A motion to approve Exhibit A did not pass.
2) Laura and Charlotte emphasized that the variance information to be placed in the Draft Master Plan should explain how variances will be administered by the Project Review Sub-committee.
3) The LUMP Committee stepped away from the meeting and developed a proposal concerning **Exhibit B.** It then presented its proposal to the Board. Discussion.

MOTION: Charlotte motioned and Ross seconded to the following:

- **Exhibit B:** Delete Column 2 - "Minimum Acres per Tract/Lot"
- **Exhibit B:** Obtain our attorney's advice to ascertain the legality of the GLA asking landowners to vote for either Column 3 (as Option 1) or Column 4 (as Option 2).
- If our attorney states that voting on Option 1 or Option 2 *is* legal, the Board will approve **Exhibit B** for inclusion in the Draft Master Plan
- If our attorney states that voting on Option 1 or Option 2 *is not* legal, the Board approves **Exhibit A** (with agreed upon revisions, including the footnote that states "no variance will be allowed for the division of land less than 2.5 acres in North and South Glastonbury") for inclusion in the Draft Master Plan. **Motion carried.**

b. Choices for density standard Landowner vote – Tabled.

c. Neighborhood Survey results posted on web site.

Charlotte commented that this will be done when the Board approves the specific document to be used – either Exhibit A or B.

3.5 Recreation Committee Report – Janet Naclerio (Chair)

3.5.1 Unfinished Business

a. Status of Phase I and II Committees Reports – **Tabled.**

3.5.2 New Business

a. Proposal for community building funding.

James Kozlik briefly reviewed the possibility of constructing a community building on our recreation land using "sweat equity" and collecting rent for its use. Since GLA owns the land, it has equity, thus making it eligible to receive a loan. James asked the Board to think about this possibility and what it might take to implement such a plan, including how it might affect our budget, etc.

b. Update: Contact landowner volunteers. Tabled.

4. General Business

4.1 Unfinished Business. None.

4.2 New Business. Tabled.

a. Community Committee - LB.

b. MSU students for legal assistance, accounting, data base, community studies, etc. - JK

c. Code of Ethics - RF

5. Open Floor Comment Period and Landowner Issues/Concerns. None.

6. The meeting was adjourned at 11 p.m. with no further business.
Next Meeting: March 6, 2006, 6:45 p.m., at Golden Ratio Cafeteria.

TO: Treasurer of GLA
FROM: Julia Vinci
RE: Assessments

I am remitting the assessment for 2006, as I have done the past four years I have resided here, but with reservations. Each year I find myself more reluctant to do so for the following reasons:

1. The assessment amount has been increased--and will probably continue to be increased--while thousands of dollars are in arrears by non-paying landowners. It is unfair to place the burden of rising costs for the association on the shoulders of those who meet their responsibilities while nothing is done to collect from those who do not do so.

2. As a member in good standing in GLA I feel I have a right to know who has or has not met their financial responsibilities.

3. As a member in good standing in GLA I feel I have a right to know the exact and specific results in elections and surveys. It should be a matter of public record.

4. As a member in good standing I feel I have a right to an annual full financial disclosure in detail. Surely this already exists, as it should in a well-run organization, and can be made available to those who wish to see it, perhaps online if not at the expense of a mailing.

5. Though my perception may be inaccurate, I perceive that the board members do not seek and are not open to input from the membership at large as to resolution of problems. "What one perceives one believes."

6. I choose to be an apolitical non-affiliated citizen who has no connection to any political party or religious institution. As long as the Church Universal and Triumphant is the "Incorporator" of the Glastonbury Landowners Association (CUT) I am unintentionally and unwillingly supporting CUT when I pay my assessment. I want the GLA to be totally divorced from that organization.

7. There exist covenants by which members of GLA are governed. I try to follow them. I want those covenants enforced fairly and consistently by the Board, my "legal representatives," regardless of who has broken them. This is not being done. If this board cannot enforce even one of its covenants then it cannot enforce any of them and is nothing more than a toothless watch dog.

In summary, I want to know what I'm paying for and why I'm expected to.

Any deviation from the density limits set in this "*3.5 Residential Areas and Density Schedule*" must require a variance and go thru the variance process.

No variance will allow for the division of land of a Parcel/Tract/Lot to less than ~~3.0~~ 2.5 acres in North Glastonbury, nor less than 2.5 acres in South Glastonbury, nor less than 4.0 acres in the "Alpine-Forested" area of South Glastonbury.

Only 1 variance process that seeks to reduce the density size requirements for a Tract/Lot or increase the ~~number of Tracts/Lots per Parcel~~ will be allowed per individual land owner of a specific Parcel/Tract/Lot.

Only one (1) variance process that seeks to reduce the density size requirements for a Tract/Lot will be allowed per individual land owner of a specific Parcel/Tract/Lot.

The essential element of the Variance Process is that it allows neighborhood review and therefore allows at least the opportunity to foster community.

Glastonbury Landowners Association

Board of Directors Meeting Minutes

March 6, 2006

CONFIDENTIAL – DO NOT COPY

1. Call to order and Welcome

The meeting was called to order by James Kozlik at 7:10 p.m., at Golden Ratio Woodworks.

PRESENT: James Kozlik (President), James Trisdale (Vice-President), Janet Naclerio (Secretary), Ross Fitzgerald (Treasurer), Alyssa Angelis Allen, Edward Anderson, Laura Boise, Orlando Johnson and Charlotte Mizzi.

ABSENT: William Smith

PROXIES:

ALSO ATTENDING: Denise Orr (GLA Administrative Secretary), Landowners: Edwin Johnson, George Larsen, Kathleen Rakela, Connie Fitzgerald and Catherine Bielitz.

Opening Comments:

James K. announced:

- Orlando will initially take the position of "chairman" during Board meetings, as called for in Robert's Rules of Order, and other Board members will then take on this role in future meetings. The chairman keeps the Board on track in terms of covering agenda items without extraneous discussion. Before speaking, a Board member must raise his/her hand and address Orlando as "Mr. Chairman."
- Unfinished business will be reviewed before new business during board meetings.

2. Approval of Agenda for Meeting

a) Submit new items or changes and vote

The Board agreed to use a new agenda (submitted by Orlando) for the meeting, Additions and changes to the agenda were proposed and accepted. .

b) Vote on resultant agenda

UNANIMOUS CONSENT: The Board approved agenda with amendments.

3. Reading and Disposition of Minutes. Tabled.

4. Treasurer's Report - Ross Fitzgerald

Ross distributed: "Budget Variance Report, January through February 2006" and "February 2006 Bank Transactions"

Ross reported that he is in the process of researching the possibility of lowering the interest on the GLA's road loan.

5. Officer's Reports

5.1 Code of Ethics – Ross

Ross e-mailed a revised Code of Ethics to the Board in the week prior to the meeting.

Discussion.

MOTION: Ross motioned and JT seconded to adopt the revised Code of Ethics sent to Board members last week.
Motion carried. (5 approved; 3 opposed (Charlotte, Orlando and ?)

Discussion:
Many points of view were presented concerning the Code of Ethics. Some Board members did not wish to sign the document. There was no insistence that the document be signed by Board members. Laura proposed that that the revised Code of Ethics and the letter from the county attorney re: conflict of interest on Boards could be inserted into the Board Orientation Manual and the Board agreed that this action would be acceptable.

10/5/05 Memo from County Attorney, Tara DePuy re: Conflict of Interest on Park County Boards (received by the GLA on 2/1/06)
James K read the above letter and stressed the importance of upholding the standards described. (This memo had been previously forwarded to all Board members)

5.2 Discussion of Executive Committee Responsibilities
James K. asked the Board to meet outside of the Board meeting to discuss the role of the Executive Board.

6. Committee Reports - UNFINISHED BUSINESS

6.1 Project Review Subcommittee Report – Allysa Allen (Chair), Laura Boise
No unfinished business.

6.2 Road & Weed Committee Report - James Trisdale (JT) (Chair)

a) Edwin Johnson Water Rights/Fire Pond Attorney Letter – JK

- James K. reviewed the surface water letter from our attorney (received by all Board members).
- JT reported that Alan Shaw, from the business office of Church Universal & Triumphant, confirmed that the Church owns all water rights in North and South Glastonbury.
- James K. stated that the GLA will need to go through our attorney whenever it addresses a landowner about a water issue.
- James K. will develop a letter to E. Johnson concerning the resolving of water rights issues and send it to the Board for approval.

b) High South Sign Issues (K. Ramp & Ev. Johnston) – JT
JT is still waiting for responses re: wording for the signs. James K. reported that K. Ramp agreed to put together the wording for her sign; he will e-mail Ev. Johnston and again request his ideas.

6.3 Land Use Master Plan (LUMP) Committee Report – Charlotte Mizzi (Chair)
Charlotte reviewed the 2/24/06 letter from our attorney re: response to her 2/13/06 letter to him re: Master Plan voting options. She reported that the MP Committee continues to meet and it is close to completing a final draft.

6.4 Recreation Committee Report – Janet Naclerio (Chair)
Janet reported that the PVRC Board has had positive experiences, but that there are a number of problems that need to be resolved. The Board asked Janet to communicate to the PVRC that it would like to respond to the PVRC's concerns and that it will need to receive a formal letter from the PVRC (submitted through the GLA Recreation Committee) that expresses *specific* concerns, questions, plans or suggestions regarding the operation of the PVRC Board, Bylaws and the soccer field, etc.

7. Committee Reports – NEW BUISNESS

7.1 Project Review Subcommittee Report – Allysa Allen (Chair), Laura Boise

a. 57-E (NG) Newhouse/ Subdivision.
Alyssa reported that she has received an official variance application from Newhouse and will proceed to process the application.

b. 46-D (SG)/ Emmanuel-Grey/ Mobile Home Placement
Alyssa reviewed.
MOTION: Alyssa motioned and Orlando seconded to approve the Emmanuel-Grey/ Mobile Home Placement on Lot 46-D (SG) on the condition that all permits are acquired and the land is reseeded. **Motion carried.**

c. 54-A (NG) Amereihn/House Modification-Basement Plan
Alyssa reviewed Amereihn's plan to construct a full basement.
MOTION: Alyssa motioned and Ross seconded to approve Tina Amereihn's basement addition to 54-A (NG) with the condition that she is in compliance with her subdivision covenants, and that she indicates this in the new section regarding subdivision covenants on our modified Project Application Form, detailed in these minutes, section 7.1, f-3 below.
Motion carried.

Discussion:

- Alyssa reviewed that although there is a pending situation with the county concerning the placement of Amereihn's home, the landowners of the subdivision and the county will need to determine whether the conditions of the covenants for Amereihn's subdivision are being met.
- Laura reported that Jackie Robinson of the County Commissioners told her it's difficult to interpret county law for subdivisions and that GLA may wish to adopt clearer guidelines of its own.

d. 41-D (SG) /George & Camille Larsen Home Construction
Alyssa reported that the Larsens are the new owners of this parcel and their plans meet GLA criteria for approval.
MOTION: Alyssa motioned and Ross seconded to approve George & Camille Larsen's Home Construction, 41-D (SG), on the condition that all required permits are acquired and the land is reseeded after construction. **Motion carried.**

e. 5-D (NG)/Charlotte Mizzi Sunroom Addition
Alyssa reviewed the application.
MOTION: Alyssa motioned and JT seconded to approve Charlotte Mizzi's sunroom construction on 5-D (NG) on the condition that the electrical permit is obtained and the land is reseeded after construction.
Motion carried. (1 abstention from Charlotte)

Alyssa reviewed that Charlotte's sunroom is prefabricated and assembled on site and that Charlotte, therefore, requested: (1) the waiver of her sanitation bond, and (2) the waiver of her impact fee. Alyssa reviewed examples of how and why the GLA Board has responded to similar requests in the past.
MOTION: JT motioned and Alyssa seconded to waive the sanitation bond fee on Charlotte Mizzi's sunroom construction on 5-D (NG).
Motion carried. (1 abstention from Charlotte)
MOTION: JT motioned and Orlando seconded to lower the impact fee from $100 to $50 on Charlotte Mizzi's sunroom construction on Lot 5-D (NG).
Motion carried. (1 abstention from Charlotte)

f. Review/Discuss the Project Review Committee's Application Process

1. **Timeline for receiving & reviewing applications & placing on agenda.** Alyssa reviewed the process used by the Project Review Committee to initially accept and then review project applications.
   MOTION: Alyssa motioned and Laura seconded to approve the Project Review Committee to accept, at its discretion, any application that is submitted *less* than two weeks before a meeting *on the condition* that the Project Committee has time to properly process the application and there is time to include the application on the agenda for the upcoming meeting.
   AMENDMENT: James K. motioned and JT seconded to add the additional condition to the above conditions: "that there is time to give copies of the application to Board members at the same time the agenda is sent to them."
   Motion and amendment carried.

2. **New Policy re: Applications from "Potential" Landowners**
   Alyssa reviewed that the GLA Board has chosen to not receive or review applications from "potential" landowners in the past. She proposed that

this policy be changed for a number of reasons.
MOTION: Alyssa motioned and JT seconded to accept project applications submitted by "potential" landowners with the condition that the application be co-signed by the original owner. After the GLA reviews such an application, a "conditional" preliminary approval may be given to the project providing the application meets GLA standards. **Motion carried.**

3. **Review Applications from Owners in Subdivisions w/County Covenants**
Alyssa reviewed and requested Board approval on modifications to be made to project applications and GLA approval forms. These modifications addressed the Boards' concerns related to landowners complying to the covenants of their subdivisions, etc.
MOTION: Alyssa motioned and Charlotte seconded to approve the new modifications to the application and approval forms, as follows:
A statement indicating (1) The landowner has read their subdivision covenants; (2) The landowner's project is in compliance with those covenants, and; (3) The landowner has presented his project to his subdivision board or representative. On the GLA Project Approval form issued to landowner applicants, the approval information will indicate that approval is based on the landowner being in compliance with his subdivision covenants.

4. **Interim Policy re: Expediting Projects**
At the February 2006 meeting, the Board voted to eliminate the expediting process for variances and subdivisions. It did not complete its discussion on the possibility of eliminating the expediting process for *all* other applications. Alyssa asked for further clarification concerning how the Board would like to handle all other applications.
MOTION: Alyssa motioned and JT seconded to not expedite any project until the Board is able to vote on the expediting process at the April meeting. **Motion carried.**

5. **Determine Criteria for Approving or Disapproving Variance Applications**
Alyssa reviewed that the Board needed to develop criteria for approving variance applications
UNANIMOUS AGREEMENT: The Board agreed: (1) The Project Review Committee and Master Plan Committee should develop criteria for approving or disapproving variance applications (after neighborhood input has been received) and, (2) This criteria should be presented to the Board for vote at the April meeting.

6. **Update re: Contacting Landowner Volunteers**
Alyssa reviewed that she has made contact with a number of landowners who have volunteered to work with the Project Review Committee.

7.2 Road & Weed Committee Report - James Trisdale (JT) (Chair)

New Guard Rail Damage on Capricorn (NG)
JT and JK reviewed that someone (unnamed, but known to them) recently ran into the Capricorn guard rail and damaged the cable that was placed there to repair the original damage that occurred a couple of years ago. JT reported he has had a lot of difficulty in tracking down cable similar to the cable used in the original repair. The Board requested that JT submit a proposal concerning the repair of the new damage.
Discussion.
MOTION: James K. motioned and Charlotte seconded to approve the GLA to bill the party accountable for the recent damage to the Capricorn guard rail. The bill should cover the specific expense incurred for the new repair. .
Motion carried.

MOTION: Charlotte motioned and Edward seconded to approve two speed limit signs to be installed on Capricorn.
Discussion.
AMENDMENT: James K. motioned and Alyssa seconded to change the above speed limit signs to "dangerous curve" signs as these have been found to be more effective in encouraging drivers to slow down.
Amendment and Motion carried.

7.3 Treasurer
Data Base Update Support
Ross reported that he has contacted the Director of Computer Science at MSU, who will post a job description a student who may want to take on the project of integrating the GLA's two databases. The student (under the Director's supervision) would be offered gas reimbursement, meals and a small stipend.

8. Comment Period for Visiting Landowners. No comments.

9. Review List of Unfinished Business. Tabled.

10. Meeting Adjournment and Next Meeting.
The meeting was adjourned at 9:15 p.m. with no further business.
Next Meeting: April 3, 2006, 6:45 p.m., at Golden Ratio Cafeteria.

RE: Surface Water

Dear James:

I am responding to your inquiry concerning that some of your landowners may be attempting to appropriate surface water in the Glastonbury Subdivision. You explained that this is unacceptable because the water must be reserved for fire purposes.

As you know, the Declaration of Covenants for the Community of Glastonbury prohibits the appropriation or use of surface water without the prior approval of the Association. Although landowners are entitled to appropriate and use subsurface water by drilling wells, they may not develop springs or appropriate surface water without prior approval. §§5.11; 5.12.

Therefore, it would be inappropriate to divert surface water or prevent it from being used to fill the Association's fire ponds. Indeed, if this action resulted in a lack of water to fight a fire, it might impose some responsibility on the part of the party who wrongfully appropriating the water. As you know, the Covenants are enforceable by the Association, and costs and attorney's fees may be assessed against the breaching party.

I hope that this answers your question. Please let me know if I can be of further assistance.

Sincerely,

JOSEPH T. SWINDLEHURST

RE: Surface Water

Dear James:

Enclosed is a letter to the Association regarding the water rights.

You had discussed getting a "form letter" from me that you could simply mail out to your membership. However, I'm not comfortable with writing "form letters" to be sent to individuals who are not my clients.

I hope you find this letter useful for your purposes.

Sincerely,

JOSEPH T. SWINDLEHURST

4. Treasurer's Report - RF

Ross reviewed the "Budget Variance Report, January through March 2006" and "March 2006 Bank Transactions" – documents e-mailed to the Board

5. Officer Reports

File: MtgMins 04 03 06
Draft: 04 04 06; 0 03 06 - FINAL
Approved: 05 01 06

5.1 Discuss & Vote: Approval of Draft Letter to Edwin and Rona lee Johnson re: Surface Water.
JT reviewed the letter with the Board and a few edits were discussed and agreed upon.
UNANIMOUS AGREEMENT: The Board approved the surface water letter to the Johnson's with amendments.

5.2 Discuss & Vote: Approval of Executive Committee Responsibilities
Executive Board members stated that they believe responsibilities of the Executive Committee include: (1) Submitting recommendations to the Board regarding (a) protocol and practices to improve efficiency of the Board both within and outside of Board meetings; and (b) proposing solutions to difficult or problematic situations facing the Board; (2) Acting as the go-between between Board members and our attorney; and:(3) General oversight of GLA Committees.

Discussion: The Board reviewed and clarified the individual responsibilities of executive officers and the type of responsibilities which require or do not require Board approval or oversight. Ross requested that non-executive Board members determine exactly what responsibilities they would like the Executive Committee to carry. A final vote of approval was not taken regarding responsibilities of the Executive Committee.

5.3 Distribute revised "GLA Board Code of Ethics" and "Montana Code of Ethics for Boards from County Attorney" for Board Orientation Manual.

Ross proposed additions to the Code of Ethics, approved on March 6, 2006.
MOTION: Ross motioned and Charlotte seconded to approve the following additions to the very end of the previously approved "GLA Board Code of Ethics" document: (1) Note: your initials signify that you have read the above "Code of Ethics"; your signature signifies your acceptance of this same document, and (2) Columns entitled "I read" and "I accept" will be listed with blank entry lines below them and to the left of the name of each Board member. Each Board member will be given the document to either initial, sign or both. **Motion carried.**

Denise will insert additions to "GLA Code of Ethics" and will distribute it and "Montana Code of Ethics." to Board members.

6. Unfinished Business
6.1 Project Review Committee. None.

6.2 Road and Weed - JT

6.2.1 Speed Bumps and Attending Signs

JT reported that he has done further research to determine the locations where speed bumps and attendant signs are required in both North and South Glastonbury. He distributed "GLA-Cost of Signs and Speed Bumps" and asked the Board to deliberate on how it wants to handle and budget this need.

6.2.2 Contractor Bids for GLA Road Improvements

JT reported he has worked to receive bids from four contractors and only one has submitted a bid. Based on his follow-up contact with the 3 non-responsive contractors, he has come to the conclusion that these contractors are not interested in taking on small road contracts. .
The Board discussed how it might assist in researching additional bids.

6.2.3 JT resigned form the GLA Board.

6.3 Land Use Master Plan - CM

Charlotte distributed a draft of the letter entitled "Second Draft per Meeting of 3/22/06" to be sent to landowners at the time the Master Plan Draft is mailed to them for voting approval. She asked the Board to send their input concerning the draft to her.

6.4 Recreation – JN Tabled.

7. New Business

7.1 Treasurer – Ross Fitzgerald

Ross reported that Tom Schellenberg, CPA, advised that it was not necessary for the GLA to solicit an audit of its books. He stated that the GLA is welcome to contact him if it should encounter a problem in the future.

7.2 Road and Weed Committee – James Trisdale

7.2.1 Proposal & Vote: Guard rail repairs for North entrance (NG).
JT reported that repair has not taken place.

7.2.2 Proposal & Vote: Invoice to be sent to the individual responsible for guardrail damage - JT & RF. **Tabled.**

7.3 Project Review Committee – Alyssa Angelis

7.3.1 Propose & Discuss Variance Process & Criteria for Board decision-making.

File: MtgMins 04 03 06
Draft: 04 04 06; 0 03 06 - FINAL
Approved: 05 01 06

Alyssa researched and developed a document entitled "Guidelines for the GLA Board When Processing a Variance Request" and distributed it to the Board She reviewed that the 6 guidelines listed in the document are based on county guidelines. Alyssa also reviewed the guidelines in the "Covenants, Section 12, 12.01 Variances, Waivers" which states: "The Association reserves the right to waive or grant variances to any of the provisions of this Declaration, where, in its discretion, it believes the same to be necessary and where the same will not be injurious to the rest of the Community."

7.3.2 Update: 57-E (NG) Newhouse/SubdivisionVariance
Alyssa summarized the pros and cons of accepting this variance request, including those derived from neighborhood feedback. The Board discussed the variance application with five attending landowners who each expressed their concerns regarding the known and potential negative consequences of granting the variance.

MOTION: Ross motioned and Charlotte seconded to vote on either granting approval or disapproval to Craig New house's subdivision variance request for 57-E (NG) at the meeting.
Motion carried. (1 opposed – Janet N.)

Discussion.

MOTION: Charlotte motioned and Ross seconded to *not* approve Craig Newhouse's subdivision variance application for Lot 57-E (NG). Discussion. **Motion carried.**

7.3.3 Update: Pinardo Subdivision (32-A SG) – preliminary approval requirements met.
Alyssa reported that Pinardo has submitted all materials that the GLA requested when granting conditional preliminary approval. Therefore, full preliminary approval is now granted by the GLA.

CODE OF ETHICS

Tara DePuy, Civil Attorney for Park County

414 East Callender Street, Livingston, MT 59047
civilattorney@parkcounty.org

MEMO

DATE: October 5, 2005

TO: All Park County Boards

FROM: Tara

RE: Conflict of Interest

The Montana Code of Ethics applies to a member of a quasi-judicial board or a board with rulemaking authority. The Montana Code of Ethics prohibits board members from performing an official act that may directly and substantially affect a board member's private business or an undertaking in which the board member has a substantial financial interest. An official act means a vote, decision, recommendation, approval, disapproval or other action, including inaction, that involves the use of discretionary authority.

At the beginning of each board meeting, there must be a request by the chair for all board members to disclose any conflict of interest they have. If a board member has a conflict of interest, they may not vote on the issue.

An example of a conflict of interest would be a weed board member voting to use a specific type of weed spray that his/her company sells. Another example would be a planning board member voting on subdivision fees if that planning board member is a land developer or plans to develop property he/she owns or has a substantial interest in. If you have a concern regarding whether or not you have a conflict of interest, please feel free to contact me at the above e-mail address.

Thank you.

Glastonbury Landowners Association, Inc.

CODE OF ETHICS

This statement is a guide to ethical conduct for all who participate in the process of planning and deliberation as Glastonbury Landowners Association (GLA) Board Members and decision-makers. It presents a set of principles to be held in common by board members as elected officials, elected by the landowners who comprise the GLA and others who may participate in the process of discussion, debate and planning.

The Board process exists to serve the public interest. While the public interest is a question of continuous debate, both in its general principles and in its case-by-case applications, it requires a conscientiously held view of the policies and actions that best serve the entire community. Section A presents what we hold to be necessary elements in such a view.

Board issues commonly involve a conflict of values and, often, there are private interests at stake. These accentuate the necessity for the highest standards of fairness and honesty among all participants. Section B presents specific standards.

Those who participate on the GLA Board need to adhere to a special set of ethical requirements that must guide all who aspire to fairness and professionalism. These are presented in Section C.

Each Board Member formally agrees to uphold the Code of Ethics. It includes an enforcement procedure that is administered by the Board. The Code, however, provides for more than the minimum threshold of enforceable acceptability. It also sets standards that require conscious striving to attain better practices. The ethical principles derive both from the general values of society and from the Board's special responsibility to serve the public interest. As the basic values of society are often in competition with each other, so do these principles sometimes compete. For example, the need to provide full public information may compete with the need to respect confidences. Plans and programs often result from a balancing among divergent interests. An ethical judgment often also requires a conscientious balancing, based on the facts and context of a particular situation and on the entire set of ethical principles. This statement also aims to inform the public generally. It is also the basis for continuing systematic discussion of the application of its principles that is itself essential behavior to give them daily meaning.

A. The planning and discussion process must continuously pursue and faithfully serve the public interest.

Board members should:

1. Recognize the rights of landowners to participate in planning decisions;
2. Serve to give landowners full, clear and accurate information on planning issues and the opportunity to have a meaningful role in the development of plans and/or programs;
3. Strive to expand choice and opportunity for all persons;
4. Assist in the clarification of community goals, objectives, and policies in plan making;
5. Ensure that reports, records, and any other non-confidential information which is or will be, available to decision makers is made available to the public in a convenient format and sufficiently in advance of any decision;
6. Strive to protect the integrity of the natural environment and the merits of the built environment;
7. Understand the relationship of decisions and the long-range consequences of those actions.

B. Board Members continuously strive to achieve high standards of integrity and proficiency so that public respect for the planning process will be maintained.

Board Members should:

1. Exercise fair, honest and independent judgment in their roles as decision makers and advisors;
2. Make public disclosure of all "personal interest" they may have regarding any decision to be made in the planning process in which they serve, or are requested to serve, as advisor or decision maker.
3. Define "personal interest" broadly to include any actual or potential benefits or advantages that they, a spouse, family member or person living in their household might directly or indirectly obtain from a planning decision;
4. Abstain completely from direct or indirect participation as an advisor or decision maker in any matter in which they have a personal interest, and leave any chamber in which such a matter is under deliberation, unless their personal interest has been made a matter of public record; their employer, it any, has given approval; and the public official , public agency or court with jurisdiction to rule on ethics matters has expressly authorized their participation;
5. Seek no gifts or favors, nor offer any, under circumstances in which it might reasonably be inferred that the gifts or favors were intended or expected to influence a participant's objectivity as an advisor or decision maker in the planning process;
6. Not participate as an advisor or decision maker on any plan or project in which they have previously participated as an advocate;
7. Serve as advocates only when the client's objectives are legal and consistent with the public interest;
8. Not participate as an advocate on any aspect of a plan or program on which they have previously served as advisor or decision maker unless their role as advocate is authorized by applicable law, agency regulation, or ruling of an ethics officer or agency; such participation as an advocate should be allowed only after prior disclosure to, and approval by, their affected client or employer; under no circumstance should such participation commence earlier than one year following termination of the role as advisor or decision maker;
9. Not use confidential information acquired in the course of their duties to further a personal interest;
10. Not disclose confidential information acquired in the course of their duties except when required by law, to prevent a clear violation of law or to prevent substantial injury to third parties; provided that disclosure in the latter two situations may not be made until after verification of the facts and issues involved and consultation with other planning process participants to obtain their separate opinions;
11. Not misrepresent facts or distort information for the purpose of achieving a desired outcome; not participate in any matter unless adequately prepared and sufficiently capacitated to render thorough and diligent service;
12. Respect the rights of all persons;
13. Uphold the Montana Code of Ethics for members of a quasi-judicial board or a board with rulemaking authority. (See attached memo entitled "Conflict of Interest" from Tara DePuy, Civil Attorney for Park County, dated October 5, 2005.)

CODE OF ETHICS

C. Board Members are practicing continuously to pursue improvement in planning competence. They recognize that improving as a Board and as Board Members leads to greater public respect for the Board process and thus serves the public interest.

Board Members should:

1. Strive to achieve high standards of fairness and professionalism, including integrity, knowledge, and development consistent with the Code of Ethics;
2. Not commit a deliberately wrongful act or seek compensation or consideration by stating or implying that they are prepared, willing or able to influence decisions by improper means;
3. Accurately represent the qualifications, views, and findings of colleagues;
4. Treat fairly and comment responsibly on the views of colleagues and members;
5. Share the results of experience and research which contribute to the body of planning knowledge;
6. Examine the applicability of methods and standards to the facts and analysis of each particular situation and not accept the applicability of a customary solution without first establishing its appropriateness to the situation;
7. Systematically and critically analyze ethical issues in the practice of planning.

Guidelines for the GLA Board
When Processing a Variance Request

According to our covenants, it is the board's duty to consider a variance and to deliberate before either granting it or not.

Therefore, the purpose of landowner input is to bring to light legitimate reasons why or why not a variance should be granted. It would not be a democratic, voting situation among landowners.

It would be the duty of the board to take the time needed to determine the validity of reasons for or against the variance.

The Variance Committee has come up with the following guidelines for the Board's review process:

1. Is the applicant in some form of hardship due to GLA rules or standards?

2. Is granting the variance harmful in any way to the community or surrounding neighbors?

3. Would granting the variance create any type of precedent that will stimulate other similar variance requests, or obligate the board to approve similar requests in the future?

4. Would granting the variance undermine established rules or standards that serve the community?

5. Is there some benefit to the community by granting the variance?

6. Is there a middle-way, or solution that would serve the highest good for all concerned?

James reviewed two road grading bids from G. Lemke and JT Excavation. No vote was taken.

7.1.3 Proposal & Vote: Power grader to maintain roadways - JK
James proposed that the Board buy a road power grader instead of paying $20,000/year to outside companies.
ACTION ITEM: James K. will do further research and bring a formal proposal to the Board on June 5 regarding road grading and the power grader.

