

Tim Brockett – For 2027 South Glastonbury Director

It was an honor and a privilege to serve as Vice President on the 2025 GLA Board of Directors. Led by President Doug Gill our team identified problems and worked tirelessly to seek and implement solutions. If elected to the 2027 Board I promise to:

1. Re-implement the streamlined collection efforts introduced in 2025 that brought assessment payments to a record high.
2. Audit the books, switch to cost basis finances and hire a new accounting firm.
3. Work tirelessly to fight cronyism and address Covenant violations by landowners, and GLA Directors.
4. Petition the community and hold neighborhood meetings to repeal all draconian Bylaw changes approved on the 2026 ballot and replace them with measures that make landowner's lives better.
5. Bring back the GLA PayPal account so landowners have more payment choices.
6. Provide road service to ALL assessment paying landowners including those on private roads.
7. Reinstate the continuously improved 2025 website and shut down the plagiarized 2026 version.
8. Shine a bright light on board backroom dealings that could earn millions for a few directors at the expense of irrevocably changing the nature and intent of Glastonbury.

Alicia Roskind Dearing Bio - Director Application for 2027 GLA Board

I have been serving on the Board on and off since 2023. I served as President of the GLA Board for a few months in 2024, and I have been serving as Secretary and webmaster in 2026. My husband, James Dearing, and I own our own businesses focused on health and wellness. I have opened, owned and operated over 6 businesses in both North Carolina and Montana. We love Paradise Valley and we truly care about the Glastonbury community. My hopes for the upcoming cycle is to continue streamlining the GLA processes, building a resilient community of neighbors, and refining our Governing Documents by working on removing redundancies, simplifying, and modernizing them to meet our neighborhoods current needs. I look forward to another year of serving all Glastonbury landowners equitably and fairly.

Glastonbury Landowners Association
2026 Nominee Information

Board Candidate - Haylee Hall

My husband, Currey, and I purchased our home in South Glastonbury three years ago after falling in love with Montana and Paradise Valley nearly a decade ago. Along with our dog, Costa, we spend as much time outdoors as possible, hiking, fishing, floating the Yellowstone, skiing, running our Glastonbury roads, and supporting our local farmers markets and businesses.

Professionally, I have spent my career in nonprofit leadership, working in health, conservation, and environmental organizations. I currently serve as Development Director for the Bee and Butterfly Habitat Fund, a national pollinator conservation organization. My work has included fundraising, financial oversight, strategic planning, board recruitment and training, communications, and community engagement.

Prior Board experience includes six years each with Friends of the Katy Trail, including serving as Marketing Committee Chair, and the Nashville Triathlon Club.

I would be honored to serve Glastonbury and help protect what makes this community special. I believe good leadership starts with listening. I would bring a thoughtful, practical approach to roads, safety, responsible stewardship, and community concerns, with a strong commitment to transparency, open communication, and ensuring landowners have a voice in decisions affecting our shared community.

Nominee Information – Ryan Ramirez

My name is Ryan Ramirez, and I am a Montana business owner and property owner in South Glastonbury. I currently own and operate a property management business and, in March 2026, sold a restoration business that I successfully owned and operated for 20 years.

Over two decades of business ownership, I gained extensive experience in leadership, financial management, problem-solving, budgeting, managing employees, and making decisions that balance both immediate needs and long-term goals. I believe these skills would allow me to make a positive contribution as a Director of the Glastonbury Landowners Association.

My family and I have owned in South Glastonbury, since 2021. During that time, I have come to truly appreciate the community and what makes this area special. As a property owner, I am personally invested in its long-term future.

I would welcome the opportunity to serve the Association, represent fellow landowners, and use my business experience to help protect and improve our community for current and future residents.