7.1.4 Proposal & Vote: Invoice to be sent to individual responsible for guard rail damage. **Tabled.**

7.2 Project Review – Alyssa Angelis Allen (Chair)

7.2.1 Parcel 47-A/ NG: Trudie Satterfield/Mobile Home Placement.
Alyssa reported that Trudie is currently in the process of purchasing Parcel 47-A from Mary Knoop and described the special circumstances involved in her application for a second residence. The Board discussed.

MOTION: Alyssa motioned and Charlotte seconded that Trudie Satterfield's application for placing a mobile home on Parcel 47-A go through the variance process before preliminary approval may be given. **Motion carried.**

7.2.2 Parcel 49/ SG: Craig Johnson/ Subdivision.
MOTION: Alyssa motioned and Charlotte seconded to grant "intended preliminary approval" to Craig Johnson's subdivision on Parcel 49/SG based on the condition that the GLA receives and reviews a plat map from a surveyor showing the proposed subdivision. Preliminary approval would be based on the condition that disturbed land be reseeded after construction. **Motion carried.**

7.2.3 Parcel 14: (NG Teaching Center/James Healy)/Proposal to use GLA easement for electrical line installation.
MOTION: Alyssa motioned and Charlotte seconded to approve the use of the GLA easement for the NG Teaching Center electrical line installation on the conditions that all disturbed land be reseeded and that any necessary road closure that would block traffic will be handled in a considerate manner, including the posting of signs to re-direct traffic as needed. **Motion carried.**

The meeting was called to order by James Kozlik at 7:10 p.m., at Golden Ratio Woodworks.

PRESENT: James Kozlik (President), Charlotte Mizzi (Vice-President), Janet Naclerio (Secretary), Ross Fitzgerald (Treasurer), Alyssa Angelis Allen, Edward Anderson, Laura Boise, Orlando Johnson and William Smith.

ABSENT:

PROXIES:

ALSO ATTENDING: Denise Orr (GLA Administrative Secretary), Kathleen Rakela, Trudie Satterfield and Peter Naclerio.

James Kozlik announced that Charlotte would preside over the meeting.

2. Set Meeting Agenda

Orlando presented an alternative agenda. The Board approved the agenda with amendments, including the elimination of agenda item re: Newhouse Variance.

3. Reading and Disposition of Minutes.

November 7, 2005

MOTION: James motioned and Alyssa seconded to approve the November 7, 2005 meeting minutes. **Motion carried.**

May 1, 2006

MOTION: James motioned and Alyssa seconded to approve the May 1, 2006 meeting minutes as amended. **Motion carried.**

4. Report of Officers and Committees

4.1 Treasurer's Report - Ross Fitzgerald

The "May 2006 Bank Transactions" and "Budget Variance Report, January through May 2006" reports were e-mailed to Board members prior to the meeting

Ross reported that a procedure for refunding sanitation bonds was in place. He also reported that he would inform our bank that the GLA will require a second signature for GLA checks in the amount of $700 or more.

5. Officers' Reports

5.1 Code of Ethics – RF

Ross led a discussion with the Board concerning the Code of Ethics including its placement on the GLA website.

MOTION: Janet motioned and James seconded to approve the Code of Ethics as presented. Thereby, a copy of the Code of Ethics will be posted on the GLA Website, given to potential candidates for the GLA Board positions for their review and consideration and also be given to each existing GLA Board member

File: MtgMins 06 05 06
Draft: 06 03 06; 07 15 06 -FINAL
Approved: 07 10 06

in their Orientation package. This is a living document; therefore, it can be reviewed by the GLA Board.
Motion carried. (All in favor except 1 opposed – Orlando Johnson)

5.2 Proxy Vote - RF
Ross reviewed a definition of the proxy from Robert's Rules of Order. The Board discussed various problems associated with the use of the proxy.
MOTION: Ross motioned and James seconded to eliminate the use of the proxy vote from regularly scheduled monthly Board meetings.
Motion carried. (1 abstention -Orlando Johnson)

5.3 New Policy re: Authorization of Check Signers
MOTION: Alyssa motioned and Laura seconded to approve the establishment of a new GLA policy, effective June 5, 2006 and into the future: GLA Executive Board members (President, Vice-President, Secretary, and Treasurer) will be automatically authorized as check signers on the GLA's checking account.
Motion carried.

5.4 Policy: Amount of Overdue Assessments to Flag Sending 60-Day Lien Warning Letter.
The amount of the yearly GLA assessments fees increased last year for the first time since 1997. Since assessments may potentially change each year, the Board discussed the need to establish an ongoing policy concerning the amount of overdue assessments that would trigger a lien warning.
MOTION: Janet motioned and Laura seconded to establish the following policy: the amount of overdue assessments that will trigger the 60-day lien warning letter will always be based on the assessment amount established by the GLA for the year in which the assessment are overdue. **Motion carried.**

5.5 Approving Contractor Services – Tabled.

5.6 James Kozlik's Resignation
James announced his resignation from the Board, effective toward the conclusion of the Road and Weed Committee agenda items.

6. Committee Reports - Unfinished Business. None

7. Committee Reports - New Business
7.1 Road and Weed - JK
James reviewed information regarding items 7.1.1 – 7.1.3 below. Discussion.

File: MtgMins 06 05 06
Draft: 06 03 06; 07 15 06 -FINAL
Approved: 07 10 06

7.1.1 Proposal for Tractor purchase with master grader and grass cutter. James proposed and discussed with the Board a proposal to put aside money for the potential investment of road equipment.
MOTION: James motioned and Edward seconded for the GLA to set aside $10,000 in our GLA budget for the Road and Weed Committee to use for the potential purchasing of road equipment that the GLA will own.
Discussion.
Motion carried.

ACTION ITEM: The Road & Weed Committee will conduct the appropriate research to determine if the above investment will be cost effective and present it to the Board.

7.1.2 Proposals for Grading NG and SG: Archie Mann, Gene Lempke and James Trisdale.
James presented the bids of Mann, Lempke and Trisdale.
MOTION: James motioned and William seconded to vote for Archie Mann, Gene Lempke or James Trisdale to be hired to do grading of Glastonbury roads.
Division of the House.
The Board voted to choose Archie Mann to be contracted.
Motion carried. (2 abstentions – Charlotte & James)

MOTION: James motioned and Laura seconded to authorize James to contract Archie Mann at approximately $90-$100/hour --and for an amount not to exceed $12,000 -- to grade GLA roads. **Motion carried.**

ACTION ITEM: James agreed to send a subcontractor agreement to Alyssa to scan for revision.

ACTION ITEM: Charlotte agreed to work with James to implement Archie Mann's contract.

7.1.3 Proposal for sealing cracks in pavement from Andrew Jennings
MOTION: Alyssa motioned and Laura seconded to spend $15,000 to seal the cracks in GLA roads. **Motion carried.**

7.1.4 Proposal & Vote: Bill to be sent for guard rail damage. **Tabled.**

7.1.5 Vehicle Insurance. Tabled.

7.1.6 Road Budget. Tabled.

Snow Plowing
ACTION ITEM: Contact JT regarding next winter's snow plowing in South Glastonbury. (James Kozlik reported JT stated he was willing to do this)

7.2 Project Review - AAA

7.2.1 41-B (SG) Aza Ziegler - House, well, driveway and septic.
Alyssa reviewed the application and the Board discussed.
MOTION: Alyssa motioned and Ross seconded to approved Aza Ziegler's house, well, driveway, septic application for Lot 41-B with the following conditions: (1) Assessment fees are made current and project impact fee & sanitation bond is paid as follows: Annual Assessment for Lots 41 B & C: $132 + $132; Project Impact Fee: $425; refundable Sanitation Bond: $250; (2) The necessary septic permit is obtained prior to septic system construction; (3) The plumbing permit is obtained prior to plumbing system construction; (4) The disturbed land be reseeded after construction, and; (5) The project is in compliance with all subdivision covenants. **Motion carried.**

7.2.2 42-A (SG) Michelle Holland - House, driveway, septic
Alyssa reviewed the application and the Board discussed.
MOTION: Alyssa motioned and James seconded to approve Michelle Holland's house, driveway, septic application on Lot 42-A (SG) with the following conditions: (1) DEQ approval must be obtained for a second home; (2) The necessary septic permit is obtained prior to septic system construction; (3) The necessary electrical permit is obtained prior to electrical work starting; (4) The plumbing permit is obtained prior to plumbing system construction; (5) The disturbed land be reseeded after construction, and; (6)The project is in compliance with all subdivision covenants. **Motion carried.**

7.2.3 47-A (NG) Trudie Satterfield - Mobile home placement
Alyssa reported that extensive research revealed that the GLA, at this point in time, does not have the authority to regulate the number of homes on a lot. Therefore, the requirement that Trudie "go through the variance process before preliminary approval may be given" (included in the Board's motion on May 1, 2006 meeting minutes) would need to be retracted.
Discussion.
MOTION: Alyssa motioned and William Smith seconded to retract the Board's prior motion of May 1, 2006 and approve Trudie Satterfield's mobile home placement on Lot 47-A (NG) with the following conditions: (1) All GLA setback standards be met; (2) DEQ permits must be acquired; (3) All GLA project fees must be covered and a payment plan be worked out with GLA if

File: MtgMins 06 05 06
Draft: 06 03 06; 07 15 06 -FINAL
Approved: 07 10 06

necessary; (4) Trudie's assessment fees must be current, and; (5) Disturbed land be reseeded after construction.
Discussion.
Motion carried.

7.2.4 54-C (NG) Andy Kory - House, driveway and septic.
Alyssa reported that Andy Kory was in the process of becoming the owner of Lot 54-C and the existing owner, William Smith, had co-signed the application as required by the GLA.
MOTION: Alyssa motioned and Ross seconded to approved Andy Kory's/William Smith's house, driveway, septic application for Lot 54-C (NG) with the following conditions; (1) The necessary septic permit is obtained prior to septic system construction; (2) The necessary electrical permit is obtained prior to electrical work starting; (3) The plumbing permit is obtained prior to plumbing system construction; (4) The disturbed land be reseeded after construction; (5) GLA assessments are current at the sale closing, and; (6) The project is in compliance with all subdivision covenants.
Motion carried. (1 abstention – William Smith)

7.2.5 Roger Zeman Faxed Letter/April 24, 2006
Alyssa reviewed that this letter (which had been received by all Board members) contained Roger's request for the GLA Board to write to Wayne Mansaw requesting that he provide the GLA with documents that describe his property.
Discussion.
MOTION: Laura motioned and Ross seconded that the GLA should send the following response to Roger Zeman's April 24, 2006 faxed letter: "The GLA has no jurisdiction over this legal issue and cannot carry out your request."
Motion carried.

7.2.6 Guidelines for the GLA Board re: Variance Criteria
Alyssa reviewed the need for the Board to agree upon variance criteria.
MOTION: Alyssa motioned and Laura seconded to approve the "Guidelines for the Board When Processing a Variance Request" document to be used while reviewing variances. This document is subject to change after the Master Plan is approved and put into place by the vote of Glastonbury landowners. **Motion carried.**

7.2.7 54-D (NG) Andrew & Janette Barnes/William Smith -House, driveway and septic.
MOTION: Alyssa motioned and Ross seconded to approve Andrew & Janette Barnes/William Smith's house, driveway and septic system with the following

conditions: (1) The necessary septic permit is obtained prior to septic system construction; (2) The necessary electrical permit is obtained prior to electrical work starting; (3) The plumbing permit is obtained prior to plumbing system construction; (4) The disturbed land be reseeded after construction; (5) The GLA assessments are current.at the sale closing, and; (6) The project is in compliance with all subdivision covenants.
Motion carried. (1 abstention – William Smith)

7.2.8 Lot 38-D (NG), James and Susan Gough -Garage Application.
Charlotte reviewed.
MOTION: Alyssa motioned and Ross seconded to approve James and Susan Gough's application for a garage on Parcel 38-D (NG) with the conditions that (1) GLA setback standards are met; (2) Proper electrical permit is obtained, and; (3) Land is reseeded after construction. Motion carried.

I) THE PRACTICE OF PRESIDENT OR MEETING CONDUCTOR ABSTAINING FROM VOTING AND MOTIONS DURING MEETINGS

Based on the discussion as to whether it was appropriate for Charlotte's vote to be counted at the time she was conducting the June 5, 2006 Special Meeting re: Replacement Board Members.

A)Accepted/Established Board Practices/Procedures

Since my employment with the GLA in March 2002, I was instructed by Board members that it was the practice of the GLA Board for the Board member presiding over the meeting to abstain from voting and developing motions. With each new Board elected (November 2002, 2003, 2004, 2005) this practice has been explained by the President to new Board members. No one elected to the Board since November 2002 has ever corrected or objected to this practice. In fact, Orlando has explained to the Board that if the person presiding over the meeting (generally the President) should desire to speak or vote, he/she would have to relinquish his/her position of presiding over the meeting to another Board member. That individual would then abstain from voting and entering into discussion/motions, etc. Also the presiding Board member could also vote in the event of a tied vote. Board members have been fully educated about thes acceptable meeting practice and they have been strictly followed.

B) Excerpt from December 12, 2005 Meeting Minutes

The excerpt below indicates that the Board has understood that the President or the person presiding over a meeting, does not vote during the meeting. At the December 12 meeting, the Board questioned Orlando if it was acceptable for James Kozlik, as President and acting conductor of the meeting, to vote as a *proxy* for JT. This question was based on the understanding that the individual presiding over the meeting was not allowed to vote – an accepted/established Board practice..

a. *Opening Comments*

Parliamentarian: *The Board approved Orlando Johnson to act as "Parliamentarian" at Board meetings. The Board may choose to consult with the Parliamentarian to determine acceptable meeting practices. James K and Orlando agreed to develop a job description and procedures for this role and e-mail to the Board for review.*

Based on the policy which states the President *****[or whoever is conducting a meeting]*** *does not vote at meetings, the Board discussed whether it would be acceptable for James K. (President) to vote as proxy for JT. Orlando, acting as Parliamentarian, ruled that it was acceptable for James K. to act as President and to also vote as JT's proxy during the December 12th meeting.*

**I have added the bracketed information in this document only for clarification – it actually should have been added to the meeting minutes but none of us caught it.

C) Bylaws: Article VI Board of Directors - Voting

M. Voting. At all meetings of the Board of Directors, each Director is to have one vote.

D) Changing an Established Board Practice/Procedure

Although the Bylaws state that each Director is to have one vote at a meeting, the history of the GLA shows that the President - or whoever is in the position of conducting a meeting - has not voted. This has clearly been an accepted practice that has been followed by the GLA Board since its inception. When a Board member(s) feels an accepted practice/procedure to be changed, it is also the accepted practice to propose the change to the entire Board, discuss it and then vote on whether the Board wishes to make that change or revision. . It is not an established practice for a Board member(s) to simply rule that it is valid to disregard a practice after it has been compromised.

II) ESTABLISHED PROCEDURES FOR ELECTING GLA BOARD OFFICERS

Based on the discussion that Charlotte (Vice President) should automatically be placed in the position of President following James Kozlik's resignation.

A) The Bylaw excerpts below explain that the Board elects its officers.

BYLAWS

Article VII – Officers

A. Number. The officers of the Association shall be: President, Vice President, Secretary and Treasurer, and such other or subordinated officers as the Board of Directors may from time to time **elect. Each officer shall be elected** for one year and hold office until his successor is **elected and qualified**. One person may hold one or more offices provided that their duties are not incompatible, except the President, who shall not hold any other office. All officers except the Secretary must be members of the Board of Directors.

B. Election. The **officers of the Association shall be chosen by the Board of Directors and elected annually** at the first meeting of the Board of Directors following each Annual Meeting of the Members, except as **hereinafter otherwise provided for the filling of vacancies.** Each officer shall hold his office **until his successor has been chosen**, until he resigns or is removed in the manner herein provided.

Note: Examples of this election process to fill Board officer vacancies was followed when Cynthia, Ronda and JT resigned from their officer positions.

B) GLA Board History of Voting for Board Officers

Since 1998, when the GLA Board was formed, it has been a standard practice and procedure for Board members to vote for the officers to the Board. No exceptions to this practice have been made. Each year after annual Board elections, the Board newly elects its officers after deliberation and discussion. In instances where an officer on the Board has resigned his position, the Board has officially elected a replacement. There is no record of an officer having ever gained automatic entry to a Board position.

C) Changing an Established Procedure Cited in the Articles of Incorporation

If there is an assumption or opinion that Charlotte, as Vice President, automatically became President after James resigned from the Board, this assumption or opinion is not based on the Bylaws or the established practices of the GLA Board. If there are certain members on the Board who believe that the election process among Board members is not needed to place a Board member in the position of President, the established procedure would again be to present such a proposal to the Board for discussion and vote.

7.2.2 57-E1 (NG) Craig Newhouse Variance Application
Charlene offered a summary report of the November 5, 2006 meeting conducted for landowners, including GLA board members. At the Nov. 6 meeting, Charlene again reviewed Craig's proposal with landowners and members of the Board.

MOTION: William motioned and Orlando seconded to approve Craig Newhouse's Variance Application for Parcel 57-E1 (NG) to be divided into four lots with the following conditions:
(1) These newly subdivided lots would only be used as single family dwellings. Craig is asking the GLA for four lots to be carved out of the 12 acres of **57 E1-(NG),** not for five lots as his original documents, filed with the county, show.
(2) The single family homes would be built in front of or in close proximity to the shelters and use the DEQ septic systems that are in place.
(3) The shelters will be cleaned and maintained and landscaping will be done to make them attractive. The homes will have landscaping as well.
(4) The shelters**/home sites will** not become time-shares or **condominiums.**
(5) These newly subdivided lots **will not have more than one residence per lot; an additional guesthouse or apartment will not be allowed.**
(6) The shelters **will** not become public storage units or warehouses or businesses with extra employees.
(7) Finalizing any lease agreements for people who had originally bought into the shelters will be the responsibility of the Newhouses, the GLA will not be held liable.
(8) Roads will be upgraded, if needed, **and** will be determined at the county level, with input from the Fire Department.
(9) Any additional Fire fill tank modifications will be determined by the county. (The existing water storage tank is listed as a fill tank already)
(10) No further subdivisions of the lots on parcel #57-E1 (NG) will be permitted.
(11) There will be a good faith effort to work with adjacent landowners to make boundary adjustments or **sell lot(s).**
(12) These conditions will be written into covenants that will become a part of these newly subdivided lots.
(13) Earth tone colors **will** be used on all buildings in order to minimize visual impact **relating to** size of new homes.
(14) New homes will be built backed up to the existing contours of hills (while maintaining safe building sites), **to** minimize visual impact **relating to** size of homes. **Actual location of home(s) will be presented to GLA board for its review and approval** prior to construction.
Motion carried unanimously.

ACTION ITEM: Alyssa and Charlene will draft the Newhouse agreement; Janet will eview/edits.

ACTION ITEM: Alyssa and Charlene will draft the Newhouse agreement; Janet will eview/edits.

Proposal for Glastonbury Roads

Asphalt paving is expensive. The lowest estimate for asphalting to date is $90,000 per mile (if we prep the roads and use 20 feet width x 2.5 inch base or 9,000 tons approx. of mix). This is an estimate from High Country Paving in Belgrade. The alternative is grading as a long term expense that keeps going up. Archie Mann Excavation charges $100.00 per hour in addition to $85.00 per hour for a roller and the same for a water truck. He did suggest that our roads would last longer if GLA hired someone to cut off the wash boarding (bumps) before adding top soil and gravel. Plus, he added that the gravel in the ditches should be retrieved and reused.

His thirty plus years of experience speaks for itself as does his good reputation even among the officials at the county road department. Water should be used every time the dirt roads are graded. Mr. Mann also said that a roller was not needed most of the time (unless adding new top soil) because the cars and tractor will pat down the roads. But, he added we could save the $85.00 per hour expense of the water truck by buying our own water truck. One estimate was $5,500 for a tank and boom on a trailer but this would require a truck and driver to pull it for $25-30.00 per hour. Still, this is a significant savings by itself. Even more of a savings would be to pave all 30 plus miles of roads in the Glastonburys–not possible without raising the membership fees. In any case, paving is the least expensive route. This is why I am proposing that the GLA at least pave the hills in the Glastonburys. All of the hills except for the upper part of South Glastonbury could be paved at an affordable price without raising fees. In fact, if GLA paved only five miles or most of the hills in the Glastonburys, this would be about $5,100 a month payment with a 6.5% interest rate over 10 years (5 x $90,000 = $450,000).

Since the hills are where the roads deteriorate quickly for the worst, this is a viable and practical solution that most members will benefit from. GLA could continue to pave more roads as previous loans get paid down as a long term goal as well. After speaking with numerous people with expertise in this area, please consider this proposal as the best option. Thank you for your time and careful consideration.

Sincerely,
V. O'Connell

Principles to Guide Regionalizing Road Maintenance

Prepared by: William E. Smith, P. E. and
Presented to GLA Board Monday November 6, 2006

1. Separate costs to maintain and improve roads within the Glastonbury Community Road System between North and South, and pay the costs incurred separately from North and South assessments.
2. Further separation of road maintenance and improvement costs will be refined to identify costs required for combinations of roads which serve specific areas within both North and South.
3. Specific community roads in both North and South Glastonbury require greater maintenance and upkeep than other community roads due to terrain, grade of road, level and type of daily vehicle traffic, and amount of snow plowing required in winter weather.
4. Establish a common maintenance baseline for each road, and then develop a standard of measurement by which all landowners within any specific area can be assessed equally for road costs.
5. Bringing all roads up to par in accordance with this maintenance baseline.
6. Require road contractors providing services to GLA to separate costs in their invoices to the roads upon which work was performed.
7. Use impact fees collected from subdivision and construction projects directly on the roads where the impacts occur.
8. Address discrepancies in amount of paving placed in North and South Glastonbury:
   - 8.1. Determine actual lengths of paving placed in North and South;
   - 8.2. Compare these lengths to original amount of paving approved by vote of landowners;
   - 8.3. Determine what benefit funds donated by Church Universal and Triumphant had in the total amount of paving placed;
   - 8.4. Determine what GLA funds were used to pave Story Road from Bank to Story Ranch entrance. (Bank of Rockies, Avalon and Murphy Mobile Home Park also contributed funds to paving, and Park County paid to chip seal. Did Story Ranch contribute funds to this paving?)
   - 8.5. Assign the payment properly proportioned between North and South based on actual lengths of pavement and GLA funds expended;

8.6. Work out repayment by North Glastonbury for over charge to South Glastonbury by payments split 50/50 to date.

9. Benchmark with other HOAs of comparable size in this area to ascertain amount of assessments, costs of road maintenance and other relevant costs and measures.

10. Consider other creative sources of revenue to augment the percentage of current assessments that goes toward road maintenance.

Subject: New Nov. 6 Agenda Item For Your Review

Dear Board,

I'm sending this message to you on behalf of Alyssa (who is on vacation).

Alyssa will propose the important issue below at the Nov. 6 meeting. The issue was just discovered and so we didn't have time to put it on the agenda. Therefore, I'm sending you this information to review now and hopefully it will save time at the meeting when the motion is proposed and voted upon. In addition, Ronda Alexander, who is overseeing the Election Committee, has brought to Alyssa's attention that we will need to have a decision on this policy prior to the annual meeting.

Issue: We have a couple of landowners that are just now being charged for an extra dwelling or additional parcels due to a subdivision. The Board needs to decide and put into the record whether or not these people will be eligible to vote at the annual meeting because they owe money on their land. It doesn't seem appropriate that we should keep them from voting because we didn't get the charges to them in a timely manner. However, this is a decision to be made by the Board.

Potential Motion to Be Made at the Nov. 6 Meeting: "If the GLA doesn't receive payment for new assessments for projects and/or subdivisions billed 30 days prior to the annual elections, the landowners owing will be allowed to vote as long as their previous assessments are current."

Glastonbury Landowners Association

Motion to the Board of Directors
Monday November 6, 2006

Whereas, the GLA Board is empowered and responsible to collect annual assessments and special assessments from the owners of each tract of record in Glastonbury for the purpose of maintaining and improving the Community Road System in both North and South Glastonbury;

Whereas, the GLA Board has found it difficult to maintain specific roads within the Glastonbury Community Road System to the level deemed to be acceptable and required by the landowners served by these roads;

Whereas, Hercules Drive has fallen below a minimum level of condition and the landowners served have rallied together to raise as of the date of this motion, significant funds in the total amount of $14,250.00 to be applied directly toward road improvements on Hercules Drive this fall;

Whereas, the landowners named in Exhibit A of this motion with their individual contribution listed see these funds raised voluntarily for the specific purpose of augmenting the normal GLA funds for road construction, and wish to emphasize this is not their attempt to assume from the GLA Board the primary responsibility of road maintenance throughout the Community Road System;

Now therefore, be it resolved by the GLA Board of Directors that these funds are received by the GLA Treasurer and will be used in total for the timely improvement and reconstruction of Hercules Drive commencing on November 7, 2006 and continuing non-stop every weekday and possibly Saturdays until the scope of work identified in the proposal by Mike Adkins Construction has been completed.

The landowners contributing funds voluntarily to this project are recognized for their individual amount of contribution, and the GLA Board agrees to consider this amount received as part of some future special assessment or increase in annual assessment as may be required to keep pace with required maintenance and improvement of the Glastonbury Community Road System.

1/8/07 Board Meeting Distributed by N. Kremer

Re: Changes to Master Plan Draft 11/11/06: (to vote on)

1.2 Duplexes

OK Duplexes and other multi-family housing are not allowed in the Community. (An owner occupied Duplex maybe considered with a variance process.)

1.5 Travel Trailers (this reverts back to the 11/11/06 draft)

OK Travel trailers are not allowed as residential units except during the construction of a primary residence and for no longer than eighteen (18) months. Recreational travel trailers may be stored on property but predominantly out of view.

1.6 Cottage Industries

Cottage industries are allowed in the Community (See 3.08, 5.07 and 5.08 of the covenants) Above 3 employees a Cottage Industry would be considered "Light Manufacturing" and come under Master Plan 1.7. (See 1.7 Light Manufacturing)

No change keep ~~To maintain the residential nature of our community, Cottage Industries may have a maximum of three (3) employees, not including those who live at the home business site.~~

2.1 Residential Design Recommendations (this wording had been adopted in committee 8/23/06 and was voted in in the 8/28/06 Draft, deleted again in September.)

OK'd **View Shed** - New construction should be situated in such a way that it will not obstruct an existing homeowner's primary view and must uphold reasonable aesthetic standards in harmony with the surrounding terrain. With due consideration for private property rights, neighboring homeowners are encouraged to work with one another and the Project Review Committee in resolving any view shed issues.

6.0 Definitions (pg 13)

OK **Subdivision, Major** - A subdivision which does not qualify for review as a Minor Subdivision according to Park County Subdivision Regulations and the Residential Topographical Area and Density Schedule (Section 3.5). A variance is required for a Major Subdivision.

OK **Subdivision, Minor** - A subdivision containing five or fewer ~~parcels~~ tracts/lots in conformance with Park County Subdivision Regulations and to the Residential Topographical Area and Density Schedule (Section 3.5) where proper access to all Lots is provided.

~~To vote at Committee Meeting~~

CONFIDENTIAL – DO NOT COPY

1. Call to order.

The meeting was called to order by Laura Boise at 7:05 p.m., at the Wellsprings Fireplace Room. (Near Golden Ratio)

PRESENT: Laura Boise (President), Timothy Brockett (Vice-President), Janet Naclerio (Secretary), Charlene Murphy (Treasurer), Edward Anderson, Orlando Johnson, Dan Kehoe, Jr., Neil Kremer, Francis Regan, William Smith and Rich Spallone.

ABSENT: Denise Orr (GLA Administrative Secretary).

ALSO ATTENDING: Landowners: Frances Owen, Cristin Dhieux-Bray, Randy Fowle, Alan and Kirsty Peake, William Irby and Alyssa Angelis Allen.

2. Opening Prayer – Janet Naclerio.

3. Set Agenda.

4. Reading and Disposition of Minutes. Tabled.

5. Guest Speaker.

5.1 Ron Archuleta, District Ranger of the Livingston Ranger District, Gallatin National Forest discussed the program available through federal funding to treat weeds on private land. South Glastonbury is eligible for the emergency restoration program due to the impact of the Big Creek Fire. It was proposed that crews would spray weeds in late April or early May and that the GLA would enter into an agreement on behalf of the landowners involved. The GLA will contact the landowners adjacent to the property before an agreement is signed. Discussion.

6. Treasurer's Report – Charlene Murphy.

Charlene reviewed the January 2007 Bank Transactions. The 2007 Budget Projections (Draft) were distributed. Charlene commented there was a previous motion that GLA Board members are responsible for providing copies of meeting minutes, reports and all other pertinent documents needed for monthly meetings at their own expense. Discussion.

MOTION: Janet motioned and Tim seconded that all GLA Board members shall be provided with all reports, meeting minutes, etc., necessary for the completion of their duties as Board members. These items will be copied by the Administrative Secretary at her usual rate of pay and picked up by each Board member at the Emigrant General Store. **Motion carried.** (1 abstention – Neil).

7. Officers' Reports.

Board of Directors Meeting Minutes – *Draft*

March 5, 2007

CONFIDENTIAL – DO NOT COPY

1. **Call to Order and Opening Prayer**
   The meeting was called to order by Laura Boise at 7:01 p.m., at Charlotte Mizzi's home in North Glastonbury. Janet Naclerio gave the opening prayer.
   PRESENT: Laura Boise (President), Timothy Brockett (Vice-President), Janet Naclerio (Secretary), Charlene Murphy (Treasurer), Edward Anderson, Orlando Johnson, Dan Kehoe, Jr., Neil Kremer, Charlotte Mizzi, Francis Regan, William Smith and Rich Spallone.
   ABSENT: None.
   ALSO ATTENDING: Denise Orr (GLA Administrative Secretary); Landowner: Alyssa Angelis.

2. **Set Agenda**

3. **Reading and Disposition of Minutes (1/8/07; 2/5/07; 12/5/06; 12/11/06) – Tabled.**

4. **Treasurer's Report – CRM (Charlene)**
   Charlene distributed and reviewed the financial reports. She also distributed "Treasurer's Report 3-5-07" containing additional information regarding GLA's tax exempt status, insurance for snow truck, snowplowing the road to Jim Kelly's house, Board liability insurance, combined PVRC and Glastonbury Insurance and an idea for chip sealing NG roads. She reported that 35% of the assessments have been received as of this date.
   ACTION ITEM: Charlene – Check with insurance company re: coverage on creek easement.

5. **Officers' Reports**
   5.1 Executive Committee – LB, TB, JN, CRM
   5.1.1 Proposed mode of delivery of Board materials
   UNANIMOUS AGREEMENT: Procedure: The Board agreed that confidential information for Board members would be mailed by USPS to Board members prior to board meetings when necessary. Non-confidential meeting materials will be left in sealed envelopes at the Emigrant Store. All other materials will be emailed to Board members. Board members will bring their own hard copies of meeting materials to meetings unless they specifically request Denise to bring them.

   5.1.2 Clarification re: Board materials to be xeroxed prior to meeting
   See 5.1.1 above

   5.1.2 Update - Code of Ethics.
   Discussion included review of Code of Ethics document revised by atty Joe Swindlehurst and forwarded to Laura on January 30 via email.
   MOTION: Timothy motioned and Dan seconded to accept and adopt the "Board of Directors Ethics/Conflict of Interest Policy" as official policy and code for Board members. **Motion carried. (1 abstention from Orlando)**

   5.1.3 Procedure/flowchart for routing landowner concerns
   Ronda reviewed landowner concerns and proposed a flow chart for receiving and handling them. Discussion.

   5.1.4 PVRC Bylaws *(This item replaces 7.4 below)*
   Laura reported that Bylaws for the PVRC were under review. Charlotte reviewed some of the PVRC history. Tim reported that he is researching how non-profit status can be acquired.

ACTION ITEM: Charlotte: Bring lists of bylaw recommendations for the PVRC from residents and nearby landowners to the next meeting.
ACTION ITEM: Timothy, Laura, Janet, Charlene, Edward, Charlotte and Orlando to meet at Charlotte's home on Friday, 7 p.m., to discuss PVRC bylaws, etc.

5.1.5 Status of Finding a new Location for Board Meetings *(Added to Agenda)*
Laura reported: Emigrant Hall could be rented for $50/meeting. St. John's Church in Emigrant had been contacted about our interest in holding Board meetings in their meeting area; their response is pending.

6. UNFINISHED BUSINESS - Committee Reports

7. NEW BUSINESS - Committee Reports
7.1 Project Review– TB/RS
7.1.1 Parcel 40-B (SG) – R. Wallace Home Construction
Prior to discussion of the project on 40-B (SG), the board discussed Robert's previous application for lot 40-C (SG) (approved in Oct. 2006). There is a concern that the driveway for this home is not in compliance with driveway standards.
ACTION ITEM: Tim or Rich will contact R Wallace to discuss bringing 40-C (SG) home driveway up to standard.
Review of 40-B (SG) Home Construction
Discussion included a motion that failed.
MOTION: Tim motioned and Charlotte seconded that Robert's application can't be approved until previous violations with 40-C (SG) are corrected. This includes violations to the GLA Standards, Covenants, Master Plan or anything that isn't in compliance with the same. **Motion fails** (abstentions from Neil, Charlene, Dan, Janet and Orlando).
UNANIMOUS AGREEMENT: The board agreed that this application is put on hold until the April 2, 2007 board meeting.
ACTION ITEM: Board to send email suggestions to Tim concerning revisions to the above motion. The Board will then revisit this motion at the April Board meeting.

7.1.2 Parcel 32-A (NG) – E. Anderson Well Application
Tim reported that E. Anderson's well is in compliance with the GLA standards.
MOTION: Tim motioned and Charlene seconded to approve the application for Edward. Anderson's drilling on Parcel 32-A (NG) for a well at the location of N45 degrees 22.485 with the following conditions:
1. Should the proposed well be unsuccessful, Edward Anderson shall immediately contact the Project Review Committee to review an alternate well location for approval prior to drilling.
2. Any abandoned well must be handled according to state regulations which require one of the following actions to prevent possible groundwater contamination: (a) the well casings be pulled and the holes be filled with bentonite; (b) the well casings be cut off 3 feet below grade and the holes be filled with bentonite.
3. All land disturbed will be reseeded.
4. When completed, a well log will be provided to the GLA.
5. Any future drainfield must be set back a minimum of 50 feet from the well.
Discussion. **Motion carried unanimously.**

7.2 Road/Weed – WS/RS

7.2.1 Review recommendations based on meeting with M. Spencer - TB
Tim met with Mark Inman, Park County Planning Commissioner, and reported that he learned that the commissioners foresee a lot of growth in Paradise Valley and transportation challenges with emergency vehicles. The biggest issues the planners are focusing on have to do with controlling growth and making road and traffic efficient.
ACTION ITEM: Board members and landowners will get together to develop a position paper on behalf of Glastonbury landowners and post it on the county's website and GlA's website.

7.2.2 Review Public Road Easement for Stenberg Subdivision – James Kozlik
James Kozlik, who was assisting in the previously-approved Stenberg subdivision on Lot 22-A (NG), reported that the county has a new subdivision regulation that requires road access to a subdivision be dedicated as public right-of-way. Since all GLA roads are private, James asked the board to consider changing GLA roads from private to public in order to allow landowners to meet the new subdivision regulations. Discussion.
ACTION ITEM: James Kozlik and William Smith will write a fact sheet regarding the new county subdivision regulations, and forward it to the Board for their review.

7.2.3 Discuss GLA road budget – CRM
William Smith reported that the road budget is working out o.k.

7.2.4 Report re: weed reimbursement grant income – WS
William Smith reported that torodon (weed poison) will be delivered to Ed Schilling, who will store it for the GLA. Ed will attend a Road/Weed Committee meeting and propose an amount that landowners can pay him for spraying torodon on private land.
ACTION ITEM: William: Report Ed Schilling's torodon proposal amount at April meeting.

7.2.5 2007 Projected Road Work Checklist - WS/RS – Tabled.

7.2.6 Update: GLA's contact of landowners re: Request of Forest Service to Weed Spray - WS
ACTION ITEM: Executive Board members will handle contacting landowners re: the request of the Forest Service to weed spray.

7.2.7 Update re vehicle liability insurance – CRM
Charlene reported that she has handled GLA liability insurance.

7.2.8 Signature on GLA Responses to Complaint Letters - LB
Unanimous Agreement: The Board agreed that when it issues a response letter to a complaint, it will come from the entire GLA Board of Directors unless the Board decides that the signature should come from an individual Board member.

7.3 Master Plan – NK

7.3.1 Update re: help needed for MP Community Meeting on March 24
Discussion. Board members volunteered to help with meeting tasks.

7.4 Recreation – JN/EA (Co-Chairs) See 5.1.4 above

7.4.1 Update re: Donation of Building to PVRC

Janet distributed an informational sheet titled "PVRC Ideas."
Discussion occurred re: the potential donation of a building to the PVRC and various considerations and questions concerning the donation.

7.5 Web Site – EA (Chair) – Tabled.

8. Comment Period for Visiting Landowners. None.

9. Meeting Adjournment and Next Meeting.

The meeting was adjourned at 10:45 p.m. with no further business. Next Meeting: April 2, 2007, 6:45 p.m. Location to be announced.

3/5/07 MK

Treasurer's Report 3-5-07

Re: GLA tax exempt status

Tom Shellenburg – Landowner's Associations never pay federal income taxes because they are "Not for Profit" organizations
Helena has us listed as non-profit but does not list which kind- that requires federal application
The IRS has never received an application for any specific non-profit status

GLA Insurance for Snowplow Truck
With Progressive Ins Co. under the Western States Ins Co. ($880/year)
It is easy to add another driver to the policy, **if they are older and have a clean driving record** the premiums do not go up. Another driver can be easily added as needed.
Doug Nash: another snowplower who helped us out when JT was not available in Feb. Doug uses his own truck and charges $40/ hour.

JT using our truck charges $20/hour. JT reminded us that driving a heavy truck takes experience and $3800 in damage was done to the truck by an experienced driver in the past.

Snowplowing road to Kelly's house:
Covenants, Section 8.01 on page 18 states: The Association road maintenance responsibility is limited by and conditioned upon the Landowner's individual and collective payment of and aggregate amount of the 'annual community assessment' as provided in Section 11 The association is not obligated to provide maintenance or snowplowing in excess of the amount that has been paid by Landowners through the annual assessment.

Board Liability Insurance
With Western States Ins Co. $1,340 per year

Combined PVRC and Glastonbury Ins
With Key Ins Co in Livingston $6,100
(Used to be with Western States but they were going to raise premiums to over $10,000 and JT found cheaper rates with Key Ins Co)
COVERS: Common Lands, 20 acres in NG, and 20 acres in SG, liability for fire pond in SG, and all roads and streets in N&S Glast.
??should creek easements/access be added??
BUT it does not cover soccer fields because this had not been updated.
They are working on a quote for the soccer fields and building there. They asked if there were bleachers and if the parking lot was fenced off, size and construction of building (cinder block or stick built)
They are also working on a quote for a community center building –see PVRC notes

An idea for chip sealing NG roads
Old estimate about $60,000 to chip seal (3.2 miles at 15 cents per sq. ft.)
Could save $15,000 over 4 years to pay for this

Board of Directors Meeting Minutes – *Draft*

April 2, 2007

CONFIDENTIAL – DO NOT COPY

1. **Call to order and opening prayer.** The meeting was called to order by Laura Boise at 7 p.m., at Golden Ratio Woodworks in Emigrant.
   PRESENT: Laura Boise (President), Tim Brockett (Vice-President), Janet Naclerio (Secretary), Charlene Murphy (Treasurer), Gerald Dubiel, Dan Kehoe (left at 9:30 p.m./proxy to Neil), Eleanor Scheffelin (replacement), Edward Anderson (left at 10:30, gave proxy to Charlotte), Charlotte Mizzi, Paul Ranttalo, William Smith and Rich Spallone.
   ABSENT: Orlando Johnson
   ALSO ATTENDING: Denise Orr (GLA Administrative Secretary); **Landowners:** Robert Wallace, Ian Scott and Alyssa Angelis.

2. **Set Agenda**

3. **Treasurers' Report – Charlene Murphy**
   3.1 Monthly Reports: Charlene reviewed "Check Detail, March 2007" and "Check Deposit, March 2007" and the "2007 Budget Variance Report, January – March 2007."
   UNANIMOUS AGREEMENT: The Board agreed to accept the above reports.

   3.2 Update re: potential liens
   Charlene reviewed status of old liens and reported that 15 new 60-day lien warning letters were sent out to landowners /past due assessments of $264 or more. 6 landowners have responded as of 4/2/07.

   3.3 Discuss possible use of collection agency or other solutions
   Discussion included reasons why 20 landowners w/liens have not paid assessments (eg. Hardship cases; refusal to pay out of protest, etc.) and contacting these landowners to negotiate payment plans. Laura volunteered to call landowners.
   ACTION ITEM: Charlene/Tim – bring a proposal concerning how the GLA can approach collection of past due assessment to the Board at the May meeting.

   3.4 Update on Insurance
   Charlene reviewed information on insurance for the GLA. See "Treasurer's Report, April 2, 2007" that Charlene distributed to Board members.

   3.5 Bookeeper Resignation *(added to agenda)*
   Ronda Alexander is resigning from the bookkeeper position due to health issues. She is willing to continue as bookkeeper until a replacement is found and trained.
   Discussion included sending out an announcement w/job description to the community.

4. **Officers' Reports**
   4.1 Executive Committee – LB, TB, JN, CRM
   4.1.1 Procedure/flowchart for routing landowner concerns. Tabled

   4.1.2 Read Mike Inman's letter about the County's position on the road easement issue – LB
   Tim reviewed the April 2, 2007 Park County Memo.
   ACTION ITEM: Tim – Research & get clarification re: the Park County memo and report back to the Board.
   Discussion was continued in agenda item 5.1.2 below.

   4.1.3 Update on PVRC Bylaws
   Discussion.
   ACTION ITEM: Board – send final input to Laura PVRC Committee.

ACTION ITEM: Laura – send proposed Bylaws to Board once final input is received.

4.1.4 Discuss whether it's necessary to hold a special Board meeting to review the allegations made at 3/24/07 Master Plan meeting – TB

Tim reviewed a "fact sheet" that he compiled concerning allegations made by Robert Wallace regarding Tim's alleged threat to sue him over Covenant violations by tenants-in-common on Robert's Parcel 84 (SG). Tim reviewed that he had actually told Robert that a neighbor may sue him concerning these violations. Robert Wallace explained his side of the story. He also stated he had emailed his tenants-in-common to handle Covenant violations on Parcel 84 (SG), but that he didn't assume responsibility for those violations. Robert questioned whether Tim should remain as a Board member as he felt that Tim had threatened him none-the-less. Ian Scott asked the Board for Tim's resignation. Discussion. Robert Wallace stated he didn't want to pursue the above issue and deferred to the GLA Board regarding Tim's position on the Board.

UNANIMOUS AGREEMENT: The Board agreed that it would not hold a special meeting or to pursue the issues associated with the above dispute.

5. UNFINISHED BUSINESS - Committee Reports

5.1 Project Review– TB/RS

5.1.1 Parcel 40-B (SG) – R. Wallace Home Construction

Tim reviewed how this application had been put on hold at the March 5, 2007 board meeting because Robert had not fulfilled the preliminary review conditions regarding his driveway on 40-C (SG) that he had agreed to fulfill on October 10, 2006. Since the March 5, 2007 meeting, Robert has fulfilled the requirements and meets the preliminary review conditions. Discussion re: 40-C and 40-B (SG) applications.

MOTION: Tim motioned and Rich seconded to approved Robert Wallace's 40-B (SG) construction application for a home, driveway and septic system with the following conditions: (1) Necessary septic permit is obtained prior to septic system construction; (2) Necessary electrical permit is obtained prior to electrical work starting; (3) That a plumbing permit is obtained prior to plumbing system construction; (4) That disturbed land be reseeded after construction and before the house is sold; (5) That a well application be submitted and approved before well drilling commences, and; (6) That the center of the house be located at N 45 degrees 19.647 minutes and W 110 degrees 48.604 minutes.

Discussion.

Motion Carried Unanimously.

5.1.2 Create a Committee to begin Researching the Public Road Easement - NK

Discussion. The Board agreed to have Neil, Rich, Tim and William create a temporary committee to research the public road easement issue.

ACTION ITEM: Temporary Public Road Easement Research Committee – Meet with Mark Hartwig, attorney, to determine how to contact landowners about this issue. Bring recommendations and proposals to the next Board meeting.

5.1.3 Revisit 3/5/07 processing applications w/Covenant violations motion, etc. - TB

The Board reviewed and discussed Tim's motion from the March 5, 2007 Board Meeting and his drafted motion dated April 2, 2007 (below) which he emailed and also distributed to the Board.

"Motion and Proposed Procedure for How the GLA Handles Applications for Landowners with Violations" April 2, 2007, authored by Timothy Brockett

In keeping with Section 3:19 of the Glastonbury Covenants, a landowner shall be in compliance with the GLA Covenants, Standards, preliminary project review approval conditions and Master Plan for all structures and improvements to their property before receiving approval for a new project. In the case where a clear violation does exist, the landowner shall make a good faith effort to rectify the violation.

PROCEDURE:

1) The Project Review Committee presents the application to the Board and provides documentation of the Covenant and/or other violation (s) as detailed in the above motion. Documentation may include photos and letters of complaint submitted by nearby landowners to the Board and any letters sent by the Board to the landowner regarding the violation (s).

2) The Board reviews the information to determine if the application should be put on hold until the landowner has made a "good-faith effort" to correct any clear violation(s) of the Covenants, Standards, Master Plan, etc. A vote by the Board shall follow.

3) If the Board determines that the application shall be put on hold, then the following steps shall take place:

a) The Board shall discuss possible action that it will recommend be taken to correct the violation(s), considering what is reasonable and feasible for the particular situation.

b) A letter shall be written from the Project Review Committee and the Board to the applicant that details the Covenant and/or other violation(s) and explains what needs to be done in order for the application to be considered by the Board for review.

c) When an applicant has taken action to correct the violation(s), the Project Review Committee will be contacted by the applicant. The Project Review Committee shall inspect the site and report to the Board.

d) The Board shall review the report and determine if a good-faith effort has been made to remedy the violation(s). A vote shall then be taken to determine if the Board shall proceed to process the project application.

4) If the Board determines that the applicant is not in violation of the Covenants, Standards, Master Plan, etc., it shall proceed to review and process the application.

MOTION: Tim motioned and Rich seconded to approve Tim Brockett's proposed "Motion and Procedure for How the GLA Board Handles Applications for Landowners with Violations" dated April 2, 2007, with the following addition to be included as the first line of Procedure #1: "The Project Review Committee will first meet with the applicant on site to discuss the possible violation." **Motion Carried. (1 abstention – Dan Kehoe)**

Discussion.

MOTION: Tim motioned and Eleanor motioned to amend the above motion by adding the following line to Procedure # 3: "The Board does not consider it to be the responsibility of the applicant when violations are committed by the applicant's tenants in common." With this amendment we accept the entire motion amended in its totality. **Motion carried unanimously.**

"Procedure for How the GLA Handles Applications for Landowners with Violations" Approved 4/2/07 (Based on above motion & amendments)

In keeping with Section 3:19 of the Glastonbury Covenants, a landowner shall be in compliance with the GLA Covenants, Standards, preliminary project review approval conditions and Master Plan for all structures and improvements to their property before receiving approval for a new project. In the case where a clear violation does exist, the landowner shall make a good faith effort to rectify the violation.

PROCEDURE:

1) The Project Review Committee will first meet with the applicant on site to discuss the possible violation. If there is a violation, the Committee will present presents the application to the Board and provides documentation of the Covenant and/or other violation s) as detailed in the above motion. Documentation may include photos and letters of complaint submitted by nearby landowners to the Board and any letters sent by the Board to the landowner regarding the violation(s).

2) The Board reviews the information to determine if the application should be put on hold until the landowner has made a "good-faith effort" to correct any clear violation(s) of the Covenants, Standards, Master Plan, etc. A vote by the Board shall follow.

3) The Board does not consider it to be the responsibility of the applicant when violations are committed by the applicant's tenants in common. If the Board determines, however, that the application shall be put on hold, then the following steps shall take place:

a) The Board shall discuss possible action that it will recommend be taken to correct the violation(s), considering what is reasonable and feasible for the particular situation.

b) A letter shall be written from the Project Review Committee and the Board to the applicant that details the Covenant and/or other violation(s) and explains what needs to be done in order for the application to be considered by the Board for review.

c) When an applicant has taken action to correct the violation(s), the Project Review Committee will be contacted by the applicant. The Project Review Committee shall inspect the site and report to the Board.

d) The Board shall review the report and determine if a good-faith effort has been made to remedy the violation(s). A vote shall then be taken to determine if the Board shall proceed to process the project application.

4) If the Board determines that the applicant is not in violation of the Covenants, Standards, Master Plan, etc., it shall proceed to review and process the application.

5.4 Approving Past Minutes Via Email *(Added to Agenda)*

UNANIMOUS APPROVAL: The Board will review and approve past meeting minutes via email when unable to do this at Board meetings. Any suggested changes/edits to the initial draft minutes should be emailed to Denise who will include them in final drafts to be emailed to the Board for final approval.

Treasurer's Update – from Charlene Murphy
Total Budget: $96,828.00

64,000.00 roads, weeds, snowplowing = **66% of total budget**

(30,225.00 of the above road budget is spent on road paving loan**)

7,941.00 insurance

7,550.00 bookkeeper and admin. secretary

17,000.00 property taxes, state fees, attorney expenses, meeting room rent, postage, copies, accountant yearly fee, database updating, annual meeting expenses, website maintenance, special projects: Master Plan, Policy & Procedures Manual, etc.

**The Community of Glastonbury paved about five miles of its roads in 2001. We got the asphalt paving material at 2/3 cost because it was left over from a local project in the valley. We got a great, 8.5% interest, non-secured loan from the Bank of the Rockies. We will be paying on this loan until 2016.

Other expenses include administrative costs. All board members work without compensation. We have two part-time, paid employees, a bookkeeper and an administrative secretary.

I have been serving as the GLA treasurer since Dec. 2006, I feel confident that our assessments are spent wisely and prudently. We cut costs whenever possible. I would be happy to answer questions and furnish you with a detailed copy of the budget if you request it. Please email me at crh53@mcn.net or write to Charlene Murphy c/o GLA, PO Box 312, Emigrant, MT. 59027.

Robert Wallace SG 40-B application.

Chronology and Motion to Approve

Monday March 5th GLA Board Meeting – Robert Wallace's application is put "on hold" until the next Board meeting because he has not fulfilled the Preliminary Review conditions regarding his driveway on SG 40-C that he agreed to on October 10th, 2006

Tuesday March 6th – I spoke with Robert Wallace and he agreed to bring his driveway on SG 40C into compliance.

Sunday March 11th – Rich Spallone, William Smith and I visit Robert Wallace at SG 40C. We review his driveway and visit his proposed house site at SG 40B. Robert again agrees to bring his driveway into compliance and shows us the progress he has made. We agree to present an email motion to the GLA Board that will allow him to get started on clearing the land and foundation work on SG 40B. The motion is as follows:

Robert Wallace's application to build a house on SG 40B be granted preliminary approval that is effective immediately and is good until the GLA Board meets on April 2nd, 2007.

Monday March 12th - The Motion is approved and Robert Wallace is informed of the results.

Monday April 2nd – I visited SG 40C and saw that the driveway now meets the Preliminary Review conditions that Robert Wallace agreed to on October 10th, 2006. When the house is completed we will verify that the driveway meets GLA Road and Driveway Standards.

Robert Wallace does not yet know where his well will be located but he has paid the necessary fees commensurate with a well application. Thus I make a motion that:

We approve the application for a house, driveway and septic system on SG 40B with the following conditions:

1) Necessary septic permit is obtained prior to septic system construction.
2) Necessary electrical permit is obtained prior to electrical work starting.
3) That a plumbing permit is obtained prior to plumbing system construction.
4) That disturbed land be reseeded after construction and before the house is sold.
5) That a well application be submitted and approved before well drilling commences.
6) That the center of the house be located at N 45 degrees 19.647 minutes and W 110 degrees 48.604 minutes.

4/2/07 Meeting

Fact Sheet for Agenda Item # 4.1.4 dated April 2nd, 2007

On **Saturday, March 24th**, 2007 an allegation was made by Robert Wallace at the Master Plan meeting. Robert alleged that an unnamed GLA Board member recently threatened to "sue his pants off". Ian Scott then called for that board member's resignation. This series of events left many community members with the impression that a GLA Board member personally threatened to file a lawsuit against Robert Wallace.

On **Sunday, March 25th**, the board member that the allegations were made against responded with an email to fellow board members. It is as follows:

Good Morning Board Members,

Robert Wallace made an allegation at the Master Plan meeting that an unnamed board member told him that "he will get his pants sued off" for covenant violations on SG-84. Robert Wallace owns that land as a tenant-in-common with several other people. There have been several complaints to the Board regarding abandoned vehicles, trash and a shipping container on this land over the past year. The Board decided to write Robert Wallace and the other Tenants-in-common a complaint letter. Charlene finished it and Denise now has it.

Rich Spallone, William Smith and I spoke with Robert Wallace regarding his driveway violation when this comment came up. To the best of my knowledge the conversation went as follows.

Tim: Robert, The GLA Board has received complaints regarding covenant violations on a parcel that own, SG-84. Are you a part owner of that parcel?

Robert: Yes, but I am not responsible for the mess that others have left.

Tim: If one of the other owners did not pay their taxes then the IRS would slap a lien on that property. You would be held responsible for your fellow tenants-in-common actions.

Robert: You cannot hold me responsible for the actions of people I do not even know. That is not fair.

Tim: Do you understand that the GLA Covenants allow adjacent landowners to file suit against covenant violators? The GLA must provide 30 days written notice to the violators before a neighbor can sue.

Robert: The GLA is going to sue me for the actions of others? This is not fair. Why are you are picking on me?

Tim: The GLA is not interested in suing anyone. What I am trying to tell you is that once you are given 30 days written notice of covenant violations on land that you own, neighbors are legally entitled to file suit against you in Park County Court. I know one of your neighbors and he may just ***sue your pants off***.

At this point Robert quiets down and William Smith starts to talk to him. William urges Robert to get in contact with his neighbors, the tenants-in-common and work to get the mess cleaned up. If they refuse, then Robert should write a letter to them and put as much distance as possible, between himself and his neighbors.

To the best of my recollection this is what Robert is referring to when he commented about a board member "suing his pants off".

Sincerely,

Tim Brockett

On **Wednesday March 28th** Robert Wallace sent an email to several GLA board members. In the following excerpt his recollection of his conversation with Tim Brockett, Rich Spallone and William Smith on March 24th is as follows:

(1) During a recent conversation with me, Mr. Brockett explained why he had introduced a motion that would stop my project (40-B) dead in it's tracks.

Just coincidence, he said, and went on to say that the motion was not just for that project, but for other projects he had in mind. Although the PRC was now going to give me permission to go ahead on 40-B at this time, all my future projects would be denied because I was in violation on my Tract 84 in High South Glastonbury.

What violation? I asked.

His response: You personally are not in violation but your tenants-in-common on Tract 84 have violations, and these will be seen by the GLA/PRC as your violations and we will therefore stop all your future building here.

My reply: Surely the GLA would not use this ruling to force me to clean up violations by my neighbors. I have no authority to compel my neighbors to conform. This is expecting the impossible.

His response: The GLA sees it this way, Park County sees it this way. Then he threatened me with a lawsuit by his super-wealthy friend in High South who would sue me big time to make sure that these violations are taken care of.

End of fact sheet.

ACTION ITEM: William Smith, Rich Spallone and Ian Scott will work together on a chip sealing proposal & flow chart with payment options.

4. **Officers' Reports**
4.1 Executive Committee – LB, JN, CRM
4.1.1 Procedure/flowchart for routing landowner concerns
Laura briefly reviewed "Flowchart for Committee Chairs" distributed to each Board member. She reviewed that landowners who are unable to work out their complaints with their neighbors should *first* submit their concerns to the appropriate Board Committee instead of presenting them to the Board during a meeting.
4.1.2 Vote re: Vice-President
UNANIMOUS AGREEMENT: Eleanor Schieffelin is approved to fill the Vice President position on the GLA Board.

5. **UNFINISHED BUSINESS – Committee Reports**
5.1 Community Committee – LB
5.1.1 Report on research re: county policy on gun shooting,,etc. – RS
(RE: Follow up to Eleanor Schieffelin's complaint re: neighborhood gun shot noise) Rich reported that his research revealed there are no rules or regulations that the city can

enforce outside of city limits, etc. Board discussion included that the GLA Covenants, Section 5.05, site excessive noise and safety issues
ACTION ITEM: Laura will visit neighbor in question.
5.1.2 Research on ATV's on GLA roads – CRM/DO. Tabled.

6. NEW BUSINESS - Committee Reports

6.1 Project Review– AA/RS

6.1.1 Report on meeting w/M. Hartwig – NK/RS/WS
William clarified that GLA had not intended to meet with Hartwig; but landowners could contact Hartwig if they desired to speak to him.

6.1.2 Proposal: informing landowners re: public easement issue -NK/RS/WS
Discussion included, (a) Concern that the County wants the GLA to dedicate our private roads to public use, and; (b) the GLA will need to contact our attorney re: a response statement to Planning Board..
UNANIMOUS AGREEMENT: The Board agreed to inform GLA landowners concerning the public easement issue and how it encroaches upon private property rights
ACTION ITEMS: William, Ian Scott and Valerie O'Connel will compile points that explain how private property rights will be impacted by this issue and submit to Laura.

6.1.3 Lot 26 B-1 (NG) Ken & Anne Haug: Manufactured Home Placement & Variance – Tabled.

6.1.4 Lot 25-2 (NG) Michael & Sheila Laverty: Home Construction & Variance
Discussion and review of reasons for allowing a variance to the setback requirements of the house.
MOTION: Alyssa motioned and Laura seconded to approve Michaele & Sheila Laverty's home construction on Lot 25-2 (NG) based on the following conditions: (a) The Project Review Committee will be informed when the house and driveway are staked out to verify that setbacks as described are being met; (b) A septic permit is obtained prior to septic system construction; (c) An electrical permit is obtained prior to starting electrical work; (d) A plumbing permit is obtained prior to plumbing system construction, and; (e) Disturbed land be reseeded after construction. **Motion carried unanimously.**

6.2 Road/ Weed – WS/RS

6.2.1 Update re: Torodon fees for private landowners - WS. Tabled.

6.2.2 2007 Projected Road Work Checklist - WS/RS

1. **Call to order and opening prayer.**
The meeting was called to order by Laura Boise at 7:15 p.m., at St. John's Church.
PRESENT: Laura Boise (President), Eleanor Schieffelin (Vice-President), Charlene Murphy (Treasurer), Alyssa Angelis Allen, Edward Anderson, Charlotte Mizzi, Orlando Johnson, Neil Kremer, William Smith and Rich Spallone.
ABSENT: Janet Naclerio (Secretary), Dan Kehoe
ALSO ATTENDING: Denise Orr (GLA Administrative Secretary)
Landowners: John Brettschneider, Pat Brettschneider, Ron Wartman, Rik Pittendorfer, Kathleen Rakela, Francis Owen, Michael and Shiela Laverty.
Guest: Hertha Lund, attorney.

2. **Set Agenda**

3. **Treasurer's Report – Charlene Murphy**
3.1 Monthly Reports: Review bank transaction and budget variance reports.
MOTION: Charlotte motioned and Eleanor seconded to accept the "May 2007 Bank Transactions" and "2007 Budget Variance Report, January – May 2007." **Motion carried.**
3.2 Bookkeeper position
Discussion/vote concerning hiring a new bookkeeper.
MOTION: Alyssa motioned and Charlotte seconded to hire Arlene Hoag to fill the position of GLA Bookkeeper based on the recommendation of our outgoing Bookkeeper. **Motion carried.** (2 abstained - Charlene and Neil)

4. **Officers' Reports**
4.1 Executive Committee – LB, JN, CRM
4.1.1 Review/discuss new subdivision regulations – LB/NK/WS
Discussion included: (a) Potential impact of new Park County subdivision regulations on landowners; (b) Responding to the new regulations, and; (c) The Park County Planning Commission's public meeting on June 21 to address new regulations.

4.1.2 Comments from Hertha Lund, attorney
Hertha reviewed her extensive experience in representing landowners re: litigation issues with the government. The Board asked her to comment on the new subdivision regulations and other agenda items. Discussion. Following Hertha's exit, the Board discussed hiring Hertha at a discounted rate offered by her law firm and handling the expense with Master Plan reimbursement funds.
MOTION: Alyssa motioned and Charlotte seconded to hire Hertha Lund at the discounted rate of $150 hour (with a $5,000 total cap) to perform attorney services for the GLA Board. Her services will include: (a) Researching and compiling a professional response comment sheet regarding the new county subdivision regulations prior to June 21 (with an initial $1,000 retainer);

File: MtgMins 06 04 07
Draft: 06 10 07; 06 12 07 - FINAL
Approved: 07 18 07

(b) Advising the GLA Board regarding the content of discussions at public GLA Board meetings, and; (c) Advising the GLA Board concerning how to best handle complaint issues. **Motion carried unanimously.**

ACTION ITEM: Hertha will forward a draft of her contract to the Board to include the conditions she reviewed at the meeting.

ACTION ITEM: William Smith and Valerie O'Connel will forward information regarding the County subdivision regulations to Hertha..

ACTION ITEM: Hertha volunteered, *free of charge,* to present the response comments she develops re: the new subdivision laws at: (a) A public meeting to be sponsored by the GLA prior to the June 21 meeting (date to be determined), and; (b) The June 21 County Planning Commissioners meeting in Livingston.

5. UNFINISHED BUSINESS – Committee Reports

5.1 Community Committee

5.1.1 Research on ATV's on GLA roads – CRM/DO. Tabled.

5.2 Master Plan - NK

5.2.1 Letter to shelters that need exterior clean up or have safety issues - AAA
ACTION ITEM: Neil will send a draft copy of the above letter to Laura and Denise.

5.2.2 Research shelters that need letter - NK
Neil reported that he is developing a list that will be used for 5.2.1.

6. NEW BUSINESS: Committee Reports

6.1 Project Review– AA/RS

6.1.1 Lot 25-2 (NG): Sheila and Michael Laverty: Well application and variance
Due to concerns with the output from a shared well in their subdivision, the Lavertys proposed installing a new well in close proximity to the existing shared well. Discussion.
MOTION: Alyssa motioned and Charlene seconded to approve the location of the Laverty's new well as described in the variance application being approximately 26 feet from the boundary. **Motion carried.** (1 abstention - Orlando)

Unanimous Agreement: The Board pointed out to the Lavertys that their current subdivision covenants require that they participate in the expenses for the existing shared well, which they are electing not to use. The Board suggested that they make any necessary modifications to their subdivision covenants to reflect the appropriate financial obligations for the shared well.

6.1.2 Lot 26-B1 (NG): Anne and Kenneth Haug: Manufactured home placement and variance. Discussion.

File: MtgMins 06 04 07
Draft: 06 10 07; 06 12 07 - FINAL
Approved: 07 18 07

MOTION: Alyssa motioned and Neil seconded to approve Anne and Kenneth Haug's manufactured home placement on Lot 26-B1 (NG). **Motion carried.** (1 abstention – Charlene)

6.1.3 21-B (SG): Christine and Duncan Johnston: Well application and variance
Due to a seismologist's findings, the Johnstons proposed placing a well 35 feet from the boundary. Neighboring landowners were contacted and agreed in writing to accept this new placement.
MOTION: Neil motioned and Alyssa seconded to approve the location of the new well being approximately 35 feet from the boundary, and if the water use exceeds 35 gallons per minute and/or 10 acre feet per year, the Johnstons will apply for a beneficial water permit through the DNRC. **Motion carried unanimously.**

6.1.4 Parcel 57 SG: Neil and Linda Kremer: Boundary adjustment proposal
Discussion.
MOTION: Charlotte motioned and Alyssa seconded to approve the boundary adjustment as proposed by Neil and Linda Kremer, namely that 17 acres of Parcel 57 would be incorporated into Parcel 56-B (SD 402) and 3.2 acres would remain in Tract 57-A. **Motion carried.** (1 abstention – Neil)

6.1.5 Parcel 45 NG: Marcie Bodeaux / Zigmond Mayer Subdivision – TABLED.

6.1.6 Parcel 27 (SG): Kathleen Rakela's Request for Rosalee Lane on Neighboring Parcel 25 (SG) to be dedicated as a GLA Road
The Board examined the need described by Kathleen Rakela to use Rosalee Lane as a way to access certain lots in her subdivision on Parcel 27, and her request to have this road dedicated as a GLA road.
MOTION: Charlotte motioned and Eleanor seconded that Kathleen Rakela and all Parcel 25 (SG) landowners would first attempt to reach a mutual agreement allowing Kathleen to use Rosalee Lane without it being dedicated as a GLA road, including an equitable plan for handling the expenses of any necessary improvement and maintenance of the road. If all parties agree that having Rosalee Lane dedicated as a GLA road will satisfy their needs for allowing the road to be used by Kathleen, the GLA will agree to accept Rosalee Lane as a GLA road with the following conditions: (1) The portion of the road to be accepted will start where Rosalee Lane connects to Arcturus and will end at the turnaround of Rosalee Lane, and; (2) Rosalee Lane must be improved to meet the GLA Road Standards level prior to acceptance. **Motion carried.** (2 Opposed - Neil & Charlene)

6.2 Road/ Weed – WS/RS

File: MtgMins 06 04 07
Draft: 06 10 07; 06 12 07 - FINAL
Approved: 07 18 07

6.2.5 Proposal for chip sealing – WS/RS/OJ. Tabled.

6.2.6 Road Access Fact Sheet - Tabled.

6.2.7 Report on Fire Pond Status - WS

Discussion included: (a) The Fire Department requires a 30,000 gallon on site; (b) E-Mail Letter from Cynthia Blocker, dated May 10, 2007, on behalf of Duncan Johnston & Kirsten Hardesty, concerning problems with the pond; (c) The GLA needs to maintain the pond and actively remedy the problems mentioned in Cynthia's e-mail.
ACTION ITEM: Neil, Rich and William will check out the SG fire pond liner and hire someone (1-2hrs) to open it up and determine the scope of work that will be needed in order to maintain the pond for fire protection.

6.3 Recreation – JN/EA (Co-Chairs)

6.3.1 Update re: Inspection of Potential Building to be Donated to the PVRC – WS/RS/CRM. No report.

6.3.2 Update re: PVRC Bylaws/Extension for Filing Tax Forms - LB

Laura reported: (a) She spoke to T. Olsen of the I.R.S. and the PVRC has been granted a filing extension, and; (b) The PVRC committee will meet June 7.

6.4 Community Committee

6.4.1 Discuss facilitation training for Board Members. Tabled.

6.4.2 Report on Visit to NG Landowner re: Gunshot Noise/Safety Issue – LB.

Laura was given landowner information (Lot 82, De Wayne Patterson) and will now be able to visit.

6.4.4 John Brettschneider (landowner) re: Lot 82 (SG)

John discussed his complaint with the Board re: Lot 82 (SG).
ACTION ITEMS: (1) Denise to forward history of complaint re: Lot 82 (SG) to Complaint Committee. (2) Rich Spallone will research possible solutions and cost estimates, and; (3) The Complaint Committee will draft a letter to Lot 82 landowner, offering possible solutions and include appropriate excerpts from the Covenants.

6.4.5 Complaint Subcommittee - LB

Discussion concerning forming a committee to develop a complaint process.
MOTION: Charlene motioned and Eleanor seconded to form a committee to formulate a process that will be applied consistently to complaints received by the GLA. The Committee may possibly draft form letters concerning eyesore complaints, especially associated with shelters; letters will include appropriate GLA Bylaw excerpts.
Motion passed unanimously.
Discussion.
UNANIMOUS AGREEMENT: Laura, Neil and Orlando will be on the Complaint Process Committee and will request Dan Kehoe's assistance.

6.5 Web Site – EA (Chair). No Report.

6.6 Election Committee – CRM (Chair)

6.6.1 Determine Committee Members

Charlene reviewed that she had volunteered to chair the Election Committee on the condition that another Board member would co-chair with her. Eleanor volunteered.

7. Comment Period for Visiting Landowners.

GLA 02341

Satisfaction of Improvements Guarantee until a specific period of time has passed, so that the performance of the guaranteed improvement can be properly evaluated.

c. Road access.

Roads providing primary access to and through a proposed subdivision must be accessible to the public, via:

(1) Rights-of-way dedicated for public use;
(2) Recorded public access and utility easements; and/or
(3) Recorded roads in subdivisions in existence before November 2000 (last Subdivision Regulations update) that have no history of ever blocking public access, and for which a homeowners association has recorded a "plat approval" covenant that assures continued public access.

"Gated Communities" are not permitted.

Subdivision roads shall be maintained by the property owners within the subdivision. Subdivisions that do not abut a public road maintained by Madison County or the State of Montana may be required to have a long-term maintenance agreement with the responsible party (e.g., Forest Service or Bureau of Land Management or other subdivision). Madison County will not be responsible for subdivision road maintenance.

Primary roads must be maintained in passable condition on a year-round basis. If Madison County doesn't have the resources to maintain a county road, the property owners within the proposed subdivision may be required to enter into a maintenance agreement with the county.

d. Relation to adjacent areas.

(1) When a proposed subdivision will adjoin unsubdivided land and reasonable access thereto must pass through the new subdivision, roads and right-of-way may be required so as to allow suitable access to the unsubdivided land. In such cases, proposed roads shall be extended to the boundary lines of the tract to be subdivided. Said access should be negotiated between the affected landowners.

Where a prescriptive easement exists, it may be required to be shown on the final plat.

(2) When a new subdivision will adjoin subdivided land, the arrangement of roads in the new subdivision may be required to

6. UNFINISHED BUSINESS – Committee Reports

6.1 Master Plan – NK

6.1.1 Review draft letter to shelters for clean up and/or safety issues – OJ/NK/LB

Discussion

6.2 Road and Weeds – WS/RS

6.2.1 Report on fire pond & discuss possible future solutions – WS/RS/NK/LB

Discussion. Neil reported on the current condition of the fire pond. Alyssa reported on her meeting with the Hardesty's, who have given easement rights to the GLA to have the fire pond on their property.

Mike Graham reported: (1) A few weeks ago, the SG fire pond was taken off the list of a valid water source for firefighters due to low water content; (2) According to new regulations , all water source sites have to be self-replenishing from a well and can never be obstructed, and; (3) The Yellowstone River cannot be used based on safetyissues.

Discussion: The Board and Mike Graham discussed the possibility of constructing a fire station in South Glastonbury with Church donated land and a well. Mike believes that funding could be acquired and local companies, such as Kenyon Noble, would probably donate materials. Mike has extensive experience in writing

grants and offered to help to the GLA to write a grant to fund this project.
ACTION ITEM: If and when the SG fire pond is ready to be excavated, remember to contact Charlene Kaufman (her property must be crossed to reach the pond).
ACTION ITEM: Laura and Neil will research what it takes to build a fire station and will stay in touch with Mike Graham re: station projects and water rights.
ACTION ITEM: Dan to contact Barbara Hopkins re: E Johnson water rights in South Glastonbury.

6.2.2 Hydrant on Venus Way: Mike rcommented that the hydrant donated to Glastonbury a couple of years ago hasn't been installed and needs to be in compliance with water tank needs to be in compliance with water tank regulations. Discussion.
ACTION ITEM: William will contact the DEQ for a permit to dig/install the hydrant on Venus Way.

Subject: Project Review

Hello Board Members and Denise,

Courtesy of Alyssa, attached is a revised and more detailed map of Alan Carter's driveway, house and septic site. I emailed a PDF file of Alan Carter's application to all Board members on Friday. Please let me know if you did not receive it; I will email you another.

At the next meeting all Board members will have a chance to review the Project Review motion we approved at the last meeting. I spoke with many people about this motion. Here is a copy of the motion, detailed comments and a recommedation follow.

I make a motion that in keeping with section 3.19 of the Glastonbury Covenants, a landowner shall be in compliance with the covenants, standards, preliminary approval conditions and master plan for all structures and improvements to their property before receiving approval for a new project. In the case where a clear violation does exist, the landowner shall make a good- faith effort to rectify the violation(s).

The general thoughts I received were that the motion is in line with the covenants and gives the Board another way of dealing with covenant violations. The negative aspect of this motion is that it could be abused to unfairly penalize an applicant. This is where I think we, the Board, need to have a written procedure to deal with Project Review applications that come from landownwers who have clear covenant violations. Our **POLICY** was set by accepting the motion. Our **PROCEDURE** should be that whenever the Project Review Committee receives an application, that it believes should be held because the applicant has a clear covenant violation, then:

1) Project Review should present the application to the Board and provide documentation of the covenant violation. Documentation should include photos, letters of complaint submitted by nearby landowners to the Board and any letters sent by the Board to the landowner regarding covenant violations.

2) The Project Review committee should then ask the Board if it agrees that the appliacation should be put on hold until the landowner has made a "good faith effort" or is in compliance with the covenants. A vote by the Board should follow.

3) If the Board agrees with the Project Review Committee to put the application on hold, then the a letter should follow from Project Review and the Board to the applicant that details the covenant violations and explains what needs to be done in order for the Project Review application to move forward.

4) If the Board disagrees with the Projectt Review Committee's recomendation to place the application on hold, then the Project Review committee should present the applicant's application immediately so the Board may consider and vote on it.

Please let me know what you think. We can modify and then vote on this procedure and make it part of our Policy and Procedures manual. Then everything is spelled out clearly and all parties are assured of fair and equitable treatment.

Sincerely,
Tim Brockett

Board of Directors Meeting Minutes

August 13, 2007

CONFIDENTIAL – DO NOT COPY

1. **Call to order and opening prayer.**
   The meeting was called to order by Laura Boise at 7:05 p.m., at St. John's Church.
   PRESENT: Laura Boise (President), Eleanor Schieffelin (Vice-President), Janet Naclerio (Secretary) arrived at 9:40 p.m.; Charlene Murphy (Treasurer), Alyssa Angelis Allen, Edward Anderson, Dan Kehoe, Neil Kremer, Orlando Johnson, Charlotte Mizzi, William Smith and Rich Spallone.
   ABSENT:
   ALSO ATTENDING: Denise Orr (GLA Administrative Secretary); **Landowners:** Frances Owen, Kristina Sones, Bob Sones, Sally Muto and Chuck Muto.

2. **Set Agenda**

3. **Meeting Minutes – Status of approval via e-mail. Tabled.**

4. **Treasurers' Report – Charlene Murphy**
   4.1 Monthly Reports: Charlene reviewed "Check Detail, July 2007" and "Check Deposit, July 2007" (these 2 reports will, from this date forward, replace the Bank Transactions report) and the "2007 Budget Variance Report, January –July 2007." Charlene also reviewed projected income.

   UNANIMOUS AGREEMENT: The Board agreed to accept the above reports.

   Attending landowners requested to review the Treasurers' reports. Discussion including the possibility of posting the reports on the website. Charlene agreed to send the reports to the requesting landowners

   ACTION ITEM: Denise will forward to Charlene the 5-year spread sheet (used in previous years) as a sample of a report that might be distributed at the annual meeting..

5. **Officers' Reports**
   5.1 Budget Committee - Executive Committee/Orlando/Charlotte
   5.1.1 Committee Budget Proposals received from chairs for 2008
   ACTION ITEM: Each Chair should submit their 2008 committee budget estimates to Charlene no later than 8/27.

   5.1.2 Status of research for proposal of 2008 Draft Budget – CRM
   A budget meeting is scheduled August 27, 2007, 7 p.m.

   5.2 Election Committee – CRM/ES 5.2.2 Review election process August through November – CRM
   Discussion/review of the election process and annual meeting.
   Unanimous Agreement: Per Orlando's suggestion, the annual meeting will be held from 9 a.m. – 12 p.m. instead of 10 a.m. – 1 p.m. .

   5.2.2.1 Board members who plan to run in November
   Charlene asked Board members who are completing their terms to inform her by e-mail

File: MtgMins 08 13 07
Draft: 08 10 15; 09 10 15 - FINAL
Approved: Via email

as to whether or not they plan to run in November.

5.2.2.2 Volunteers for Nominating Committee
Charlene passed around a volunteer sign-in sheet for the annual meeting/elections, etc.

ACTION ITEM: Find a mediator and timekeeper for the annual meeting.

5.3 Executive Committee – LB/ES/JN/CRM

5.3.1 Review recent meetings re: new subdivision regulations
Laura reported that she, William and Val met with the Park County (PC) Planners to discuss the regulations.
ACTION ITEM: Send to Laura suggested changes to new regulations that can be presented to the PC Planners at the next meeting.
ACTION ITEM: Eleanor will call Val and compile two lists of suggested changes to fire regulations and road regulations.

Tara Depuy Memo to Park County Planning Board, dated 7/19/07
Laura reported that GLA received a copy of Tara's memo to the PC Planning Board which states that "all roads in North and South Glastonbury are not subject to the current definition of legal and physical access in the 2006 Park County Subdivision Regulations that require roads or easements to be dedicated to the public." (Memo was distributed to the Board)

Lawsuit: Park County Planners
Laura reported that our attorney asked her to convey to the Board that those who desire to protest the process that the County Planners originally followed (to present the new subdivision regulations) could enter into a lawsuit that is about to be filed. The timeline for filing is August 20, 2007. The GLA's legal expense of entering the lawsuit could be limited to $500.
Discussion.
MOTION: Charlotte motioned and Edward seconded to approve, upon the advice of our attorney, to participate in the lawsuit that is being filed against Park County. The GLA will contribute $500 for legal fees. **Motion carried. (2 Abstained: Dan and Eleanor)**
ACTION ITEM: Laura will ask attorney if the GLA could join the lawsuit later than Aug. 20 and if so, what would be the ramifications.

Position Paper on the New County Subdivision Regulations.
ACTION ITEM: Laura to ask our attorney to develop a position paper that will update the landowners concerning the GLA's stance regarding the new subdivision regulations, etc. The GLA will then post it on our website and at the post office; it will also include it in our upcoming newsletter mailing.
ACTION ITEM: Val O'Connel will try to get the fire regulations from the Park County website and onto the GLA website.

5.3.2 Road Access Fact Sheet –LB, Tabled.

File: MtgMins 08 13 07
Draft: 08 10 15; 09 10 15 - FINAL
Approved: Via email

5.3.3 GLA work load allocation - AA/LB
Alyssa reviewed the extensive work load that is upon the GLA, the challenges in completing the work, the professional skills needed to do so and the expectations and demands of the landowners upon the Board. Discussion.
ACTION ITEM (A): Ask our attorney what the GLA Board's legal responsibilities are per the GLA Covenants, Bylaws, Articles and Master Plan.

ACTION ITEM (B): Prepare a presentation for the annual meeting (also send to landowners in a mailing) to include:
a) The responsibilities of the GLA Committees
b) The GLA Board Priority List
c) Present options to the landowner to vote upon concerning exactly what services it wants the GLA to perform. In each option, ask the landowner if he is willing to pay a certain cost for services (i.e.-complaint processing fee, etc.)

ACTION ITEM (C): Based on the feedback that the GLA receives from landowners from above Action Items (A) & (B), publish a statement which explains exactly what the GLA Board does and does not do.

Complaint Policy
The Board discussed changing the complaint process as follows: The Complaint Committee would: (1) After receiving the initial formal letter of complaint, it would send the appropriate GLA policy to the alleged offender; (2) If the the behavior in question is not resolved within a certain amount of time, the GLA would issue a statement that it does not have the jurisdiction to go further and therefore, it would give permission to both parties to handle the complaint through mediation or arbitration..
MOTION: Charlotte motioned and Alyssa seconded to send the above process to our attorney and ask if the GLA could use it to replace our past complaint procedures.
Motion carried unanimously.

5.3.3. 1 Policies/Procedures project
UNANIMOUS AGREEMENT: The Board agreed to allow more time for Denise to withdraw from attending GLA meetings and taking the minutes, so as to allow her to work on the Policies/Procedures project. Beginning at the September 19th meeting, Charlotte and Janet will be responsible for the minutes. Denise will still help in preparing materials for meetings and set up.

6. UNFINISHED BUSINESS – Committee Reports
6.1 Master Plan
UNANIMOUS AGREEMENT: The Board agreed that Charlotte will take over Neil's position as Chair for the MP Committee. (Neil resigned from the Board effective when a replacement is found)
6.1.1 Status of response from A. Shaw re: Neil's MP expense letter
Neil reported that he has received no response.

File: MtgMins 08 13 07
Draft: 08 10 15; 09 10 15 - FINAL
Approved: Via email

6.2 Road and Weeds – WS/RS

6.2.1 Status on research re: SG fire pond water rights – DK
No report.

6.2.2 Research re: constructing a new fire station – LB/NK
Neil reported that there is a $10,00 gallon water tank available for $2,500.
ACTION ITEM: Rich will check out the water tank reported by Neil..

6.2.3 Installation of hydrant on Venus Way – WS/RS
William reported that he will complete research on installing hydrant

ACTION ITEM: Charlotte will contact Church regarding donating some of its reserved land (including water rights for drilling a well), for the purpose of building a fire station.

ACTION ITEM: William and Rich will meet with Frances Owen to inspect her well for possible use as a fire hydrant in Upper South Glastonbury

ACTION ITEM: Neil Kremer and Rain Zecoola will write up a proposal regarding the fire station.

6.3 Community - LB

6.3.1 Complaint Sub-Committee – LB
ACTION ITEM: Find a volunteer to assist the complaint committee to handle minor complaints, using form letters.

6.3.1.1 Status of developing complaint process & letters – LB/DK
Laura reported that this was in process and our attorney will assist. .

6.4.1.2 Status of list of shelters w/problems – DK .
Dan reported this is in process and he'll consult with Philip Hoag.

6.4.1.3 Status of complaints re: Parcel 81 (SG) – LB/RS
Charlene and Laura reported a letter was sent to Brettschnieder and Johnston to review the current status of responses to their complaints. Laura reported that she spoke with Hansard and he agreed to clean up his parcel and meet with her and James Kozlik.

6.4.1.4 Status of Ev. Johnston complaints - LB
See 6.4.1.3 above and 7.3.1.2 below.

6.4.1.5 Status of complaint re: gunshot/noise on Parcel 82 (NG) - LB
Laura read firearms letter sent to Parcel 82 (NG) owner. .
Discussion
ACTION ITEM: Add to firearms letter that the GLA recommends landowners avoid firing arms in the early morning or late evening.

File: MtgMins 08 13 07
Draft: 08 10 15; 09 10 15 - FINAL
Approved: Via email

MOTION: Orlando motioned that the GLA establish a rifle range for common use. **Motion failed.**

ACTION ITEM: Board will send to Laura any ideas to assist in handling the the firearms issue.

7. NEW BUSINESS - Committee Reports

7.1 Project Review – AA/RS

7.1.1 Parcel 45 (NG): Bodeaux/Mayer subdivision variance - AA

Discussion included a review of the subdivision design that would allow the existing shelter to be on its own lot and honor existing Tenant-in-Common interests.

MOTION: Alyssa motioned and Charlene seconded to accept the subdivision variance request for Lot 45 NG with the following conditions: (1) Any disturbed land will be reseeded, and; (2) The lot with the shelter shall not be developed to become a site with a dwelling.

Discussion.

Motion carried unanimously.

7.2 Road/Weed–WS/RS

7.3.1.2 Knapweed complaint re: Parcel 81 (SG) –LB

The GLA ehecked out Ev. Johnston's complaint re: knapweed on Parcel 81 (SG); it hired a company to spray Parcel 81.

ACTION ITEM: Send bill/letter to Parcel 81 owners. Notify Ev. Johnston.

7.3.1.3 ATV speeding/road damage complaints (NG) -- LB

Laura reported that she has received 3 complaints regarding: ATV's in Glastonbury. Mike Rosa and Ron Sones spoke about incidents where ATV drivers are tearing up roads, doing donuts, trespassing on to private property and making a lot of noise. Ron has talked to some of the parents of ATV drivers, but this has not seemed to help.

Discussion.

ACTION ITEM: Research/document snowmobiles, motorcycle, ATV laws and rules in Glastonbury Covenants.

ACTION ITEMS: Compile letter re: GLA policy on ATVs, have attorney review it, send to appropriate landowners and post on website. The letter will describe ATV driver requirements, including: driver must retain current

driver's license, possess current vehicle insurance in compliance with Montana law, possess current legal vehicle registration, follow safe driving methods, observe stop signs and posted speed limits, use common sense regarding safety based on weather, avoid disturbing neighbors with noise, etc. Landlords must also be responsible for informing their renters about these policies.

Discussion included possibility of a last resort penalty for repeated offenders that would involve getting a court injunction that states the offender cannot drive on GLA roads.

7.3.1.4 Gun shooting and arrow complaint on Pisces Way (NG) -- LB
Laura reviewed the complaint.
Discussion.

7.3.1.5 Consider possible rule changes re: ATVs and Guns - LB

August 14, 2007

Dear Glastonbury Landowner,

The Glastonbury Landowners Association (GLA) has recently received several complaints regarding unsafe or disturbing driving practices by individuals on Glastonbury platted and private roads. These complaints have included trespassing on to private property; disturbances from loud noises produced by ATVs and, in some cases, damage to private roads and newly surfaced platted roads.

This letter is to bring to your attention the updated policy,* adopted by the GLA Board on August 13, 2007, regarding driving on Glastonbury common roads

Please carefully review this policy and be sure to pass it on to your family, guests and/or renters.

POLICY

Driving Requirements and Safety Standards on Glastonbury Common Roads

All individuals driving vehicles on Glastonbury common roads (including, but not limited to ATVs, recreational vehicles, snow mobiles and motorcycles) are required to uphold the following:

- Possess a current driver's license and vehicle registration.
- Possess current vehicle insurance in compliance with Montana law.
- Follow legal and safe driving methods, including caution when approaching children and pedestrians. Use common sense and safe practices when safety conditions and weather such as snow or ice necessitate slowing down.
- Observe stop signs, speed limit signs and other warning signs.
- Avoid being a nuisance to your neighbors with loud vehicle noise or music.
- Avoid driving your vehicle in ways that will damage the common roads. (Examples: Driving fast on newly graded surfaces; "donuting")
- Do not litter on roads or sides of roads.
- Respectfully observe your neighbor's private property; do not trespass upon your neighbor's roads or land without permission.

Thank you for your kind cooperation.

Sincerely,

THE BOARD OF DIRECTORS

* See Glastonbury Covenants, Section 8. Roads and Easements: (e.) The Association shall from time to time make, alter and enforce rules of health, safety, convenience and conduct on the platted road easements, including, but not limited to, speed limits, signals and signs, traffic regulations, weight and size limits, recreational usage, livestock usage, etc.; (i.) No motor vehicle shall be operated on the platted road easements in the Community except by a person having a valid operator's or driver's license, and all such operations shall be in accordance with any limitations contained in the license; and (j.) No Landowner may encroach upon any platted road easement bordering upon, joining or crossing the Landowner's parcel with fences, structures, improvements or any other use inconsistent with this section, except as permitted in writing by the Association.

Policy Re: ATVS Driving Safety Requirements in Glastonbury

To Glastonbury Landowners,

In recent months the Glastonbury Landowners Association (GLA) has received several complaints regarding unsafe or disturbing driving practices by individuals on Glastonbury platted and private roads. These complaints have included trespassing on private property, disturbances from loud noises produced by ATVs and, in some cases, damage to private roads and newly surfaced platted roads.

Policy Re: Driving Safety Requirements on Platted Roads in Glastonbury

Please carefully review the following and be sure to pass these requirements on to your family, guests and/or renters.

All individuals who drive vehicles (including snow mobiles, motorcycles and ATVs) on Glastonbury common roads are required to uphold the following:

- Retain a current driver's license
- Possess current vehicle insurance in compliance with Montana law
- Possess current legal vehicle registration
- Follow safe driving methods, including caution when approaching children and pedestrians
- Observe stop signs and posted speed limits
- Use common sense regarding safety when weather and safety conditions (such as snow or ice) necessitate slowing down
- Avoid disturbing neighbors with excessive vehicle noise
- Avoid driving your vehicle in ways that will damage the roads
  (For example, "donuting"and speeding on newly graded surfaces is damaging)
- Respectfully observe private property; Do not trespass upon private roads or land

Thank you for upholding these driving standards and for passing this information on to others as appropriate. We hope that all landowners, renters, guests and their children will enjoy a sense of peace and security in a community that respects safe and courteous driving practices.

Sincerely,

THE BOARD OF DIRECTORS

Glastonbury Landowner's Association

3. Meeting Minutes – approval via e-mail

September 19th Minutes to be reviewed next week after changes are completed.

4. Treasurer's Monthly Reports – CRM

MOTION: Orlando Johnson motioned and Alyssa seconded to accept the Treasurers' Reports. **Motion carried unanimously**

5. Officers' Reports

5.1 Budget Committee - CRM

5.1.1 Review/discuss 2008 Budget Proposal

The Road Committee proposed a budget of $69,910; when it meets, it will re-designate some of money as a capital expense. The Board agreed to change the name of budget item COO from Complaints to "Landowner Issues."
The Board discussed that a volunteer manager consultant was needed to suggest ways to streamline the GLA's workload.

5.1.1.1 Vote Re: 2008 Assessments

MOTION: Orlando motioned and William seconded to increase the GLA 2008 assessments from $145 each per lot and dwelling to $159. **Motion carried unanimously.**

MOTION: Janet motioned to approve the **2008 Budget Proposal.** William seconded the motion. **Motion carried unanimously.**

5.1.2 Tracking Receivable Data for North and South Glastonbury (WHAT DATA IS THIS. VAGUE.

Draft: 11 03 15 - Final
Approved: Via Email mid Nov.

5.2 Election Committee - CRM/ES

5.2.1 Review election/annual meeting tasks/preparation, etc. – CRM

ACTION ITEM: Committee Chairs need to send their annual meeting presentation outlines via e-mail to Charlene by November 1; Also send a list inform handouts that will need to be xeroxed for the meeting

The annual meeting is scheduled to start at 9 a.m. and end at noon. Board members are requested to arrive by 8:00 a.m. Candidates will be given 3-minutes for their presentations, followed by a question an answer period.

UNANIMOUS AGREEMENT: The Board approved the proposed Annual Meeting/Elections Meeting agenda

5.3 Executive Committee - LB/ES/CRM

5.3.1 Update: new subdivision regulations/road access issue. (No notation about this subject was given…was this tabled?)

6. Unfinished Business – Committee Reports

6.1 Project Review –AA/RS

6.1.1 Parcel 56 NG – K. Rakela Sign Variance –Further discussion – AA

MOTION: Alyssa motioned and Charlene seconded that the Project Review Committee inform Kathleen Rakela that according to the Master Plan, a neighborhood review would need to be conducted in order for the Board to have sufficient input to make a decision about her variance request. Alyssa will ask Kathleen to indicate to the Board if she wishes to proceed by having the Project Review Committee do further evaluation of the landowners affected and of the costs for conducting the variance process. (The Committee's findings would then be presented to the Board.) If, at the appropriate time, Kathleen wishes to proceed with the variance, the $50 already paid (for a minor variance) shall apply toward the major variance fee. If Kathleen does not wish to proceed with the variance, the $50 shall be refunded in full.
Motion carried unanimously

6.2 Master Plan

6.2.1 Status report from Alan Shaw re: MP Expense

Charlene reported that Alan Shaw requested receipts for all expenses incurred for the Master Plan. The Church will reimburse the GLA when receipts are received.

6.3 Community - LB

6.3.1 Complaint Sub-Committee – LB

Complaint related issues are tabled pending attorney review
Complaints will be dealt with at a special meeting.

7. NEW BUSINESS – Committee Reports

7.1 Project Review – AA/RS

7.1.1 Parcel 74 (SG) Richard & Alyssa Allen – Tool Shed Addition

Alyssa Allen withdrew from the Chair of the Project Review Committee for this application and made a presentation as a landowner.
MOTION: Charlene motioned and Orlando seconded to accept Richard and Alyssa Allen's tool shed application as presented with the condition that any disturbed land will be re-seeded after construction. **Motion carried.**
(1 abstention - Alyssa)

7.2 Road/Weed – WS/RS

7.2.1 Committee Report regarding road issue – WS/RS

The Road Committee now has 10 to 12 people participating; it is working on deep issues to address the fabric of the community. **(This is a vague statement and really says nothing. Was anything significant reported?)**

7.2.2 Report re: Weed Grant Information – WS *Removed from agenda.*

7.2.3 Status on research re: Fire Station, etc. – LB *Removed from agenda.*
Fire Station research is currently on hold.

7.2.4 Report on cost of electricity, etc., for pump for the fire hydrant in high south (Frances Owen's property) RSW/AA Tabled.

7.2.5 Report on research of Bylaws re: contractor bidding practices
MOTION: Charlotte motioned and Orlando seconded to have an exception to the GLA policy that the Board must have two bids from contractors when circumstances justify having one bid. **Motion carried unanimously.**
Orlando recommended that there should be a memo of record that if there is only one bid, the memo shall state the reason for the acceptance of one bid.

7.2.6 Report on Roger Seaman proposal for snake removal – RS Tabled

7.3 Abandoned Cars on Road Sides of Trail Creek Area

The Board discussed vehicles that are parked on land that is outside of the Community of Glastonbury. It reviewed a map of the Trail Creek area and

determined that the area is county land/easement and therefore, concerned landowners should be advised to contact the Sheriff to remove the vehicles.

8. **Comment period for Visiting Landowners**
Frances Owen requested GLA participation in the cost of installing a fence between Glastonbury land and Nelson Story's land due to problems with cattle roaming on to her property. The GLA owns Parcel 96 (SG) which is common use land and borders Nelson Story's land. William and Laura will research this issue.

9. **Meeting Adjournment at 10:10 pm. Next Meeting:** Monday, November 12, 2007 at St. John's Church.

NEW ACTION ITEMS

Janet: Call Eileen Story to change the next meeting from November 5 to November 12

Committee Chairs: Submit to Charlene (via e-mail) by November 1, an outline of annual meeting committee report plus a list of handouts to be xeroxed for the meeting.

William/Laura: Research and getting definitive information regarding free ranging cows.

TOTAL A.R. 2000-2007	$339,150.49		$249,615.54	$89,534.95(more A.R. for NG)
Subtract total Liens 2000-2007	$50,249.89		$24,427.11	
Subtract liens from A.R.	$288,900.06		$255,188.43	$63,712.17 (more paid by NG 2000-2007)

This information is taken from accounts receivable data. The difference of accounts receivable totals from 2000-2007 shows North Glastonbury had $89,534.95 more accounts receivable than South Glastonbury. However, the Accounts Receivable is not what was actually paid due to unpaid liens. The liens are then subtracted and the final number of $63,712.17 shows the greater amount paid by North Glastonbury due to the greater number of dwellings.

Board of Directors Meeting Minutes

November 12, 2007

CONFIDENTIAL – DO NOT COPY

1. Call to order an opening prayer.

The meeting was called to order by Laura Boise at 6:55 p.m., at Golden Ratio Woodworks. Janet gave the opening prayer.

PRESENT: Laura Boise (President), Eleanor Scheiffelin (Vice President), Charlene Murphy (Treasurer), Janet Naclerio (Secretary), Charlotte Mizzi, William Smith, Edward Anderson, Alyssa Angelis and Jeanne Campbell (Ombudsman).

NOT PRESENT: Rich Spallone, Rain Zeccolo, Orlando Johnson, Dan Kehoe

ATTENDING LANDOWNERS: Danillee Howe, Valerie O'Connell, Francis Owen, Scott Krabler, Fern Monerief and Ron Wartman.

Review Board Meeting Guidelines – Laura reviewed.

2. Set Agenda

3. Meeting Minutes – approval via e-mail

The October Meeting Minutes were not yet available for approval and will be approved via e-mail. The Board generally discussed how the meeting minutes were being handled and the importance of distributing them to the Board as soon as possible after the meeting so that Action Items can be handled expediently. The ideal schedule for distributing and reviewing the meeting minutes was described as follows: First week: The draft of the minutes taken by Charlotte will be e-mailed to Denise to edit. Denise will also extracted Action Items and forward them to Laura. Second week: Denise will e-mail edited minutes to the Executive Committee to review. Third week: The minutes will be e-mailed to remaining Board members for suggested edits and approval. The Executive Board will review and incorporate the edits and forward the final edition to Denise. Fourth week: The agenda will be completed and e-mailed to the Board and website subscribers.

4. Treasurer's Monthly Reports – CRM

Charlene reviewed the Bank Deposit Report, Check Detail Report and the Variance Report.

MOTION: Eleanor motioned and Janet Naclerio seconded to accept the above Treasurer's reports. **Motion carried unanimously.**

5. Officers' Reports

5.1 Budget Committee – CRM

The Board agreed that the 2008 Budget will be available at the annual meeting. The report will be mailed to landowners who don't attend the meeting; it will be included in the January newsletter mailing that also will include the introduction of newly elected Board and Ombudsman.

Draft: 11 10 07; 12 12 07-FINAL
Approved: VIA EMAIL – DEC 2007

5.2 Election Committee - CRM/ES

5.2.1 Review remaining Annual Meeting tasks etc. – CRM

5.2.2 Annual Meeting Report Outlines from Committee Chairs – review

The Board reviewed the various reports and information to be presented at the Annual Meeting. Janet read her report on the PVRC and the Board gave input and suggestions. Charlotte will present the history and accomplishments of the Master Plan Committee. William will give an overview regarding road repairs and improvements, including some of the items presented last year. Alyssa described the points that would be presented for Project Review, and she will prepare a written report for Eleanor to read. Edward will present the Web Site report and mention website resources of which people may not be aware. Laura will give an overview of the complaint process. In the coming week she will work on her President's Report with help and input from other Board Members. Charlene will give an overview of the 2008 budget during her Treasurer's Report; she will include approximately how many hours of volunteer work each Board Member has contributed in the past year, including time spent in Board meetings. The Board also developed a list of volunteer skills (needed by the Board) that will be presented at the Annual Meeting.

5.2.3 Board Vote for Candidates – GLA Common Land & Landowner Proxies

Board members voted on private ballots for Board and Ombudsman Candidates. The results of the vote were not announced and will be kept confidential. At the Annual Meeting, the President will use the vote outcome as she votes on behalf of the Board for GLA Common Land and Landowner proxies given to the GLA Board.

5.3 Executive Committee - LB/ES/CRM

5.3.1 Update: Attorney Review of GLA legal documents for Policy Recommendations; Q&A at Annual Meeting

Laura reported that a process will be established for handling various types of complaints. Hertha Lund will advise the Board as to how it should address various complaints and enforce the Covenants. She will review current boiler plate letters.
MOTION: Janet motioned and Alyssa seconded to create an ad-hoc committee to investigate procedures used by other landowner associations to enforce their covenants. The committee shall then report their findings to the Board. **Motion carried unanimously.**

6. Unfinished Business – Committee Reports

6.1 Master Plan Committee - Allen Shaw response on reimbursement

Charlene will contact Alan Shaw and compile the necessary receipts needed for reimbursement of MP expenses.

6.2 Road/Weed Committee – WS/RS

6.2.1 Report on Roger Seaman proposal for snake removal – RS

Board agreed to postpone snake removal review until spring time. Put snake removal review on a future Agenda so as to provide ample time for discussion.

7. NEW BUSINESS – Committee Reports

7.1 Road/Weed – WS/RS

7.1.1 Committee Report regarding road issues – WS/RS. Tabled.

7.1.2 Research Participation in Cost of Installing Fencing in High South - LB/CRM

Ongoing research is being done regarding the issue of cattle roaming onto Glastonbury land and the fencing needed to limit free ranging cattle from doing so. Laura and Neil Kremer will continue to work on this. An update will be forthcoming after the first of the year.

7.1.3 Report on cost of electricity, etc., for pump for the fire hydrant in High South (Frances Owen's property) – RSW/AA

Laura reported that Rich Spallone is researching the options that may be available for providing water for fire protection in High South. Rich is talking to Walter Wunsch about the possibility of using water from the well used by the shelter near the intersection of Hercules and Polaris. According to Rich, Mike Graham indicated that the water supply from this well would be sufficient. Rich will follow up.

8. Comment period for Visiting Landowners

8.1 Frances Owen posed the following questions: (1) Do the Covenants and Master Plan address the issue of building a house on a knoll? (2) Why don't Landowners vote for candidate directors from both North and South Glastonbury instead of only from the Glastonbury where they own land or a residence? Discussion.

8.2 Valerie O'Connell announced a November 27th public meeting at 6:30 p.m. at the Emigrant Hall. The Mayor of Manhattan will address the township issue.

Glastonbury Landowners Association

Board of Directors Meeting Minutes

January 14, 2008 Final

CONFIDENTIAL – DO NOT COPY

1. **Call to order and opening prayer.**
   The meeting was called to order by Laura Boise at 7 p.m. at St. John's Church.
   PRESENT: Laura Boise (President), Richard Bolen, aka Richard,(Vice-President), Janet Naclerio (Secretary), Charlene Murphy, aka CRM, (Treasurer), Gerald Dubiel, Dan Kehoe, Charlotte Mizzi, aka CM, Randy Mosness, Paul Ranttalo, William Smith and Rich Spallone, aka Rich.
   ABSENT: Alyssa Angelis Allen
   ALSO ATTENDING: Denise Orr Kirk (GLA Administrative Secretary) and Landowners: Chuck & Sally Muto, Bob & Krisi Sones, Ron Wartman, Patrick & Anita Wolberd, andValery O'Connell

2. **Set Agenda**

3. **Treasurers' Report – Charlene Murphy**
   3.1 Reports: Budget Variance, Check and Deposit
   Charlene reviewed "Check Detail, December 2007" and "Deposit Detail 2007" and the"2008 Budget Variance Report, January – December 2007."
   3.1.1 Update on Master Plan Reimbursement
   Charlene reported that the GLA received of $6,210.79 reimbursement for the MP receipts that she submitted in the first week of January.
   3.1.2 Review Copy Machine Research
   Charlene reported that $500 had been set aside in the 2008 budget for a copier; an additional $500 was recently submitted for the copier by a donor, who wishes to remain anonymous. She discussed with the Board purchasing a combination "Sharp" copier, scanner and printer that had been offered at a substantial discount. The Board agreed that the Sharp copier would save the GLA money in the long run and the remaining balance could be covered by MP reimbursement funds.
   MOTION: CM motioned and Richard seconded to approve the Sharp copier/printer for a discounted price of $1,450. **Motion carried unanimously.**

4. **Officers' Reports**
   4.1 Executive Committee – LB/
   4.1.1 Quarterly Newsletter to Landowners
   Charlene reported: The winter newsletter would be mailed soon and that she was working with Denise on developing a procedure outline for the newsletter process. Discussion.
   ACTION ITEM: Newsletter Procedures - For the time being, newsletter ideas from the Board and Landowners will be forwarded to Denise to collect until it is decided who will be responsible for overseeing the newsletter draft and mailing. Denise will then forward these ideas to that person.
   ACTION ITEM: *Dan*- Inform Rudy that newsletter ideas sent to the GLA Website are to be forwarded to Denise. E-mail subscriptions for newsletters will be handled by Dan/Rudy.
   4.1.2 Committee Chair 2008 goals and Projected Timelines
   ACTION ITEM: Chairs of Committees will document their basic goals for 2008 and the timelines/dates for fulfilling these goals (Example: Road & Weed Committee will list approximate dates when it plans to weed spray, do road work, etc) E-mail these to Denise and Laura prior to the February 11 meeting.
   ACTION ITEM: When 2008 Committee goals are finalized, include them in the next newsletter and on the GLA Website.
   ACTION ITEM: *Dan*- Remove the complaint procedure posted on the website.
   4.1.3 GLA hunting rules information
   ACTION ITEM: *Rich* - Compile hunting rule information; include information for reporting poachers and trespassers (i.e. license plates, etc) to Sheriff and Fish and Game Warden. Send research to Executive Committee to review.

File: MtgMins 01 14 08
Draft: 02 11 08; 03 03 08 -FINAL
Approved: 03 10 08

ACTION ITEM: *Executive Committee* – After editing is completed, send hunting rules, etc., to Dan for posting on Website. Include this information in our newsletters, especially during hunting season time. Incorporate into Policies and Procedures and newsletter.

5. UNFINISHED BUSINESS – Committee Reports

5.1 Project Review– AA/RS

5.1.1 Update on Lot 38-A1 SG: Lyda & Scott Matthews – Residence application-RS

Rich reported that he inspected the Matthews residence and that their project was in compliance with GLA standards, etc. Therefore, according to the motion made in the December 10, 2007 meeting, the Matthews application has received preliminary approval

5.1.2. Parcel 7 (NG) Discussion re possible subdivision variance - Patrick/ Anita Wolberd

Discussion included the Wolberd's and William Smith's verbal review of the potential subdivision of Parcel 7 (NG), which would require a variance application. The Wolberds explained that their purpose in coming to the meeting was to receive Board feedback before making the decision to submit a formal application. Discussion.

UNANIMOUS AGREEMENT: The Board agreed that it was unable to comment on whether the Wolberd's potential variance application for the subdivision of Parcel 7 (NG) would or would not be able to be approved. They explained that they would need to follow variance protocol and first review the completed variance application, including maps and comments received from neighbors, etc.

5.2 Road/Weed – WS/RS

5.2.1 Order new "No Forest Access, etc." signs

Rich reported that approximately 5 "No Forest Access" signs for a cost of $520 are needed. The signs should also include "No Hunting."

MOTION: Richard motioned and Randy seconded to purchase 5 "No U.S. Forest Service Access" signs for a total of $520. **Motion carried unanimously.**

ACTION ITEM: Rich - will install the above signs and posts, etc.

5.2.1.1 Potential Imminent Domain Issue

William reported that Map Quest shows South Glastonbury roads accessing U.S. Forest Service (USFS) land. The Board discussed that as a result of directing the public to use GLA roads, the U.S. government could potentially create an imminent domain takeover of our private roads. Discussion.

ACTION ITEM: *William* - Research and compile information on Map Quest maps that show South Glastonbury road accesses to U.S. Forest land.

ACTION ITEM: LAURA/RICHARD - Research potential of road takeover by imminent domain, etc.

5.2.2 Sand Storage Placement.

William and Laura reported that they walked the PVRC property to consider places where sand could be stored. They described 2 locations that might work. Paul reported that a 24x40 building had been secured.

ACTION ITEM: *William* – Post a flag on the 2 proposed sand storage properties so that the Board and Landowners can view those locations easily.

ACTION ITEM: *William* – Call a Road Committee meeting to discuss sand storage, etc.

ACTION ITEM: *William/Rich* – Bring a proposal for purchasing sand loading equipment to the February Board Meeting.

File: MtgMins 01 14 08
Draft: 02 11 08; 03 03 08 -FINAL
Approved: 03 10 08

5.3 Community – LB/RB

5.3.1 Ad Hoc Research committee - methods of Covenant enforcement – AA/DK No report.

5.4 Master Plan – CM/DK

5.4 1 New Description of Master Plan Committee.

ACTION ITEM: MP Committee – Hold a meeting to develop new committee description.

5.4.2 Letter to Shelter Owners

ACTION ITEM: *Dan* - E-mail the final draft of the proposed shelter letter to Laura and Richard.

ACTION ITEM: *Laura* - Research to determine if final draft of proposed shelter letter was reviewed by Hertha. If Hertha edited the letter and it is found, send a copy to Charlotte and Dan. If the letter was not reviewed, e-mail it to Richard Bolen to review.

5.4.3 Shelter spread sheet check list

Dan reported that he has a rough draft of the shelter spread sheet check list.

ACTION ITEM: *Dan* – Request a list of shelters from Arlene as they are posted on the GLA database.

6. NEW BUSINESS - Committee Reports

6.1 Project Review– AA/RS. No report.

6.2 Road/Weed – WS/RS

6.2.1 Snow plowing expense for Parcel 92 (SG) – WS/RS

Rich and William reviewed the snow plowing expense for Parcel 92 and believe that the GLA is no longer responsible to provide this service. Discussion.

ACTION ITEM: *Charlene* – Draft a nice letter to owner of Parcel 92 (SG) regarding the snow-plowing issue on his private property and review it with Richard Bolen. Send letter to Hertha to review and request that the letter carry her signature. .

6.3 Community – LB/RB

6.3.1 Vandalism in Golden Age Village & Thomas More School – CM

Charlotte distributed a letter that she sent to GAV residents regarding recent incidents of vandalism in the GAV and at Thomas More School. She requested that the GLA send a similar letter to all the residents of Glastonbury and the Board agreed to do so.

ACTION ITEM: *Janet/Denise* - Review/edit vandalism letter from Charlotte and send to Richard for review. Then send letter to Dan to post on GLA website. Add to the letter that residents are encouraged to keep good records of vandalism incidents and report them to the Sheriff and either Marjorie Lombard (for the GAV area) or Gerald Dubiel (for the remainder of Glastonbury.) Add this information to the next newsletter.

ACTION ITEM: *Gerald* - Will check out vandalism reports that he receives and will report these to the Sheriff (if needed) and to the GLA Board

6.3.2 Ad-hoc Research Committee – AA/DK. No report.

6.4 Master Plan – CM/DK. No report.

6.5 Recreation – LB

6.5.1 Goals for the year -- LB

Laura reported that the Committee's goal was to develop and complete the PVRC's legal documents (including a lease agreement to the PVRC) a.s.a.p, with Richard's assistance. The extension timeline for filing PVRC information to the IRS is now January 22, 2008.

6.5.2 Vote on Lease Agreement for the PVRC - RB

Richard distributed a draft of a PVRC lease agreement. Terms and conditions, annual contract information, etc. within the draft were discussed and changes were made. Richard explained the

importance of keeping the GLA and PVRC separate in order for the PVRC to maintain its' tax exempt status. Discussion concerning the recreation land electric bill and insurance payments included suggestions a.
UNANIMOUS AGREEMENT: The GLA will continue to pay for the insurance and electric bills until the PVRC can budget for and raise funds to cover these expenses.
ACTION ITEM: Revisit the action of PVRC paying for electric bills and insurance in the future.

MOTION: Dan motioned and Janet seconded to approve the GLA's Draft Lease to the PVRC, charging $1 to the PVRC for the first year. Discussion.
AMENDMENT: William motioned and Rich seconded to amend the above motion by adding that the GLA Board also accepts William's proposed changes to the lease and "Exhibit A"as discussed and agreed upon by the Board. **Amendment carried.** (3 abstentions – Charlotte, Gerald and Paul)
Motion carried. (2 abstentions – Charlotte and Gerald)

7. **Comment Period for Visiting Landowners.**
   COMPLAINT: A Landowner reported and complained that a Livingston company is growing marijuana (which, in Montana, is legal when grown for medicinal uses) in a Glastonbury shelter. Discussion.
   ACTION ITEM: Research Glastonbury Covenants, concerning this activity, etc.

8. **The meeting adjourned at 9:35 p.m. Our next meeting will take place on February 11, 2008 at John's Church from 6:45 – 9:30 p.m.**

MEMORANDUM

To: GLA Board of Directors
From: Frances Owen, GLA Board Member
Date: March 28, 2008

Re: Proposal to Replace Fencing in High South

I propose that the GLA initiate a community project to replace the fencing that was burned in the fire in High South two years ago. I have asked that this proposal be placed on the April 14, 2008 GLA Board of Directors Meeting Agenda for discussion and vote. Other landowners will be present at the meeting to discuss this proposal, so we would ask that this could be covered in about a 15-minute segment at the beginning of the meeting.

A) Property Affected
The property involves a four-mile stretch on Glastonbury, Forest Land and Story borders. Landowners affected are:

Parcel 96: GLA Common Use Land
Section 33: Nelson Story
Section 4 & 34: Forest Service (640 acres),
Parcel 91: Erickson
Parcel 89: Haling (Spelling?)
Parcel 87: Moore
Parcel 86: Messina
Parcel 82 & 83: Johnston (Parcel 82 wasn't burned)

Notes: Kathleen Ramp's fencing was also burned, but was fenced by Mark Rose of Big Sky Ranch. Frances Owen's property is not on these borders

B) Project Materials
The Forest Service has provided the materials to Nelson Story.

C) Volunteers and Contractors Needed for the Project

1) Volunteers and contractors will be needed for the project

2) Nelson Story & Neil Kremer have offered to volunteer their services, but will need more help. They plan to work in May & June.

3) Sam Hazen has offered his services for contract ($10 - $15.00 per hour)

4) Neil estimated the cost of labor will be approximately $300 or 30 man hours, but at present this is a rough estimate.

D) How We Can Make This Happen

1) Determine exactly the length of border belonging to each of the above Landowners.

2) Determine approximately how many man hours it will take for this project

3) Contact Landowners affected and request their support to either volunteer labor or financial assistance to this project.

4) Possibly contact all remaining North and South Landowners and also ask for their assistance since this involves all of one Glastonbury. Many hands make light work!

5) Frances Owen would be open to contributing a monetary contribution as a seed start Frances would also be willing to offer her assistance to help facilitate getting this message out to the Landowners, etc.

Board of Directors Meeting Minutes

May 12, 2008 Final

CONFIDENTIAL – DO NOT COPY

1. Call to order, opening prayer. The meeting was called to order at 7:15 p.m. by Laura Boise at St. John's Church. Charlene gave the opening prayer.
PRESENT: Laura Boise (President), Richard Bolen aka Richard, (Vice-President), Janet Naclerio (Secretary), Charlene Murphy aka CRM (Treasurer), Alyssa Angelis, Gerald Dubiel (arrived approximately 8:00 p.m.), Charlotte Mizzi, Frances Owen, Rich Spallone and William Smith.
ABSENT: Dan Kehoe, Jr. and Paul Ranttalo
ALSO ATTENDING: Denise Orr Kirk (GLA Administrative Secretary) and Landowners: Kristi Sones, Bob Sones, Val O'Connell and Lyn Vastenko.

2. Set Agenda

3. Meeting Minute Approval: April 14, 2008
MOTION: Janet motioned and Charlene seconded to approve the April meeting minutes as written. **Motion carried.** (1 abstention – Charlotte, who was not in attendance)

4. Treasurer's Budget Variance, Check & Deposit Reports –CRM
Charlene reviewed the Treasurer's reports and the current status of the GLA budget and projected spending, as detailed in her May 10, 2008 e-mail message to the Board. (see attached) She also reported that a new snowplow truck had been purchased (based on Board approval through e-mail vote) so each Glastonbury has a truck. Discussion.
MOTION: Charlotte motioned and Richard seconded to approve the following Treasurer's reports: "Check Detail, April 2008," "Deposit Detail, April 2008" and the "2008 Budget Variance Report, April 2008." **Motion carried unanimously.**

5. Officers' Reports

5.1 Executive Committee – LB/RB/CRM/JN

5.1.1 Committee Chair 2008 goals/projected timelines – modifications and additions to Worksheet - LB
The worksheet will be completed pending submission of committee goal timelines by Committee Chairs.

5.1.2 Update on Homeowner's Association Training Class – LB
Laura confirmed that the class is scheduled for May 29.
ACTION ITEM: ***Laura*** – Send proposed Focus Items List to Mark Evans for Homeowner's class.

5.1.3 Review Project Action Item Forms - LB
Laura distributed a draft of the Project Action Item form to be used for completing detailed action items. Each project will have a "project manager."
ACTION ITEM: ***Alyssa/Denise/Laura:*** Develop project form & project status spreadsheet
ACTION ITEM: *Committee Chairs* - Send to Laura and Denise any ideas that you would like to see added to the Project Action Item form that will help meet specific needs of your committee.

5.1.4 Brief review of Landowner responses to new Rule, 1.01 and Vote

Laura reviewed that the May 12 meeting marked the end of the 30-day period for Landowner response to the new Glastonbury Rule, 1.01. The GLA received approximately 9 positive responses by phone and in writing *plus* four positive verbal responses from meeting attendees – for a total of 13 responses. No responses objecting to the new Rule were received. Discussion.

MOTION: Richard motioned and Charlotte seconded to adopt "Rule and Regulation 1.01 of Glastonbury Landowners Association" which expressly prohibits the commercial growing and/or production of marijuana and any other psycho-active substance and/or drug in Glastonbury. **Motion carried unanimously.**

Board members then signed the new Rule. (Gerald Dubiel did not sign it as he had not yet arrived. Paul and Dan were absent.)

ACTION ITEM: ***Richard/Laura*** – Ask our attorney, Margo Barg, if the GLA needs to take any further actions (legal or otherwise) regarding the publication of Rule 1.01, etc.

ACTION ITEM: ***Denise*** – Scan and send pdf file of the new Rule, with Board signatures, to Dan for website.

6. UNFINISHED BUSINESS – Committee Reports

6.1 Road/Weed – WS/RS

6.1.1 Present Quonset hut placement proposal & vote - WS/RS

William reported that the Road Committee had reviewed two areas for placement consideration. Discussion included Landowner input regarding pros and cons of areas.

ACTION ITEM: ***William/Paul/Gerald and Rich*** – Further discuss the pros and cons of proposed Quonset hut sites. Stake out both areas to identify them prior to June 9.

ACTION ITEM: ***William*** – Send Quonset hut placement proposal, including installation expense, to Board prior to the June 9 Board meeting.

ACTION ITEM: ***Laura/Denise*** – Put Quonset hut placement proposal on June agenda.

6.1.2 Update on GLA response to Parcel 92, High South snow-plowing issue

Laura reported that the letter draft had been finalized and forwarded to Margot Barg to send to Kelly.

6.1.3 Update re: Status of Forest Stewardship Workshop in Emigrant – FO

Frances reported that an Emigrant class would not take place due to lack of Landowner response. Discussion included comments from Lyn Vastenko, who had attended a class and stated it was excellent and would be very valuable to Glastonbury landowners.

ACTION ITEM: ***Frances*** – Inquire if the GLA can purchase a Forest Stewardship manual without attending the class.

ACTION ITEM: ***Janet*** – Place a more detailed Forest Stewardship Workshop ad in a future newsletter to solicit interest in a possible class in 2009. Contact Lynn Vastenko for possible input.

ACTION ITEM: ***Laura/Frances?*** – Contact the Forest Stewardship representative to ask: (1) When will the next class be given in 2009, and; (2) Would someone would be willing to give a brief presentation regarding the class during the 2008 Annual Meeting. If no one is available to give presentation, contact Lynn Vastenko and ask if she might give the presentation.

File: MtgMins 04 14 08
Draft: 04 16 08; 04 22 08; 05 29 08 -FINAL
Approved: 06 09 08

ACTION ITEM: ***Election Committee*** – At the GLA Annual Meeting, provide a sign-up sheet for Landowners to indicate interest in attending Forest Stewardship class in 2009.

6.1.4 Update re: Anonymous complaint re: trespassing in NG and posting of sign- RS

Rich reported that he inspected the alleged trespassed area and determined that it is private property. Therefore, the property owner will need to be contacted by the GLA to obtain permission to post "No Tresspassing or Poaching" signs.

ACTION ITEM: ***Rich*** – Ask permission from Jack Brandis to post metal signs to prevent trespassing or poaching.

6.1.5 Report on GLA road accesses to U.S. Forest Land and potential of road takeover by imminent domain, etc. - WS

Laura reported that Ron Archuletta (U.S. Forest Service) stated that FS maps do not show GLA public accesses to FS land. Board discussion included that Map Quest may incorrectly show that the GLA's private road off of Capricorn is a public access road to Forest Land..

ACTION ITEM: ***Val O'Connel*** - Volunteered to research Google/Map Quest re GLA roads; then send her research to William.

ACTION ITEM: ***William*** – Investigate as to whether further action needs to be taken with the State and/or County to determine whether their maps are correctly noting that GLA roads are private.

ACTION ITEM: ***Dan*** – If Map Quest has incorrect information re: GLA roads, remove the Map Quest link from the GLA website

6.1.6 Post existing signs – WS/RS

ACTION ITEM: ***William*** - Contact JT about posting signs, and post on a Glastonbury map the location of all of our signs.

ACTION ITEM: ***Denise:*** Research the existence of electronic copies of GLA maps that show our streets and roads. If found, e-mail maps to William to create sign placement maps.

6.2 Master Plan –DK/CM

6.2.1 Review/discuss & vote on the new Master Plan Committee description –CM

Charlotte read her draft of the MP Committee description, which she then passed around for the Board to further review and comment upon. Discussion.

ACTION ITEM: ***Charlotte/Alyssa/William*** – Charlotte will rewrite her draft of the Master Plan Committee description to include a more extensive explanation of what the committee would do and why it's existence is necessary. E-mail copies to William and Alyssa for further input.

6.2.2 Review/discuss & vote on Master Plan goals for 2008 - CM

ACTION ITEM: ***Master Plan Committee*** – Complete the shelter letter project, making this project a priority before re-examining the MP Committee description and goals.

ACTION ITEM: ***Denise*** – Xerox shelter list from Charlotte and return original to her.

6.2.3 Report re: Shelter spread sheet check list and letter – DK

File: MtgMins 04 14 08
Draft: 04 16 08; 04 22 08; 05 29 08 -FINAL
Approved: 06 09 08

Laura reported that a letter to shelter owners, which includes a check list for owners to use, has been developed and sent to Dan for finalization.

6.2.4 Report on drive-by shelter evaluation – DK Tabled.

6.3 Update re: Fencing Proposal for High South – GD/WS

6.3.1 Report on federal and state law research - LB/RB

Laura reported that Ron Archuletta stated the FS is not legally responsible for financial assistance for fencing and that the Storeys received FS assistance because they are leasing from the FS.

6.3.2 Report on whether funds are available from FS to help with cost of fence - LB

The financial assistance offered after the fires two years ago has been used up. In the future, applications for this assistance need to be made immediately following a fire.
ACTION ITEM: ***Laura*** – After William and Gerald survey and estimate the cost of the fencing, contact Nelson Story to work out an agreement as to how we can work together on the fence.

6.3.3 Measure and redo boundary lines - WS

William displayed a map with boundary lines.
ACTION ITEM: ***William*** – Measure and redo boundary lines.

6.3.4 Resurvey the boundary lines for new fences - GD

ACTION ITEM: ***Gerald*** - Resurvey boundary lines for new fences.

6.3.5 Letter to affected landowners – LB/JN Tabled until cost estimates are made.

6.3.6 Project Manager for Fencing Proposal

Frances offered to be the Project Manager (i.e. oversee and track all steps to project completion) for the fencing proposal project.

6.4 Community Committee –LB

6.4.1 Report on status of Community Clean-up Day - LB

The clean-up day was cancelled due to lack of Landowner response.

7. NEW BUSINESS

7.1 Project Review – AA/RS

7.1.1 43-5 (NG) James & Marion Kozlik - greenhouse application

Discussion.
MOTION: Alyssa motioned and Richard seconded to approve James and Marion Kozlik's greenhouse application on 43-5 (NG) with the following conditions: (1) The Project Review Committee meets with the Kozliks on-site to confirm that setback

File: MtgMins 04 14 08

requirements are being met; (2) The $25 application fee is submitted; (3) The $250 refundable sanitation bond is submitted; (4) The 2008 annual assessments of $318 are submitted, and (5) Any disturbed land be re-seeded.
Motion carried unanimously.

7.4 Paradise Valley Recreation Center (PVRC) Update - LB

Laura reported that on May 12, 2008, the PVRC received official notification from the IRS, dated May 6, 2008, that the PVRC's tax exempt status under the IRS Code, Section 501 (c) (3) was approved, and is also classified as a 509 (a) (2) Public Charity Status. This means the PVRC is able to accept tax deductible donations. The effective date of exemption is October 9, 2004.

7.6 Road Weed – WS/RS

7.6.1 Review/Vote on Chip Sealing Proposal for Landowner Vote – WS/RS

William reported that he is still waiting to hear back from two contractors. Charlene volunteered to be Project Manager for the chip sealing project.
ACTION ITEM: ***Road/Weed Committee & Charlene***– Send chip sealing proposal to the Board in the future.

7.6.2 Report re: possible placement of signs on Glastonbury road easements - WS. REMOVED FROM THE AGENDA .

7.6.3 Identify problem pothole areas on map - RS Tabled.

ACTION ITEM: ***Denise*** – Send copies of GLA maps with streets to Rich, William and JT to label for specific pothole areas and send copies to Denise for GLA files.

7.6.4 Report re: speed limit and/or caution signs on Capricorn Dr. (NG) - RS/WS

ACTION ITEM: ***Charlene*** – Research/order speed limit/caution signs for Capricorn and replacement signs on Aries and Aquarius.

8. Comment Period for Visiting Landowners.

Val O'Connell reported that the State may be ready to settle with the neighbors who brought up the complaint lawsuit concerning the County Subdivision Laws. Since the inception of these laws about a year ago, the county has postponed all review and approval of subdivision applications submitted to them from Glastonbury landowners

9. Meeting Adjourned at 9:30 p.m.

6.3.1 Measure and redo boundary lines – WS Tabled.
6.3.2 Resurvey the boundary lines for new fences - GD Tabled.
6.3.3 Estimate total cost of proposed fencing - GD/WS Tabled.

6.3.4 Project Manager for Fencing Proposal
Frances reported that she has contacted the people working on the project and has not received responses. Discussion.
MOTION: Charlene motioned and Alyssa seconded to approve the GLA to pay $100 to Neil Kremer, who will put it toward covering part of the labor expense needed for the completion of the fence being replaced on the common use land in High South above Parcel 95. **Motion carried unanimously.**

6.3.5 Locks and Sign on Kathleen Ramps Fence – Parcel 97 (SG)
(New agenda item) It was reported that Kathleen Ramp's fence, which leads to common use property and USFS land has 3 locks.. Discussion.
ACTION ITEM: ***Richard*** – Contact Alyssa and Laura to review past activity and discussion regarding K. Ramp's gate and sign.

7. NEW BUSINESS
7.1 Project Review – AA/RS
7.1.1 Lot 22-D (SG)/Justin Woodruff - House Addition. Alyssa reviewed the application.
MOTION: Charlotte motioned and Alyssa seconded to accept Justin Woodruff's Lot 22-D (SG) house addition application with the condition that the land be reseeded after construction. **Motioned carried unanimously.**

7.1.2 Lot 37-D (NG)/Orlando Johnson - Lot use change from Shelter only to Residential
Alyssa clarified that the change in use only applied to a statement from the DEQ, who had since removed this restriction, rather than a restriction placed on the lot by the parcel's subdivision covenants. Alyssa also clarified that this type of change would not

Approved: 07 14 08

normally go through GLA review, but that we were doing so because Park County is in favor of the GLA review process and requested this of the owner.
MOTION: Alyssa motioned and Charlotte seconded to approve Orlando Johnson's application for Lot 37 (NG) to change from shelter use to residential use on the condition that no additional driveway that directly accesses Gemini Road will be installed.
Motion carried. (1 abstention - Charlene)

7.1.3 Lot 51 (SG)/Kathleen Rakela - Update to Subdivision
Alyssa and the Board discussed with Kathleen the requirement that a cul-de-sac be installed close to the fire fill tank to meet fire regulations and that this cul-de-sac would run alongside Arcturus Road. The Board suggested that Kathleen meet with Mike Graham to determine if a T-shape turnaround would be acceptable rather than a cul-de-sac.
ACTION ITEM: ***Alyssa/Project Review & Road Committee*** – Meet with Kathleen at Lot 51 (SG) to inspect the potential location of cul-de-sac.
ACTION ITEM: ***Alyssa*** – After meeting with Kathleen and Committee members, e-mail the Board with an update and possibly request a vote to approve the location of the cul-de-sac on Kathleen Rakela's Lot 51 (SG).

7.1.4 Lot 53 (NG)/Kathleen Rakela - Family Conveyance
MOTION: Alyssa motioned and Richard seconded to approve Kathleen Rakela's Lot 53 (NG) subdivision application with the condition that there be only one access point to any portion of the parcel from Aquarius Lane. **Motion carried unanimously.**

7.2 Community Committee –LB
7.2.1 Recent Complaints concerning dogs - LB
Laura reviewed that she was working with complainants who had contacted the GLA concerning barking/howling dogs .

7.2.2 Recent Flooding in High South and in North (on Orion & across Capricorn to the Recreation Land)
(New agenda item) The Board discussed the recent flooding in North and South Glastonbury due to snow melt. They commended Rich for his work in South and Paul and William for their work in North. Their work included redirecting the water and installing larger culverts, which were needed.

7.2.3 Drivers Cutting Across GLA Recreation Land
(New agenda item) The Board discussed the problem of cars cutting across GLA recreation land and through nearby parcels owned by the Church. Laura reported that a car was recently stuck in the middle of the land, which had flooded due to snow melt. It was reported that the Church plans to install large rocks and a sign to keep cars off the land.
ACTION ITEM: ***Janet*** – Include in next newsletter a reminder to not drive on recreation land, etc.

File: MtgMins 06 09 08
Draft: 06 11 08; 06 23 08 -FINAL
Approved: 07 14 08

Glastonbury Landowners Association

Board of Directors Meeting Minutes

July 14, 2008

FINAL

CONFIDENTIAL – DO NOT COPY

1. **Call to order and opening prayer.**
   The meeting was called to order by Richard at 7:06 p.m., at St. John's Church.
   PRESENT: Richard Bolen aka Richard, (Vice-President),
   Charlene Murphy aka CRM (Treasurer), Janet Naclerio (Secretary) Alyssa Allen (arrived 7:45), Gerald Dubiel, Dan Kehoe (arrived 7:40 pm), Charlotte Mizzi aka CM, Frances Owen, Paul Ranttalo, (arrived 7:40), William Smith and Rich Spallone.
   ABSENT: Laura Boise
   ALSO ATTENDING: Denise Orr Kirk (GLA Administrative Secretary)
   Landowners: Ron Wartman and Val O'Connell

2. **Set Agenda**

3. **Meeting Minutes Approval: June 9, 2008**
   MOTION: Charlene motioned and Frances seconded to approve the June 9, 2008 minutes as written. **Motion carried unanimously.** (2 abstentions from Janet & William who were absent from the June meeting)

4. **Treasurers' Budget Variance, Check & Deposit Reports –CRM**
   4.1 Monthly Reports: Charlene reviewed the 3 reports.
   MOTION: William motioned and Charlotte seconded to approve the "Check Detail, June 2008," "Deposit Detail, June 2008" and the "2008 Budget Variance Report, June 2008." reports. **Motion carried unanimously.**

   4.2 Bill from Mike Adkins, received on June 14, 2008
   William reviewed the $28,000 bill from Mike Adkins for recent road work, which included $11,522.00 for emergency work on damage created by recent flooding due to snow melt in June. Emergency work included: (1) Hercules Road in High South – culverts were installed, which will serve as a long term fix; (2) Orion Way in North –30"culverts replaced 12" ones; a little more work is required to make this permanent, including installing some flanges, and; (3) Soccer Field in North – cut across the ditch to divert water away from the field. He is working on a method to permanently block people from driving on to the field. He stated the flooding may potentially occur annually and that the GLA needs to be prepared. William reported that Atkins responded the day he was called, worked diligently in the snow until 10:30 p.m. with no complaints and did not charge over-time

5. **Officers' Reports. No reports.**

6. **UNFINISHED BUSINESS – Committee Reports**
   6.1 Road/Weed – WS/RS
   ACTION ITEM: ***Road Committee*** - Prepare road and weed report for the summer newsletter to be mailed in mid August.

   6.1.1 Review timeline and vote process for chip sealing project –WS
   William reported that 2 contractors (JTL Knife River and Century) are scheduled to come to North Glastonbury to review the project.

File: MtgMins 07 14 08
Draft: 7 23 08; 08 08 08; 08 12 08-FINAL
Approved with ammendments 08 11 08

6.1.2 Present Quonset hut placement proposal & vote - WS/RS
UNANIMOUS AGREEMENT: The Board agreed that with the unexpected flood expense, it is more important to maintain the roads than purchase the Quonset hut. Discussion.
ACTION ITEM: ***William and/or Paul*** - Speak with Quonset hut owner to determine if the purchase can be postponed until next year, so that its expense can be placed in the GLA budget. Report findings at the August meeting.

6.1.3 Report from Frances re: Forest Stewardship Review at Annual Mtg - FO
Frances reported that Lynn Venteicher will be happy to give a short presentation at the Annual Meeting regarding the Forest Stewardship class. Discussion included that Lynn's presentation could possibly be put "on-line" for others to access.

Forest Stewardship Class Manual: Denise presented the Forest Stewardship manual, which the GLA purchased, and informed the Board it was available for borrowing. . . .

6.1.4 Report on GLA mapped road accesses to U.S. Forest land & whether further action needs to be taken with the State and/or County –WS
Discussion included that the State of Montana is allegedly asking the GLA to send (by the end of this summer) a formal letter which declares our roads are private.
ACTION ITEM: ***Road Committee*** - Meet with Val O'Connell to discuss what steps may need to be taken with the State and/or County regarding our private roads.

6.1.5 Posting of existing signs by JT – WS
William reported that JT is scheduled to post existing signs next week

6.1.6 Glastonbury road map identifying existing signs – WS Tabled.

6.1.7 Glastonbury road map identifying problem pothole areas - RS
Rich reported that this map won't be necessary since Norm has handled filling the potholes; presumably this was done correctly and the potholes won't re-occur.

6.2 Master Plan –DK/CM
6.2.1 Review/discuss & vote on the revised Master Plan Committee description – CM/WS./AA/GD
Charlotte reported that the group has not yet met.
UNANIMOUS AGREEMENT: Table 6.2.1 and place on August agenda.

6.2.2 Review/discuss & vote on Master Plan goals for 2008 - CM
UNANIMOUS AGREEMENT: Table 6.2.2 and place on August agenda.

6.2.3 Report re: Shelter spread sheet check list and letter – DK
ACTION ITEM: ***Dan*** – On July 15, e-mail the shelter letter and check list (with edits) and it will be ready to send to shelter owners.

File: MtgMins 07 14 08
Draft: 7 23 08; 08 08 08; 08 12 08-FINAL
Approved with ammendments 08 11 08

6.2.4 Report on drive-by shelter evaluation – DK
ACTION ITEM: ***Dan*** - Do shelter evaluations in late July.

6.3 Update re: Fencing Proposal for High South – GD/WS
6.3.1 Report re: fence work on common use land - FO
Discussion reviewed that Neil Kremer stated he would repair the fences (patch work repair for GLA common land) after he returns from vacation in August.

6.3.2 Determine dates to complete repairing High South fencing:
ACTION ITEM: ***William*** – Meet with Neil to determine dates to complete High South fencing:

6.3.2.1 Measure and redo boundary lines – WS Tabled.

6.3.2 2 Resurvey the boundary lines for new fences - GD
Discussion included whether or not the GLA wants to verify whether the fences are on G:LA boundary lines.
ACTION ITEM: ***William*** – When Neil tells him when he will be repairing fences, inform Gerald, who may be able to go with Neil and survey.

6.4 Community Committee -LB
6.4.1 Update re: Complaints concerning dogs - LB
Denise reported that Laura contacted the SG owner's grown children (owner was on qvacation), discussed the barking disturbance with them and suggested ways in which it might be alleviated. The children appeared to be receptive and stated they would discuss the suggestions with their father when he returned.

6.5 Project Review – AA/RS
6.5.1 Lot 43-5 (NG)/Kozlik Greenhouse Update
Alyssa reported that the Kozlik greenhouse application received final approval as the pending conditions of approval (agreed upon by the Board on May 12, 2008) had been met.

6.5.2 Lot 51 (SG)/Kathleen Rakela Cul de Sac Update
Alyssa and Rich reviewed that Kathleen must have a 80 foot turnaround. Kathleen offered 4 different plans with pictures. Discussion.
MOTION: Alyssa motioned and William seconded to approve Kathleen Rakela's Cul de Sac as described in Plan #3 with the following conditions: (1) The plan must meet Park County regulations, which require driveways to be no less than 24 feet wide; (2) An 18 inch culvert must be installed based on Park County standards; (3) The land must be reseeded after construction, and; (4) If a cut into the hill is made, it must be a 3 -1 ratio.. Discussion.
Motion carried. (1 abstention – Paul Ranttalo is working on this project and, therefore, abstained from voting.)

7. NEW BUSINESS

7.1 Project Review – AA/RS

7.1.1 Research re: Cargo Container Policy – AA/DOK

After research, Alyssa and Denise were unable to find the cargo container policy.
ACTION ITEM: ***Dan*** – Research old policy regarding cargo containers..

7.1.2 Changes to requirements for well placement on Project Review Form.

Alyssa reviewed various requirements for wells and their placement.
ACTION ITEM: ***Alyssa/William*** - Develop well placement requirement checklist for the project review forms and present to the Board at the August 11 meeting for approval.

7.2 Community Committee –LB No report.

7.3 Report re: July Newsletter - JN

Discussion included possible topics for newsletter (i.e. road and weed reports, PVRC, reminder to observe posted signs and to slow down, shelter clean up, etc.)
UNANIMOUS AGREEMENT: The summer newsletter will not be mailed separately in July; it will instead be included with the nomination letter in August.
ACTION ITEM: ***Board*** - Send Janet newsletter articles by August 1.

7.4 Road Weed – WS/RS/

7.4.1 Review/Vote on Chip Sealing Proposal for Landowner Vote – WS/RS Tabled.

7.4.2 Update re: contact w/J. Brandis for posting sign - RS

ACTION ITEM: ***William*** – Talk to Brandis' caretaker; report back at August meeting.

7.4.3 Research re: Locks & Sign on Kathleen Ramp's Fence – Parcel 97 (SG) - RB Tabled.

ACTION ITEM: ***Richard*** – Present research re: locks and signs on K. Ramp's fence, Parcel 97, at August meeting.

7.4.4 Weed Spraying

Rich reported that he had contacted Stu's Chemicals to do weed spraying. Discussion included (1) Frances stated the weeds have increased since the fire and weed spraying needs to be done twice a year; (2) The possibility of mosquito spraying and its pros and cons, and; (2) Cheat grass is a new problem weed within Glastonbury.
ACTION ITEM: ***William*** – Follow up with Stu's Chemicals re: weed spraying.
ACTION ITEM: ***Gerald & Rd Committee*** – Report on cheat grass at August meeting.

7.5 Election Committee – CM and Board

7.5.1 Review Upcoming Election & Annual Meeting Plan - DOK

File: MtgMins 07 14 08

   ABSENT:
   ALSO ATTENDING: Denise Orr Kirk (GLA Administrative Secretary)
   Landowners: Ron Wartman, Sherry Stenberg

2. **Set Agenda**

3. **Meeting Minutes Approval: July 14, 2008**
   MOTION: Richard motioned and Charlene seconded to approve the July 14, 2008 meeting minutes with amendments. (1 abstention – Laura, who was absent from meeting)

4. **Treasurers' Budget Variance, Check & Deposit Reports –CRM**
   4.1 Monthly Reports: Charlene reviewed the 3 reports.
   MOTION: Charlotte motioned and Janet seconded to approve the "Check Detail, July 2008," "Deposit Detail, July2008" and the "2008 Budget Variance Report, July 2008." reports.
   Motion carried unanimously.

5. **Officers' Reports.**
   5.1 Executive Committee – LB/RB/CRM/JN/CM
   5.1.1 Determine date for Board committees to submit 2009 budgets to Budget Committee. Charlene gave an overview of the 2008 budget and expenses. Based on the unexpected expense from flooding damage, it was suggested that an emergency reserve be included in the 2009 budget.

   ACTION ITEM: ***Board Chairs*** – Submit 2009 budget to Charlene before 8/18/08.

   5.1.2 Determine date for Budget Committee to meet to draft 2009 budget
   ACTION ITEM: ***Budget Committee*** – Meet 8/25, 7 p.m. to draft 2009 budget.

   5.1.3 Determine date for Budget Committee to submit 2009 budget proposal to Board
   ACTION ITEM: ***Budget Committee*** - Send 2009 draft budget proposal via e-mail to Board by 9/1/08.

   5.1.4 Determine date for Board to vote on 2009 budget proposal
   ACTION ITEM: ***Board Chairs*** – Send to Charlene any modifications to 2009 budget proposal prior to September 9 meeting.

File: MtgMins 08 11 08
Draft: 08 '14 08; 08 30 08; 09 05 08
Approved: 09 08 08 - FINAL

ACTION ITEM: ***Denise*** – Send e-mail reminders to Board regarding budget timeline

5.1.4 Review of Invoice from Mike Adkins Construction received 6/14/08
Charlene reviewed the invoice.

6. UNFINISHED BUSINESS – Committee Reports

6.1 Road/Weed – WS/RS

6.1.1 Report on chip sealing project bids and timeline for voting, etc. - WS
William reported that he is still working to secure a bid. JTL Knife River inspected the areas which needs chip sealing, but hasn't gotten back to him. Century is no longer available to do the job as it has been sold out.
ACTION ITEM: ***William*** – Contact the chip sealers who are currently working in the area and ask if they would contact the GLA prior to returning to this area.. Also, request if they would be interested in doing driveways.

6.1.2 Quonset hut postponement research - WS/PR
Paul reported that the Quonset hut owner would allow the GLA to move the hut and purchase it for $1,500 ($1/10^{th}$ of the normal cost) at a later date. The Board discussed fundraising to cover the expense of purchasing and installing the hut.

6.1.3 Report on GLA mapped road accesses to U.S. Forest land & whether further action needs to be taken with the State and/or County –WS
ACTION ITEM: ***William*** - Call Val O'Connell regarding research on the above.

6.1.4 Glastonbury road map identifying existing signs – WS
ACTION ITEM: ***Charlene*** - Put together a GLA road map with existing signs and send to Alyssa for electronic input.

Snow Fence Installation or Replacement
Charlene reported that snow fences either needed to be replaced or installed on Gemini, Sirius Hill and near Hercules. The expense of the fences would be approximately $500 (i.e. 9 rolls @ $55 per 50 ft roll). The Board agreed that the fences were needed.
ACTION ITEM: ***Rich*** – Direct JT to put up fences.

6.2 Master Plan –DK/CM

6.2.1 Review/discuss & vote on the revised Master Plan Committee description – CM/WS./AA/GD. Tabled. Charlotte reported no meeting had been held.

6.2.2 Review/discuss & vote on Master Plan goals for 2008 – CM. Tabled.
Discussion.
MOTION: Dan motioned and Charlene seconded to place the Master Plan Committee as a subcommittee of the Project Review Committee. **Motion carried unanimously.**

6.2.3 Report re: shelter letter mailing – DOK/LB
Laura reported that the letter would be mailed in the near future.

6.2.4 Report on drive-by shelter evaluation – DK
Dan has not yet done this evaluation.
ACTION ITEM: ***Denise/Laura*** - Send shelter letter mailing list to DK/CM & GD.
ACTION ITEM: ***Dan*** - If an additional shelter(s) is discovered that is not on the above shelter mailing list: inform Denise so that she can send the shelter letter to it.

6.3 Update re: Fencing Proposal for High South – GD/WS
6.3.1 Update on Neil Kremer's fencing repairs on GLA common use land.
It was reported that Neil started the repair work today, is working with Sam Hazen and could use more help. He plans to do the repair over a period of time in September. Ronald Wartman volunteered to assist.
ACTION ITEM: Send thank you card to Neil for his help.

6.3.1.1 Update on measuring/redoing boundary lines – WS. ***Removed from agenda.***
6.3.1.2 Update -Resurveying the boundary lines for new fences-GD ***Removed from agenda.***
William reported that is not necessary to measure/redo or resurvey the boundary lines as the Forest Service markers still exist to identify boundary lines.

7. NEW BUSINESS
7. 1 Project Review – AA/RS
7.1.1 Research re: Cargo Container Policy –DK
ACTION ITEM: ***Dan*** – Present cargo container policy research at September meeting.

7.1.2 22-D SG Justin Woodruff: Guesthouse -AA
Alyssa reported that she and Gerald visited the site. The application involves a variance request that could be granted by the Board without neighbor input. Discussion included: (a) A topography map was needed to accurately evaluate the application. 11X17 topography maps can be obtained from the County, and; (b) When reviewing applications, the Project Review Committee needs verification that the property in question has been properly surveyed.

ACTION ITEM: ***Alyssa*** – Tell Justin Woodruff that he must submit a topography map for his application. He must also stake out his property, placing 10 cate (?) pins in the corners and identify boundaries with T poles or red flags.

SUGGESTIONS FOR PROJECT APPLICATION INSTRUCTIONS: Request topography maps be submitted with all applications. Prior to building a home, suggest that owners have a surveyor check to verify the boundaries are correct.

7.1.3 Present/vote well placement checklist for Project Review Form - AA
ACTION ITEM: ***Alyssa*** – Present well placement checklist at September meeting.

File: MtgMins 08 11 08
Draft: 08 `14 08; 08 30 08; 09 05 08
Approved: 09 08 08 - FINAL

7.2 Road Weed – WS/RS/CRM

7.2.1 Update re: contact w/J. Brandis for posting sign - RS

William reported that he spoke to Dave Wolbash (caretaker for Brandis) and is waiting for a response from Brandis.

7.2.2 Research re: Locks & Sign on Kathleen Ramp's Fence – Parcel 97 (SG) - RB

ACTION ITEM: ***Richard*** - Call Alyssa to learn history on locks & sign on K. Ramp's fence, Parcel 97 (SG)

7.2.3 Update re: Stu's Chemicals Weed Spraying -WS

Discussion included the Board's agreement to spot spray.

ACTION ITEM: ***Rich*** – Contact Stu's Chemicals, give them a map and direct them to spot spray in areas where it is necessary within $1,385 budget.

ACTION ITEM: ***William*** – Ask Ed Schilling to request an application for the GLA to receive the weed spraying grant.

7.2.4 Road Policy Draft (8/06/08) – WS/RS/CRM

The Board reviewed the Road Policy Draft (08/06/08) and agreed it needed to be completed and then voted upon.

ACTION ITEM: ***Board*** – Send input re: Road Policy Draft (08 06 08) to Charlene.

ACTION ITEM: ***Road Committee*** – Meet to finalize the Road Policy Draft (08 06 08) and e-mail to the Board for review and then to vote on at the September meeting.

7.2.5 Cheat Grass report - GD

Gerald reported that Ed Schilling gave him a pamphlet on cheat grass. Cheat grass looks like brown fox-tail weeds; it is aggressive and will kill good grass; it requires a different type of spray; it must be mowed, then reseeded with good grass, then sprayed the following year.

ACTION ITEM: ***Denise*** – Send cheat grass information in past newsletter to Dan to place on website.

ACTION ITEM: ***Dan*** – Post on website, the cheat grass information taken from Ed Schilling's pamphlet and GLA's summer newsletter. Remove any weed information that is out of date.

7.2.6 Reorder Missing Street Signs

ACTION ITEM: ***Charlene*** – Order missing street signs.

7.3 Election Committee – CM and Board

7.3.1 Plan mailing/stuffing sate in late September and volunteers - CM/DOK

Denise reviewed that the August mailing explained that all nomination information must be submitted by September 17th.

ACTION ITEM: ***Charlotte and volunteers*** – Mon. 9/29: Stuff final election mailing.

File: MtgMins 08 11 08
Draft: 08 '14 08; 08 30 08; 09 05 08
Approved: 09 08 08 - FINAL

7.3.2 Determine Contact person for Lynn Venteicher re: F.S. Workshop review at Annual Meeting
ACTION ITEM: ***Janet*** – Act as contact person for Lynn re: FS Workshop review at Annual Meeting.

7.3.3 Discuss Board candidacy
ACTION ITEM: ***Board members eligible to run for election in November*** - Inform Laura and Denise by e-mail of your choice to run or not to run.

7. 4 Community Committee –LB
7.4.1 Address current complaints – LB
Laura reported that due to the legal and slanderous threats contained in recent complaints, she will no longer handle complaints, but turn over the complaint process to the Board. Discussion included that this topic must be reviewed in a private meeting due to the legal nature of the complaints.

8. Comment Period for Visiting Landowners. (10-15 min.)
Ron Wartman commented that it appeared an ambulance was recently confused as it could not find a GLA street due to a missing sign. Discussion included that the signs that have been stolen and missing have been ordered and additional ones will be ordered.

ACTION ITEM: ***Denise*** – Ask Philip Hoag if it would be appropriate to list of local EMT EMT volunteers & phone numbers, etc., on website and/or in newsletter.

9. Meeting adjourned at 9:45 p.m. The next meeting will take place September 8, 2008 at St. John's Church, 6:45-9 pm.

6.1.4 Glastonbury road map identifying existing signs – CRM/AA
ACTION ITEM: ***Charlene*** - Add existing signs to Glastonbury Map.

6.2 Update re: status of fencing repairs in High South – CRM
Charlene reported that Neil told her that 1/3 to 1/2 of the repair work has been completed. He informed her that in order to complete the repairs, approximately $200 more would be needed to pay for Sam Hazen's additional labor.
MOTION: Alyssa motioned and Janet seconded to allocate $200 toward labor to complete the High South Fence repairs, *if needed.* **Motion carried unanimously.**

6.3 Project Review –AA/RS
6.3.1 Update on Lot 22-D SG, Justin Woodruff, Guesthouse - AA
Alyssa reported Justin had retracted his application for a guesthouse until further notice.

6.3.2 Master Plan Subcommittee –DK/CM
6.3.2.1 Report re: shelter letter mailing – DOK/LB
Denise distributed copies of the letter and enclosed shelter checklist mailed to the shelter owners plus the list of owners to whom it was sent. Discussion.
ACTION ITEM: ***Board*** - Send names of additional shelters to Denise
ACTION ITEM: ***Denise*** - Send letters to additional shelter owners.

6.3.2.2 Report on drive-by shelter evaluation – DK
ACTION ITEM: ***Dan*** – Begin process of evaluating shelter exteriors.

7. NEW BUSINESS
7. 1 Project Review – AA/RS
7.1.1 Lot 22-D SG, Justin Woodruff, Garage and Well
Alyssa reviewed Justin's application to install a second garage and a well. Discussion.
MOTION: Alyssa motioned and Rich seconded to approve Justin Woodruff's garage and well application for Lot 22-D (SG) on the condition that he acquire an electrical permit and reseed disturbed land. **Motion carried.** (1 abstention – Charlotte)

File: MtgMins 09 08 08
Draft: 09 15 08; 10 06 08; 10 07 08; 10 14 08-FINAL
Approved: 10 13 08

7.1.2 Lot 43-C SG, Kim Jensen, Storage Shed
Alyssa reviewed the application.
MOTION: Alyssa motioned and Rich seconded to approve Kim Jensen's storage shed application on Lot 43-C (SG) with the conditions that Kim submit $318 f or his 2008 assessment fees and that he reseed any disturbed land after construction. **Motion carried unanimously.**

7.1.3 Lot 54-B SG, Ken Case, Garage
Alyssa reviewed that Ken was asking for a variance on the placement of his garage as it did not meet the setback standards due to the terrain. Ken submitted a letter from his neighbor, William Blanton, which stated that he had no objection to the garage placement. It was mentioned that Ken's small lot was part of a subdivision that had been approved prior to the adoption of the Master Plan.
MOTION: Alyssa motioned and Rich seconded to approve Ken Case's application for a garage on Lot 54-B (SG) with a setback variance, taking into consideration the limitations of the terrain, the size of the lot and the fact that Ken's neighbor, William Blanton, has no objection to this placement. The GLA's approval is given with the following conditions: (1) Any disturbed land is reseeded after construction; (2) An electrical permit be acquired, and; (3) The garage may not be converted into a guest house. **Motion carried unanimously.**

7.1.4 Lot 92 SG, James and Marie Kelley, Shop/Guesthouse
Alyssa reviewed that the Kelleys stated they plan to use the guesthouse only for occasional guest use as per the Master Plan. Discussion included that the GLA cannot address this application at this time due to legal matters taking place between the Kelley's and the GLA.
ACTION ITEM: ***Richard*** - Formulate a response to Kelley that explains why the GLA must place this application on hold.

7.1.5 Research re: Cargo Container Policy –DK
Dan reported that he did not find this policy; he suggested that it may be found in the Board meeting minutes of year 2000
ACTION ITEM: ***Denise*** – Research year 2000 minutes for cargo container policy.

7.1.6 Present vote on well placement checklist for Project Review Form –AA Tabled.

7.2 Road Weed – WS/RS/CRM
7.2.1 Update re: contact w/J. Brandis for posting sign - RS
Rich reported that William received permission from Brandis to post signs.
ACTION ITEM: ***Charlene*** - Order signs for Brandis' property for Rich to post

7.2.2 Research re: Locks & Sign on Kathleen Ramp's Fence – Parcel 97 (SG) – RB. Richard reported that he is waiting for Kathleen's response to his message.
7.2.3 Thanks to Ron Wartman for installing street signs & PVRC soccer shack window. *(Ron had already left the meeting)*
ACTION ITEM: ***Charlene*** – Send thank you note to Ron Wartman.

7.3 Election Committee – CM/Board/DOK

7.3.1 Discuss Board candidacy. Discussion included that Board members would continue asking landowners (until the Sept. 17 nomination deadline) if they would be willing to run for the Board. Five Board members, whose terms are about to end, also confirmed that will be willing to run for the Board again in November.

7.3.2 Election mailing scheduled for Sept. 27

Discussion included: (1) Sept 25 or 26 may be a better date for the mailing; (2) Ron Wartman and Clare Parker have volunteered to help Charlotte with stuffing. Janet volunteered to be a backup, if needed.

7.3.3 Review timelines for election meeting preparation

ACTION ITEM: ***Executive Board/Chairs*** – E-mail your annual meeting report outlines to Denise by October 8.

ACTION ITEM: ***Denise*** – E-mail outlines of annual meeting reports to the Board to review before October 13 meeting. Bring hard copies to the meeting for Board review, input and approval.

7.4 Website – DK

7.4.1 Posting Board contact policy on website - DK

Per Dan, the new Board contact policy has been posted on the GLA website.

7.4.2 Proposed revisions to Board contact policy - LB

Discussion included that phone numbers of Road Committee should be available to Landowners to call if road emergency situations should occur. Phone numbers for Paul and William in NG and Rich Spallone in SG can be published as an exception to the new contact policy, which states that Landowners may only contact the Board concerning GLA business through the GLA website or regular mail.

ACTION ITEM: ***Dan*** – Develop a new template for the GLA website.

7.5 Recreation Committee – LB

7.5.1 PVRC – LB/JN

Laura and Val O'Connel will attend a fundraising seminar in Helena (at their own expense) to learn ways to fundraise for the non-profit PVRC.

8. **Comment Period for Visiting Landowners. (10-15 min.)** No comments.

9. **The meeting adjourned at 10:05 pm. The next meeting will take place October 13, 2008 at St. John's Church, 6:45-9 pm.**

Board of Directors Meeting Minutes

October 13, 2008 Final

CONFIDENTIAL – DO NOT COPY

1. **Call to order and opening prayer.**
   The meeting was called to order by Laura Boise at 7:05 p.m., at St. John's Church.
   PRESENT: Laura Boise (President), Richard Bolen aka Richard, (Vice-President), Janet Naclerio (Secretary), Charlene Murphy aka CRM (Treasurer), Alyssa Angelis, Gerald Dubiel, Dan Kehoe, Charlotte Mizzi aka CM, and Paul Ranttalo.
   ABSENT: Frances Owen, William Smith and Rich Spallone.
   ALSO ATTENDING: Denise Orr Kirk (GLA Administrative Secretary)
   Landowners: Ron Wartman, Clare Parker

2. **Set Agenda**

3. **Approval of September 8, 2008 Meeting Minutes**
   MOTION: Charlene motioned and Janet seconded to approve the September 8, 2008 meeting minutes with amendment. **Motion carried unanimously**

4. **Treasurer's Budget Variance, Check & Deposit Reports –CRM**
   4.1 Monthly Reports: Charlene reviewed "Check Detail, September 2008" and "Check Deposit, September 2008" and the "2008 Budget Variance Report, September 2008."
   UNANIMOUS AGREEMENT: The Board agreed to accept the above reports with amendments.

   4.12 Lien Policy – CRM
   Charlene reported that 8 liens were recently placed on Glastonbury parcels due to non-payment of past-due 2007 assessments. Currently the GLA has on record a total of 28 liens which it has filed on properties over the years. 14 of these liens are on SG parcels and 14 are on NG parcels. The total amount owed on these liens is $78,293.36. Discussion included the need to change the criteria for filing liens.
   MOTION: Charlene motioned and Richard seconded to change the trigger amount for filing liens to the amount of a past due assessment on 1 (one) parcel ***or*** 1 (one) dwelling from the previous year. Also, if it comes to the attention of the Board that a parcel or dwelling is up for sale, a lien may be filed on unpaid assessments for the current year *in addition* to any unpaid assessments due from the previous year. **Motion carried unanimously.**

   ACTION ITEM: Richard – Research: when a property is up for sale, what legal guidelines does the GLA need to follow in terms of issuing warnings about filing a lien and the actual filing of the lien when the assessments for the *past year* and/or *current year* have not been paid.

5. **Officers' Reports**
   5.1 Executive Committee – LB/RB/CRM/JN
   5.1.1 Fall weed spraying and grading expenses – CRM
   5.1.1.2 Cost of fall grading for North & South Glastonbury.- RS
   Charlene reported that Rich Spallone told her that the fall weed spraying had been completed and that the fall grading will be done when it next rains.

File: MtgMins 10 13 08
Draft: 10 15 08; 10 22 08; 10 24 08-Final
Approved: 11 03 08

6. UNFINISHED BUSINESS – Committee Reports

6.1 Road/Weed – WS/RS

6.1.1 Road Policy Draft (8/06/08) – WS/RS/CRM

Charlene reported that the Board voted via e-mail to approve 8/10/08 Road Policy Draft w/amendments.

POLICY APPROVAL: On October 9, 2008, the Board voted by e-mail to approve the Road Policy Draft of 8/6/08 with amendments

6.1.2 Report on chip sealing project bids and timeline for voting, etc. - WS

Charlene reported that William told her that he learned that road tar is $800 per __ and is currently being rationed. This explains the extraordinarily high bids that have come in for this project. The GLA cannot afford this expense and will have to put this project on hold until it is more affordable.

ACTION ITEM: ***William*** – At the Annual Meeting, report on the chip sealing project being put on hold due to the current high price and rationing of road tar.

ACTION ITEM: ***Winter Newsletter*** – Include a summary of William's annual meeting report on the chip sealing situation.

6.1.3 GLA mapped road accesses to U.S. Forest land

6.1.3.1 - Research re: changing our maps posted on other websites - DK. Tabled.

6.1.3.2 - Contact w/State Road Superintendent informing him that maps need to be changed.- LB

Laura reported that she contacted the Superintendent and submitted the exact wording on our signs. He will advise us if additional wording is needed and will come here to take pictures before he directs changes to the state maps indicating our roads are private.

6.1.4 Current Status of Pot Holes (new addition to agenda)

UNANIMOUS AGREEMENT: Pot holes need immediate repair.

ACTION ITEM: ***Road Committee*** - Immediately repair new pot holes.

6.2 Update re: status of fencing repairs in High South – CRM

Charlene reported that the fencing repairs in High South were completed for a total cost of $617.50, which was approved by the Board. It was noted that the GLA's expenditure for this repair was a considerable savings as compared to the $5–6,000 bids submitted by professional fencing companies.

6.3 Project Review –AA/RS

6.3.1 Responses from shelter letter mailing – DK

There have been a couple of responses to this mail.

ACTION ITEM: ***Denise*** – Send Dan the updated list of shelter owners who received the shelter check mailing plus phone numbers.

6.3.1.1 Report on drive-by shelter evaluation – DK No report..

6.3.2 Research re: Cargo Container Policy –DOK
Denise reported that she did not find this policy in the year 2000 minutes.
ACTION ITEM: ***Dan*** – Draft a cargo policy; bring a motion for vote on 11/3/08
ACTION ITEM: ***Denise*** – Locate last status of E. Johnston complaint re: cargo container in High South and inform Laura.

7. NEW BUSINESS

7. 1 Project Review – AA/RS

7.1.1 Present vote on well placement checklist for Project Review Form-AA
Alyssa presented and the Board reviewed the project review "Form A" with updated information on a Multi-Use Well for 3+ residences. She noted that the final approval form for projects already does request a well log to be submitted to the GLA and in the future, she will pay closer attention to collecting this information when doing the final inspection.
MOTION: Charlene motioned and Charlotte seconded to approve the "Multi-Use Well for 3+ Residences" section, added to the Project Review "Form A" on October 12, 2008. **Motion carried unanimously.**

7.2 Road Weed – WS/RS/CRM

7.2.1 Posting signs on J. Brandis' property – RS Tabled.

7.2.2 Response from K. Ramp re: Locks & Sign –Parcel 97 (SG)–RB Tabled

7.2.3 Addition of existing signs to Glastonbury road map – CRM/AA
In process.
ACTION ITEM: ***Dan*** – While spot inspecting outside of shelters in SG, make a list of all signs & locations; submit to Charlene & Alyssa to add to sign maps.

7.2.4 Reseeding repaired flood areas - CRM
Discussion.
MOTION: Charlene motioned and Alyssa seconded to authorize $75-$100 to purchase grass seed for flood areas repaired on Orion Way. **Motion carried unanimously.**

7.3 Election Committee – CM/Board/DOK

7.3.1 Review/vote on Annual Meeting Agenda
The Board reviewed and edited the draft of the Nov. 8 agenda.
UNANIMOUS AGREEMENT: The Board approved the November 8 Annual Meeting Agenda draft with amendments.

File: MtgMins 10 13 08
Draft: 10 15 08; 10 22 08; 10 24 08-Final
Approved: 11 03 08

7.3.2 Chair Reports – Review/input/approve
ACTION ITEM: ***Board Members Giving Reports at Annual Meeting*** – Send outline or your entire report to Denise **by October 31** to xerox for Nov. 3 meeting.

Ms. Charlotte Mizzi
and the Board of Directors of
Glastonbury Landowners Association
P. O. Box 312
Emigrant, MT. 59027

Dear Charlotte and Board Members:

I have written several times on an issue that should be of concern to all the board members. The concern should be at the top of your list. The purpose of the board is to enforce the covenants of the association. An association cannot function, or for that matter any organization, if the laws of that association or organization are ignored. Covenants cannot be selectively enforced. The laws of the association should be the first order of priority for the board.

I am referring specifically covenants that relate to house trailers, recreation vehicles, and storage containers. Several parcels have numerous trailers and one in particular has four trailers or containers. All are in violation of numerous covenants of the association. Why is it that you the board cannot enforce the covenants that I as an owner agreed to abide by when I purchased my property. I would like to see what action the board has taken on this issue. I would like to see letters written, board resolutions, and any other document that shows you have a concern for the covenants.

I have also written last year on one parcel on which was stored huge piles of dried fire wood, five piles in total, some 6 feet or more high. The firewood was a clear danger to the area in case of fire. I do not believe anyone ever inspected the danger. The fire wood is now gone and so is a lot more because of the Big Creek fire. I have incurred hundreds of thousands dollars of loss because of this fire. I just wonder if that fire wood would not have been there maybe, just maybe, the fire would have stopped and not moved north towards my property. That is a question the board needs to consider, and that is spending the time investigating situations that involve all of us. I consider this failure a serious flaw in the administration of the board of directors.

I would like to have an explanation in writing just why the covenants are not enforced, and why safety issues are ignored. The board has a fiduciary responsibility to enforce the covenants and safety. In both cases you have failed.

Sincerely

Ev Johnston

Re: Request for Clean-up Plan for Parcel 84, South Glastonbury

Dear GLA Board of Directors,

I must unfortunately report and apologize for the fact that circumstances prevent me from being able to travel to Montana to address a neighbor's complaint regarding "eyesore" on our property.

My time has been tied up with our new publishing business as well as a significant amount of time required to care for my very elderly parents. My mother's protracted illness ended in May when she passed away. My father is in greater need of my attention since her loss and is getting weaker every month. I have to travel an hour each way to spend the day with him 3-4 days a week. He recently had his 100th birthday.

I will be forced to postpone my trip to Montana until next year to attend to somehow improving the appearance of our property, which received no complaint until the fire destroyed our "screen" of trees.

Having lived for some time at the end of Venus Way in North Glastonbury, I can appreciate the frustration of neighbors putting up with a *real* eyesore, seeing years go by with nothing being done.

In discussing the situation with my wife, the official property owner, we explored other much simpler and faster ways to improve the appearance. We would like your thoughts on installing Texture 111 (or other type of) siding on the two sides of our storage unit that face the road, as well as moving the travel trailer right alongside the storage unit on the side away from the road to conceal it. This would avoid the significantly longer time and expense (which for us would be much more difficult to obtain) of temporarily moving everything out of our storage unit, building a culvert, also obtaining the removal/relocation of another neighbor's illegal gate on the lower road that blocks our lower lot access from our planned driveway location, moving the unit, and putting everything back inside.

Again, my apologies for not being able to meet our previously stated deadline.

Always Victory,

C David Lundberg

5.1.2 January Newsletter Mailing

a. Review contents (i.e. election results, 2009 budget, new Road Policy, hunting information, etc.)

ACTION ITEM: ***Board*** – Determine what form of visitor passes for hunting identification, etc., the GLA will ultimately request of landowners and guests (i.e. stickers, notes of permission, etc.) and announce this in a future newsletter.

Discussion re: January newsletter contents included:

- Hunting information: a) explain that if shooting or suspected shooting is sited on GLA Roads, to report this to the Fish & Game Warden; (b) permission to hunt by a landowner to a guest must be signified by a note on the hunter's windshield; (d) hunters and hikers should wear orange during hunting season;
- Hikers should wear orange reflectors when walking on GLA roads at night
- Clarify again gun shooting policy
- Winter driving tips

b. Mailing Preparation Stuffing Dates

ACTION ITEM: ***Janet*** – Assemble newsletter draft and give to Denise for copying. Determine stuffing date and e-mail a notice to volunteers.

ACTION ITEM: ***Denise*** – Copy newsletter for mailing

c. Volunteers

Sally Muto, Frances and Sheridan

5.1.3 2009 Schedule for Board Meetings - DOK

Denise distributed the 2009 meeting schedule approved on November 3, 2009.

7. NEW BUSINESS

7.1 Project Review – AA/RS

7.1.1 Lot 25-2/NG, Michael & Sheila Laverty, RV Use Variance Application
The Laverty's requested a variance from the 2-month limitation for guest use of an RV so as to allow their guests to use an RV on their property for approximately 6 months per year. Discussion.
ACTION ITEM: ***Alyssa*** – Request a written statement of opinion (concerning the Laverty's variance request) from the other landowners in the Laverty's subdivision and neighbors who have a view shed of this property. Present this feedback at the January 12, 2009 meeting.

7.1.2 K. Ramp's Locked Gate in High South
Debra DeGraaf and Phillip Hoag inquired about issues involved with K. Ramp's upper South locked gate and limited access to forest land. Discussion.
ACTION ITEM: ***Gerald*** – Research GLA's easement in upper South.
ACTION ITEM: ***Alyssa*** – Contact Richard re: Ramp gate.

7.1.3 Proposal to build gate off of Sagittarius Skyway, High South
Debra DeGraaf and Philip Hoag proposed that the GLA build a gate off of Sagittarius Skyway near the Forest Service's fence. They sited the need for easier access and that the GLA's Covenants confirmed that landowners should be given this type of access to forest land, etc. Discussion.
ACTION ITEM: ***Philip Hoag*** – 2 weeks prior to April 2009 Board Meeting, submit a proposal to the GLA concerning building a fence/gate off of Sagittarius Skyway.

7.2 Election Committee - CM

7.2.1 Review/evaluate annual meeting/ Tabled.

7.3 Community Committee –LB/RB

7.3.1 Complaints re: Hunters in High South Glastonbury

7.3.1.1 Discuss possible solutions
Rich reported that he spoke to Philip and Carol Hanifan and Michael Rosa and also received complaint letters, dated December 7, 2008, from them regarding trespassing/hunting incidents on and near their properties. They reported these incidents to the Fish & Game Warden. Discussion between the Board and the attending landowners included the plan for GLA to mailing hunting guidelines, etc., to the landowners and items listed in *agenda item #5.1.2a* above.
ACTION ITEM: ***Denise*** – Copy Dec. 7, 2008 letters from Hanifan and Rosa and send to Richard and Laura.

5.1.3 Status of developing storage container policy and junk vehicle policy – RB/LB. Tabled.

6. UNFINISHED BUSINESS

6.1 Project Review – AA/RS

6.1.1 Update: Sheila/Michael Laverty, Lot 25-2 NG, RV Use Variance - AA Tabled.

6.1.2 Update: K. Ramp's Locked Gate in High South – RB. Tabled
ACTION ITEM: ***Denise*** – Further research history regarding Ramp gate.

File: MtgMins 02 09 09
Draft: 04 08 09 -FINAL
Approved: 04 06 09

6.1.3 Research re: GLA's easement in upper South – GD

Gerald distributed copies of the easement maps and materials concerning Parcels 95, 96 and 97 plus Section 8.03-A of the GLA Covenants, which describes the easement. Discussion included the suggestion that an access gate to forest land is needed at the end of Sagittarius, where there is a turn around/cul de sac.

ACTION ITEM: ***William*** – Contact Neil Kremer re: the possibility of constructing a gate at the end of Sagittarius.

6.2 Community Committee –LB/RB

6.2.1 Landowner Concerns

6.2.1.1 Status of contact w/R. Clausen re: C. Raven complaint concerning his dogs - RB

Laura reported that Clausen told her that he had not received any further complaints from C. Raven regarding his dogs. Discussion.

ACTION ITEM: ***Denise*** – Ask Charlene to forward C. Raven's phone number to Richard.

ACTION ITEM: ***Richard*** – Call C. Raven & inquire about complaint status.

6.2.1.2 Status of complaints re: Pouwel Gelderloos NG building - LB

Discussion with complainants, Debbie & Ken DeGraaf, who were in attendance at the meeting, included that their main concerns about Pouwel's building were the placement of the well and septic systems and that the building may be too close to the creek, windmill and the property line of neighbor, William House.

ACTION ITEM: Alyssa – Write up a statement from the GLA to Pouwel which explains that based on his action of his proceeding to build after receiving GLA approval for his project, it implied his acceptance of the GLA conditions included in the approval. This statement will eventually be included in a letter to Pouwel from the GLA.

ACTION ITEM: ***Laura*** - Ask W. House to submit a formal written complaint (previously expressed via phone) concerning Pouwel's building.

6.2.1.3 Status of K. Ullrich's Parcel 32-D (NG) clean-up and recent complaint - LB Discussion.

ACTION ITEM: ***Richard/Laura*** - Review Ullrich issue.

ACTION ITEM; ***Gerald*** - Make photo copies of plat maps of K. Ullrich's property, Parcel 32-D.

6.4 Road/Weed –WS/RS

The GLA has not yet received this bill from Mike Adkins.

File: MtgMins 02 09 09
Draft: 04 08 09 -FINAL
Approved: 04 06 09

6.4.2 Bid from William Irby for 3 wooden signs – WS
William Irby presented his own bids plus bids from 3 other businesses.
ACTION ITEM: ***Rich*** – Take William Irby's sign proposal to the Road Committee and determine the total cost, including posts. Bring a final proposal from the Committee to the March Board meeting for Board vote.

6.4.3 Discuss N. Glastonbury Fridley Creek water rights issue
Edwin Johnson reviewed his understanding concerning the past and current history of Church Universal and Triumphant's water rights on Fridley Creek in relation to Trout Unlimited's request to acquire them He suggested that individuals who wish to give their comments or input regarding the Fridley Creek water rights issue may want to contact the Church's Elders, etc.
ACTION ITEM: ***Denise*** – Copy materials in folder submitted by Edwin Johnson for William Smith to review, etc.

7. NEW BUSINESS

7.1 Project Review – AA/RS

7.1.1 Pouwel Gelderloos, Lot 33-A (NG), Family Conveyance - AA
Review included: (1) Pouwel submitted a copy (not the original) of his application, which would create a fifth lot on Parcel 33; (2) Pouwel is requesting a variance to the minimum lot size, and; (3) As co-owner of Lot 33, Miriam Gelderloos will also need to sign Pouwel's original application to the GLA, etc.
ACTION ITEM: ***Gerald*** – (1) Acquire Pouwel's original project application to the GLA, and; (2) Contact Miriam and, if she agrees with the project described, ask her to place her signature on the original application.

7.2 Road/Weed –WS/RS

7.2.1 Letter requesting permission to post new signs on Church property - LB/DOK

EASEMENT

THIS AGREEMENT, Made and entered into this 27th Day of July, 1977, by and between YELLOWSTONE VALLEY RANCH AND RECREATION PROPERTIES, a Limited Partnership, of Emigrant, Montana, hereinafter referred to as First Party; and PETER VINK, JR., and AGNES E. VINK, husband and wife, of Emigrant, Montana, hereinafter referred to as Second Parties;

W I T N E S S E T H :

The said First Party, for and in consideration of the sum of One Dollar ($1.00) lawful money of the United States, and for other valuable considerations in hand paid by the said Second Parties, does hereby grant, bargain, convey and sell, unto the said Second Parties, and to their heirs and assigns, forever, a perpetual easement and right-of-way over and across the hereinafter described real property, for the purpose of ingress and egress by foot, or with animals, vehicles, loads or otherwise:

> Along those marked trials reflected in United States Department of the Interior geological survey, Fridley Peak Quadrangle, 1955 map, in Section 3, Township 6 South, Range 7 East, and Section 5, Township 6 South, Range 7 East, all of which is reflected on the diagram attached hereto and made a part hereof.

IT IS UNDERSTOOD AND AGREED That each of the parties may maintain their own combination lock on the gate contained on the easement area, and will provide the other party with the combination thereto.

TO HAVE AND TO HOLD the same unto the said Second Parties, and to their heirs and assigns, forever.

IN WITNESS WHEREOF, the First Party has caused its name to be subscribed, the day and year first above written.

premises or the stream bordering the premises, without the parcel owner's permission, except as follows:

> Within twenty (20) feet of any parcel boundary line or platted road easement line that intersects or crosses a creek, persons entitled to travel on the easement may use that portion of the easement for fishing in the creek, resting or picnicking; however, there shall be no overnight camping or campfires.

7.03. Recreational Use of Platted Road Easements. The platted private road easements shown on the Certificates of Survey of the Community, outside of improved roadway surfaces for motorized traffic and ditches, may be used by Landowners and their families and guests for recreational travel by foot and horseback throughout the development. Any scenic turnouts or picnic areas placed on the easements by the Grantor are for the recreational use of all Landowners.

7.04. Unfenced and Unposted Land. Landowners and their families shall be entitled to cross any parcel within the Community on foot or horseback in order to gain access to or from common use land or national forest land, so long as the same is unfenced and unposted against trespassers. No parcel shall be used for any other purpose while crossing than for travel as mentioned above, and any person causing any damage while on another's parcel shall be strictly liable therefor. Persons exercising this privilege shall stay well clear of any buildings and improvements. If a parcel is fenced or posted against trespassing it may not be used for any such access or travel, and any violator will be considered guilty of trespassing. This provision is intended to be generally consistent with the current status of the State of Montana trespass law.

SECTION 8. ROADS AND EASEMENTS

8.01. Platted Road Easements. The platted road easements are those which are shown on the Certificates of Survey of the Community, filed in the Office of the Park County Clerk and Recorder, and generally labeled as "private access and public utility easement." These are private easements for access, utilities and a road system in the Community. A perpetual and exclusive easement and right-of-

GLA 02586

way is hereby reserved upon, across, over and under the real property shown on Certificates of Survey Nos. 615-A and 616-A and labeled as "private access and public utility easement," for the use and benefit of the Grantor and Landowners, for the following uses and purposes and subject to the following terms and conditions:

a. The Grantor and all of the Landowners and their guests have the right to use any of the platted road easements opened by the Grantor or upon which developed roads and/or trails have been placed by the Grantor. The general public is not entitled to use them unless given permission by a Landowner to visit a particular parcel owned by him or accompanying him elsewhere in the Community.

b. Use of the platted road easements is limited to motorized and nonmotorized vehicular traffic, pedestrian and equestrian traffic, livestock, public utilities, ditches and canals, pipelines, landscaping, fencing, roads, trails, and such other uses and purposes as shall be engaged in or permitted from time to time by the Grantor or as are otherwise contemplated by these covenants.

c. The Grantor intends to construct and maintain a private road system within the platted road easements for vehicular access to the various parcels within the Community. Initial construction will be to a basic gravel and dirt consistency. The Grantor may designate and define different qualities or levels of road construction and maintenance within the Community (such as residential roads, foothill roads, mountain roads, etc.) according to its limited ability to deal with such conditions as topography, terrain, elevation, native soil and materials, slope, grade, easement location, parcel location, drainage, climate, weather, snow, ice and mud, and limited resources and equipment, prior to its initial sale of parcels in the Community. The quality, quantity and/or level of road construction and maintenance may be upgraded by the Grantor at any time. Road construction schedules may also be published prior to the sale of parcels from time to time by Grantor. The Grantor shall have the exclusive discretion and option to give permanent names to any or all of the roads and streets in the Community.

d. The Grantor reserves the right to abandon or change the location of the platted road easements and/or actual road locations on land owned by it (including unsold parcels, reserved land and parcels returning to its ownership) at any time in the future, to re-route roads across reserved land as is convenient or necessary or to leave some of the roads or portions thereof unconstructed and unopened

GLA 02587

for any period of time, notwithstanding the designation of platted road easements shown on the Certificates of Survey of the Community; provided, that the Grantor shall insure that reasonable access is given to the parcels described on Exhibit "A" which are sold to Landowners, subject to its published road construction schedules, types, and maintenance priorities. The Grantor may file amended Certificates of Survey from time to time on its own property without the consent of other Landowners to abandon or alter road easements, or it may simply build or move the roads crossing its reserved land in different locations from time to time than those shown on the present Certificates of Survey. The Grantor may publish a map and/or schedule with its General Information Report prior to sales of parcels which indicates the actual or approximate location of roads to be built across its reserved land and the platted road easements upon which it intends to construct roads. Some of the roads may be left unscheduled for construction until future dates. The Grantor may change and update this map and the schedules from time to time.

e. Some of the platted road easements on the Certificates of Survey of the Community come to cul-de-sacs and then extend to an exterior Community boundary and terminate. The cul-de-sacs are the intended termination points of the initial road construction program. However, the extensions to Community boundary lines are being reserved for possible future road extensions or additions to the Community, access to other areas, road loops, efficient utility access, etc., and are included within all of the terms and conditions hereof. The Grantor may elect to open these easements and construct roads upon them at any time in the future.

f. The Grantor shall from time to time make, alter and enforce rules of health, safety, convenience, and conduct on the platted road easements, including, but not limited to, speed limits, signals and signs, traffic regulations, weight and size limits, recreational usage, livestock usage, etc.

g. The Grantor may provide, maintain and operate security entrances for any of the roads or may designate any road(s) within the Community for public use.

h. Grantor is under no obligation to construct roads or to provide maintenance and snowplowing of roads beyond the commitments published in its General Information Report or accompanying map of the Community prior to sale of parcels. Grantor's road maintenance responsibility may

be assigned or delegated by conveyance or contract to another private party, the county, other Landowners in the Community or to a property owner's association, as described in Section 10.

i. The Grantor's road maintenance responsibility is limited by and conditioned upon the Landowner's individual and collective payment of and the aggregate amount of the "annual community assessment" as provided in Section 11, together with its ability to increase the assessment to keep up with inflation or increased costs. The Grantor is not obligated to provide maintenance or snowplowing in excess of the amount that has been paid by Landowners through the annual assessment.

j. No motor vehicle shall be operated on the platted road easements in the Community except by persons having a valid operator's or driver's license, and all such operations shall be in accordance with any limitations contained in the license.

k. No Landowner may encroach upon any platted road easement bordering upon, joining or crossing his parcel with fences, structures, improvements, or any other use inconsistent with this section, except as permitted in writing by the Grantor.

8.02. Existing Ranch Roads, Temporary Easement. A temporary easement and right-of-way is hereby reserved upon, over and across all existing ranch roads in the Community, as well as other temporary roads built across Grantor's reserved land, which are needed to gain access to any parcels until construction of the applicable permanent road on the platted road easement is completed--to the extent that such existing roads are outside of the platted road easements. When the permanent road on the platted easement is constructed, the easements shall expire on the existing and temporary roads.

8.03. Additional Easements. The following additional easements and rights-of-way are hereby reserved upon, across, over and under the following described parcels:

a. A perpetual easement and right-of-way for ingress, egress and utilities on an existing road shown and labeled as "approximate centerline of existing road and easement per roll 20 page 154," Parcel Nos. 95, 96 and 97, on Certificate of Survey No. 616-A. Said easement and right-of-way shall be forty (40) feet in width, centered on the approximate centerline of the existing road, and is for

GLA 02589

the use and benefit of Landowners and the Grantor.

b. A perpetual easement and right-of-way in favor of Grantor for ingress, egress and utilities on an existing road running northerly across Parcel No. 11, Certificate of Survey No. 615-A, from the northwesterly corner of Parcel No. 4 to the platted road easement near the intersection of Parcel Nos. 11, 28 and 29. Said easement and right-of-way shall be forty (40) feet in width, centered on the approximate centerline of the existing road, and is for the use and benefit of the owner of Parcel Nos. 3, 4 and 8, Certificate of Survey No. 615-A--for as long as the said parcels are owned by the Grantor or remain in single and common ownership.

c. A right and a perpetual easement and right-of-way in favor of the Grantor upon all of the parcels and property described on Exhibit "A" to locate, install, erect, construct, maintain and use flumes, ditches, culverts, canals, pipelines, sewers, electric, gas and telephone lines, or any other conveyances of any kind, for the purpose of irrigating or transporting water to or from Grantor's reserved land, filling or draining ponds, lakes, swamps or streams, Community irrigation, Community utilities, installing a Community water project of any kind, or any of Grantor's uses and purposes--together with the right of ingress and egress on each parcel pursuant to the above purposes.

d. A perpetual easement and right-of-way in favor of Parcel Nos. 97, 98, 99, 100 and 101 on Certificate of Survey No. 616-A running across Parcel Nos. 97, 98, 99 and 100, to construct and maintain a road for ingress and egress for the owners of these parcels to the areas which comprise the western portions of their parcel(s) for any purpose, including the removal of timber therefrom, from the Community access road described in Paragraph 8.03(a). Said easement is for a single-lane road not to exceed fifteen (15) feet in width. It shall be constructed and maintained at the mutual and common expense of the owners of the parcels benefited. Locked gates may be maintained by the parcel owners to restrict access to persons entitled to use the easement. The approval of the Grantor must be secured as to the construction and placement of this road across any parcel which is owned by the Grantor. Before construction and use of the road, the location must be approved by each parcel owner and monumented in a reasonable manner. Any disputes relating to this easement between owners of affected parcels shall be arbitrated and resolved by the Grantor, whose decision shall be final and binding.

GLA 02590

e. A perpetual easement and right-of-way in favor of Parcel No. 12 on Certificate of Survey No. 616-A to construct and maintain a 20-foot-wide road for ingress and egress across Parcel No. 13, beginning near the southwest corner of Parcel No. 15, thence in a southerly direction and thence in an easterly direction onto the southern portion of Parcel No. 12. The location of this easement must meet the approval of the Landowner of Parcel No. 13 and the Grantor, which approval must be exercised in a reasonable manner. Before construction and use of the road, the location must be approved by each parcel owner and monumented in a reasonable manner. Any disputes relating to this easement between owners of affected parcels shall be arbitrated and resolved by the Grantor, whose decision shall be final and binding.

8.04. Effect of Easements. Unless otherwise provided, each easement established, described or mentioned in this Declaration shall be appurtenant to the land benefited and shall run with the land to which it is appurtenant. No easements shall be in gross unless expressly provided.

8.05. Parking. Each parcel shall provide adequate off-road parking consistent with its current usage. The platted road easements shall not be used for parking except in areas designated by the Grantor.

SECTION 9. SUBDIVISIONS OF PARCELS

9.01. Subdivisions Allowed, Grantor's Review. Parcels in the Community may be further subdivided, subject to the following provisions and the review and written approval of the Grantor before the completion of any such subdivision. Any attempted sale, transfer, conveyance, lease, filing or recordation of a deed, certificate of survey, plat or other description of a subdivided portion of a parcel without such written approval shall be invalid, void, and of no force or effect. The Grantor will not unreasonably withhold such appro

9.02. Subdivision Defined. A subdivision shall include any division of a parcel into multiple pieces smaller than the original, a redivision, or any other treatment of a parcel which would fall under the definition of a "subdivision" under state or local laws and regulations--including recreational vehicle parks, mobile home parks, and condominium projects.

b) **Timeline for newsletter input**

ACTION ITEM: ***Board*** – Send any newsletter articles to Denise - no later than March 30

c) **Schedule volunteers to handle stuffing, etc.**

ACTION ITEM: ***Denise*** – Schedule newsletter stuffing date, location and volunteers

5.1.6 Review/vote on proposal to repair fence in High South – FO

Laura reviewed that Frances reported that part of the fence in High South was down allegedly due to elk migration and that Neil Kremer estimated it would cost around $500 to repair. Discussion included questions as to whether the GLA was responsible for helping with the repair.

File: MtgMins 03 09 09
Draft: 04 07 09-FINAL
Approved: 04 06 09, with amendments.

UNANIMOUS AGREEMENT: The Board assigned Frances to determine who is impacted by the fence breakage and to contact them and request their contribution toward its repair

6. UNFINISHED BUSINESS

6.1 Project Review – AA/RS

6.1.1 Update: Sheila/Michael Laverty, Lot 25-2 NG, RV Use Variance - AA

Alyssa reported that all members of the Laverty's subdivision and other nearby neighbors had been contacted and none had any objection to the RV use variance.

UNANIMOUS AGREEMENT: The Board agreed to grant the RV use variance to the Laverty's and to require payment of one-half of one assessment each year from the present time forward until the Laverty's indicate there is a change from the described extended RV use.

6.1.2 GLA's easement in upper South - GD

6.1.2.1 Contact w/Neil Kremer re: possible gate at end of Sagittarius – WS Tabled.

6.1.3 Update - Pouwel Gelderloos, Lot 33-A (NG), Family Conveyance – AA/GD

Alyssa reviewed the application and the circumstances of existing development and terrain as reasons for the proposed lot to be smaller than 3 acres. Discussion included the possible condition that no further buildings would be constructed on the proposed lot due to its size, should the variance be approved.

ACTION ITEM: ***Alyssa*** – Develop variance letter to be sent to Gelderloos' neighbors and have Richard Bolen review it prior to mailing. Report neighbor response at the April meeting.

6.2 Community Committee –LB/RB

6.2.1 Landowner Concerns

6.2.1.1 Status of contact w/K. Raven complaint re: Clausen dogs - RB

Richard reported that K. Raven told him that she had not heard Clausen's dogs barking for some time. This complaint issue is now closed.

6.2.1.2 Status of complaint review re: K. Ullrich's Parcel 32-D (NG) – LB/RB

Laura and Richard are in the process of reviewing the GLA's files on this issue.

6.3 Road/Weed –WS/RS

6.3.1 Cost of fall grading for North & South Glastonbury - RS

Rich reported that the grading contractor will not bill the GLA for the fall grading as the prior agreement concerning the use of water with grading was not followed.

6.3.2 Letter requesting permission to post new signs on Church property - LB/DOK

File: MtgMins 03 09 09
Draft: 04 07 09-FINAL
Approved: 04 06 09, with amendments.

Laura reported that she had been waiting to receive the actual location concerning where the signs would be placed. Discussion included that instead of writing a letter, William will talk to Alan Shaw on behalf of the GLA.
ACTION ITEM: ***William*** - Contact Alan Shaw to request approval to place signs on Church property.

7. NEW BUSINESS

7.1 Project Review – AA/RS

7.1.1 40-A (SG) Robert Wallace/New Home Construction

Alyssa reviewed the application. Discussion.
UNANIMOUS AGREEMENT: The Board agreed to approve the Wallace's application on the condition that Gerald must first inspect the construction site to confirm that proper setbacks are being met.

7.2 Road/Weed –WS/RS

7.2.1 Proposal re: Cost of William Irby's bid for 3 wooden signs/Vote – WS/RS

No report. Discussion.
ACTION ITEM: ***Road Committee*** - Meet to review the sign bid and to develop a sign proposal.

7.3 Website -DK

7.3.1 Status of new template for website –DK/AA

Laura reported that Dan O'Connell put in some volunteer time to re-create a similar version of the GLA website on a different program that could be more efficient for the GLA to use and update in the future, thereby saving time and money. Discussion.
ACTION ITEM: ***Dan/Alyssa*** - Review sample website created by Dan O'Connell and report back to the board.

8. Comment Period for Visiting Landowners.

9. Meeting Adjourned at 8:55 p.m.

10. Next Meeting is April 6, 2009 ***(first Monday in April),*** **St. John's Church, 6:45-8:30 p.m.**

File: MtgMins 03 09 09

Dear Glastonbury Landowners Association:

Our records indicate that the National Forest boundary line in Section 34, T.5S., R.7E. and Section 4, T.6S., R.7E., adjacent to lands in your ownership, has been posted with National Forest boundary signs. As follow-up to the Big Creek fire, I have requested that the boundary line posting be 'maintained' this field season to improve its visibility and to aid in management of National Forest System Lands. A vicinity map is attached showing the project location.

Maintenance of the National Forest Property boundaries includes the following:
- clearing brush, branches and trees along the property line to enable visibility; 5 inch trees maximum
- blazing trees on the property line and those within 3 feet each side
- painting blazes with red paint
- resetting/securing posts with Property Boundary signs on the property line at 250 foot intervals
- placing Property Boundary signs on line trees at appropriate intervals

We would like your permission to cross onto private land to complete this survey and to brush and blaze along the boundary line. Please complete the Landowner Response Form and return in the enclosed self-addressed envelope. Please provide suggestions concerning the best way to access this boundary line. Use the lower portion of the form if you have special concerns or desires you wish to express. Work time frames or project particulars should be referred to Janet Kempff, our Forest Land Surveyor, phone (406) 587-6726.

Sincerely,

RON ARCHULETA
District Ranger

LANDOWNER RESPONSE FORM

Permission to Survey and Post Boundary

[X] Permission is hereby granted to the Forest Service for its personnel to enter upon, locate, survey and post the boundary between National Forest land and private lands owned or controlled by the undersigned. Said work is to be conducted in a prudent manner with damage to vegetative cover on the land kept to a minimum. Motorized travel will be restricted to existing roads and trails. In no way does this permission obligate the landowner to grant a right-of-way across the described lands, nor infer any future rights of use or interest in the road by the Forest Service.

Legal Description: Parcel 96 of COS No. 616A, within Section 3, T.6S., R.7E.

Unanimous Agreement: The Board agreed that the following will be included as 2009 Goals for the GLA.

- **Roads & Weeds Committee - Goals**
  a) Eradicate all weeds in Glastonbury
  b) Reseed common land every year after mowing & spraying
  c) Incorporate into Contractor Contract:: the specific requirements that the GLA expects the contractor to fulfill
  d) Paul: research cost, etc., of grader, water truck and roller
  e) Complete chip sealing proposal
  f) Complete annual maintenance policies and procedures
- **Master Plan Sub-Committee - Goals**
  Complete shelter compliance project
- **Website - Goals**
  Dan and Alyssa - redo GLA website: add additional features as requested by the Board.
- **Treasurer - Goals**
  a) Research liens on files & updating procedures
  b) Research collection methods for overdue assessments
  c) Develop 2010 budget w/Budget Committee

5.1.3 Status of developing storage container policy/junk vehicle policy –RB/LB Tabled.

5.1.4 Status of updating policies for gun shooting, hunting & ATV/driving - RB

Denise distributed for review the above updated policies by RB & LB.
ACTION ITEM: ***Denise/Laura*** – Add safety practices information re: children on bikes, etc., to the Driving Policies.

5.1.5 Status of April 15 Newsletter - DOK

Denise reported that she is waiting for the road maintenance report for the newsletter. The Board discussed methods of controlling cheat grass and the importance of informing landowners regarding this invasive grass.
ACTION ITEM: ***Gerald*** – On April 7, send County Extension Office cheat grass information to Denise to include in the spring newsletter.

ACTION ITEM: ***Sheridan, Janet, Frances and volunteers*** – Prepare mailing envelopes and stuff newsletter materials on Monday, April 13; mail by April 15.

ACTION ITEM: ***Denise*** – If room, include in newsletter: (1), the advise to access updated project review forms on the GLA website prior to submitting an application, and (2) Anyone w/info re: stolen signs from NG & SG, contact the GLA.

5.1.6 Status of contacting neighbors re: repair of fence in High South – FO
Frances reported that, per Neil Kremer, last year's repaired fencing was holding up well; currently, the fence that is down is on GLA common use land. Frances reviewed details of Neil's proposal to repair the fence. Discussion.
MOTION: Dan motioned and Frances seconded to pay $500 to Neil Kremer, Sam Hazen, who, with a volunteer, will repair the fence that is down in upper South on GLA common ground as soon as weather permits. The payment would include approximately 16 hours of work @ $15/hour and other details of Neil's proposal. **Motion carried unanimously.**

ACTION ITEM: ***Gerald/William*** – Determine the length of the fences for each property in upper South

ACTION ITEM: ***William*** – Give a copy of a Glastonbury map with landowner's names to Denise for GLA files.

FINAL

CONFIDENTIAL – DO NOT COPY

1. Call to order and opening prayer.

The meeting was called to order by Laura Boise at 7:05 p.m., at St. John's Church.
PRESENT: Laura Boise (President), Richard Bolen aka Richard, (Vice-President), Sheridan (Treasurer) Alyssa Angelis (Arrived 7:10), Janet Naclerio, Gerald Dubiel, Dan Kehoe, Jr., Charlotte Mizzi, Frances Owen, Paul Ranttalo & Rich Spallone (arrived 8:40)
ABSENT: William Smith
ALSO ATTENDING: Denise Orr Kirk (GLA Administrative Secy)
LANDOWNERS/GUESTS: Kenneth and Debra DeGraaf, Ron Payne, Linda Ulrich and Powell Gelderloos,

2. Set Agenda.

3. Approval of Meeting Minutes: April 6, 2009

MOTION: Sheridan motioned and Janet seconded to approve the April 6, 2009 meeting minutes. **Motion carried.** (1 abstention – Richard Bolen/didn't attend meeting)

4. Treasurer Reports-Budget Variance, Check & Deposit – SS

Sheridan reviewed "Check Detail, April 2009" and "Check Deposit, April 2009" and the "Budget Variance Report, April 2009."
MOTION: Janet motioned and Alyssa seconded to approve the Treasurer's reports for April 2009. **Motion carried unanimously.**

5. Officers' Reports

5.1 Executive Committee – LB/RB/SS/JN

5.1.1 Status of Project Form & Project Spreadsheet – DOK/AA Tabled.

5.1.2 Status of developing storage container policy/junk vehicle policy -RB/LB

Richard reported that the junk vehicle policy draft will be completed this week.
ACTION ITEM: ***Dan*** – E-mail storage container information to Richard.
ACTION ITEM: ***Richard*** – E-mail the drafts of GLA policies for junk vehicle policy and storage containers to Denise

5.1.3 April 15 Newsletter - DOK

Denise reported positive responses to the newsletter.
ACTION ITEM: ***Denise*** – Include in the July newsletter, and in the future when policies are inserted in newsletter mailings, a reminder for Landowners to file the information for convenient reference.

5.1.4 Status of contacting neighbors re: repair of fence in High South – FO

Frances reported: (1) Neil Kremer, Chris Farrar and Stephen Sirios looked over the property lines in High South and determined the amount of fence repair needed for each property; labor would be $15/hr. (2) Neil and Steve also offered, @ $15/hr., to take

Draft: 05 18 09 -FINAL
Approved: 06 15 09

down some severely burned trees, which pose a danger to the safety of people and fences on GLA Common Use Land , (3) A letter will be sent to 4 High South Landowners, who need fence repairs, informing them of Neil's offer to facilitate the repairs @ $15/hr; (4) Frances will follow up the letter with a phone call to each Landowner; and; (5) A new sign for the High South gate is needed to direct people to close the gate after opening it. Discussion.

UNANIMOUS AGREEMENT: The Board agreed to allocate the amount needed to hire Neil and Steve to remove dangerous burned trees from GLA common land and to put up a sign for the High South gate directing people to close the gate after opening it.

ACTION ITEM: ***Frances*** – Send to Denise the fence repair letter draft and list of landowners to whom it will be sent.

ACTION ITEM: ***Denise*** – Ask Charlene if Lot 87 (SG) has already donated $50 for fence repair in order to determine if they should be sent the letter.

ACTION ITEM: ***Denise*** - Finalize the fence repair letter and facilitate mailing.

ACTION ITEM: ?? - Compose sign message, order it and post. (Suggestion: sign message should be on both the front and back of the sign for people to see from both sides of the fence)

6. UNFINISHED BUSINESS

6.1 Project Review – AA/RS

6.1.1 GLA's easement in upper South - GD

Discussion included the locked gate installed by Kathleen Ramp (about 4 years ago) and the difficulty in getting through it. Kenneth and Debra DeGraaf expressed that they are seriously concerned about seeing the lock removed or a lock combination given to all landowners for easier access. Discussion.

ACTION ITEM: ***Richard/Gerald/Alyssa:*** Draft a letter to Kathleen Ramp reminding her of her agreement with the GLA regarding the gate; also, send her the Deed. E-mail the letter draft to the Board for input and approval.

6.1.2 Contact w/Neil Kremer re: possible gate at end of Sagittarius – WS Tabled.

6.1. 3 Update: Pouwel Gelderloos, Lot 33-A (NG), Family Conveyance – AA/GD

(1) Linda Ulrich, Pouwel's neighbor, reviewed her stipulations regarding certain issues, including weed management, with Pouwel and which she had already submitted to the GLA in writing. She stated that regardless of these stipulations, she is not against the variance or an addition of a greenhouse attached to the garage apartment. (2) Alyssa reviewed the financial reasons why Pouwel was applying for the 6th lot, which would encompass a shop/apartment and perhaps some day a green house. (See details in variance letter to neighbors) Discussion.

UNANIMOUS AGREEMENT: The Board agreed to review and vote on Pouwel's variance via e-mail after they review the final input from his neighbors.

ACTION ITEM: ***Alyssa*** – E-mail to the Board the final input from Pouwel's neighbors concerning his variance request and facilitate a vote.

ACTION ITEM: ***Gerald and any other Board Member Interested*** – E-mail to Alyssa, your suggestions regarding conditions of approval that could be placed on Pouwel's variance application.

6.2 Community Committee –LB/RB

6.2.1 Landowner Concerns

6.2.1.1 Status of complaint review re: K. Ullrich's Parcel 32-D (NG) –LB/RB
Discussion
UNANIMOUS AGREEMENT: Draft a friendly, but serious warning letter to K. Ullrich reminding her of her past agreements with the GLA concerning the clean-up of her property and home improvements. Include timelines to respond to the GLA and to complete the actions she has agreed to take; explain the actions the GLA will take if she does comply. Send letter certified.
ACTION ITEM: ***Laura, Richard and Denise*** - Draft letter to K. Ullrich.

6.2.1.2 Status of Complaint re: Parcel 81 (SG), Don Hansard **(added to agenda)**
ACTION ITEM: ***Laura*** – Review Dan Kehoe's evaluation of the outside of Don Hansard's shelter. Determine what remaining steps need to be taken as related to the complaint regarding this issue. Call Don Hansard. Keep the complainants updated regarding the progress of the clean-up.

6.3 Master Plan Sub-Committee

6.3.1 Report on Shelter Status Project - DK
Dan reported that he has done drive-by inspections of the outside of a number of shelters. Discussion.
ACTION ITEM: ***Denise*** - Contact Laura regarding D. Hansard shelter.
ACTION ITEM: ***Denise*** – Send letter to: (1) The shelter managers who have not responded to the original outside shelter clean up letter; include Dan's evaluations, and; (2) Shelter managers who did not receive the original letter.
ACTION ITEM: ***Denise/Dan*** – Determine how to communicate with shelters that Dan has not yet inspected.

7. NEW BUSINESS

7.1 Project Review – AA/RS

7.1.1 Lot 55-E (NG) - Doug & Andrea Peacock/House Construction - AA
Alyssa reviewed the application. Discussion.
MOTION: Alyssa motioned and Dan seconded to approve Doug & Andrea Peacock's house construction on Lot 55-E (NG) with the condition that they acquire the appropriate electrical, plumbing and septic permits and that any disturbed land must be reseeded. **Motion carried unanimously.**

7.1.2 Lot 50-AE (NG) - Ron & Carole Payne/House Addition & Garage -AA
Alyssa reviewed the application. Discussion.
MOTION: Alyssa motioned and Dan seconded to approve Ron and Carole Payne's house addition and garage on Lot 50-AE (NG) with the condition that any disturbed land must be reseeded. **Motion carried.** (1 abstention – Charlotte)

7.1.3 Parcel 80 (SG) - Jon & Pat Brettschneider/House Construction - AA
Rich reviewed. Discussion.
MOTION: Rich motioned and Richard seconded to approve Jon & Pat Brettschneider's house construction on Parcel 80 (SG) with the condition that they acquire the appropriate electrical, plumbing and septic permits and that any disturbed land must be reseeded. **Motion carried unanimously.**

7.1.4 Discuss locating & marking property corners and adverse possession; review proposal for adding these topics to project forms - GD
Gerald reviewed that adverse possession can occur five years after the day that both landowners become aware of the mistaken use of the other's property. The GLA's most current project application forms include a reminder that it is important to locate and mark property corners before construction.
ACTION ITEM: ***Denise*** – Include a reminder in the July newsletter regarding adverse possession and marking property corners, etc. Ask Gerald for a written definition.

7.2 Road/Weed –WS/RS

7.2.1 Proposal re: Cost of William Irby's bid for 3 wooden signs/Vote – WS/RS Tabled.

7.2.2 Discuss safe and dangerous methods for weed removal – GD Tabled.

7.2.3 Discuss road maintenance – WS/RS
Rich reported that the Road Committee is in the process of determining what remains in the road budget that can be used to purchase magnesium chloride. He also reported that he recently repaired some potholes using a quick & easy method.

ACTION ITEM: ***Rich*** - Write a draft detailing the process used to repair pot holes with a product sold at Home Depot and a torch. E-mail the draft to Denise to finalize for GLA files (i.e. Road Committee procedures).

ACTION ITEM: ***Road Committee*** – Facilitate having gravel on hand for use in quick-fix repairs to pot holes.

Handout - Road areas w/ number of homes, lots & maintenance expenditures
Laura discussed a handout (with maps) prepared by our bookkeeper, which lists the n umber of homes and lots located near specific road areas in Glastonbury and the maintenance expenditures for each road area. The Board discussed how it might best distribute gravel to each road area.
ACTION ITEM: ***Road Committee-*** Determine the number of miles for each road and when planning, fairly allocate gravel for each. Document this information for Board review and for the GLA files (i.e. Road Committee procedures)

ACTION ITEM: ***Charlene*** – Determine what percentage of the total cost of gravel has gone to each road area.

7.2.4 Complaint regarding weeds at NG reservoir – Linda Ulrich (Added to the agenda)
Linda requested that the GLA inform the Church that the weeds near the North Glastonbury reservoir, on Church property, need to be removed immediately. Discussion included the Board agreeing that weeding was necessary and timely.
Discussion.
ACTION ITEM: ***Charlotte*** – Facilitate with the Church the timely removal of the North Glastonbury reservoir weeds.

7.3 Website -DK
7.3.1 Status of review of sample website –DK/AA
ACTION ITEM: ***Dan*** – E-mail to the Board information on the website.

Based on her heavy workload, Alyssa informed the Board that she was withdrawing from the Website Committee.

7.4 Recreation Committee – LB/JN
7.4.1 Recreation Land – CM (added to the agenda)
Charlotte attended a Paradise Valley Network meeting, during which someone told her that the Network might apply to use a part of the PVRC land for community gardens. She questioned if gardening was a recreational activity and an appropriate use of the Recreational land. Discussion included that the GLA drew up a land use agreement and lease with the PVRC last year.
ACTION ITEM: ***Richard or Denise*** – Find the original Parkland Dedication document and lease and forward it to Charlotte to review.

GLASTONBURY LANDOWNERS ASSOCIATION, INC.
- VARIANCE NOTICE -

Per Covenants Section 12.01 Variances, Waiver: The GLA has reserved the right to waive or grant variances to any of the provisions of the Declaration of Covenants and associated rules and standards where, in its discretion, it believes same to be necessary and where the same will not be injurious to the rest of the Community.

Dear Landowner,

- You are receiving this packet because your property is in close proximity to a Landowner who has applied for a variance to our subdivision standards. (See enclosed maps for details.)
- If you would like to offer your ideas and input for the GLA Board to consider with regard to this variance, please fill out the form below and forward your response to the address listed on the variance form (page 2). For clarification, questions, or to give verbal input, you may call Alyssa Angelis on the Project Review Committee at 406-333-9081, or e-mail your comments to: Alyssa@imt.net. Responses may also be faxed to: 406-333-4908.
- Your response must be received within approximately 2 weeks, no later than **May 22, 2009**.
- This variance application will be discussed at our **May 11, 2009** Board meeting, held at St. John's Church in Emigrant from 6:45 to 9:00 pm. You are invited to attend and offer additional input during this meeting at approximately 7:30 pm when this project is reviewed. The board will consider any further input it receives after this date before making the final decision around May 25.
- To verify the authenticity of your response, we must receive your name and parcel/lot number on the form below. All responses will be handled with strict confidentiality. If you wish to remain anonymous in this process, however, please indicate this below, and our administrative secretary, Denise Orr Kirk (who will screen all responses) will remove your name from the bottom of this form before filing or distributing. This will ensure that your identity will not be revealed to anyone else, including Board members or the party requesting the variance.

DETAILS OF VARIANCE

Landowner Requesting Variance: Pouwell Gelderloos
Parcel/Tract No.: 33-A North Glastonbury

Description:

This variance application pertains to subdivision density standards as outlined in the Master Plan. The current density standard for the "Middle Hilly Area" of North Glastonbury indicates a maximum of 5 lots for each original parcel, with a minimum lot size of 3 acres.

The original acreage of Parcel 33 is approximately 30 acres, and has already been divided into 5 lots. Lot 33-A is the largest lot in the divided parcel, and is 21.37 acres with the existing development of two dwellings: 1) the main house and 2) a large shop with an apartment. The owners of lot 33-A are requesting that they be allowed to establish a 6th lot that will encompass the shop/apartment building so it can be conveyed to their son who is living there, or if necessary some time in the future, provide a modest home for the owners should financial circumstances force them into foreclosure on their main house, which is a current concern. Due to existing development of the main house with landscaping and a sprinkler system, and the steep terrain behind it, the owner is requesting that the new lot be 1.28 acres instead of the required 3 acres. The owner has agreed that no further development will occur on this newly conveyed lot.

The Board will be reviewing this variance using the guidelines established by the Master Plan, and will determine the appropriate conditions should approval be granted.

Re: Driving Safety Requirements in Glastonbury
UPDATED APRIL 2009

To Glastonbury Landowners:

From time to time, the Glastonbury Landowners Association (GLA) has received complaints regarding unsafe or disturbing driving practices by individuals on Glastonbury platted and private roads. These complaints have included driving too fast and above the posted speed limits, trespassing on private property, disturbance from loud noises produced by ATVs and, in some cases, damage to private roads and newly surfaced platted roads.

Driving Safety Requirements on Platted Roads in Glastonbury - Policy

Please carefully review the following policy and be sure to pass these requirements on to your family, renters and guests.

All individuals who drive vehicles (including snow mobiles, motorcycles and ATVs) on Glastonbury common roads are required to uphold the following:

- Retain a current driver's license
- Possess current vehicle insurance in compliance with Montana law
- Possess current legal vehicle registration
- Follow safe driving methods, including caution when approaching children and pedestrians
- Observe stop signs and posted speed limits
- Use common sense regarding safety when weather and safety conditions (such as snow or ice) necessitate slowing down
- Avoid disturbing neighbors with excessive vehicle noise
- Avoid driving your vehicle in ways that will damage the roads (Driving above the posted speed disperses gravel from the road surface and causes rutting thereby wasting your assessment dollars)
- Respectfully observe private property; Do not trespass upon private roads or land

Some of our children love to ride their bicycles on Glastonbury roads as well, so it's important to keep an eye out for them, especially when leaving our driveways and approaching blind corners. Parents, also please remember to review basic common sense bicycle safety practices with you children.

Thank you for upholding these driving standards and for remembering to pass this information on to your family, renters and guests as appropriate. We hope that all who live in Glastonbury will be able to enjoy a sense of peace and security in a community that respects safe and courteous driving practices.

Sincerely,

THE BOARD OF DIRECTORS

Policy
Re: Discharge of Firearms in Glastonbury
UPDATED APRIL 2009

To Glastonbury Landowners:

In recent months the Glastonbury Landowners Association (GLA) has received several inquiries of concern regarding the discharge of firearms in the Glastonbury Subdivisions. Although the Association does not regulate the use of firearms, except for prohibiting their discharge or use for hunting on "Common Lands" (see "Covenants for the Community of Glastonbury, Section 7 - 7.01d), it does strongly recommend holding strictly to the safe and considerate use of firearms so that Landowners will not find themselves in the position of either being a nuisance or an endangerment to their neighbors.

Park County does not regulate the discharge of firearms outside of municipal city limits, yet the sheriffs do strongly recommend specific gun safety practices and encourage those who own guns to participate in gun safety courses. The sheriffs have informed us that any individual discharging a firearm becomes legally responsible for that round of ammunition wherever it may go. This includes the ricochet phenomena and any physical or property damage that may ensue. They have suggested that property owners establish safe shooting ranges on their property (i.e. shooting towards a hill where there is soft sand or dirt without rocks; best lined with old tires filled with sand). An individual should never shoot in a direction where there is a home or road behind the intended target.

Shooters are reminded that the high powered weapons intended for deer and elk hunting have a range of three (3) miles and the bullet can penetrate several inches of oak. In areas where homes are in relatively close proximity, there is no safe place to shoot. Only those locations with adequate space and background can be considered safe for the shooting of such weapons.

We hope that individuals in Glastonbury who discharge firearms will strive to be considerate of their neighbors and choose not to act in any manner that would impose a sense of fear or concern upon them. One way this might be accomplished would be to give a courtesy call to neighbors (within hearing range) when planning to discharge a gun. A quick call to neighbors to inform them of the location of the shooting range and that safe measures have been taken to prevent an accident could greatly alleviate any stress or confusion regarding the nature of the sound of gunshots.

Thank you for your serious consideration of this message.

Sincerely,

THE BOARD OF DIRECTORS

6. UNFINISHED BUSINESS

6.1 Project Review – AA/RS

6.1.1 GLA's easement in upper South - GD

6.1.1.1 Contact w/Neil Kremer re: possible gate at end of Sagittarius – WS
William reported he spoke to Neil about possible gate, but no plan was made.

6.1.2 Update: Pouwel Gelderloos, Lot 33-A (NG), Family Conveyance – AA/GD
Alyssa reviewed the variance responses received from the variance mailing, and the details of discussion of approval conditions with Pouwel. Alyssa described how Pouwel agreed that he would abide by the condition that no further dwellings would be built on either the new lot, or in the lower plateau area of the remainder lot. Discussion.
MOTION: Janet motioned and Sheridan seconded to approve Pouwel Gelderloos' variance request to create a 6th lot on Lot 33-A (NG) with the conditions that no further dwellings nor any structures of substantial nature will be built in on either the new lot, 33-A1, or in the lower plateau area of the remainder lot, 33-A2. Further, it shall be spelled out that should a guest house be located in the higher elevation of the remainder lot, 33-A2, any driveway shall follow the GLA standards for driveways. **Motion carried.**
(3 abstentions from William, Gerald and Paul)

6.2 Community Committee –LB/RB

6.2.1 Landowner Concerns

6.2.1.1 Status of weed removal at NG reservoir – CM Tabled.
